GREETINGS FROM THE ADMINISTRATOR

Greetings!

EWONAP is very pleased to pass of the information about the FY 2018 Omnibus Budget Bill signed by President Trump Friday March 23, 2018. Everyone likes to know what their funding is going to be so they can plan their activities for the year. Unfortunately, this has not been possible this year due to the multiple Continuing Resolutions passed, the last one expiring March 23, 2018 which left the full years funding in doubt and limited to what you may have received last year. The appropriations numbers in this bill are very good for the Indian Housing Block Grant at \$655 million, which is a slight increase from last year. In addition, there is a line item for an additional \$100 million for competitive grants. More on how that will be adminis-

GREETINGS FROM THE ADMINISTRATOR (CONTINUED)

tered will be forthcoming in the coming months. Additional good news is that there is also a proportionate increase in the Indian Community Development Block Grant [ICDBG] of \$65 million, which is up from the last few years average of \$60 million per year. Along with the increase in the maximum grant in the Eastern Woodlands area of up to \$700,000 per grantee this should make some larger projects more viable. You will be notified when the NOFA is published as before, but be sure to keep an eye on the Federal Register in the coming months.

Training and technical assistance will also be increased from FY 2017's level of \$3.5 million to \$7 million. The Title VI Loan Guarantee program will be funded at \$2 million and the HUD VASH program will be funded at \$5 million. The HUD VASH program is down slightly from 2017 levels only because quite a few grantees have not leased up and so should have unobligated money from prior years to make up any shortfall in this funding level. Overall, these appropriations reflect a solid commitment by Congress to the Tribes that Housing funding through NAHASDA remains a vital program for Tribal members of Federally recognized tribes.

EWONAP would also like to inform everyone in the Tribal Housing Community that we are currently advertising for two positions as Grant Management Specialists at the GS 11-12 range in our Chicago office. These positions can be found at the USAjobs website and applications will be processed in accordance with USAjobs requirements. The due date is very short, on April 2nd. **Grants Management Specialists –Chicago, IL** (two vacancies). Apply Here: <https://www.usajobs.gov/GetJob/ViewDetails/494418100>. There are also some positions in Albuquerque and Anchorage for Grants Evaluation Specialists and one GM specialist in New Mexico.

On March 26, 2018, the Office of Native American Programs at HUD lead by Deputy Assistant Secretary Heidi Frechette held a listening session on the Section 184 Loan Guarantee Program during the meeting of the **Midwest Alliance of Sovereign Tribes [MAST]** in Washington D.C. at the Capitol Holiday Inn. While the reception to the Listening Session was generally positive, there was some confusion expressed about the difference, if any, with a listening session and "consultation."

On the whole, the Tribes seemed pleased that ONAP was consulting with them prior to formulating any regulations on the Section 184 Indian Housing Loan Guarantee Program and stated that it was refreshing that they were being asked for comments prior to any draft regulations being put forth. Nonetheless, they still felt too little notice had been given and were not prepared to give substantive comments. They expressed a desire for a second listening session where they could come better prepared after consulting with the Tribal housing departments and/or people more versed in the existing program. DAS Frechette emphasized that the period for comments would be open for the coming months with the understanding that ONAP would like to have a draft out post comment by late August, which would then be circulated back to the Tribes for further input and refinement prior to publication as a draft regulation published in the Federal Register. Comments can be submitted now through the close of the comment period, currently open ended at: 184consultation@hud.gov. ONAP is also having listening sessions throughout the six ONAP regions until the end of April 2018. Information about the program can be found at the [ONAP Section 184 Consultation website](#). Information about further listening sessions as requested by the Tribal leaders will be forthcoming when arrangements can be made.

Best Regards,

[Mark Butterfield](#), EWONAP Administrator

CATAWBA INDIAN NATION/ISWA, FEBRUARY 27 - MARCH 2, 2018

The Catawba Indians have lived on their ancestral lands along the banks of the Catawba River dating back at least 6,000 years. Before contact with the Europeans it is believed that the Tribe inhabited most of the Piedmont area of South Carolina, North Carolina and parts of Virginia. Early Catawbas lived in villages which were surrounded by a wooden palisade or wall. There was a large council house in the village as well as a sweat lodge, homes, and an open plaza for meetings, games, and dances. The homes were rounded on top and made of bark. The dwellings were small with extended families living in a single structure. Catawbas were farmers. They planted crops like corn and squash along the banks of the river. They also fished and hunted.

