This document provides information about each of the fields on the [Form HUD-52681-B](#). The information is broken down by the section titles listed on the form.

GENERAL RULES

A few general rules about the data entered into each Monthly Submission:

- Fields that have been grayed out are prefilled by HUD and are not editable. Data used for these fields reflect the current system information and are automatically updated when changes are made to prior months.

WHERE TO REPORT

- Vouchers that you administer on behalf of another PHA under portability, and for which HAP is reimbursed to your PHA, should not be reported by you as part of your leasing or HAP expenses; they will be reported by the PHA that is paying the HAP. These are commonly referred to as “Port-Ins.” There are separate line items on the Voucher UML/HAP tab in VMS for reporting “Portable Vouchers Administered (Port In)” and “Portable Vouchers Paid.”

- A voucher under lease must be reported in one, and only one, main category. Vouchers reported under the sub-categories “New This Month” and “Enhanced Vouchers” are also reported under the main categories of “Homeownership” and “Tenant Protection”, respectively. "If a leased voucher could appropriately be reported in more than one category, it should be reported in the category that reflects how the participant *initially* qualified for the voucher. However, if a participant initially qualified under “All Other Vouchers” and later qualified under another category, that participant would be reported under the new category.

Example 1: A participant initially qualified for a voucher under “All Other Vouchers” and later entered the Homeownership program. That participant would be reported under Homeownership.

Example 2: A participant qualified for a Special Purpose Voucher (SPV). That participant later ported their voucher to another jurisdiction. The PHA that initially qualified the participant for the SPV reports that voucher as SPV rather than Portable Vouchers Paid¹. Add information in the "Comments" field to indicate the number of vouchers reported and corresponding expenses on the SPV lines that have ported but are not reported on the “Portable Vouchers Paid” line.

HAP EXPENSES

- HAP expenses are to be reported in the correct voucher categories for HAP Contracts in effect and paid as of the first day of the month.
- A separate line item on the Voucher UML/HAP tab, called "HCV – All Voucher HAP Expenses After the First of the Month" collects HAP costs incurred for new HAP contracts effective after the first of the month.
- HAP expenses are entered under the month for which they are applied, regardless of the month in which they are actually paid.
- HAP expenses are only entered after the payment has been made.
- The PHA should include utility reimbursements paid in the appropriate HAP category for the associated voucher type.
- For RAD 1 and/or VASH, the PHA should report ALL HAP expenses, even the prorated HAP expenses, in the RAD 1 and/or VASH field as appropriate rather than reporting the prorated HAP expenses on the line for “All Voucher HAP Expenses AFTER the First of the Month”. This is different from All Voucher HAP Expenses for HAP Contracts effective AFTER the First of the Month where the total number of Vouchers leased after the first of the month are captured in the Vouchers Under Lease as of the Last Day of the Month category.
- HAP Contracts on hold are not reported as units leased as of the first day of the month. Units are not reported as under lease until the HAP contract is executed (signed). Once the contract is signed, if the monthly submission is completed, the PHA should enter such units as a Prior

¹ Please see VASH definition below under DEFINITIONS for exception if a VASH family no longer needs case management and is moved out of the VASH and onto the PHA’s regular voucher program, in accordance with [Notice PIH 2011-53](#)

Month Correction. If not signed within 60 days, the HAP Contract is void. No HAP may be paid unless the HAP contract has been signed.

- Abated units are units that are currently under lease but for which the HAP is being withheld for specific reasons such as the unit failing to pass HQS inspection. The PHA should enter the Unit Months Leased (UML) during the abatement period as the unit *is* under contract. If for some reason the abatement is reversed then the PHA can enter a Prior Month Correction for HAP for those months attributable to the abatement period. Failure by the PHA to report the abated UML will skew the leasing and per unit costs for this agency.
- Mainstream – In VMS, there are specific lines provided for Mainstream Units Leased and HAP Expenses only. The Mainstream program is separate and distinct from the regular HCV program and these values are not included in the Voucher Leasing and HAP totals reported in any other field. If a value greater than zero (0) was entered in any field under “Voucher Units”, a value greater than zero (0) must be entered in the corresponding “Voucher HAP Expenses” field.
- HAP expenses incurred after the first of the month for the Mainstream program should be reported in the Mainstream – HAP Expenses After the First of the Month field.
- Leasing and HAP expense data for each category of voucher are now reported on the same line.
- The PHA must report UMLs for “Zero HAP” Units. These are units for which the HAP has been calculated to be \$0. The units are to be reported in the same voucher category as they would if the HAP was a positive dollar amount².

² HCV regulations state that a HAP contract may remain in effect for 180 consecutive days while at zero HAP. Thus, in VMS, the PHA must report a UML for the “Zero HAP” unit because a contract is still in effect. After 180 days at \$0 HAP, the HAP contract terminates automatically. Therefore, the PHA would no longer report a UML for that unit. Refer to 24 CFR 982.455 (Automatic Termination of HAP contracts). EXCEPTION: Tenants who were in place at the time of a RAD conversion and have \$0 HAP should be reported in the VMS as long as the family is in place. The 180 day limit does not apply to these tenants. Tenants leased after the conversion are limited to the 180 day limit for \$0 HAP as described above.

