SECTION I: INTRODUCTION

The Vancouver Housing Authority

The Vancouver Housing Authority (VHA) was established in 1942 for the purpose of housing an influx of employees to the aluminum and shipyard industries during World War II. During that time, the VHA built 1,000 permanent homes and 11,396 temporary units capable of housing 50,000 people. In the 1960s the VHA assumed the primary role we still hold today, providing subsidized housing for low-income families, elderly, and disabled people. In the early 1990s the VHA began to diversify by purchasing and developing affordable non-subsidized housing known as Workforce Housing. In 1999 the VHA was selected by HUD to participant in Moving to Work (MTW) demonstration. Today the VHA provides subsidized housing to more than 3400 households and provides more than 1600 apartment units that are not subsidized, but are built to be affordable.

The MTW program provides the VHA the opportunity to design and test innovative, locally-designed strategies that use Federal dollars more efficiently, help residents find employment and become self-sufficient, and increase housing choices for low-income families. As a MTW Agency, the VHA receives exemptions from many program rules and more flexibility regarding the use of Federal funds.

Initiatives developed and approved under the MTW demonstration that utilize the flexibility offered under the terms of the MTW Agreement require approval from HUD and are known as MTW Activities. Each year the

The Moving to Work Statutory Objectives:

- ❖ Reduce cost and achieve greater cost effectiveness in Federal expenditures
- ❖ Give incentives to families with children where the head of household is working, is seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient
- ❖ Increase housing choices for low-income families

VHA writes and provides for public comment an annual plan that describes ongoing and new activities that use MTW flexibility. After consideration of public comments the plan is approved by the VHA Board of Commissioners and is submitted to HUD for final approval. The content and format of this plan is mandated by HUD and is described in an attachment to the Moving to Work Agreement. The attachment is periodically updated and this 2020 Annual MTW Plan conforms to the latest requirements.

Short and Long-Term MTW Goals and Objectives

The mission of the VHA is to provide opportunities to people who experience barriers to housing because of income, disability, or special needs in an environment which preserves personal dignity, and in a manner which maintains the public trust. Each year the VHA Board and agency staff review and restate the strategy the agency will follow to meet its mission.

The current strategic plan identifies five key areas within which our specific goals and strategies fall. These areas are Housing Access, Resident Services, Portfolio Management, Fiscal Stability, and Operations:

- VHA goals for increasing housing access include developing new affordable housing, increasing housing options through partnerships and innovative programming, and providing housing for underserved populations and those with special needs.
- Long-term goals around resident services include expanding work readiness and employment support program availability, expanding linkages with community social and educational partners to encourage school success, and investigating programming that supports independence of seniors and other vulnerable adults.
- Portfolio Management goals include increasing VHA's capital funding flexibility to allow for fiscally sound property improvements and enhancing our ability to secure private funding.
- Long-term goals for fiscal stability include exploring ways to increase revenue, reducing development cost and managing revenue and expenses to ensure the agency maintains long term fiscal stability.
- Operations goals are to encourage an innovative and effective workforce and ensure that employment law and Human Resources best practice compliances are being met.

This plan introduces VHA's short-term goals for 2020 that are specific to MTW. For 2020 VHA is planning two additional mixed finance public housing developments that utilize public housing units retained under the Faircloth limit. The first will be a new 46 unit property for formally homeless persons with behavioral health issues. The second is to utilize public housing subsidy for some of the units at Central Park Place, the existing Single Room Occupancy (SRO) project on the VA campus. VHA is also resubmitting for HUD approval the MTW activity for blended subsidy so that the new behavioral health project, The Meridian, can utilize housing subsidy from both public housing and Section 8. Last year VHA proposed five new mixed finance public housing developments. Four of those projects are still moving forward. By the end of the 2020 plan year VHA expects to have almost 250 new public housing units in place.

