# **Section I: Introduction**

**Background:** The Housing Authority of the County of Tulare (HATC) was established in 1945. It initially sought to provide affordable housing for returning WWII veterans and their families. However, since its establishment, it has incorporated numerous, different programs into its housing portfolio. These programs are funded by various types of agencies that include the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Agriculture (USDA), the Tax Credit Allocation Committee of the State Treasurer's Office (LIHTC), California's Rental Housing Construction Program (RHCP), HOME, City Redevelopment Agencies (RDA) and other local agencies. HATC is also a current participant of the Moving to Work (MTW) Demonstration Program. This demonstration is an effort by HUD to facilitate program innovations that work towards enhancing the efficacy of PHAs. HATC has capitalized on the organizational and procedural flexibilities gained through its participation in the MTW Demonstration Program to become a more effective and efficient agency. Currently, HATC provides affordable and well-maintained rental housing to over 5,000 households throughout Tulare County.

**Mission Statement:** To provide affordable, well-maintained rental housing to qualified low and very low-income families. Priority shall be given to working families, seniors and the disabled. Tenant self-sufficiency and responsibility shall be encouraged. Programs shall be self-supporting to the maximum extent feasible.

Our mission statement was instituted prior to HATC's participation in the MTW Demonstration Program. However, the commencement of the MTW Demonstration Program provided HATC the opportunity to utilize the program flexibilities to provide our families with the necessary tools to establish responsibility and achieve self-sufficiency. Furthermore, the organizational vision of HATC has always worked to achieve administrative efficiency and effectiveness. HATC's mission, vision and strategic objectives are effectively aligned with the three primary MTW Demonstration Program statutory objectives:

- 1. Reduce cost and achieve greater cost effectiveness in federal expenditures;
- 2. Give incentives to families with children where the head of household is working, seeking work, or is preparing for work by participants in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and
- 3. Increase housing choices for low-income families.

Since its inclusion in the MTW Demonstration Program on May 1, 1999 HATC has worked to develop and implement policies that further promote the noted MTW Demonstration Program statutory objectives. The cohesiveness of HATC's internal mission, vision and goals, along with the three MTW statutory objectives, has constructed a detailed set of MTW short and long term goals and objectives for our agency.

**Short Term Goals:** HATC's 2020-2021 MTW Demonstration Program short term goals and objectives for its employees and its agency include:

- 1. Reducing cost by achieving greater cost effectiveness in federal expenditures.
- 2. Increase incentives for families to seek employment, meet educational goals, to participate in job-training programs to achieve economic self-sufficiency, and to decrease incentives for families to underreport income by establishing fixed subsidies and fixed rents.
- 3. Increase housing choices for program participants.
- 4. Increase organizational efficiency by improving productivity and work quality through the reduction of calculation errors and unnecessary work volume.

### **Section I: Introduction**

All of the goals and objectives are accomplished through the implementation of Ongoing MTW Activities (Section VI). HATC will further elaborate on how these goals and objectives are being met throughout this fiscal year in Section VI of this Plan.

**Long Term Goals:** HATC has long worked towards developing and implementing a MTW Demonstration Program that emphasizes organizational efficacy, while establishing incentives for participants to become self-sufficient. Our MTW Demonstration Program is driven by the values outlined in the three primary MTW Demonstration Program statutory objectives. In the long term, our goal is to continue to seek program innovations that will further enhance the completion of these objectives.

HATC continuously works to achieve a MTW Demonstration Program that reduces cost through the streamlining and simplification of operations without jeopardizing program integrity. The data and narratives presented in this Plan sit out to display the overall success and value of our MTW Demonstration Program. We continue to work with the goal of being an innovative MTW agency; one that demonstrates the value of the MTW Program Demonstration. While our agency been able to finalize a new ten-year MTW Agreement to 2028; our long-term goal is to establish a permanent MTW contract with HUD.

### v. Planned Other Changes to MTW Housing Stock Anticipated During the Plan Year

Examples of the types of other changes can include (but are not limited to): units held off-line due to relocation or substantial rehabilitation, local, non-traditional units to be acquired/developed, etc.

#### PLANNED OTHER CHANGES TO MTW HOUSING STOCK ANTICIPATED IN THE PLAN YEAR

HATC will continue to own and manage 710 Public Housing units. There is no plan to develop additional public-housing units; nor do we plan on removing any units from our inventory. HATC is actively looking for the opportunity to acquire and/or develop additional non-traditional housing units. Therefore, the number of units that are acquired may increase during the Fiscal Year; as sound financial purchasing and/or development opportunities may present themselves during the 2020-2021 FY. We are currently working on the development of the Myrtle Ave. Senior Apartments (66 Units) and 627 S. Fulgham (15 units). We will continue on looking to acquire additional projects as they become available in the local real estate market.

