HUD Strong Families events are designed bring together partners from HUD, other federal agencies and partners in support of the event.

- ❖ As in previous years, HUD does not offer any funding for these events; it is up to the housing authority or multifamily property owners to partner with their local institutions to receive donations. However, PHAs can use tenant funds to help pay for their events as long as the resident association agrees.
- ❖ The goal is to make the event cost free for every HUD assisted housing agency/owner. In the Notice PIH-2011-51, HUD encourages collaborative partnerships with public and private agencies to assist with resources and services.
- ❖ The event date is at the discretion of the HUD assisted property and can be held in conjunction with another event. The HUD assisted property has the flexibility to hold the event on a date that is beneficial to them and their residents.
- ❖ Yes. The event can be held in conjunction with another event such as an event that may be occurring in the community, city or state. It's important that the HUD assisted property registers the event at www.hud.gov/strongfamilies.
- ❖ HUD will manage and maintain a list as potential partners express interest. Partners will be connected to the POC of each PHA/MF and introductions will be made via email.
- ❖ In an effort to keep the message and focus consistent across the country we encourage HUD assisted properties to use the national theme approved by HUD.
- ❖ At this present time the initiative is non-appropriated. HUD assisted properties are encouraged to establish and/or strengthen collaborations where possible to assist with supporting the initiative.

- ❖ A partner is a non-profit, business, college or university, federal, state, city or local agency other than a Public Housing Agency, Multifamily properties or section 8 property owners.
- ❖ Your participation as a community leader will help to revitalize your local community by supporting an initiative that works to strengthen, empower and improve the quality of life of families living in HUD assisted housing communities. Your participation will help to facilitate new and existing relationships with fathers and their children, provide support to mothers and enhance and empower both parents' capacity to be an economic and social asset.