Emergency Housing Vouchers 1 - Fraud Recovery Total Collected this Month: Total EHP dollar amount recouped by the HA as fraud recoveries during the month is applied to the EHP RNP account. This consists of the lesser of one-half the amount recovered or the total recovery minus the costs incurred by the PHA in the recovery. This amount should NOT be deducted from HAP expenses as reported for the month in the HAP expenses field. NOTE: Total dollar amount recouped "is cash collected and not revenue recorded".

Emergency Housing Vouchers 1 - Unrestricted Net Position Funds (UNP) as of the Last Day of the Month: Note: *Regardless of the system (VMS or FASS-PH) in which UNP is being reported, the PHA should report its EHV UNP amount as defined by GAAP – “the difference between the EHV program’s asset and liabilities that do not meet the definition of restricted net assets or invested in capital assets net of related debt.” In essence, HUD is requesting information on net liquid or near liquid resources that can be readily used for the administration of the program, as this definition does not include net assets related to fixed assets (see OPEB liability exception below as related to liquid or near liquid resources).*

UNP is equal to the cumulative total of Administrative Fee (AF) revenue for the EHV program which includes Ongoing Administrative Fees, Preliminary Fees and Placement/Issuance Fees (Service Fees are NOT included) minus total EHV administrative expenses and any UNP used for EHV housing assistance payments (HAP). EHV UNP is the amount by which administrative fees paid by HUD for a PHA fiscal year exceeded the PHA administrative expenses for the fiscal year, plus the portion of fraud recovery revenue collected in cash that is returned to the EHV UNP account (see Note 1) interest earned up to \$500, and the net Port-In reimbursement revenue (in excess of Port-In HAP expenses) received from initial Housing Authorities for unabsorbed Port-Ins. Any interest earned above \$500 on AF reserves and investment income earned on HAP and RNP funds, must be remitted to HHS IAW 2 CFR § 200.305(b)(9). This means that the total AF revenue used to calculate the UNP reported in this field does not include excess Ongoing AF received during the current PHA FY because excess Ongoing AF received does not accumulate to the UNP until the end of the PHA’s FY. The excess Ongoing AF received during the PHA’s current FY will not be reported in the UNP field until the end of the last month of the PHA’s fiscal year. The monthly amount reported in VMS is the UNP balance at the beginning of the year plus any interest earned and fraud recovery, excess preliminary and placement/issuance fees, and net port-in revenue allocated to the UNP account for the months in the current year. For guidance on eligible use of EHV Fees, please reference [PIH Notice 2021-15](#) issued May 5, 2021, and [PIH Notice 2021-25](#) issued August 20, 2021.

NOTE: The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS forfeitures funds can be retained by the PHA and used for eligible FSS expenses as provided in the rule. The forfeited funds are restricted and shall not be reported in EHV UNP.

Emergency Housing Vouchers 1 - Restricted Net Position Funds (RNP) as of the Last Day of the Month: RNP is the amount of Housing Assistance Payments (HAP) Equity for the Emergency Housing Voucher (EHV). It is equal to the cumulative sum of total HAP revenues received minus the total cumulative HAP expenses for eligible unit months that have been paid and is calculated on a **monthly** basis. Total expenses include EHV - FSS Escrow Deposits. Total HAP revenue is defined as total HAP disbursements received during the month including the portion of fraud recovery revenue collected in cash that is returned to the HAP equity. **NOTE:** The Federal Register, Vol.87, No.95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS escrow forfeitures shall not be reported in the EHV RNP as those funds are

no longer returned to the EHV program but will be retained by the PHA and used for eligible FSS expenses only as provided in the rule. Interest income earned on excess EHV HAP and RNP balances should not be included in the RNP. The allowable retention of interest funds should be reported in the PHA's EHV UNP balance as described in greater detail in the UNP field definition. Negative balances must be reported in VMS on a monthly basis and carried through the fiscal year-end or calendar year-end, as applicable, until cash revenue is received (from any allowable source) to clear the negative balance. Additional instruction in [Appendix D](#).

NOTE: Fraud Recovery – PHAs should not include fraud receivable revenue not yet collected in the VMS reporting as those funds are not available for the PHA to use for HAP expenses. The amount of fraud recovery sent to the RNP account is usually 50% of the amount collected but may be less depending on the PHA's situation. See [24 CFR §792.202](#) for more on the amounts of fraud recovery a PHA may retain in its UNP and the portion of fraud recovery that must be returned to the HCV Program by inclusion in the RNP balance.

Emergency Housing Vouchers 1 - Cash/Investment as of the Last Day of the Month: Cash/Investments as of the last day of the month are the total amount of EHV HAP and AF cash and investments for the EHV program. Amounts reported include all cash and investments as they relate to EHV UNP and EHV RNP balances as of the last PHA FYE, as well as any additional funds that may have been reported in the EHV UNP and EHV RNP fields through the month being reported. This total amount must include only those EHV HAP and EHV AF (including ongoing fees, preliminary fees, service fees, and placement/issuance fees) funds received for the EHV program, including interest earned, and fraud recovery. **NOTE:** The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning June 2022, FSS escrow forfeitures shall not be reported in the EHV Cash/Investments field as those funds can be retained by the PHA and used only for eligible FSS expenses as provided in the rule. Funds received for an FSS Coordinator and not expensed must not be included. Cash and investments for HCV - FSS Escrow Deposits/accounts must not be included, nor should any cash or investments representing other current liabilities to the PHA, such as outstanding checks and "accrued compensated absences – current period" as these funds are already restricted for specific purposes and are not available for use to pay EHV HAP or other administrative costs. These reporting requirements are applicable to MTW PHAs as well. Additional instruction in [Appendix D](#).

EHV HAP Spent on Permissive Deductions- Total EHV HAP Expenses spent as of the first of the month on permissive deductions. These are monthly expenses and will not be considered for the PHA renewal EHV funding. HAP funds reported in this field must exclude funding received outside of the EHV Program. 24 CFR 5.611(b). The HAP expense must also be reported in the field that best describes the type of voucher being used.

EHV Unexpended Service Fees: The EHV Service Fee is accounted for as an expenditure driven grant with revenue being recognized only when an eligible expense as been incurred. If the PHA has not incurred an eligible expense the PHA should report the fee as unearned revenue and in restricted cash. There should be no effect on the PHA's restricted net position. This amount is typically reported on Line 342 in the FASS FDS. APPENDIX D: SUPPLEMENTAL FIELD INSTRUCTIONS

Housing Choice Voucher Field Instructions for UNP, RNP, and Cash/Investments

HCV - Unrestricted Net Position (UNP) as of the Last Day of the Month: UNP is equal to total Administrative Fee (AF) revenue minus total HCV administrative expenses and any AF used for housing assistance payment (HAP) or other activities for Housing Choice Voucher Related purposes.

Note: Regardless of the system (VMS or FASS-PH) in which UNP is being reported, the PHA should report its UNP amount as defined by GAAP – “the difference between the HCV program’s asset and liabilities that do not meet the definition of restricted net assets or invested in capital assets net of related debt.” In essence, HUD is requesting information on net liquid or near liquid resources that can be readily used for the administration of the program, as this definition does not include net assets related to fixed assets (see OPEB liability exception below as related to liquid or near liquid resources).

UNP is equal to the cumulative total of Administrative Fee (AF) revenue minus total HCV administrative expenses and any UNP used for housing assistance payments (HAP) or other activities for Section 8 Tenant Based related purposes. UNP (referred to as “Administrative Fee Reserve” in the HCV program regulations) is the amount by which administrative fees paid by HUD for a PHA fiscal year exceeded the PHA administrative expenses for the fiscal year, plus the portion of fraud recovery revenue collected in cash that is returned to the UNP account (see Note 1), any interest earned on AF reserve (see [24 CFR 982.155\(a\)](#)) and up to \$500 per calendar year in interest and investment income earned on HAP and RNP funds, and the net Port-In reimbursement revenue (in excess of Port-In HAP expenses) received from initial Housing Authorities for unabsorbed Port-Ins. This means that the total AF revenue used to calculate the UNP reported in this field does not include excess AF received during the current PHA FY because excess AF received does not accumulate to the UNP until the end of the PHA’s FY. The excess fees received during the PHA’s current FY will not be reported in the UNP field until the end of the last month of the PHA’s fiscal year. The monthly amount reported is the UNP balance at the beginning of the year plus any interest earned and fraud recovery allocated to the UNP account for the months in the current year. PHAs must include in this field their pre-2005 AF balance, formerly referred to as their operating reserve (also known as their AF reserve). PHAs should not report any unexpended FSS Coordinator funds in the UNP field. FSS coordinator funds from grants awarded prior to Federal Fiscal Year 2014 (which were made available to PHA’s beginning in January 2015) can only be spent on FSS coordinator expenses, are not available to support other Section 8 program expenses, and therefore must be recorded in the PHAs financial records as an unearned revenue until spent on FSS coordinator expenses rather than being reported as part of the UNP. FSS coordinator grants awarded in FFY 2014 and future years are treated as a separate program and reported in CFDA 14.896 in FASS. The grant revenue for these awards should not be added to the HCV equity. PHAs should not report any unexpended FSS Coordinator funds in the UNP field. For guidance on eligible use of AF and UNP funds please reference [PIH Notice 2015-17](#) issued October 6, 2015. This document provides additional information regarding the allowable use of AF earned during the PHA’s current fiscal year and the use of available UNP (depending on the source year) and provides information regarding VMS reporting.

NOTE: The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS forfeitures funds can be retained by the PHA and used for eligible FSS expenses as provided in the rule. The forfeited funds are restricted and shall not be reported in HCV UNP.

Accrued Pension and Other Post-Employment Benefits (OPEB) Exception:

Any Accrued Pension and OPEB liability must be included in the UNP balance as reported in the VMS even though this unfunded liability may cause the UNP balance to reflect a 'false' negative balance. It is suggested the PHA insert a comment in the 'comments' section to reflect the portion of the UNP balance that is attributable to the unfunded pension and OPEB liability and provide the actual 'cash equivalent' UNP balance (the UNP "should be" balance if the pension and OPEB liability were removed). Reference GASB 74 (which parallels GASB 67 and replaces GASB 68) and GASB 75 (which replaces GASB 45).

HCV - Restricted Net Position (RNP) as of the Last Day of the Month: RNP is the amount of Housing Assistance Payments (HAP) Equity for the HCV program. It is equal to the Position (RNP) as cumulative sum of total HAP revenues received minus the total cumulative HAP expenses for eligible unit months that have been paid and is calculated on a monthly basis. Total HAP expense should include of the Last Day of expenses for regular vouchers and for HCV special purpose vouchers including VASH, Non-Elderly Disabled the Month (NED), Family Unification Program (FUP), HOPE VI, One Year Mainstream (MS1), Litigation, RAD Component 1, RAD Component 2, Tenant Protection (TP) and Homeownership, as well as expenses for HCV - FSS Escrow Deposits. Total HAP revenue is defined as total HAP disbursements received during the month including the portion of fraud recovery revenue collected in cash that is returned to the HAP equity (see Note 1) and FSS escrow forfeitures. NOTE: The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS escrow forfeitures shall not be reported in the HCV RNP as those funds are no longer returned to the HCV program but will be retained by the PHA and used for eligible FSS expenses only as provided in the rule. Excess funds received for the Mainstream program shall not be included in this field.

Interest income earned on excess HAP and RNP balances should not be included in the RNP. The allowable retention of interest funds should be reported in the PHA's UNP balance as described in greater detail in the

UNP field definition. Negative balances must be reported on a monthly basis and carried through the fiscal year-end or calendar year-end, as applicable, until cash revenue is received (from any allowable source) to clear the negative balance. However, if the PHA has a negative balance at the end of the calendar year and no available program reserves to cover the shortage, then the negative amount should not carry over into the subsequent calendar year reporting (see Note 2). This results in the PHA starting January of the following year with a zero balance.

Instead, the PHA must transfer HCV UNP or other non-federal funds to the HCV RNP account to cover the negative balance in excess of the HUD-held reserves balance. Please refer to [PIH Notice 2013-28](#) regarding the allowable use of outside sources of funds. The PHA is responsible for operating its program within the amount of funding provided. Negative amounts reported may result in a HUD review and corrective action may be warranted if it is determined the PHA expended any portion of its HAP funding on non-HAP eligible expenses.

NOTE 1: Fraud Recovery – PHAs should not include fraud receivable revenue not yet collected in the VMS reporting as those funds are not available for the PHA to use for HAP expenses. The amount of fraud recovery sent to the RNP account is usually 50% of the amount collected, but may be less depending on the PHA's situation. See [24 CFR §792.202](#) for more on the amounts of fraud recovery a

PHA may retain in its UNP and the portion of fraud recovery that must be returned to the HCV Program by inclusion in the RNP balance.

NOTE 2: Reporting Negative RNP – Reporting negative RNP balances in the VMS at the end of the PHA’s fiscal year end is acceptable. Reporting negative balances in the VMS provides reviewers the most accurate financial status of the PHA and is an indication that an additional disbursement may be needed to support HAP expenses. If the PHA reflects a negative balance at FYE, the PHA should confirm if there are available HUD-HELD Reserves to support the shortage. If so, the PHA should record an Accounts Receivable from HUD for the amount that can be supported. The PHA should transfer UNP to cover the remaining shortage.

GAAP reporting requirements direct PHAs to report zero in FASS when their RNP balance is negative at fiscal year-end. This can result in a discrepancy between the two systems although the information is accurate based on current reporting requirements.

MTW PHAs are required to track and report unspent HAP funds, transferred to the single account, in the VMS under the RNP. These are HAP funds transferred to the single account minus HAP and non-HAP expenses allowable under their MTW agreements. The tracking and reporting of HCV originated HAP that has been transferred to the single account but remains unspent will facilitate monitoring budget utilization and establishing operating reserves to be protected from offsets and excess reserves that could be subject to Congressional mandated offsets and or/or offset for reallocation as described by the 2016 Appropriations Act or future requirements.

Note that for unaudited and audited FASS reported financial statements, unspent HAP funds that were transferred to the single account will continue to be reported as unrestricted net position (UNP). This results in a known discrepancy between VMS and FASS reporting but is necessary to ensure accurate tracking and reporting of unspent HAP funds.

PHAs/Users should refer to [PIH Notice 2015-17](#) for additional information related to the proper calculation and reporting of RNP balances in the VMS.

HCV- Cash/Investments as of the last day of the month: (Voucher Program Only) Cash/Investments as of the last day of the month are the total amount of HAP and AF cash and investments for the HCV program. Amounts reported include all cash and investments as they relate to UNP and RNP balances as of the last PHA FYE, as well as any additional funds that may have been reported in the UNP and RNP fields through the month being reported. This total amount must include only those HAP and AF funds (including any interest or revenue derived) received for the HCV program, including interest earned, fraud recovery and Family Self-Sufficiency (FSS) forfeitures. Note: The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS escrow forfeitures shall not be reported in the HCV Cash/Investments field as those funds can be retained by the PHA and used only for eligible FSS expenses as provided in the rule. Funds received for an FSS Coordinator and not expensed must not be included. Cash and investments for FSS escrows must not be included, nor should any cash or investments representing other current liabilities to the PHA, such as outstanding checks and “accrued compensated absences – current period” as these funds are already restricted for specific purposes and are not available for use to pay HAP or other administrative costs. MTW PHAs should report their financial information as required in their MTW Agreement.

Mainstream Field Instructions for UNP, RNP, and Cash/Investments

Mainstream - Unrestricted Net Position Funds (UNP) as of the Last Day of the Month: UNP is equal to total Administrative Fee (AF) revenue minus total HCV administrative expenses and any AF used for housing assistance payment (HAP) or other activities for Housing Choice Voucher Related purposes as of the Last Day of the Month. **Note:** Regardless of the system (VMS or FASS-PH) in which UNP is being reported, the PHA should report its UNP amount as defined by GAAP – “the difference between the Mainstream program’s asset and liabilities that do not meet the definition of restricted net assets or invested in capital assets net of related debt.” In essence, HUD is requesting information on net liquid or near liquid resources that can be readily used for the administration of the program, as this definition does not include net assets related to fixed assets (see OPEB liability exception below as related to liquid or near liquid resources).

UNP is equal to the cumulative total of Administrative Fee (AF) revenue minus total Mainstream administrative expenses and any UNP used for housing assistance payments (HAP) or other activities for Mainstream related purposes. UNP (referred to as “Administrative Fee Reserve” in the program regulations) is the amount by which administrative fees paid by HUD for a PHA fiscal year exceeded the PHA administrative expenses for the fiscal year, plus the portion of fraud recovery revenue collected in cash that is returned to the UNP account (see Note 1), any interest earned on AF reserve (see [24 CFR 982.155\(a\)](#)) and up to \$500 per calendar year in interest and investment income earned on HAP and RNP funds, and the net Port-In reimbursement revenue (in excess of Port-In HAP expenses) received from initial Housing Authorities for unabsorbed Port-Ins. This means that the total AF revenue used to calculate the UNP reported in this field does not include excess AF received during the current PHA FY because excess AF received does not accumulate to the UNP until the end of the PHA’s FY. The excess fees received during the PHA’s current FY will not be reported in the UNP field until the end of the last month of the PHA’s fiscal year. The monthly amount reported is the UNP balance at the beginning of the year plus any interest earned and fraud recovery allocated to the UNP account for the months in the current year. PHAs should not report any unexpended FSS Coordinator funds in the UNP field. For guidance on eligible use of AF and UNP funds please reference [PIH Notice 2015-17](#) issued October 6, 2015. This document provides additional information regarding the allowable use of AF earned during the PHA’s current fiscal year and the use of available UNP (depending on the source year) and provides information regarding VMS reporting. **NOTE:** The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS forfeitures funds can be retained by the PHA and used for eligible FSS expenses as provided in the rule. The forfeited funds are restricted and shall not be reported in Mainstream UNP.

Accrued Pension and Other Post-Employment Benefits (OPEB) Exception:

Any Accrued Pension and OPEB liability must be included in the UNP balance as reported in the VMS even though this unfunded liability may cause the UNP balance to reflect a ‘false’ negative balance. It is suggested the PHA insert a comment in the ‘comments’ section to reflect the portion of the UNP balance that is attributable to the unfunded pension and OPEB liability and provide the actual ‘cash equivalent’ UNP balance (the UNP “should be” balance if the pension and OPEB liability were removed). Reference GASB 74 (which parallels GASB 67 and replaces GASB 68) and GASB 75 (which replaces GASB 45).

Mainstream - Restricted Net Position Funds (RNP) as of the Last Day of the Month: RNP is the amount of Housing Assistance Payments (HAP) Equity for the Mainstream program. It is equal to the Position

(RNP) as cumulative sum of total HAP revenues received minus the total cumulative HAP expenses for eligible unit months that have been paid and is calculated on a monthly basis. Total HAP expense should include of the Last Day of expenses as well as expenses for FSS escrow deposits. Total HAP revenue is defined as total HAP disbursements received during the month including the portion of fraud recovery revenue collected in cash that is returned to the HAP equity (see Note 1) and FSS escrow forfeitures. NOTE: The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS escrow forfeitures shall not be reported in the Mainstream RNP as those funds are no longer returned to the Mainstream program but will be retained by the PHA and used for eligible FSS expenses only as provided in the rule.