### vi. General Description of All Planned Capital Expenditures During the Plan Year

Examples of the types of other changes can include (but are not limited to): units held off-line due to relocation or substantial rehabilitation, local, non-traditional units to be acquired/developed, etc.

### GENERAL DESPCRTION OF ALL PLANNED CAPITAL EXPEDITURES DURING THE PLAN YEAR

There will be an investment of \$1,767,918 in Capital Fund improvements. The noted expenditures will cover maintenance and rehabilitation in public-housing units within the following four AMPS: CA030000805 (Dinuba Area), CA030000810 (Tulare Area), CA030000815 (Visalia Area), and CA030000817 (Porterville Area). Capital Fund expenditures in CA030000805 will cover the following rehabilitation projects: replacement of stoves and refrigerators, asphalt improvements, fence replacements, and landscaping improvements. Capital Fund expenditures in CA030000810 will cover the following rehabilitation projects: flooring replacements, replacement of refrigerators, rehabilitation of interior paint, repair/replacements of ranges, landscaping improvements, improvements of cabinets and countertops, replacement of doors, and Air Conditioning unit improvements. Capital Fund expenditures in CA030000815 will cover a large range of capital rehabilitation projects, including roofing replacements, landscaping improvements, carpet replacement along with Air Conditioning and Heating unit improvements. Lastly, Capital Fund expenditures in CA03000817 cover the following capital rehabilitation projects: gutter replacements, improvements of cabinets and countertops, dishwasher replacements, interior and exterior painting, carpet replacement as well as Air Conditioning and Heating unit improvements.

### **B. LEASING INFORMATION**

i. Planned Number of Households Served

Snapshot and unit month information on the number of households the MTW PHA plans to serve at the end of the Plan Year.

PLANNED NUMBER OF HOUSEHOLDS SERVED THROUGH:	PLANNED NUMBER OF UNIT MONTHS OCCUPIED/LEASED*	PLANNED NUMBER OF HOUSEHOLDS TO BE SERVED**

Local, Non-Traditional: Property-Based^	900	10,800
Local, Non-Traditional: Homeownership^	0	0
Planned Total Households Served	4,481	53,772

- "Planned Number of Unit Months Occupied/Leased" is the total number of months the MTW PHA plans to have leased/occupied in each category throughout the full Plan Year.
- \*\* "Planned Number of Households to be Served" is calculated by dividing the "Planned Number of Unit Months Occupied/Leased" by the number of months in the Plan Year.
- ^ In instances when a local, non-traditional program provides a certain subsidy level but does not specify a number of units/households to be served, the MTW PHA should estimate the number of households to be served.

LOCAL, NON- TRADITIONAL CATEGORY	MTW ACTIVITY NAME/NUMBER	PLANNED NUMBER OF UNIT MONTHS OCCUPIED/LEASED*	PLANNED NUMBER OF HOUSEHOLDS TO BE SERVED*
Tenant-Based	N/A	0	0
Property-Based	Development of Additional Affordable Housing / Activity Five	900	10,800
Homeownership	N/A	0	0

<sup>\*</sup> The sum of the figures provided should match the totals provided for each local, non-traditional categories in the previous table. Figures should be given by individual activity. Multiple entries may be made for each category if applicable.

### ii. Discussion of Any Anticipated Issues/Possible Solutions Related to Leasing

Discussions of any anticipated issues and solutions in the MTW housing programs listed.

HOUSING PROGRAM	DESCRIPTION OF ANTICIPATED LEASING ISSUES AND POSSIBLE SOLUTIONS
MTW Public Housing	No anticipated issues.
MTW Housing Choice Voucher	Over the past four years we have seen a decrease in the utilization rate of our Housing Choice Voucher Program; this is related to tight rental market in our area. We continue to see the rental market in the State of California become more competitive. We have implemented Activity Seven (Security Deposit Loan); this activity will provide a security deposit loan to new Housing Choice Voucher participants. We believe this will help eligible households reduce the financial burden of moving into a new unit. We believe this will help improve the lease up of Housing Choice Vouchers. We have also increased our Section 8 Payment Standards in-order to keep up with the increasing rents within our market.
Local, Non-Traditional	No anticipated issues.

### C. WAITING LIST INFORMATION

### i. Waiting List Information Anticipated

Snapshot information of waiting list data as anticipated at the beginning of the Plan Year. The "Description" column should detail the structure of the waiting list and the population(s) served.

