Greetings from the Administrator

Greetings!

Now that a budget has passed Congress and the money has been allocated in LOCCS, ONAP is in the process of sending out Grant Agreements for all of our grantees in the Eastern Woodland ONAP Region. When you get your Grant Agreement, read it over carefully before signing to make sure that the numbers are right and that you are in agreement with the amount. Next, sign it and return a signed copy to your Grants Management Specialist so that they can spread the money in LOCCS to each activity as indicated in the Indian Housing Plan [IHP]. Then make sure to both do your environmen-

(Continued on page 2)
Review and make sure you keep a copy on record for the next time you are monitored by our ONAP Grants Evaluation staff. As you all know, environmental review must be documented and on file or you may be asked to repay any grant money spent without environmental review is on file.

The ONAP office has been very busy reviewing Annual Performance Reports [APRs] and ASERS (for those with ICDBG approved projects). It is a tedious and time-consuming job, which may require multiple inputs from the Grantee. Our staff reviews both the numbers and accomplishments and will ask questions if you fail to report why you were unable to fulfill your goals as listed in the IHP. Programs that don’t achieve their goals and simply accumulate grant money in LOCCS are not achieving the purpose of NAHASDA, which is to provide safe, decent, sanitary and affordable housing for their members. Don’t be afraid of complaints as they point out where you may need to improve even if it is improving the perception of how you operate and is resolved in your favor.

Our office receives complaints from time to time regarding various grantees, which may or may not have merit. Generally, that is not for us to determine, but for the Tribe/TDHE to live up to the regulations and their own policies. Recently, this office fielded a call about how they should treat a former employee. This is not an area mentioned in NAHASDA except for anti-discrimination requirements. Such complaints are almost always up to the Tribe/TDHE to resolve pursuant to their own policies and that of the state they reside. Complaints about whether a contractor paid his workers a proper wage is referred to the local HUD Labor office to investigate and resolve. ONAP may give you referrals but is not responsible for resolving Labor law violations of the Davis Bacon Act. Since the Eastern Woodlands ONAP office covers no less that five HUD regions, where you go will depend on which HUD region your Tribe/TDHE is located in. For the 30+ grantees in the upper Midwest, it will be the HUD Region V Labor Office in Chicago. For New England grantees it would be the New York HUD Office; for Virginia, it would be in the Philadelphia Office; for North and South Carolina, Florida, Alabama and Mississippi, it would be in the Atlanta Office and for Iowa it would be in Kansas City, Missouri.

As you will see in other parts of the Bulletin, EWONAP is welcoming new staff with the addition of Ebony Madyun, as Grants Evaluation Director and Sara Stapleton as a Grants Evaluation Specialist. It appears EWONAP might actually rise above our average of 15 staff members, which should improve our service to our grantees. We are looking forward to a productive new year.

Please forward any topics you might want the Bulletin to address in future issues to: Kimberly.N.McMorris@hud.gov.

Kind Regards,
Mark Butterfield, Administrator
Eastern Woodlands Office of Native American Programs
EWONAP Welcomes New Grants Evaluation Director

Ebony Madyun has joined the Eastern Woodlands Office of Native American Programs (EWONAP) after almost eight years with HUD’s Office of Community Planning and Development (CPD) in various positions. Most recently, she oversaw thirty-three formula grantees and approximately ninety competitive grant recipients and projects as a Program Manager. In that role, she supported onsite monitoring and technical assistance delivery for CPD programs, including community development, affordable housing, and homelessness programs. She also served as a Supervisory CPD Specialist for the Office of Block Grant Assistance at HUD Headquarters (HQ) where she worked with the Neighborhood Stabilization Program (NSP) and Community Development Block Grant program (CDBG).

Previously, Ebony worked with communities recovering from disasters as a member of the Disaster Recovery and Special Issues Division, in HUD Headquarters. She started her career with HUD in the Indianapolis Field Office working with the NSP program during the foreclosure crisis. Ebony has also worked with local government and nonprofit organizations on affordable housing and community development.

She is excited to join EWONAP in support of housing and community development programs that benefit Native American communities. As a part of her return to the Midwest, Ebony looks forward to enjoying Chicago’s four distinct seasons (especially fall). When she is not at work, she enjoys traveling, hiking, spending time with family, and spicy food of all kinds.

HUD’S OFFICE OF NATIVE AMERICAN PROGRAMS CRIME PREVENTION SUMMIT
Assistant Secretary Hunter Kurtz along with senior leadership from the Office of Native American Programs (ONAP) hosted the Crime Prevention Summit in Denver, Colorado. The summit offered a forum for tribal leaders and federal agencies to discuss substance abuse and violence impacting their communities. Over 200 people attended, including representatives from 83 different Tribes and TDHEs. Tribal leaders and PIH staff presented best practices, funding sources, policies, and other strategies to ensure residents are living in safe communities.

