Dear Margaret Doss:

SUBJECT: Obligation Letter, Public Housing Shortfall Set-Aside, AL079201ISF20D

This letter obligates $6,685 Public Housing Shortfall set-aside funds pursuant to the FFY 2020 Further Consolidation Appropriations Act (Public Law 116-94). The amount of the obligation is based on the lower of this PHA’s eligibility $13,370 or the remaining funds in the Shortfall program. For more information on the methodology used to establish eligibility and funding availability, please see: 

https://www.hud.gov/program_offices/public_indian_housing/programs/ph/am/opfund_shortfall_funding

As described in Section 10 of Notice PIH 2020-16 (the Notice), access to funding will be segmented into different increments. Each increment will have its own grant number and access to the funds will be restricted based on the recipient meeting certain milestones as described in the Notice. Below is a summary table of your Shortfall increments and the milestones needed to be granted access to the funds.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at [https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf](https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf).

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

SUBJECT:  Obligation Letter, Public Housing Shortfall Set-Aside, KY093101ISF20D

This letter obligates $125,463 Public Housing Shortfall set-aside funds pursuant to the FFY 2020 Further Consolidation Appropriations Act (Public Law 116-94). The amount of the obligation is based on the lower of this PHA’s eligibility $174,331 or the remaining funds in the Shortfall program. For more information on the methodology used to establish eligibility and funding availability, please see:

https://www.hud.gov/program_offices/public_indian_housing/programs/ph/am/opfund_shortfall_funding

As described in Section 10 of Notice PIH 2020-16 (the Notice), access to funding will be segmented into different increments. - Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

As described in Section 10 of Notice PIH 2020-16 (the Notice), access to funding will be segmented into different increments. Each increment will have its own grant number and access to the funds will be restricted based on the recipient meeting certain milestones as described in the Notice. Below is a summary table of your Shortfall increments and the milestones needed to be granted access to the funds.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Each increment will have its own grant number and access to the funds will be restricted based on the recipient meeting certain milestones as described in the Notice. Below is a summary table of your Shortfall increments and the milestones needed to be granted access to the funds.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Dear Paula Schuh:

SUBJECT: Obligation Letter, Public Housing Shortfall Set-Aside, ND058202ISF20D

This letter obligates $5,445 Public Housing Shortfall set-aside funds pursuant to the FFY 2020 Further Consolidation Appropriations Act (Public Law 116-94). The amount of the obligation is based on the lower of this PHA’s eligibility $10,890 or the remaining funds in the Shortfall program. For more information on the methodology used to establish eligibility and funding availability, please see:

https://www.hud.gov/program_offices/public_indian_housing/programs/ph/am/opfund_shortfall_funding

As described in Section 10 of Notice PIH 2020-16 (the Notice), access to funding will be segmented into different increments. Each increment will have its own grant number and access to the funds will be restricted based on the recipient meeting certain milestones as described in the Notice. Below is a summary table of your Shortfall increments and the milestones needed to be granted access to the funds.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at [https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf](https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf).

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.

Below is a summary table of your Shortfall increments and the milestones needed to be granted access to the funds.

Below is a list of operational improvements your PHA can make to ensure long-term financial solvency. This list is not specific to your PHA, but rather is a list of operational improvements that HUD has historically recommended to insolvent PHAs.

- Reduce costs/increase revenue.
- Increase program rent revenue by improving occupancy and evaluating rent collection policies and actions.
- Consider selling property/assets in accordance with HUD’s disposition regulations.
- Convert properties through a RAD conversion and possibly with Low-Income Housing Tax Credits.
- Reposition capital assets that are beyond their useful life.
- Seek additional financing (e.g., debt, equity, cash flow, forgiveness) through your municipality, finance authority, and housing trust fund.
- Renegotiate contracts with workforce and/or vendors.
- Restructure the agency’s organization and staff.
- Evaluate utility consumption and energy policies and consider implementation of energy conservation measures and agreements to reduce energy costs.

All funds must be used in accordance with the Annual Contributions Contract and associated laws and regulations. By drawing down the funds obligated in this letter, you and your agency are confirming agreement and compliance with the terms and conditions of the Public Housing Shortfall program. Further, a drawdown of these funds constitutes an agreement that the current eligibility and obligation is correct. The amount of your agency’s obligated funds are available through the HUD Electronic Line of Credit Control System (eLOCCS). Shortfall funds can only be used to pay for immediate needs and expenditures must be reported in the eLOCCS system. Instructions for the use of eLOCCS are available in the eLOCCS Quick References document at https://www.hud.gov/sites/dfiles/CFO/documents/eLOCCSQuickReferenceGuide03-2018rev2.pdf.