VHA is also seeking HUD approval to transfer housing subsidy funded under the Rental Assistance Demonstration (RAD) from some existing VHA properties to another alternate site so that the current sites can be remodeled and/or sold. These units have too much unmet capital needs that are unable to be addressed with the limited rents allowed under RAD. VHA intends to utilize MTW single fund flexibility to increase RAD rents at the new site to avoid this kind of issue in the future. VHA also seeks HUD approval to add MTW funding to other RAD sites increasing the contract rents.

VHA is also expanding the existing MTW Activity 2014-04 Second Step Transitional Housing Program to include two additional small programs totaling 26 units operating by other local agencies. The name of the activity will be shortened to the Transitional Housing Program to reflect this change.

VHA continues to recognize and appreciate the MTW demonstration as a valuable tool for meeting the housing needs of Vancouver and Clark County and looks forward to another year of providing housing assistance and services in keeping with the program's and VHA's objectives and goals.

v. Planned Other Changes to MTW Housing Stock during the Plan Year

PLANNED OTHER CHANGES TO MTW HOUSING STOCK ANTICIPATED IN THE PLAN YEAR
Subject to HUD approval, VHA is planning to transfer RAD assistance from some of the sites within the 122 units known as VHA Apartment Homes. The RAD PBV subsidy will be utilized at another VHA site to be determined. This is being proposed because some of properties currently under RAD require substantial rehabilitation that cannot be supported with the current RAD rents.

vi. General Description of All Planned Capital Expenditures during the Plan Year

PLANNED OTHER CHANGES TO MTW HOUSING STOCK ANTICIPATED IN THE PLAN YEAR
VHA is planning to use Demolition or Disposition Transitional Funding (DDTF) for construction of Tenny Creek, a 40 unit public housing project described in the 2019 MTW Annual Plan.

ii. Planned Changes to the Waiting List in the Plan Year

WAITING LIST NAME	DESCRIPTION OF PLANNED CHANGES TO THE WAITING LIST
Housing Choice Voucher	VHA recently made changes to the local preference for homelessness and uses the local Continuum of Care consolidated entry system for referrals and verification of the preference.
Van Vista	VHA has permanently closed the waiting for the non-assisted living units at Van Vista. The property is undergoing a renovation and upon completion the entire property will be assisted living which does not utilize a conventional waiting list (MTW Activity 2009-19). Current residents will be permitted to stay, but any new vacancies will be filled by those requiring assisted living.
Public Housing	VHA will likely open several new site-based public housing wait lists in 2020 in order to select residents for any new public housing projects that are completed in 2020.

SECTION III: PROPOSED MTW ACTIVITIES

VHA is re-proposing two previously approved activities.

Activity 2016-02: Local Blended Subsidy

A. Activity Description

This activity uses a blend of funding from both the Public Housing and Section 8 Voucher Programs in order to develop mixed-finance public housing projects. Projects utilizing blended subsidy will be developed under the regulations found at 24 CFR § 905 and must be specifically approved by HUD separate from any approval of the Annual MTW Plan. For the purpose of regulatory compliance these units will be considered public housing. The length of time the blended subsidy would be available is dependent upon VHA remaining under an MTW Agreement (currently extended to 2028). If VHA no longer has MTW authority, any units under the blended subsidy will revert to public housing. VHA will obtain specific approval from any financial partner or investor in a property utilizing this blended subsidy in writing.

In 2016 VHA was approved to use this activity for Caples Terrace. Local Blended Subsidy was not used for that project as it was able to be developed as public housing but without the need for a blended subsidy. VHA proposed and was approved for adding four projects under the blended subsidy activity in the 2019 Plan, Tenny Creek, and three existing properties; Englund Manor, Arbor Ridge and Wisteria Manor. It now looks like Wisteria Manor will not be going forward under blended subsidy, but the other projects are on track.

For 2020 VHA is requesting approval to add the Meridian as another project that will be developed as public housing but also will utilize blended subsidy to bring the rents up to the level required to make the project sustainable. The Meridian will be a new constructed 46 unit project with services for individuals with behavioral health issues and a history of homelessness.

The length of time the blended subsidy would be available is dependent upon VHA remaining under an MTW Agreement (currently though 2028). In the event that VHA is no longer under the MTW Agreement any units under the blended subsidy will revert to Public Housing. VHA will obtain specific approval from any financial partner or investor in a property utilizing this blended subsidy in writing.

Projects utilizing blended subsidy will be developed under Public Housing development regulations found at 24 CFR 941 905 regulations (Public Housing Development) and must be specifically approved by HUD separate from any approval of the Annual MTW Plan. For the purpose of regulatory compliance these units will be considered Public Housing.

B. Activity Metrics Information

HC #1: Additional Units of Housing Made Available				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Number of new housing units made available for households at or below 50% AMI as a result of the activity.	Housing units of this type prior to implementation of the activity (zero).	Expected housing units of this type after implementation of the activity (number).	Actual housing units of this type after implementation of the activity (number).	Whether the outcome meets or exceeds the benchmark.

HC #2: Units of Housing Preserved				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Number of housing units preserved for households at or below 80% AMI that would otherwise not be available (increase).	Housing units preserved prior to implementation of the activity (zero).	Expected housing units preserved after implementation of the activity (number).	Actual housing units preserved after implementation of the activity (number).	Whether the outcome meets or exceeds the benchmark.

HC #5: Increase in Resident Mobility				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Number of households able to move to a better unit and/or neighborhood of opportunity as a result of the activity (increase).	Households able to move to a better unit and/or neighborhood of opportunity prior to implementation of the activity (zero).	Expected households able to move to a better unit and/or neighborhood of opportunity after implementation of the activity (number).	Actual increase in households able to move to a better unit and/or neighborhood of opportunity after implementation of the activity (number).	Whether the outcome meets or exceeds the benchmark.

CE #4: Increase in Resources Leveraged				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Amount of funds leveraged in dollars (increase).	Amount leveraged prior to implementation of the activity (zero).	Expected amount leveraged after implementation of the activity (in dollars).	Actual amount leveraged after implementation of the activity (in dollars).	Whether the outcome meets or exceeds the benchmark.

C. Cost Implications

Although this activity will redirect some Section 8 funding away from vouchers, it will do so at a much lower per-unit cost than the average HAP for a voucher. At the same time the S8 expense will leverage public housing funding lost through the disposition process and that would not be available without additional subsidy funding from another source.

D. Need/Justification for MTW Flexibility

This activity is authorized under Section B.1. of Attachment C of the Amended and Restated Agreement.

Activity 2014-06: Alternative Project-Based Voucher Program

A. Activity Description

When proposed and approved in an amendment to the 2016 Annual Plan, this activity consolidated some previous MTW activities and added some new policies into a single MTW activity covering all of the flexibilities that VHA is utilizing for our Project-Based Voucher (PBV) program. It was resubmitted for approval in the FY2017 Annual Plan to allow VHA to change the limit on project-basing from 20% to 30% of the HCV program. VHA is again submitting the activity for approval due to change in the regulations regarding PHA owned units and the required use of an independent entity. VHA had previously been approved to waive the requirement for an independent entity to approve rents and conduct inspections of VHA owned PBV projects. We are now seeking approval to waive the requirement of using an independent entity to approve the initial and renewal HAP contract term.

VHA's Alternative PBV program utilizes the existing regulations under 24 CFR § 983 with the following exemptions:

- The required competitive bidding process is waived when VHA is placing PBV in a project owned by the VHA or a closely affiliated organization.
- The VHA will not generally provide move vouchers for residents of PBV projects. Exceptions are made for (1) PBV projects converted un RAD, (2) cases of overcrowded or under-occupied units where VHA does not anticipate an appropriate sized PBV becoming available, and (3) for certain non-RAD PBV projects that include services and when the tenant has resided there for at least two years, no longer has a need for the provided services, and has a recommendation from the service provider.
- The requirement that tenants be selected from a waiting list may be waived for projects where participation in specific services is a requirement of residency.
- VHA may allow up to 100% of the units in a project to be PBV even when the project is not exclusively for elderly or disabled households or when no services are required.
- VHA may perform HQS inspections and to make determinations of ongoing rent reasonableness in VHA owned units. (see also Activity 2011-05)
- VHA may determine the term of any initial or renewal HAP contract, including when the project is owned by VHA or a closely affiliated organization.
- VHA may project-base up to 30% of its HCV program.

B. Activity Metrics Information

CE #1: Agency Cost Savings				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Total cost of task in dollars (decrease).	Cost of task prior to implementation of the activity.	Expected cost of task after implementation of the activity).	Actual cost of task after implementation of the activity.	Whether the outcome meets or exceeds the benchmark.

HC #3: Decrease in Wait List Time				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?
Average applicant time on wait list in months (decrease).	Average applicant time on wait list prior to implementation of the activity = 46 months (PBV).	Expected average applicant time on wait list after implementation of the activity.	Actual average applicant time on wait list after implementation of the activity.	Whether the outcome meets or exceeds the benchmark.

HC #4: Displacement Prevention				
Unit of Measurement	Baseline	Benchmark	Outcome	Benchmark Achieved?

Expected households losing assistance or moving after implementation of the activity.	Actual households losing assistance/moving after implementation of the activity.	Whether the outcome meets or exceeds the benchmark.

C. Cost Implications

The proposed change to this activity will result in moderate cost savings for the VHA. Over the next few years VHA anticipates renewing a number of PBV contracts and with this additional authority will save the cost of hiring an independent entity.

D. Need/Justification for MTW Flexibility

This activity is authorized under Sections D.1.b., D.1.e., D.2.d., D.4., and D.7.a. of Attachment C of the Amended and Restated Agreement.

SECTION IV: APPROVED MTW ACTIVITIES

A. Implemented Activities

Activity 2019-01: Mandatory Participation in Services at Caples Terrace

- i. This activity was approved in the FY2019 MTW Annual Plan and was implemented August 1, 2019. It has not been amended since initial approval.
- ii. This activity is to require residents of Caples Terrace to participate in the services to be provided there. Caples Terrace is a mixed finance development with a preference for youth transitioning out of foster care and also for homeless unaccompanied youth. Services will be provided for residents to assist them to transition to self-sufficiency. If a resident fails to participate in these services, VHA proposes to cancel their income-based rent and require the participant to begin paying the flat rent for the unit if they wish to continue living there. The resident may continue to rent the unit as long as they are in compliance with the requirements of the lease.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2018-02: Local Payment Standards

- vi. This activity was approved in an amendment to the FY2018 MTW Annual Plan and was implemented January 1, 2018. It has not been amended since initial approval.
- vii. This activity allows the VHA to set payment standards outside of the normal range allowed under regulation. VHA monitors rent burdens and other factors such as voucher success rates, lease-up time, market rents, vacancy rates and funding availability and set payment standards within a range between 80 and 120 percent of the HUD published FMR. This activity will be ongoing during the Plan year.
- viii. There are no non-significant changes planned for this activity during the Plan year.
- ix. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- x. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2016-01: Family Self-Sufficiency Lite

- i. This activity was approved in the FY2016 MTW Annual Plan and was implemented on April 1, 2016. It has not been amended since initial approval.
- ii. VHA offers a shorter version of the Family Self-Sufficiency (FSS) program in addition to the traditional five-year FSS program. This shorter version of the FSS program is not meant to replace the traditional program nor is it intended to siphon any potential applicants from that program. Rather it is aimed at those households that have an interest in increasing self-sufficiency but are reluctant to commit to the full five-year FSS program. This version has a much shorter commitment of two years, limits escrow to a maximum of \$2000 and does not offer contract extensions, but does allow conversion to the full FFS program if requested during the term of the FSS Lite contract. This activity will be ongoing during the Plan year.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2015-02: Alternative TTP Calculation (35%)

