

IMS/PIC Modernization

IT Vendor Update for March 2021

March 31, 2021

Agenda

1. Recap from February 2021 meeting
2. IMS/PIC Modernization Roadmap
3. Next Steps
4. Questions

Recap From February 2021 Meeting

- **IMS/PIC Modernization User Acceptance Testing (UAT)**
 - UAT is available for all vendors who want to participate.
 - Vendors will need to complete the ISA (for system interconnect) or the user request (for application login).
 - Materials available on the [HUD IMS/PIC Modernization Technical Information Page](#)
 - See slide 8 for current in-scope capabilities

IMS/PIC Modernization Roadmap | Release 2

- **Scope (Planned):**
 - **Top Priority.** MTWE 50058 and Building and Unit Inventory updates required for MTWE Program Cohort 1 agencies
 - MTW Supplement application updates
 - Automation of the Regular 50058 Form
 - Automation of the Tribal HUD-VASH 50058 Form
- **Scope (Currently under review):**
 - Automation of the HAP Contract Collection Form
 - Automation of the Emergency Voucher Program (EVP) process

Release 2 Project Timeline

Phase	Target Close
Discovery	3/26/21
Configuration	6/4/21
UAT	6/18/21
Release	6/25/21

IMS/PIC Modernization Roadmap | Future Releases

- **Other capabilities on the IMS/PIC Modernization roadmap:**
 - Supporting other family reports, including:
 - HOTMA Program 50058 Form
 - Original MTW 50058 Form
 - User interface improvements for user community

Next Steps

1. HUD will incrementally release additional code / scope to the UAT environment for vendors to test. Updates will be communicated to the UAT participants and will be available to all via the [HUD IMS/PIC Modernization Technical Information Page](#).
2. Engage with the software vendors. First priority is to support the Cohort 1 agencies:
 - Would like to know what information is needed from HUD for vendors to begin updates to their software.
 - Please reach out to HUDITVendorComms@hud.gov.

IMS/PIC Modernization Application Capabilities as of 3/31/21

Component	Sub-Component
MTW Expansion 50058 Form Submission	PHA API/JSON Submission
	PHA Review of Submissions by PHA
	HUD Review of Submission by PHA
	Validate Submissions Against Prior 50058 Form
	<i>Note: Each vendor will be assigned a dummy PHA and corresponding test/dummy data</i>
	Validate Submissions Against Building & Unit Data (i.e., Check Occupancy)
<i>Note: Each vendor will be assigned a dummy PHA and corresponding test/dummy data</i>	
BUI management: search, add, request removal