WAITING LIST NAME	DESCRIPTION	NUMBER OF HOUSEHOLDS ON WAITING LIST	WAITING LIST OPEN, PARTIALLY OPEN OR CLOSED	PLANS TO OPEN THE WAITING LIST DURING THE PLAN YEAR
Public Housing	Public Housing	13,584	Open	Yes
Section 8	Housing Choice Voucher	9,725	Open	Yes

### Please describe any duplication of applicants across waiting lists:

There is a total of 6,793 households that are both on our Public Housing and Housing Choice Voucher waiting lists.

### ii. Planned Changes to Waiting List in the Plan Year

Please describe any anticipated changes to the organizational structure or policies of the waiting list(s), including any opening or closing of a waiting list, during the Plan Year.

WAITING LIST NAME	DESCRIPTION OF PLANNED CHANGES TO WAITING LIST
Public Housing	No anticipated changes to the waiting list.
Section 8	No anticipated changes to the waiting list.

(IV) Approved MTW Activities: (A) Implemented Activities

### **Activity One – Administrative Cost Savings and Self Sufficiency**

**Planned Year Approved, Implemented, and Amended:** This Activity was approved and implemented in 1999. The activity was amended in 2009.

**Description/Activity Update:** From the beginning of the MTW Demonstration Program, HATC has participated in activities which help reduce administrative errors, increase efficiency and potentially reduce staffing in an effort to achieve greater cost effectiveness in federal expenditures. These objectives are accomplished through the implementation of the following components:

- A. Fixed-proration amounts for mixed-family households with ineligible-alien-status family members. This was implemented at the onset of MTW in 1999 for program participants receiving fixed subsidies and subject to time limits; for all remaining families, this was planned in 2008 and implemented in 2009.
- B. Requiring Section 8 landlords to use the HUD-model lease. This was planned and implemented in 1999.
- C. Changing the definition of income to include "all income into the home of all MTW families." This was planned in 2008 and implemented in 2009.
- D. Elimination of UAP payments by the establishment of a \$0 minimum rent. This was planned in 2008 and implemented in 2009.
- E. Allowing qualified participants to select a flat- or fixed-medical deduction instead of going through the extensive medical-expense-verification process. This was planned in 2008 and implemented in 2009.
- F. Fixed rents on the public-housing program for non-elderly or disabled families. This was planned and implemented in 1999.
- G. Fixed subsidies on the Section 8 program for non-elderly or disabled families. This was planned and implemented in 1999.
- H. A five-year time limit on assistance for non-elderly or disabled families. This was planned and implemented in 1999.
- I. Converting all able-bodied families who entered our program before May 1999 to programs with fixed rents/subsidies and time limits. This was planned in 2008 and implemented in 2009.
- J. Transitioning families who are not elderly or disabled and who began Section 8 HCV or Public Housing assistance in Tulare County prior to May 1, 1999 to the MTW Program. This was planned in 2009 and implemented in 2009.

This activity is still on going and is a vital component of the success of our Moving to Work Program.

**Planned Non-Significant Changes:** There are not any non-significant changes to this activity for this plan year.

**Planned Changes to Metrics/Data Collection**: There are no changes to the metrics or data collection methods this activity will be assessed during this plan year.

Planned Significant Changes: No significant changes are planned.

### **Activity Two-Increasing Housing Choices**

**Planned Year Approved, Implemented, and Amended:** This Activity was approved and implemented in 2009. The activity has not been amended.

Description/Activity Update: In the 2008/2009 Plan, HATC discussed the necessity of increasing the housing choices for program participants. Traditional Section 8 Regulations require that families who move to a unit for the first time are limited to paying 40% of their income toward rent. This has caused problems for families who, for one reason or another, want to rent a particular unit either in a safer neighborhood, near family or services, or with particular amenities that fit their needs. Under our current MTW Program, this is not a limitation to households that are under a fixed subsidy. However, many elderly and/or disabled families prefer to not take the fixed subsidy option and are under traditional Section 8 subsidy calculations. This activity allows households with an elderly and/or disabled head of household that is receiving an income-based rental subsidy, to move to a unit that is best for their overall best interest; without being restricted by the aforementioned 40% rule. HATC believes that the elimination of the 40% rule for families on the income-based program will achieve the MTW statutory objective on increasing housing choices for low-income families. This activity is still on-going.

**Planned Non-Significant Changes:** There are not any non-significant changes to this activity for this plan year.

**Planned Changes to Metrics/Data Collection**: There are no changes to the metrics or data collection methods this activity will be assessed during this plan year.

