This checklist summarizes the application requirements for the demolition and/or disposition of public housing in accordance with Section 18 of the 1937 Act, 24 CFR part 970, and PIH Notice 2018-04. Except when based on statutory or regulatory authority or law, this checklist does not have the force and effect of law and is not meant to bind the public in any way. This checklist is intended to provide clarity to the public regarding existing requirements.

Submission Requirements (HUD-52860 and HUD-52860-A)

   7. Personal Property (e.g., equipment, supplies, furniture and vehicles) that exclusively or primarily supports the project/real property the PHA is disposing (NOTE: there is no specific question on the HUD-52860 about personal property, but PHAs must include a description of any personal property that they want to include in the Disposition).

☐ Estimated Value of Property (Disposition Only)
   1. If Disposition is at fair market value (FMV), provide a summary, name of appraiser, and date within past year.

---

1 FO approval of the Plan can be pending, but PHA must have submitted the Plan to the FO.
2 See https://www.hud.gov/program_offices/public_indian_housing/pha/lists
3 Check with SAC for exceptions, i.e. SAC may allow PHA to submit the application if the part 58 is in public comment period
Timetable
1. Begin and end relocations
2. Execute contract (demo or sales)
3. Remove property

Relocation
1. Occupied Units (automatically populated in PIC) (no data entry required)

Demo-Dispo Checklist
As of March 2020
3. Use of net proceeds (if known) (check box on 52860-A). Attach brief narrative, budget, or other supporting documentation. If loan is checked, include term, interest rate, and type of loan. If unknown, indicate. Once known, SAC requires the PHA to request a use of proceeds.

  1. Is PHA exercising an exception (check box on 52860-A)?
  2. If not exercising an exception, name all established eligible organizations. Provide the notifications to organizations and date sent. Summarize responses. Indicate if a proposal was received and if the PHA accepted it.

- **HUD-52860, HUD-52860-A, and HUD-52860-B (if justification is physical obsolescence)**
  Forms should be submitted as PDFs (including signed certifications)

- **HUD-5837 (required only if demo/dispo will remove all remaining units from the PHA’s ACC inventory/PIC count)**
  Forms should be submitted as PDFs (including signed certifications)

- **Other PHA Considerations (but no submissions required)**
  1. **Energy Performance Contract (EPC), Capital Fund Financing Program (CFFP), Repayment Agreement.** If any obligation impacts the units, resolution is required before SAC approval.
  2. **Public Housing Only PHA.** If the applicant is a Public Housing Only Agency (no HCV program) or otherwise proposes to have another HCV Agency administer TPVs, the FO must approve the HCV Administering Agency (jurisdiction and agency capacity) and there must be a written agreement between the two PHAs before SAC approval.
  3. **Community Supportive Services (CSS) Program.** If a CSS grant program exists (i.e. ROSS, FSS, Jobs Plus), review the demo/dispo impact on the grant/families. Contact CSS grant manager or FO with questions.
NOTE: Demolition Applications (including Demolition and Disposition Applications) are submitted when a PHA plans to demolish property while it is under a HUD Declaration of Trust (DOT). The PHA demolition must comply with Section 3, Davis-Bacon and other public housing requirements (and PHA may use Capital Funds). If the PHA plans to transfer obsolete property so that a LIHTC entity or other third-party can complete the demolition (with outside funds), it submits a Disposition only Application.

Required: HUD-52860-B (TDC analysis), Excel document of list of specific and detailed work-items that require rehabilitation or repair within next 3 years, preferably prepared by an outside engineer or architect that includes SCOPE OF WORK and COST-ESTIMATES. See PIH Notice 2018-04. </tr>
<tr>
<td>Obsolete: Other Factors</td>
<td>Evidence conditions impacting the marketability, usefulness, or management of the units that seriously impede operations for residential use supported by third party documentation.</td>

SAC approval not required but prior to demolition, the PHA must submit a PIC application and wait for SAC to acknowledge the action (and ensure environmental compliance).</td>

2. Narrative of why conditions cannot be cured or mitigated in a cost-effective manner. |
| **Surrounding Area-Infeasible Operation 970.17(a)**                           | Evidence the lack of demand for the units (i.e. long-term vacancy issues, notwithstanding due diligence in marketing, census tract data on declining populations; isolated area with limited access to transportation and infrastructure; high turnover rates). |
| **Improved Efficiency/Effectiveness Off-Site Development 24 CFR 970.17(b)**   | 1. Evidence of firm plans to replace with PH or PBV Public housing units. Submit development proposal to HUD under 24 CFR part 905 PBV with “intent to project-base” notification to HUD  
2. No minimum number, but evidence replacement units are preferred. |
| **Improved Efficiency/Effectiveness On-Site Development 24 CFR 970.17(c)**     | See above. If same units are proposed (i.e., change from PH to PBV) then the plan must include modernization/rehabilitation of the units. |
| **Unit obsolescence (PHYSICAL only) (cannot be used for LOCATION or OTHER FACTORS)** | Evidence units are obsolete as to physical condition in accordance with applicable demolition criteria (i.e. rehab cost-estimate and HUD-52860). See above. |
| **Very Small PHAs**                                                           | Evidence operation of 50 or fewer public housing units and commitment to closeout under PIH Notice 2016-23. | **Blend with Rental Assistance Demonstration (RAD)**                          | PHA REQUESTS THE SECTION 18 BY SUBMITTING A RAD APPLICATION ONLY. PHA SHOULD BE ADVISED TO SUBMIT A RAD APPLICATION THAT REQUESTS THE BLEND |
| 75/25                                                                         | PHA REQUESTS THE SECTION 18 BY SUBMITTING A RAD APPLICATION ONLY. PHA SHOULD BE ADVISED TO SUBMIT A RAD APPLICATION THAT REQUESTS THE BLEND |
| Closeout                                                                      | PHA REQUESTS THE SECTION 18 BY SUBMITTING A RAD APPLICATION ONLY. PHA SHOULD BE ADVISED TO SUBMIT A RAD APPLICATION THAT REQUESTS THE BLEND |
| **Scattered Site Units**                                                      | 1. Evidence units are unsustainable to operate and/or maintain as public housing (narrative, operating budgets, distance between units, description of different systems-HVAC).  
2. Evidence units are in non-contiguous buildings  
3. Evidence buildings have four or fewer total units  
   NOTE: Any building configuration is acceptable provided 4 or fewer units on a block (i.e. 4 single-family homes next door to one another) |
| **Non-dwelling 24 CFR 970.17(d)**                                            | Narrative statement and supporting documentation that non-dwelling buildings or vacant land exceeds the needs of the project after the date of full availability (DOFA); or the disposition of the property is incidental to, or does not interfere with, continued operation of the remaining portion of the project. |
1. This chart is OPTIONAL and is being provided to assist PHAs in describing/summarizing the future use of a property in their SAC applications.
2. PHAs may change this chart to meet their particular disposition/transaction and delete lines that do not apply.
3. If a PHA is disposing of property to more than one entity, for different purposes, complete separate charts.
4. This chart may be used when the affordable housing units will be new construction, rehab of existing public housing units, or subsidy-change only of existing public housing units.