Interest income earned on excess Mainstream HAP and RNP balances should not be included in the RNP. The allowable retention of interest funds should be reported in the PHA's UNP balance as described in greater detail in the UNP field definition. Negative balances must be reported on a monthly basis and carried through the fiscal year-end or calendar year-end, as applicable, until cash revenue is received (from any allowable source) to clear the negative balance. However, if the PHA has a negative balance at the end of the calendar year and no available program reserves to cover the shortage, then the negative amount should not carry over into the subsequent calendar year reporting (see Note 2). This results in the PHA starting January of the following year with a zero balance. Instead, the PHA must transfer Mainstream UNP or other non-federal funds to the Mainstream RNP account to cover the negative balance in excess of the HUD-held reserves balance. Please refer to [PIH Notice 2013-28](#) regarding the allowable use of outside sources of funds. The PHA is responsible for operating its program within the amount of funding provided. Negative amounts reported may result in a HUD review and corrective action may be warranted if it is determined the PHA expended any portion of its HAP funding on non-HAP eligible expenses.

NOTE 1: Fraud Recovery – PHAs should not include fraud receivable revenue not yet collected in the VMS reporting as those funds are not available for the PHA to use for HAP expenses. The amount of fraud recovery sent to the RNP account is usually 50% of the amount collected, but may be less depending on the PHA's situation. See [24 CFR §792.202](#) for more on the amounts of fraud recovery a PHA may retain in its UNP and the portion of fraud recovery that must be returned to the HCV Program by inclusion in the RNP balance.

NOTE 2: Reporting Negative RNP – Reporting negative RNP balances in the VMS at the end of the PHA's fiscal year end is acceptable. Reporting negative balances in the VMS provides reviewers the most accurate financial status of the PHA and is an indication that an additional disbursement may be needed to support HAP expenses. If the PHA reflects a negative balance at FYE, the PHA should confirm if there are available HUD-HELD Reserves to support the shortage. If so, the PHA should record an Accounts Receivable from HUD for the amount that can be supported. The PHA should transfer UNP to cover the remaining shortage.

GAAP reporting requirements direct PHAs to report zero in FASS when their RNP balance is negative at fiscal year-end. This can result in a discrepancy between the two systems although the information is accurate based on current reporting requirements.

PHAs/Users should refer to [PIH Notice 2015-17](#) for additional information related to the proper calculation and reporting of RNP balances in the VMS.

Mainstream - Cash/Investments as of the Last Day of the Month: Cash/Investments as of the last day of the month are the total amount of Mainstream HAP and Mainstream AF cash and investments for the

Mainstream program. Amounts reported include all cash and investments as they relate to Mainstream UNP and Mainstream RNP balances as of the last PHA FYE, as well as any additional funds that may have been reported in the UNP and RNP fields through the month being reported. This total amount must include only those HAP and AF funds (including any interest or revenue derived) received for the Mainstream program, including interest earned, fraud recovery, and Family Self Sufficiency (FSS) forfeitures. **NOTE:** The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS escrow forfeitures shall not be reported in the Mainstream Cash/Investments field as those funds can be retained by the PHA and used only for eligible FSS expenses as provided in the rule. Funds received for an FSS Coordinator and not expensed must not be included. Cash and investments for FSS escrows must not be included, nor should any cash or investments representing other current liabilities to the PHA, such as outstanding checks and "accrued compensated absences-current period" as these funds are already restricted for specific purposes and are not available for use to pay HAP or other administrative costs.

Emergency Housing Vouchers Field Instructions for UNP, RNP, and Cash/Investments

Emergency Housing Vouchers - Unrestricted Net Position Funds (UNP) as of the Last Day of the Month:

Note: Regardless of the system (VMS or FASS-PH) in which UNP is being reported, the PHA should report its EHV UNP amount as defined by GAAP – “the difference between the EHV program’s asset and liabilities that do not meet the definition of restricted net assets or invested in capital assets net of related debt.” In essence, HUD is requesting information on net liquid or near liquid resources that can be readily used for the administration of the program, as this definition does not include net assets related to fixed assets (see OPEB liability exception below as related to liquid or near liquid resources).

UNP is equal to the cumulative total of Administrative Fee (AF) revenue for the EHV program which includes Ongoing Administrative Fees, Preliminary Fees and Placement/Issuance Fees (Service Fees are NOT included) minus total EHV administrative expenses and any UNP used for EHV housing assistance payments (HAP). EHV UNP is the amount by which administrative fees paid by HUD for a PHA fiscal year exceeded the PHA administrative expenses for the fiscal year, plus the portion of fraud recovery revenue collected in cash that is returned to the EHV UNP account (see Note 1), any interest earned on AF reserve (see 24 CFR 982.155(a)) and up to \$500 per calendar year in interest and investment income earned on HAP and RNP funds, and the net Port-In reimbursement revenue (in excess of Port-In HAP expenses) received from initial Housing Authorities for unabsorbed Port-Ins. This means that the total AF revenue used to calculate the UNP reported in this field does not include excess AF received during the current PHA FY because excess AF received does not accumulate to the UNP until the end of the PHA’s FY. The excess fees received during the PHA’s current FY will not be reported in the UNP field until the end of the last month of the PHA’s fiscal year. The monthly amount reported is the UNP balance at the beginning of the year plus any interest earned and fraud recovery allocated to the UNP account for the months in the current year. For guidance on eligible use of EHV Fees, please reference [PIH Notice 2021-15](#) issued May 5, 2021, and [PIH Notice 2021-25](#) issued August 20, 2021. **NOTE:** The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS forfeitures funds can be retained by the PHA and used for eligible FSS expenses as provided in the rule. The forfeited funds are restricted and shall not be reported in EHV UNP.