**Planned Significant Changes**: No significant changes are planned.

### **Activity Four – Project Based Section 8**

**Planned Year Approved, Implemented, and Amended:** This Activity was approved in 2008 and implemented in 2011. The activity is being amended in this plan year.

**Description/Activity Update:** In our 2009-2010 MTW Plan, HATC discussed the building of 30 single-family units in the city of Tulare that would allow HATC to participate in the project-based voucher program for the first time. This complex, Tule Vista, was built in conjunction with the City of Tulare Redevelopment Agency. HATC was authorized to undertake such initiative by its Moving-to-Work Agreement, Attachment C, Section (D)(1)(e) and D (7). These regulations authorize waiving of a competitive process by which an agency requests to project base Section 8 vouchers at units that are owned and/or managed by the MTW PHA. They also, authorize waiving the limitation on only allowing 25% of units in a complex to be project based. These subsidies can be particularly crucial in the rating and ranking of Tax Credit Allocation Committee of the State Treasurer's Office (LIHTC) applications. This process continues to become more competitive and the ability to offer this option increases financial guarantees which increase interest from possible investors. Tule Vista was constructed and all 30 project—based vouchers are under lease. HATC had not project based any additional vouchers since the completion of Tule Vista. However, HATC is looking at expanding the number of project base vouchers in this plan year.

This activity is ongoing.

**Planned Non-Significant Changes:** There are not any non-significant changes to this activity for this plan year.

**Planned Changes to Metrics/Data Collection**: There are no changes to the metrics or data collection methods this activity will be assessed during this plan year.

Planned Significant Changes: We are currently working on developing three different projects that require the inclusion of project-based vouchers to obtain the necessary financial investments to successfully complete them. The first is a partnership with Tulare Mental Health Service Act Housing Inc. (TMHSA) to develop a new housing project that will provide housing and on-site mental health services to fifteen individuals. TMHSA is leveraging funding in order to develop this new project; in order for the project to be financially attainable and retain the necessary funding for the development; it was requested to utilize our ability to project based each unit. The completion of this project will meet a great demand within our community and will allows us to effectively leverage various public funds and private investment. Therefore, we are proposing to project based all fifteen of the units. We anticipate that project will be completed during the latter part of this fiscal year (2020-2021).

There are also two partnerships that are working on putting together two separate applications for Tax Credits during the 2020-2021 Fiscal Year. The partnerships are looking to develop a new 66-unit Myrtle Ave. Senior Apartments in the City of Visalia and new 80-unit multifamily development project. The partnerships are looking at placing project-based vouchers throughout the entire projects (66 units and 80 units). The partnerships believe that the allocation of project-based vouchers throughout the proposed projects are the only feasible way that the projects will be awarded Tax Credits and meet the necessary financial guarantees to develop the two projects. If awarded we anticipate to begin construction for the Myrtle Ave. Senior Apartments within the upcoming fiscal year (2020-2021).

<sup>\*</sup>There are 30 Project Based Vouchers within the Tule Vista Project; along with the proposed 65 Project- Based Vouchers and 15 Project-Based Vouchers in the Myrtle Ave. Senior Apartments and 627 S. Fulgham Projects. The ability to allocate these vouchers was essential in the feasibility to develop the project. Although, they are counted in the total number of MTW Financed Units, they are not counted in property based local, non-traditional category on pg. 6. Per HUD's request, Project Based Vouchers are counted in the Federal MTW Voucher Category on pg.5.

**Planned Year Approved, Implemented, and Amended:** This Activity was approved and implemented in 2009. The activity has not been amended.

**Description/Activity Update:** This activity allows combining of funding and partnerships with non-profit agencies and contributions of MTW funds to these projects are authorized to make use of the "Broader Uses of Funds" in HATC's Attachment D of the Standards MTW Agreement. The historical impact of this activity on the development of additional affordable housing has been significant. Our ability to utilize MTW Reserves to finance the acquisition of additional affordable housing units through our partnership with Kaweah Management Company, a non-profit agency managed by HATC, has resulted in an addition of 881 units to our housing stock portfolio. This is critical to our agency's ability to meet the demand for more affordable housing within our county. The table below displays a historical outlook on the number of additional affordable housing units that have been acquired through the utilization of MTW reserves. We are projecting an addition of 80 new housing units by the end of FY 2018-2019 or the beginning of FY 2019-2020; that would bring our total to 837 units financed through MTW. This activity is ongoing.