- i. This activity was approved in the FY2015 MTW Annual Plan and was implemented on November 1, 2015. It was changed in an amendment to the FY2017 Annual Plan.
- ii. This MTW activity changes the way in which the Total Tenant Payment (TTP) is calculated when determining tenant rent and housing assistance in the HCV and Public Housing programs. The TTP is normally determined by taking the highest of: 1) 30% of the household's monthly adjusted income; 2) 10% of the household's monthly income; or 3) The minimum rent of \$50. Under this activity VHA has changed the percentage of adjusted monthly income. When first implemented 33% of adjusted income was used instead of 30%; effective January 1, 2018, the percentage was changed to 35%. Some properties (currently the Public Housing sites Englund Manor and Tenny Creek) may be exempt from this activity due to a conflict with a State of Washington requirement. Also under this activity, households with a tenant-based voucher are allowed to have a maximum family share of up to 50% of the family's adjusted monthly income at initial occupancy, an increase over the 40% maximum family share allowed under regulation. This activity will be ongoing during the Plan year.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2014-05: Interim Verification Policy

- i. This activity was approved under an amendment to the FY2014 MTW Annual Plan and was implemented on September 1, 2014. It has not been amended since the initial approval.
- ii. This activity changes the way interim reexaminations for changes in family income and composition are verified and their effective dates. Households may still request an interim reexamination at any time but the responsibility to obtain verification is changed from VHA to the participant. Verification of the income or family change that they are reporting must be provided prior to any resulting change in tenant rent becoming effective. If the request *and* the verification is received before the 15th of the month, any resulting change in tenant rent will be effective the first of the following month. The VHA still obtains verification for initial eligibility reexaminations and for regular/annual reexaminations.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2014-04: Local Non-Traditional Transitional Housing Program

- i. This activity was approved under an amendment to the FY2014 MTW Annual Plan and was implemented on July 1, 2014. It has not been amended since the initial approval.
- ii. The Transitional Housing Program is a program for homeless individuals and families with income below 30% of the Area Median Income (AMI). In 2019 VHA expanded the program to include a second agency's program after their previous funding ended. Second Step Housing utilizes 12 large group homes for this program. They have a capacity of about 35 individuals and families at one time. Share's program is for up to 13 individual or families in scattered rental units. Tenants must be homeless at admission, income eligible and willing to participate in case management. Utilities are provided and tenants pay 30% of their adjusted income for rent. Calculation of income for eligibility and rent is done in compliance with the regulations found at 24 CFR § 5.609. Second Steps housing units are alcohol and drug free, while share uses the Housing First model.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2014-01: Modified FSS Escrow Calculation

- i. This activity was approved in the FY2014 MTW Annual Plan and was implemented on January 1, 2014. It has not been amended since the initial approval.
- ii. This activity modifies the way escrow is calculated in the full, five-year, Family Self-Sufficiency Program (FSS). VHA's method under MTW has two parts. The first part is a monthly deposit to a participant's escrow account when they have increased earned income that results in a Total Tenant Payment (TTP) over the baseline set when they join FSS. The baseline is a fixed amount set at \$450 for all new participants regardless of their income. The second part is that VHA pays a specific amount to a participant's escrow account based on specific achievements. Some of these "pay points" result in an immediate deposit to the escrow account while others are not calculated and paid until a successful program graduation. Examples of achievements that result in escrow deposits include:
 - a. Completion of core GOALS classes or entire curriculum
 - b. Completion of other educational goals
 - c. Obtaining and maintaining employment
 - d. Increase in credit score
 - e. Establishing and maintaining a saving account
 - f. Completion of other ITSP goals

The maximum allowable that a participant may earn under pay points is \$6,000. There is no limit set on the amount a participant may earn under the increased earned income part of the escrow calculation. Under this new system FSS participants are only eligible for one interim withdrawal from their escrow account during their program participation. This activity will be ongoing during the Plan year.