Emergency Housing Vouchers - Restricted Net Position Funds (RNP) as of the Last Day of the Month:

RNP is the amount of Housing Assistance Payments (HAP) Equity for the Emergency Housing Voucher (EHV). It is equal to the cumulative sum of total HAP revenues received minus the total cumulative HAP expenses for eligible unit months that have been paid and is calculated on a *monthly* basis. Total expenses include EHV - FSS Escrow Deposits. Total HAP revenue is defined as total HAP disbursements received during the month including the portion of fraud recovery revenue collected in cash that is returned to the HAP equity. **NOTE:** The Federal Register, Vol.87, No.95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS escrow forfeitures shall not be reported in the EHV RNP as those funds are no longer returned to the EHV program but will be retained by the PHA and used for eligible FSS expenses only as provided in the rule. Additional instruction in Appendix D. Interest income earned on excess EHV HAP and RNP balances should not be included in the RNP. The allowable retention of interest funds should be reported in the PHA's EHV UNP balance as described in greater detail in the UNP field definition. Negative balances must be reported in VMS on a monthly basis and carried through the fiscal year-end or calendar year-end, as applicable, until cash revenue is received (from any allowable source) to clear the negative balance.

NOTE: Fraud Recovery – PHAs should not include fraud receivable revenue not yet collected in the VMS reporting as those funds are not available for the PHA to use for HAP expenses. The amount of fraud recovery sent to the RNP account is usually 50% of the amount collected but may be less depending on the PHA's situation. See [24 CFR §792.202](#) for more on the amounts of fraud recovery a PHA may retain in its UNP and the portion of fraud recovery that must be returned to the HCV Program by inclusion in the RNP balance.

Emergency Housing Vouchers - Cash/Investment as of the Last Day of the Month: Cash/Investments as of the last day of the month are the total amount of EHV HAP and AF cash and investments for the EHV program. Amounts reported include all cash and investments as they relate to EHV UNP and EHV RNP balances as of the last PHA FYE, as well as any additional funds that may have been reported in the EHV UNP and EHV RNP fields through the month being reported. This total amount must include only those EHV HAP and EHV AF (including ongoing fees, preliminary fees, service fees, and placement/issuance fees) funds received for the EHV program, including interest earned, and fraud recovery. **NOTE:** The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning June 2022, FSS escrow forfeitures shall not be reported in the EHV Cash/Investments field as those funds can be retained by the PHA and used only for eligible FSS expenses as provided in the rule. Funds received for an FSS Coordinator and not expensed must not be included. Cash and investments for HCV - FSS Escrow Deposits/accounts must not be included, nor should any cash or investments representing other current liabilities to the PHA, such as outstanding checks and "accrued compensated absences – current period" as these funds are already restricted for specific purposes and are not available for use to pay EHV HAP or other administrative costs. These reporting requirements are applicable to MTW PHAs as well.

APPENDIX F: VMS HISTORICAL CHANGES

VMS changes in descending order, most recent changes on top.

January, 2024 – Field Additions

The following fields have been added to VMS:

- **HCV HAP Spent on Permissive Deductions-** Total HCV HAP Expenses spent as of the first of the month on permissive deductions (this means the difference between the HAP calculated applying the permissive deduction and the HAP without applying the permissive deduction). These are monthly expenses and will not be considered for the PHA renewal HCV funding. HAP funds reported in this field must exclude funding received outside of the HCV Program. 24 CFR 5.611(b). The HAP expense should also be reported in the field that best describes the type of voucher being used (Tenant Protection, All Other Vouchers, etc.)"
- **Mainstream HAP Spent on Permissive Deductions-** Total Mainstream HAP Expenses spent as of the first of the month on permissive deductions (this means the difference between the HAP calculated applying the permissive deduction and the HAP without applying the permissive deduction). These are monthly expenses and will not be considered for the PHA renewal Mainstream funding. HAP funds reported in this field must exclude funding received outside of the Mainstream Program. 24 CFR 5.611(b). The HAP expense must also be reported in the field that best describes the type of voucher being used.
- **Non-HAP Expenses Spent on Permissive Deductions-** Expenses spent as of the first of the month using non-HAP funding from outside source on permissive deductions. For example, the PHA may receive grant funding to cover the cost of a particular permissive deduction. This could also apply when the PHA enters into an agreement with a research director to exclude stipends or basic/guaranteed income amounts received during the study period and the research study provides funding to the PHA to cover the cost.. These are monthly expenses will not be considered for the PHA renewal funding. 24 CFR 5.611(b). These expenses **must not** be entered into any other HAP expense fields.
- **Housing mobility-related services expenditures: (Non-MTW PHAs ONLY)** Expenses authorized for housing mobility-related services. This field is only for PHAs awarded funding by HUD for housing mobility-related services. This field should not be used by PHAs participating in the housing mobility demonstration (Community Choice Demonstration).
- **Housing mobility-related services expenditures (MTW): (MTW PHAs ONLY)** Expenses authorized for housing mobility-related services. This field is only for PHAs awarded funding by HUD for housing mobility-related services. This field should not be used by PHAs participating in the housing mobility demonstration (Community Choice Demonstration).
- **EHV HAP Spent on Permissive Deductions-** Total EHV HAP Expenses spent as of the first of the month on permissive deductions. These are monthly expenses and will not be considered for the PHA renewal EHV funding. HAP funds reported in this field must exclude funding received