- <sup>1</sup> HATC used MTW reserve money to provide Gap financing between the bank loan from US Bank and trust and the total development costs. The MTW money allowed for the project to be attractively financed at a below market rate interest and the ability to build the \$13,500,000 project. The MTW funds will still earn much more than would have been earned on them had they been invested in a traditional bank savings account.
- <sup>2</sup> The Housing Authority board approved the use of MTW reserve funds in the amount of \$950,000 to purchase the 20-unit project in the City of Tulare redevelopment area in cooperation with the City of Tulare Redevelopment Agency, which authorized the use of tax-increment funds to be granted to Kaweah Management Company. MTW flexibility allowed for the quick closing on this project to help fight blight in the City of Tulare.
- <sup>3</sup> This project was the purchase of two foreclosed fourplex properties in the City of Visalia Redevelopment Target Area. The initial purchase of each property was at \$365,000. The two properties were than financed by our local banking partner Valley Business Bank in the amount of \$250,000 per property at 5% interest for 25 years, allowing for the MTW proceeds to be used again for another project.
- <sup>4</sup> The Tule Vista project is financed by multiple sources. One source is MTW reserve funds in the amount of \$3,900,000 to be used as a bridge loan during the 15-year, tax-credit-compliance period. The project is 57 units of single-family homes with ARRA Bond financing, 4% tax credit proceeds, Housing Authority MTW Financing, HOME program financing and City of Tulare redevelopment grants and loans. The total project development costs were approximately \$14,381,000. The project is the first in the State of California to have approval to convert to home-ownership for qualifying families at the end of the 15-year tax credit compliance period thus than providing for a first-time home buyer program. Once, (if), the units are sold, the sale proceeds will be repaid to HATC.
- <sup>5</sup> The Lotus & Newcomb property is an existing apartment complex that came up for sale as part of an estate sale. The property consists of four buildings: the estate owner's principal residence (three bedrooms and two baths 1,800 sq. ft.); the detached garage that has been converted into two studio apartments, approximately 300 sq. ft. each (we count this as two buildings); then there and two fourplex buildings, eight units total that are 870 sq. ft. with two bedrooms and one bath. We

successfully negotiated with the estate trustee and court to purchase this property with MTW funds for \$562,500 plus closing costs. The advantage to this property is that the estate owner's property sits on over ½ an acre and has multi-family zoning which could allow for the development of 8 units on that parcel.

<sup>6</sup> Kaweah Management Company bought two triplexes in the City of Visalia on East Kaweah Avenue for \$240,000 (about the value of the lots) with the idea of a major renovation project. The City of Visalia Redevelopment Agency committed \$480,000 of Low-Mod Redevelopment funds to reimburse Kaweah Management Company for the purchase price of \$240,000 and another \$240,000 for renovation. After much review, it has been determined that it is cheaper to tear down the triplexes and reconstruct a new designed 8-unit project on the site and meet all the new City planning and design ideas. The project construction was completed and units were available to rent as of December 2012. The units were fully occupied by the end of January 2013. The total Construction cost was approximately \$1,210,000 of which the MTW funds of\$730,000 were combined with the City of Visalia funds of \$480,000.

<sup>7</sup> The Aspens project is a 47-unit project utilizing multiple layers of financing, including two million dollars of MTW funding as a project-residual-receipts loan. The project was built on once was 13 individual lots, now all combined into one lot, all in an excellent location utilizing the full cul-de- sac of the street. The project includes 16 two-bedroom units and 31 three-bedroom units, along with a community center that is 2,000 square feet in size. The project construction was completed and units were available to rent as of December, 2013. The project was fully leased as of February, 2014. The total development cost for the project was \$11,375,000.

<sup>8</sup> Country Manor is a 40-unit project in the City of Tulare. The project is a Low-Income Housing Tax Credit Property that had reached the end of 15-year tax credit compliance period. HATC saw the opportunity to purchase the property in order to maintain the property available for households at or below 80% AMI. The purchase was feasible by utilizing MTW reserves in the sum of \$1,300,000 for the acquisition of the property. The purchase was finalized in December, 2013.

<sup>9</sup> The Sequoia Villas project is a 9% TCAC project that utilized MTW funding of approximately \$700,000 as a long-term permanent financing. The City of Lindsay Redevelopment Agency was left with a defunct and abandoned single family subdivision of two completed homes which were never sold and 17 developed lots that were never finalized. The City was in jeopardy of having to repay \$885,000 of Block Grant funds used on the site for infrastructure as the non-completion of the project meant that the funds were not properly utilized. The HATC agreed to assume the development from the City redevelopment agency and do a 9% tax credit rental project instead of a single family for sale project if the site would be given to the HATC free of any encumbrances. The City and redevelopment agency agreed the homes and lots were then transferred to the new partnership at full market value which gave credit for local contribution on the TCAC scoring. The MTW funds allowed leveraging of a total development project of approximately \$4,375,000. The project construction was completed and units were available to rent as of December, 2013. The project was fully leased as of March, 2014. The MTW funding was \$700,000.

