

Tribal HUD-VASH Leasing Performance Report-Instructional Guide

The Leasing Performance Report (LPR) is a formatted document to assist tribal HUD-VASH grant recipients to input renewal data. Grantees applying for renewal funding must fill out this document and include an electronic copy with their renewal application. The renewal funding data should reflect actual rental data based on the leasing period of April 1, 2022 — March 31, 2023.

Please use the instructions to complete the LPR. These instructions remain the same as compared to 2022.
