Effective Date Postponed for Native Advantage Claims Module

Today, the U.S. Department of Housing and Urban Development issued Dear Lender Letter (DLL) 2021-14. The purpose of this DLL is to announce the postponement of the mandatory date for the use of the Native Advantage Claims Module, which will transition claims reporting for Section 184 and Section 184A guaranteed loans from ONAP Catalyst to the Native Advantage platform.

Due to the volume of access requests and to allow ONAP-approved Direct Guarantee Lenders and Servicers time to transition to the new platform, the new mandatory date to use the Native Advantage Claims Module to submit any new claims is now **February 1, 2022**. Claims submitted after January 31, 2022 in ONAP Catalyst will not be accepted.

If you are eligible and have not already done so, please register for access to the Claims Module by completing the [Native Advantage Claims Module User Access Request Form](#) and sending it to ONAP-OLGSystemsAccess@hud.gov. If you have already submitted your registration form, no further action is required on your part.