TRAINING OPPORTUNITY- TRIBAL HOUSING EXCELLENCE DEVELOPMENT ESSENTIALS
This Development Essentials course will provide participants with the essentials of the housing development process. In an interactive classroom setting, participants will learn:
• The various partners involved in the development process.
• How to determine the financial feasibility of a project.
• The considerations in housing project underwriting.
• The beneficial impact of leveraging IHBG with a range of available resources from Title VI to Low Income Housing Tax Credits.
• How to apply these development principles to a case study, and their own housing projects.

THE Development Essentials course is for Tribes and Native communities that are NAHASDA recipients. To encourage attendance by multiple key stakeholders, scholarships are only available for organizations that send more than one person from a Native community or Tribe. These additional stakeholders may be housing staff, housing board members, tribal council members, planning staff or Native CDFI’s. In addition, a limited number of seats are open to nonprofit housing developers currently working in or looking to expand their work on Native lands. Participants will come away with concepts and strategies they can put to practical use in their communities. The wait list analysis tool will allow them to generate data from their own wait lists, make the case for particular paths to action and will support their efforts to raise outside funds for housing programs and development. Date: March 17-19, 2020, Location: Aurora, Colorado, Register HERE

DEAR TRIBAL LEADER LETTER- TWO-YEAR NOTICES OF FUNDING AVAILABILITY FOR ONAP COMPETITIVE PROGRAMS
The Office of Native American Programs (ONAP) recently revised the way in which it awards competitive grant funding. In previous years, ONAP awarded appropriated grant funds using a one-year Notice of Funding Availability (NOFA). However, when ONAP competed grant funding appropriated for the recent Indian Housing Block Grant (IHBG) Competitive program, it awarded funding appropriated for both FY 2018 and FY 2019 under a single two-year NOFA. Similarly, HUD recently posted a two-year NOFA for the Indian Community Development Block Grant (ICDBG) program and is currently competing funding appropriated for both FY 2019 and FY 2020 under this competition. The decision to move to this new format was made, in part, to encourage long-term planning and to further support the development of larger projects. While the two-year NOFA approach has its advantages, some Tribal housing practitioners have also informally expressed concerns to ONAP regarding this change in how ONAP awards competitive funds. As part of HUD’s commitment to robust tribal consultation, HUD is requesting your feedback regarding this two-year NOFA format for future planning. Specifically, ONAP is interested in hearing from you about whether this new format is practical and workable for you and your staff, and whether ONAP should continue to award competitive funding in the future using this two-year NOFA format. View the entire letter and obtain additional information for providing comments; HERE.

We’re heading to San Antonio, TX, for the 20th Annual Travois Indian Country Affordable Housing & Economic Development Conference on Tuesday, March 31-Thursday, April 2, 2020. This one-of-a-kind educational conference provides help for tribal entities interested in securing funds for affordable housing and economic developments in Native communities. We share tips and tools for using the Low Income Housing Tax Credit (LIHTC) program and the New Markets Tax Credit (NMTC) program and other financing sources like impact investments, grants and more. These two federal tax credit programs have directly led to more than $1.4 billion new and rehabilitated homes, businesses and services in Indian Country. Travois staff, experienced tribal developers and industry partners will share best practices on how to move developments forward — planning, securing financing, architectural design, construction monitoring, asset management and compliance and more. Outstanding industry professionals who are making a difference in Native communities will be recognized at the Superhero Awards ceremony, and we will celebrate Travois 25th anniversary! Registration will open this winter. Save the date and join us in San Antonio! Questions? Contact comm@travois.com or call 816-994-8970.

The Section 184 Indian Home Loan Guarantee Program is a home mortgage specifically designed for American Indian and Alaska Native families, Alaska Villages, Tribes, or Tribally Designated Housing Entities. Section 184 loans can be used both on and off native lands for new construction, rehab, the purchase of an existing home, or for refinancing.

Section 184 is synonymous with home ownership in Indian Country. As of March 2016, the Section 184 program has guaranteed over 33,728 loans, which represents over $5.4 billion dollars in guaranteed funds.

Within the Eastern Woodlands region, over 3,938 loans have been made bringing $565 million in private capital directly to Tribal Members. Tribes and TDHEs can also use Section 184 loans to achieve their housing development goals. Some benefits include:

- Low residential mortgage interest rates
- Lower monthly fees than standard PMI
- One time loan guarantee fee (1.5%)
- May utilize up to 15% of loan funds for site infrastructure costs
- Low down payment
- No household income restrictions
- Buy, Rehab, Refi or Build
- Finance up to 20 units at a time.

HUD ONAP Title VI Loan Guarantee Program
Title VI loans enable Indian Housing Block Grant recipients to leverage up to 5 times their IHBG ‘Need’ funding to finance affordable housing development by pledging future IHBG grant funds as security for repayment of the loan. A private lender provides the financing and HUD provides the guarantee to the lender. To visit the Title VI website, click here. ONAP’s Office of Loan Guarantee has advised that Title VI loans are limited this fiscal year, so the first funded loans will go to applicants whose loan package is the most complete first.