- iii. Non-significant changes planned for this activity during the Plan year may include revision of some specific pay points used in the calculation of escrow. Any changes will be approved in a revision of the FSS Action Plan.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2013-02: School Stability Subsidy Program

- i. This activity was approved as part of an amendment to the FY2013 MTW Annual Plan. It was implemented April 1, 2015.
- ii. This is a local non-traditional rental subsidy program in partnership with Family Resource Centers (FRC) at selected local schools and a local agency serving the homeless. Families with a student enrolled in the partnering school, and who are either homeless or at risk of homelessness, are selected for participation in the program in order to prevent them from having to relocate outside of the school district. The subsidy allows the family to remain in the same school district providing needed stability for the student. The housing subsidy starts at 80 percent of the contract rent and is reduced each year until the end of the fourth year of participation, when it ends. During their time on the program the family must participate in ongoing economic self-sufficiency meetings provided by the VHA and educational planning meetings provided by the partnering agencies.

In 2018 VHA began leasing families under a revised version of this activities funded by local funds rather than MTW funding. This second cohort uses a shorter term of a half years (30 months) and a subsidy of 70% of the payment standard for the first six months, 60% for one year, and goes to 30% of the payment standard for the final year of participation.

- iii. VHA may consider expanding the number of families participating in this program during the during the Plan year.

- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2013-01: Minimum Earned Income Rent Reform

- i. This activity was initially approved in the FY2013 MTW Annual Plan. It was re-proposed in the FY2017 MTW Annual Plan for an increase in the amount of the annual minimum income from \$9,000 to \$10,000. Later, it was re-proposed in amendment to the FY2017 Plan and changed to link the amount of the minimum income directly to the Washington State minimum wage. It was again re-proposed in the FY2018 MTW Annual Plan to change from a minimum income to a minimum *earned* income.
- ii. This activity utilizes a minimum earned income when calculating rent for any HCV or Public Housing household that contains one or more work-able family members. Work-able is defined as an adult under the age of 62 who is not disabled, a dependent, or a full-time caretaker for a disabled household member. The minimum earned income amount is based on the Washington State minimum wage at 20 hours per week. This amount is applied for each work-able member. For example, a household with one work-able member has a minimum earned income based 20 hours per week at the current minimum wage; a household with two workable members has a minimum earned income twice that, and so on. If the household's actual annual earned income, as determined under the program regulations, falls below the minimum, tenant rent and housing assistance is calculated using the minimum in addition to any other included income type in the household. If the household's actual earned income is greater than the minimum, the actual earned income is used and the minimum earned income is not a factor. A household subject to the minimum still has any deductions they might be eligible for under HUD regulations or VHA policy. The change to a minimum earned income was completed in 2018 and the activity will be ongoing during the Plan year.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2012-01: Community Supported Self Reliance

- i. This activity was approved in the FY2012 MTW Annual Plan and was implemented on April 1, 2012. It has not been amended since the initial approval.
- ii. Community Supported Self Reliance (CSSR) is a pilot project where housing assistance along with intensive wrap around services are made available through partnering agencies to very-low income clients with multiple barriers to self-reliance. 16 participants were provided a Housing Choice Voucher with a time-limit of five and a half years (66 months). In addition to the regular HCV program obligations, participants were required to actively participate in their approved self-reliance plans developed with their assigned case manager from a partnering agency; failure to do so results in expulsion from the program. Participants facing expulsion may file a grievance with the project's Review Board. In addition to access to a housing voucher participants in this program, and their case managers, will have access to the expertise and resources provided by members of the Project Team and the Review Board. Participants also participate in a VHA sponsored Self-Sufficiency program.
- iii. As this plan is being drafted, it has not yet been decided to continue this program into the new Plan year. Most of the clients have graduated, and the remaining two will have done so by the end of 2018. VHA may elect to continue this activity into the Plan year with a new cohort of clients.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2011-05: VHA Staff to Perform HQS and Rent Reasonableness on VHA Owned Properties.