<sup>10</sup>2750 W. Lark is a project located in Visalia. HATC is currently looking at the acquisition of this 4 two-bedroom units; the project is next to our units at West Oriole. The project is in great shape and is located in high opportunity area. It would be acquired through MTW funds for \$625,000 and would be made available to households at or below 80% AMI.

<sup>11</sup>The Mission Court Apartments is a proposed 65-unit 9% TCAC project in the City of Tulare. The project is located between Bardsley and Morrison Avenues. The project utilizes multiple layers of financing, including a \$2.75 million dollars of MTW funding as a project-residual-receipts loan. The project includes 24 two-bedroom units, 33 three-bedroom units and 8 four-bedroom units. It begin to lease up in February 2020.

<sup>12</sup>627 S. Fulgham in Visalia is currently being reviewed as a possible site to develop a new affordable housing project that will serve individuals with mental disabilities. The project will be developed through a collaboration with the Tulare County Health and Human Services Agency. We are currently still putting development costs together but we are anticipating in utilizing up to \$2.5 million dollars for construction costs of 15 units.

<sup>13</sup> We are working on developing a 66- unit project that would increase the senior housing available in Tulare County. This will be 62 one-bedroom units, 3 two-bedroom units and one onsite manager unit. This development will be with the partnership of Pacific West Communities, Inc. and Kaweah Management Company as General Partners. They will create a California Limited Partnership and submit a grant application to the Tax Credit Allocation Committee. Moving-to-Work funds in the form of a loan in the amount of \$3,500,000 to Kaweah Management Company, Inc. will be utilized for the development of this project, Myrtle Avenue Senior Apartments in the City of Visalia with a simple interest rate of two percent with a 30-year amortization term with payment based on the residual receipts.

**Planned Non-Significant Changes:** There are not any non-significant changes to this activity for this plan year.

**Planned Changes to Metrics/Data Collection**: There are no changes to the metrics or data collection methods this activity will be assessed during this plan year.

Planned Significant Changes: HATC is actively looking for the opportunity to acquire and/or develop additional affordable housing units. Therefore, the number of units that are acquired may increase during the Fiscal Year; as sound financial purchasing and/or development opportunities may present themselves during the 2020-2021 FY. The ability to utilize unused MTW funds, including reserves and/or excess MTW funding for the projected 2020-2021 FY, is a vital component in our effectiveness to continue to expand our affordable housing stock portfolio. As noted above, we are currently working on the development of two additional projects (Myrtle Ave. Senior Apartments and 627 S. Fulgham). We have \$4,097,955 in projected excess funds that we will be utilizing towards financing the development and or acquisition of other housing projects that become available through area for purchase.

# Activity Six –Minimum or 'Imputed Income for Work-able adults in elderly or disabled households:

**Planned Year Approved, Implemented, and Amended:** This Activity was approved and implemented in 2014 and implemented in 2014. The activity has not been amended.

**Description/Activity Update:** In 2014 HATC proposed to use a minimum or 'imputed' income for work-able adults in elderly or disabled households. HATC encourages families who do not fall into the elderly or disabled head of household category to become self-sufficient by establishing a time limit, fixed rents, and fixed subsidies. Elderly and disabled households have not been subjected to time limits and the rent for these households is computed using traditional Section 8 Housing Choice Voucher Program (HCV) and Public Housing program regulations with some minor differences in the income and rent computation. As a result, HATC believes that in some cases, families have taken advantage and have used family members who are elderly/disabled as head of household to exclude them from time limits and fixed rents/fixed subsidies; albeit with work-able family members in the household.

As a result, HATC implemented an 'imputed' annual income of \$11,000 per work-able adult in an elderly or disabled household. This 'imputed' income amount is used to compute the household's rent portion. In order to determine the 'imputed' income amount, HATC used California's 2018 minimum wage (\$11.00 per hour), multiplied it by a twenty (20) hour work week, and rounded down to the nearest thousand. Should the minimum wage increase or decrease over time, the 'imputed' income amount is also subject to change. in January 1, 2019 the minimum wage rate was increased from \$11.00 per hour to \$12.00 per hour in the State of California. Therefore, the annual imputed income is increased from \$11,000 to \$12,000 per work-able adult in an elderly or disabled household.