outside of the EHV Program. 24 CFR 5.611(b). The HAP expense must also be reported in the field that best describes the type of voucher being used.

- **EHV Unexpended Service Fees:** The EHV Service Fee is accounted for as an expenditure driven grant with revenue being recognized only when an eligible expense has been incurred. If the PHA has not incurred an eligible expense the PHA should report the fee as unearned revenue and in restricted cash. There should be no effect on the PHA's restricted net position. This amount is typically reported on Line 342 in the FASS FDS. Additional information regarding eligible activities and reporting may be found in Notice PIH 2021-15 (HA), Notice PIH 2021-25 (HA), Notice PIH 2023-23 (HA).

October, 2023 – Field Updates

The following field has been updated:

- **Emergency Housing Vouchers 1 - Unrestricted Net Position Funds (UNP) as of the Last Day of the Month –**

UNP is equal to the cumulative total of Administrative Fee (AF) revenue for the EHV program which includes Ongoing Administrative Fees, Preliminary Fees and Placement/Issuance Fees (Service Fees are NOT included) minus total EHV administrative expenses and any UNP used for EHV housing assistance payments (HAP). EHV UNP is the amount by which administrative fees paid by HUD for a PHA fiscal year exceeded the PHA administrative expenses for the fiscal year, plus the portion of fraud recovery revenue collected in cash that is returned to the EHV UNP account (see Note 1) interest earned up to \$500, and the net Port-In reimbursement revenue (in excess of Port-In HAP expenses) received from initial Housing Authorities for unabsorbed Port-Ins. Any interest earned above \$500 on AF reserves and investment income earned on HAP and RNP funds, must be remitted to HHS IAW 2 CFR § 200.305(b)(9). This means that the total AF revenue used to calculate the UNP reported in this field does not include excess Ongoing AF received during the current PHA FY because excess Ongoing AF received does not accumulate to the UNP until the end of the PHA's FY. The excess Ongoing AF received during the PHA's current FY will not be reported in the UNP field until the end of the last month of the PHA's fiscal year. The monthly amount reported in VMS is the UNP balance at the beginning of the year plus any interest earned and fraud recovery, excess preliminary and placement/issuance fees, and net port-in revenue allocated to the UNP account for the months in the current year. For guidance on eligible use of EHV Fees, please reference [PIH Notice 2021-15](#) issued May 5, 2021, and [PIH Notice 2021-25](#) issued August 20, 2021. **NOTE:** The Federal Register, Vol. 87, No. 95, Published May 17, 2022, included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS forfeitures funds can be retained by the PHA and used for eligible FSS expenses as provided in the rule. The forfeited funds are restricted and shall not be reported in EHV UNP.

August 1, 2022 – FIELD UPDATES

The following fields have been updated:

- **Unspent Fund Source** – The definition is revised to delete the unspent funds codes of CAP, OP, and MTW. Only the code of HCVP should be used for this field.
- **Funds Committed** – The definition is updated to indicate funds that are reserved for future MTW eligible activities.
- **Type of Commitment** - The definition is revised to include examples of types of commitments that are permissible.
- **Funds Obligated** – The definition is updated to indicate how much of the funds committed are ready for obligation.
- **Type of Obligation** – The definition is revised to include examples of types of obligations that are permissible.

Changes to the VMS User's Manual and Quick Reference Guide:

Tab 1:

Portable Vouchers Administered – The definition has been revised to include language that ports for the Emergency Housing Voucher (EHV) program should NOT be included in this field.

Mainstream HAP Expenses - The definition for Mainstream HAP expenses has been updated to remove language that required PHAs to enter Mainstream HAP Expenses incurred after the 1st of the month. The recent VMS revisions provides PHAs a new field that specifically captures Mainstream HAP Expenses Incurred After the 1st of the Month. Therefore, effective with March 2022 reporting after first the month expenses should be reported separately and not included in the Mainstream HAP expense field.

Tab 2:

The following field definitions have been updated to capture reporting changes due to the FSS Rule change published May 17, 2022. The Federal Register, Vol. 87, No. 95 included the final rule for FSS changes that are effective June 16, 2022. Beginning in June 2022 FSS forfeiture funds can be retrained by the PHA and used for eligible FSS expenses as provided in the Rule. These changes will be applied to the entire month of June for ease of reporting. Therefore, effective June 1, 2022, all FSS forfeitures should be applied in accordance with the new Rule and reported in VMS as outlined in the updated field definitions.