- i. This activity was approved in the FY2011 MTW Annual Plan and was implemented on January 1, 2011. It has not been amended since the initial approval.
- ii. This MTW activity allows the VHA to have Section 8 HCV department staff perform HQS inspections and determine rent reasonableness for units owned by the VHA or owned by an entity substantially controlled by the VHA such as a tax credit property. This authority creates substantial savings compared to what the VHA was being charged by contracted inspectors.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2010-02: Skyline Crest Campus of Learners

- i. This activity was approved in the FY2010 MTW Annual Plan and was implemented on January 1, 2010. It has not been amended since the initial approval.
- ii. The Skyline Crest Campus of Learners is a partnership between VHA and the residents of Skyline Crest; which was VHA's largest Public Housing Property and has recently been converted to PBV under a combination of RAD and Section 18. VHA provides children and young adults' resources and activities through the community center and families develop and commit to success plans centered on their child's school attendance and community involvement.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA plans to assess the activity in the Plan year and may elect to close it out at the end of 2020.

Activity 2009-19: Special Admission Procedure for Assisted Living Facility

- i. This activity was approved in an amendment to the FY2009 MTW Annual Plan and was implemented on September 1, 2009. It has not been amended since the initial approval.
- ii. This MTW activity allows for tenant selection to be made by the administrator of the assisted living facility rather than utilizing a waiting list. VHA's Assisted Living programs at Van Vista and Arbor Ridge regularly receive inquiries regarding the availability of a unit. If a unit is not immediately available the agency or person making the inquiry continues their search elsewhere as waiting on a list for a unit with assisted living services is not a desirable option. Once a vacancy is anticipated then the next inquiry will be notified and the vacancy filled. The waiver of the waiting list requirement allows for the unique needs of the assisted living population and their need for services.
- iii. Non-significant changes planned for this activity during the Plan year include additional assisted living units both Van Vista and Arbor Ridge and a new public housing development, Tenny Creek. These new assisted living units will also utilize this activity for tenant selection rather than a traditional waiting list.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2009-15: Owners Restricted to Annual Rent Increases

- i. This activity was approved in an amendment to the FY2009 MTW Annual Plan and was implemented on September 1, 2009. It has not been amended since the initial approval.
- ii. Under this MTW policy owners in the Housing Choice Voucher program are restricted to a single rent increase each year.
- iii. There are no non-significant changes planned for this activity during the Plan year.

- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2009-13: Reset of Required Reexamination Date after Interim

- i. This activity was approved in an amendment to the FY2009 MTW Annual Plan and was implemented on October 1, 2009. It has not been amended since the initial approval.
- ii. This MTW activity provides that the next required reexamination (AKA Annual Review) will be rescheduled to at least 12 months after the effective date of an interim reexamination. This policy reduces the overall number of reexaminations required each year.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2009-10: Replacement of Medical Expense Deduction

- i. This activity was approved in an amendment to the FY2009 MTW Annual Plan and was implemented on November 5, 2009. It has not been amended since the initial approval.
- ii. Under this activity the VHA has eliminated individual calculation and verification of medical expenses for Elderly and Disabled designated families, replacing the deduction with an increase in the Elderly/Disabled deduction from \$400 to \$700.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2009-08: Simplified Utility Allowance Schedule

- i. This activity was approved in an amendment to the FY2009 MTW Annual Plan and was implemented on September 24, 2009. It has not been amended since the initial approval.
- ii. VHA utilizes a simplified utility allowance schedule for tenant-based Housing Choice Vouchers. This provides households searching for a unit foreknowledge of their maximum rent and saves cost through a reduction in the number of denied Request for Lease Approvals. The schedule is based on the conventional HCV utilities schedules for newer energy efficient all electric units by bedroom size.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2009-03: No Verification of Assets Less Than \$50,000

- i. This activity was approved in an amendment to the FY2009 MTW Annual Plan and was implemented on September 1, 2009. The dollar threshold was changed from \$5,000 to \$50,000 in an amendment to the FY2014 Annual Plan.
- ii. VHA does not obtain a verification of a reported asset if the reported value is less than \$50,000. This MTW activity saves VHA significant administrative funds by eliminating verifications on the vast majority of assets and any income from those assets that has little or no effect on housing subsidy and/or tenant rent.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

Activity 2007-02: Alternate Required Reexamination Schedule

- i. This activity was approved in the FY2007 MTW Annual Plan and was implemented on September 1, 2008. In an amendment to the FY2009 the policy was changed to the current schedule of triennial reexaminations for those on fixed income.
- ii. VHA identifies households with a fixed income and places them on a schedule to have a full reexamination every three years rather than annually. Fixed income means the household has no work-able members and the only household income is from sources such as Social Security, Supplemental Security Income (SSI), and/or pensions. Households that are not determined to have a fixed income are scheduled to have a reexamination 12 months after their last reexamination.
- iii. There are no non-significant changes planned for this activity during the Plan year.
- iv. There are no planned changes or modifications to the metrics for this activity during the Plan year.
- v. VHA does not plan to pursue any significant changes to this activity in the Plan year.

B. Not Yet Implemented Activities

Activity 2015-01: Rent Buy-Down Local Subsidy Program

- i. This activity was first approved in the FY2015 Plan Year. It allows VHA to create a local program that will “buy-down” rents at a market rate apartment property (not subsidized or receiving tax credits) so that the units become affordable for, and only available to, households at or below 50% of the Area Median Income (AMI). If selected, an owner would receive funds from the VHA to offset the amount the project would require to reduce apartment rents to reach the affordable level. To be considered affordable the bought-down gross rents will be calculated by taking 33% of an income equal to 45% of AMI assuming 1.5 persons per bedroom. The current VHA S8 MTW utility allowance will be deducted from the gross rent to determine the final bought-down rent for any units where the tenant is responsible for at least the utility providing the heat for the unit. This activity has not been implemented because VHA has not yet received a project proposal where this type of subsidy could be utilized. The original project where this activity was expected to be utilized did not end up being developed for reasons unrelated to this activity. Since then we have had interest from two other developers but their projects ended up receiving tax credits, or were targeted toward a population (homeless) that needs a deeper subsidy.
- ii. The Request for Proposals (RFP) for this activity remains open and VHA continues to expect that, for the right project, this subsidy create new housing choice for local tenants.
- iii. There have been no non-significant changes to this activity since it was approved by HUD.

C. Activities on Hold

VHA has no activities on hold at this time.

iii. Description of Planned Use of MTW Single Fund Flexibility

PLANNED USE OF SINGLE FUND FLEXIBILITY
<p>VHA uses the funding flexibility allowed under MTW to provide additional services for the people we house. We have consolidated all of our housing services under the umbrella of Bridgeview Housing. In addition to the grant funded services of Family Self Sufficiency (FSS) and Elderly Service Coordinators, MTW funds support the Community Employment and Education program. Being able to offer employment referrals supports VHA's rent reform activities.</p> <p>The single fund is also used to fund services at specific properties serving high needs populations such as Lincoln Place, which serves chronically homeless individuals, and the soon to open Caples Terrace which will serve youth transitioning out of foster care.</p>

PLANNED USE OF SINGLE FUND FLEXIBILITY
--

VHA also funds a local agency's deposit assistance program for persons on our waiting list and also a fund for navigation and referral services for the same population. We also pay the tuition costs for HCV applicants and participants who wish to take the Rent Well class offered by a local agency.

VHA is also using single fund flexibility to pay MTW administrative costs and HCV program administrative costs that are not covered by the administrative fee (currently prorated at 77%).

VHA plans to utilize single fund flexibility if we are approved to transfer existing RAD PBV units from their current location to a new site. The funds will be used to bring the contract rents up to a sustainable level.
