NSPIRE Demonstration Volunteer Properties Benefits Webinar

Joining the NSPIRE Demonstration is a SMART thing to do! Spend 15 minutes watching the NSPIRE Demonstration Volunteer Property Benefits webinar and learn why you should join, how to sign up, and how it benefits you. This presentation covers the benefits of participating in the NSPIRE Demonstration and how properties can volunteer to participate.

Other NSPIRE Webinars and Online Workshops

Future webcasts, webinars, and online workshops will cover topics such as the NSPIRE standards, scoring model, and guidance for contract inspectors. Please join the mailing list to stay on top of these events!

Do you know someone who would benefit from attending any of these webinars and workshops? Please forward the newsletter!

NSPIRE Has a New Look!
Check out our new webpages!

Come see the new NSPIRE pages on the HUD.gov website! REAC has updated the NSPIRE section of the HUD website with the latest news and information about NSPIRE and the NSPIRE Demonstration. You will find important news and updated information about the development of NSPIRE.

Visit the new and improved NSPIRE pages to:

- View the latest version of the developing NSPIRE standards and review the NSPIRE concept.
- Learn about the NSPIRE Demonstration and benefits for volunteer properties, and find out how to participate.
- Find out if your application for participation in the Demonstration has been received and/or approved.
- Contact us with recommendations and comments on the new Model and Demonstration.

The NSPIRE Information Center Is Up and Running!

HUD has introduced the NSPIRE Information Center to respond to requests for information about NSPIRE from POAs, PHAs, residents, and other interested parties. A team of trained representatives is available to provide information and answer questions about topics such as the NSPIRE Demonstration, volunteer property application status, and how COVID-19 is affecting the NSPIRE Demonstration.

The NSPIRE Information Center is available Monday through Friday, from 9 a.m. to 9 p.m. Eastern Time. Please contact the information center with questions, comments, or concerns by calling 1-800-883-1448 or emailing NSPIRE@HUD.gov.
COVID-19 Impacts on the NSPIRE Demonstration

REAC is continuing to postpone all NSPIRE field testing until further notice following guidance from the Centers for Disease Control and Prevention (CDC). These restrictions have been put in place for the protection of residents, property owners and agents, inspectors, and HUD personnel. However, refinement of standards and scoring testing remain ongoing to further the development of the NSPIRE Model. We encourage you to stay up to date on the latest pandemic-related HUD news by visiting HUD’s COVID-19 page.

Recent Events

NSPIRE Program Analyst Dr. David Hewitt delivered the online lecture titled “Health and Safety, and Housing Inspection” on April 14th, with the Georgetown University School of Nursing and Health Studies. The meeting, which was announced in the Pediatric Environmental Health Specialty Units newsletter, was attended by representatives from the CDC’s Agency for Toxic Substances and Disease Registry. Participants held an extensive and productive discussion during the two-hour forum about the NSPIRE standards as they relate to protecting the health and safety of residents of HUD housing.
Upcoming Events

HUD will present webinars and workshops on the following topics starting in June, with more to follow throughout the summer!

✓ June 23rd: Hot Topics and Questions about NSPIRE Workshop – This workshop provides industry groups the opportunity to provide feedback on HUD’s development of the new inspection model and receive latest updates about the NSPIRE Demonstration.

✓ July 29th: NSPIRE Standards Workshop – This workshop provides a forum for the exchange of information between stakeholders and HUD on the NSPIRE standards development process.

✓ July 31st: NSPIRE Standards Webinar – This presentation introduces the new NSPIRE standards, CTQs, CTQ+, stakeholder participation, and future expectations.