The tribal people called themselves yeh is-WAH h'reh, meaning "people of the river." The colonists who came to trade began calling all the tribes along the Catawba River Valley by the name Catawba. By the late 17th century, trade began having a major impact on the Catawba society. The Catawba traded deerskins to the Europeans for goods such as muskets, knives, kettles and cloth. The Catawba villages became a major hub in the trade system between the Virginia traders and the Carolina traders.

Today the Catawbas have many thriving programs provided for tribal members and the surrounding community. The administrative offices are located on the Reservation. This building houses the Executive Committee of the tribe as well as staff working in departments such as Accounting, Economic Development, Real Estate, Social Services, and Transportation. The administrative office has over 40 employees. The tribe also has a successful housing program, several child care facilities, a seniors program, computer lab, and transit services. There is a clinic on the reservation that is run through Indian Health Services. The tribe has helped support many tribal members in their pursuit of an education through the Scholarship and Job Placement and Training programs. The Catawba Cultural Center also provides a link to the rich culture of the Nation.

HUDHAS PRIORITIZED DEVELOPING REGULATIONS FOR THE SECTION 184 INDIAN HOUSING LOAN GUARANTEE PROGRAM

The U.S. Department of Housing and Urban Development (HUD) has prioritized updating the [regulations](#) for the Section 184 Indian Housing Loan Guarantee program (Section 184). Since the Section 184 program impacts tribes and Native American families, HUD is conducting tribal consultation on the regulations in accordance with the Department's [Government-to-Government Tribal Consultation Policy](#). The Section 184 program is a home mortgage product specifically designed for American Indian and Alaska Native families, Alaska villages, tribes, or tribally designated housing entities. Section 184 loans can be used, both on and off native lands, for new construction, rehabilitation, purchase of an existing home, or refinance. Congress [established](#) the Section 184 program in 1992 to facilitate homeownership and increase access to capital in Native American Communities. The program has grown from under 100 loans in 1994 to over 4,000 loans worth over \$700 million in fiscal year 2017. However, the regulatory framework that governs program has remained largely unchanged. HUD welcomes all tribal comments on the Section 184 program, and feedback on how tribes can play a more meaningful role in the program. Please email comments and questions to: 184consultation@hud.gov.

The Section 184 Indian Home Loan Guarantee Program is a home mortgage specifically

designed for American Indian and Alaska Native families, Alaska Villages, Tribes, or Tribally Designated Housing Entities. Section 184 loans can be used both on and off native lands for new construction, rehab, the purchase of an existing home, or for refinancing.

Section 184 is synonymous with home ownership in Indian Country. As of March 2016, the Section 184 program has guaranteed over 33,728 loans, which represents over \$5.4 billion dollars in guaranteed funds.

Within the Eastern Woodlands region, over 3,938 loans have been made bringing \$565 million in private capital directly to Tribal Members. Tribes and TDHEs can also use Section 184 loans to achieve their housing development goals. Some benefits include:

- Low residential mortgage interest rates
- Lower monthly fees than standard PMI
- One time loan guarantee fee (1.5%)
- May utilize up to 15% of loan funds for site infrastructure costs
- Low down payment
- No household income restrictions
- Buy, Rehab, Refi or Build
- Finance up to 20 units at a time.

HUD ONAP Title VI Loan Guarantee Program- Title

VI loans enable Indian Housing Block Grant recipients to leverage up to 5 times their IHBG 'Need' funding to finance affordable housing development by pledging future IHBG grant funds as security for repayment of the loan. A private lender provides the financing and HUD provides the guarantee to the lender. To visit the Title VI website, [click here](#). ONAP's Office of Loan Guarantee has advised that Title VI loans are limited this fiscal year, so the first funded loans will go to applicants whose loan package is the most complete first. For more information on the Section 184 or Title VI Program, contact Kimberly McMorris, at Kimberly.N.McMorris@hud.gov or 312.913.8626. Here are some examples of how regional Tribes have utilized Title VI:
