GREETINGS FROM THE ADMINISTRATOR

Greetings!

Well it's the busy season of writing specifications, letting bids, choosing contractors and finally actual construction, rehabilitation and preparation for projects. All Grant Agreements have been transmitted where EWONAP has approved a Grantee's Indian Housing Plan [IHP]. Most of these have been returned. The next step is to make sure Grantees environmental review for all projects, including categorically excluded projects, are completed, documented and on file available for HUD review.

Once that is done, Grantees may draw down LOCCS balances to pay ongoing bills. However, only Grantees with approved investment plans may draw down more than what they have recently incurred. Occasionally a Grantee gets misinformed and draws down a large sum in LOCCS

(Continued on page 2)

GREETINGS FROM THE ADMINISTRATOR (CONTINUED)

(Continued from page 1)

without having corresponding bills to justify that draw. This inevitably invites scrutiny by ONAP. Grantees in that situation are told to repay the money back to LOCCS where they have no corresponding bill or invoice to justify the draw, and may be asked to show the underlying bills in the future prior to money being released to bring them back into compliance.

The second great matter of interest to Grantees is when will **Indian Community Development Block Grants [ICDBG]** be awarded. EWONAP received 26 applications but usually only has sufficient funds to award between six and eight projects. Unfortunately, due to the HUD Reform Act, we cannot announce who will get awards until all six offices complete the rating and ranking of their applicants. Our office then transmits its results to ONAP Headquarters and Congress is informed who the awardees are. Congressmen and women, then are allowed a couple of weeks to decide if they would like to announce the award in their district. This whole process takes a while. It is projected that the ICDBG projects may be announced sometime after July, 2019. Lastly, if your application was either disallowed for a deficiency or did not garner sufficient points to be awarded a grant, you will be provided an explanation by letter and the scoring sheet from the rating panel if your application was rated but did not meet the scoring threshold to be considered for funding. You may request a review with the GM staff who can explain the scoring of your application, so that you may improve your rating scores in future.

The **Notice of Funding Availability or NOFA** for the Indian Housing Block Grant Competitive Grant is out. It is covered in greater depth elsewhere in this Bulletin, but it is important to note when the deadline is: **August 8, 2019**. Training on the NOFA will be offered in each ONAP regional office. The date for the EWONAP training in Chicago for the IHBG Competitive NOFA will be on June 25 –26, 2019. Other offices will have trainings before then if you feel the need to start earlier. One entity from each Tribe is eligible to apply, including State recognized Tribes so long as the applicant meets all criteria announced in the NOFA. TDHEs must have a resolution from their Tribe authorizing them to apply on behalf of the Tribe for this NOFA above and beyond the annual resolution designating them the TDHE for IHBG eligibility.

It is also **planting time**. June is even called Mą hiná ų wira or Earth cultivating moon (month) in Ho-Chunk. An increasing number of Grantees have sponsored **community gardens** as part of improving the health of their Tribal members. This can be done around Housing areas if the soil is good, or in raised beds with enhanced soil or even in straw bale gardens. This is a permissible activity under NAHASDA. Many, if not most, tribes have a history of agriculture, which they have gotten away from. Early contact accounts had explorers marveling at the extensive fields of corn, squash, beans, pumpkins and other Native crops grown by indigenous people. Tribal people also harvested extensively from the environment around them: blueberries, wild rice, maple sugar are just a few examples. Today a growing food sovereignty movement encourages Tribal people to return to a more traditional diet, which was high in protein and low in sugar. Such a diet tends to lower the chance of diabetes, which is nearly epidemic today in many tribes. It is also possible to partner with local USDA or University Rural extension experts on how to best grow crops, can fruits and vegetables or preserve any excess for winter. Here is one link for the Extension Agents in Wisconsin: <https://anre.uwex.edu/directory/county/> Many states have similar programs: New York's is housed at Cornell university, <http://cce.cornell.edu/>. For your state, just add agricultural extension agent.

Dried corn is a highly sought-after commodity in many Tribes where it is used for many celebrations. It might even be worth investigating raising local bees to help pollenate crops and gardens. Some cities even allow bee keeping within cities as there is so much concern about colony collapse disorder and deaths of bees due to pesticides. Let us all enjoy the growing warmth as the solstice approaches on June 21st.

Best Wishes,

Mark Butterfield, Administrator

Eastern Woodlands Office of Native American Programs

THE U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT (HUD) IS CURRENTLY REVISING THE REGULATIONS FOR THE SECTION 184 INDIAN HOME LOAN GUARANTEE (SECTION 184) PROGRAM

A draft of the proposed rule was sent to all tribal leaders and directors of tribally designation housing entities (TDHEs) for tribal review and comment. Since that time, HUD has held one in-person tribal consultation and two national teleconferences to provide an opportunity to tribal leaders and others to have a discussion about the draft proposed regulations. During these discussions, HUD received several requests to extend the tribal comment period. In response, HUD is extending this comment period to June 30, 2019.

Additionally, HUD will be holding a second in-person tribal consultation session in Reno, Nevada on June 25th from 6:30 pm – 8:30 pm. The draft proposed rule is the product of a 16-month period of tribal consultation in which HUD has held 17 tribal consultation sessions. For your convenience, please find a copy of the draft proposed rule enclosed with this letter. [DRAFT184Regulations2019-04-04.pdf](#)