If a work-able individual already has income which they are reporting, HATC uses that income or the 'imputed' amount, whichever amount is greater. Work-able is defined as an adult under the age of fifty-five (55) who is not a dependent and who does not meet HUD's definition of a disabled person. This definition also applies to full-time students. These households would still be entitled to eligible income deductions and would continue to be excluded from any imposed time limits. 'Imputed' income is not used to determine income qualification under established income limits.

A Hardship policy is available so that families with extenuating circumstances are able to request permanent or temporary exclusion from the 'imputed' income provision. This activity is ongoing.

**Planned Non-Significant Changes:** There are not any non-significant changes to this activity for this plan year.

**Planned Changes to Metrics/Data Collection**: There are no changes to the metrics or data collection methods this activity will be assessed during this plan year.

**Planned Significant Changes:** There are not any significant changes to this activity for this plan year.

### **Activity Seven- Security Deposit Loan**

**Planned Year Approved, Implemented, and Amended:** This Activity was approved in 2018 and implemented in 2019. The activity has not been amended.

**Description/Activity Update:** Our Board and our Executive Director continue on developing policy modifications, within our MTW Program, to ensure that we continue to increase housing choices for low-income families and individuals. We have examined some of the barriers that are preventing very low income, to extremely low-income participants; with an active Section 8 Housing Choice Voucher (HCV), from successfully utilizing their HCV. We analyzed the incomes of households that were issued a HCV in our last disbursement of HCVs and we found that 66% of all households were at or below 30% of the Area Median Income (AMI). Therefore, it's our conclusion that in some situations it can be an extreme financial burden for such households to have enough savings or cash on hand to pay for the required security deposit as well as their share of their first month's rent.

The inability to have enough cash on hand to pay for both the security deposit and the first month's portion of their rent for such households is a barrier for them successfully utilizing their HCV. We saw a direct correlation once we started to see our agency's HCV utilization rate fall below 90%. Given that most households spent on average of five years waiting to reach the top of the Section 8 HCV waiting list; we want to do our best to assist them in successfully utilizing the long waited and much needed rental assistance.

Therefore, HATC proposed to utilize our MTW Program Flexibility to provide an interest-free security deposit loan to new HCV Program Participants; in which their household income is at or below 40% of the Area Median Income (AMI). Each eligible household is able to receive a security deposit loan in the amount of one month's of their determined rental subsidy. This interest-free security deposit loan is to be repaid within six months to HATC. This activity is ongoing.

**Planned Non-Significant Changes:** There are not any non-significant changes to this activity for this plan year.

**Planned Changes to Metrics/Data Collection**: There are no changes to the metrics or data collection methods this activity will be assessed during this plan year.

**Planned Significant Changes:** There are not any significant changes to this activity for this plan year.

(IV) Approved MTW Activities: (D) Closed Out Activities

Activity Three- Encourage Self-Sufficiency and Transition of Pre-1999 Families to the MTW Program: As mentioned in Activity One; to lessen the reporting burden Activity Three has been moved to the Closed Out Activities Section. These families chose to not be transitioned into the MTW Program, allowing them to be excluded from the rent reform provisions enforced on all MTW Program participants. In 2009 our agency concluded that all able body participants should strive to become self-sufficient regardless of when they had been enrolled in one of our programs; therefore the remaining 73 families were to be transitioned into our MTW Program. This activity administers the same rental assistance model outlined in Activity One, therefore applicable data will continue to be reported on in Activity One. This activity was approved in 2009-2010 and implemented in 2009.

**Activity Update:** This activity was closed per HUD's request on February 29, 2016. This was implemented in our 2015-2016 MTW Plan.

### **Section V: MTW Sources and Uses of Funds**

### Please describe any variance between Estimated Total Revenue and Estimated Total Expenses:

HATC recognizes that based on the total revenue it projects to collect in the FY 2020-2021 (\$21,889,334) and the projected expenses (\$17,791,379), there will be a total of \$4,097,955 in unused MTW funds. These unused funds are projected to be utilized in the acquisition and/or development of additional housing units for the FY 2020 - 2021. Activity Five- Development of Additional Affordable Housing provides a thorough overview on past and future utilization of MTW Reserves for the purpose of this activity. However, there is no FDS Line Item to report such transactions. Therefore, the "Estimated Uses of MTW Fund for the Fiscal Year", reports that HATC falls short of utilizing all their MTW Funding for the FY 2020 - 2021. This budgetary strategy is implemented in order to have MTW Funds available for the development and/or acquisition of additional affordable housing stock.

