
SF-424 Guidance and Shortfall Application

In 2021, a PHA only needs to submit one SF-424 through the Operating Fund Portal. That SF-424 will serve all Operating Fund Grants including both grants made pursuant to the Operating Fund Formula (24 CFR 990) and for Shortfall Funding. To the extent that a PHA submitted a complete and accurate SF-424 as part of the Operating Fund Formula grant process, the PHA will only need to submit a Shortfall Application to apply for 2021 Shortfall funding. The Shortfall Application **must** be signed with a wet signature. PHAs are not required to resubmit or revise their form SF-424 for the FY 2021 Operating Fund Grant. Please refer to the following link for instructions on how to access the Operating Fund Portal:
