

HUD's Office of Native American Programs

In partnership with NAIHC

2019 Training Session

Financial Management and Basic Audit

October 1-3 | Spokane, WA

This training will discuss common accounting terminologies and purpose, overview of regularly used accruals and their treatment, recording a capital asset and donated asset purchased with NAHASDA funds or donated assets. Training will teach how to account for IHBG revenues and expenses. Students will gain knowledge on what are eligible costs of the IHBG fund and what's not. Course will teach Program Income and the importance of recording and tracking. Students will improve knowledge and capabilities of accounting staff in GAAP accounting under GASB standards. They will also understand the importance of budgeting and that the IHP is only part of the overall housing budget for the Housing entity.
