OUR CONCEPT

- Other EnVision Centers are located in metropolis areas where the idea is a brick and mortar “one stop shop” for services and programs. However, the HACNO concept is to create a “pop-up” or virtual EnVision Center due to the immense jurisdictional area.

Success Story

A client reached out to the EnVision Facebook page wishing to find employment somewhere within the Choctaw Nation. She stated she had been a stay at home mom for over 10 years and was ready to help contribute financially to her family. The EnVision Center staff assisted her with job listings for her specified area and instructed her on how to create a profile and upload her resume. She received 3 job interviews in a couple of weeks. Around the same time The EnVision Center had organized an Interview Prep/Resume Building workshop in partner with Choctaw Career Development and invited her to attend. She attended the workshop and was able to learn about interview techniques and ways she could boost her resume. She contacted the EnVision Center a few weeks to inform the staff that she had received 2 job offers with the Choctaw Nation and had accepted one of the positions.