### iii. Description of Planned Use of MTW Single Fund Flexibility

The MTW PHA shall provide a thorough narrative of planned activities that use only the MTW single fund flexibility. Where possible, the MTW PHA may provide metrics to track the outcomes of these programs and/or activities. Activities that use other MTW authorizations in Attachment C and/or D of the Standard MTW Agreement (or analogous section in a successor MTW Agreement) do not need to be described here, as they are already found in Section (III) or Section (IV) of the Annual MTW Plan. The MTW PHA shall also provide a thorough description of how it plans to use MTW single fund flexibility to direct funding towards specific housing and/or service programs in a way that responds to local needs (that is, at a higher or lower level than would be possible without MTW single fund flexibility).

### PLANNED USE OF MTW SINGLE FUND FLEXIBILITY

Description HATC does not have any approved or proposed MTW activities that solely use MTW Single Fund Flexibility. As outlined in Section III: Proposed MTW Activities and Section IV: Approved MTW Activities, HATC utilizes a variety of other MTW waivers to implement activities that work to further the three MTW statutory objectives: cost effectiveness in federal expenditures, promote economic self-sufficiency among program participants and to increase housing choices for low-income families. However, the budgetary fungibility that is available due to MTW Single Fund flexibility provides a vital component to further enhance MTW statutory objectives. For example, the implementation of Activity Five: Development of Additional Affordable Housing has been essential in increasing housing choices for low-income families. The utilization of MTW reserves to finance the additional 1,011 housing units has allowed HATC to meet the growing demand for affordable, well-maintained housing in Tulare County. The budgetary flexibility acquired through the MTW Single Fund is fundamental as HATC continuously works to increase cost effectiveness in federal expenditures.

MINUTES OF THE MOVING-TO-WORK PUBLIC HEARING

Thursday, January 9, 2020, 3.15 P.M.

Miguel Perez the MTW/Programs Coordinator of the Housing Authority of the County of Tulare opened the meeting at 3:15 P.M. Housing Authority Staff present Cynthia Lopez, Executive Assistant/Office Manager, Members present from the public were asked to add their name to a sign-in sheet, which is attached and made part of the minutes.

Mr. Perez reviewed the Moving-to-Work Plan for Fiscal Year 2020-2021 and informed the public no proposed changes to existing activities or new activates are expected to be introduced this fiscal year. Mr. Perez reported the Housing Authority increased the rental-subsidy amount program participants receive to meet the rise in cost for renting a unit in our area. This increase subsidy will be available to new program participants as they start our program and on the annual renewal of our current program participants. Our goal is to continue to develop additional affordable housing through our Activity 5 Section of our MTW Plan. We will continue to manage 710 Public Housing units.

Mr. Perez opened the hearing to the public to answer any questions. However, after review of the questions it was determined that questions from the public pertained to specific circumstances related to their cases and not to the material presented. The program participant that was present was thankful being able to participate in the program and shared that being able to receive assistance has significantly Improved their ability to get back in the workforce better their situation.

The meeting was adjourned at 3:26 P.M.

KEN KUGLER, Executive Director

# **Appendix A: MTW HARDSHIP POLICY**

### MTW HARDSHIP POLICY

The Housing Authority recognizes that substantial, unforeseen hardships may arise, such that families cannot pay their full rent or would experience a significant rent increase. In such cases, the families may apply to the Housing Authority for relief. The Housing Authority shall consider such a request, taking into consideration other local resources available to the family. Such requests must be in writing, stating the reason for the hardship and the expected duration.

Relief may consist of the following:

- 1. Deferral of a portion of the rent.
- 2. Extension of the assistance period
- 3. Conversion to the income-based program (if family is on the program with a fixed subsidy and time limit)
- 4. A full or partial waiver of imputed income amounts per work-able family member

Consideration will be given for hardship when a family has suffered a catastrophic change, which caused the death, illness or long-term disability of an adult family member, which resulted in the loss of income to the family. These families will be referred to CSET for an assessment of options and links to other community resources for recovery. A contract will be signed with the family stipulating the change to their Moving-to-Work assistance/rent and the steps the family will take to work toward self-sufficiency. The contract will specify the amount by which the family's portion of rent has changed, and for what duration. The amount by which the rent will be changed will be determined by Housing Authority staff on a case-by-case basis.

If all possible work-able family member(s) become(s) permanently disabled, the family will automatically be changed to a traditional income-based program with no time limit, without having an assessment done by CSET or submitting a hardship request in writing.

In cases where a CSET evaluation is not possible or productive, and where there are still possible workable family members, the hardship request will be presented to a Hardship Committee made up of community citizens who have sufficient knowledge of the MTW program to make informed decisions as to the disposition of rental assistance for such families. Decisions of the Hardship Committee will be final.

This policy is not intended to apply to seasonal income fluctuations, nor minor or temporary reductions of income.
