Who: All PHAs regardless of size and/or location.
Cost: $ $$ $$$
Implementation Considerations: 〇 FEW 〇 MEDIUM 〇 DIFFICULT

• Typically hosted by PHA staff, often at the PHA or community space

Goals include:
- Listening to issues and concerns
- Providing information
- Building and strengthening relationships and partnerships
- Recruiting new landlords

Uses the Event Framework, but provides examples of different variations of outreach events

Lessons Learned

A collaborative approach improves the effectiveness of innovations

Landlords want to be a part of the solution, they just need a seat at the table

Consistent engagement results in a mutually beneficial relationship

Building a trusting and collaborative partnership takes time
Expanding Your Network: Appointments, Meetings, Phone Calls

• PHAs can provide outreach through one-on-one interaction.

TIPS

• Consider scheduling appointments with similar landlords in groups. For example: meet with landlords who operate large apartment complexes one month, and with landlords with small portfolios the next. Groups of landlords may share common issues and concerns. If an activity, for example, the passage of new legislation, affects a certain type of landlord, the PHA might want to schedule a meeting with the landlords most impacted by this type of issue versus scheduling based on the portfolio size of the landlord.

• Before setting your schedule or attending an appointment, take time to talk to other departments within the PHA to gauge if there are specific issues that have been more common over a period of time. Example: The Inspection Department may note they have seen a change in the number of abatements over the last 6 months. The HCV landlord contact may be able to address the issue directly with landlords or, at least, enter the appointment with an understanding that the issue may come up in discussion.
Expanding Your Network: Using Data

• Locate new landlords using data
  – Conduct outreach to landlords listing properties who are not already part of your program
  – Call Low Income Housing Tax Credit properties in your area which are obligated to take HCVs
  – Run a list of your own landlords and reach out to see if they might have additional properties they could offer to HCV families
  – Use tax records to locate owners of large housing portfolios who are not yet landlords in the HCV program

• Combine efforts with other PHA programs

STRATEGY: INFORMATION SHARING

Providing updates, news and information on HCV and other PHA programs through the portal, websites, social media, mailers, columns or articles, and newsletters.

Who: All PHAs regardless of size and/or location.
Cost: $ $$ $$$
Implementation Considerations: LOW MEDIUM DIFFICULT

- Strategy examines content, audience, and the various ways information can be disseminated.
- Methods include:
  - Newsletters
  - Re-occurring columns in other publications
  - Information posted on the PHA portal
  - Social media posts
  - Emails or mass mail emails
  - Texts (MMS or SMS)
How to Decide?

• Depends on
  – Resources available
  – How your community likes to receive information
  – Urgency of the information the PHA needs to share

• Urgent, time-sensitive information?
  – Social media is quickest if your audience uses it!
  – Immediate financial impact? Use most reliable way to reach all landlords
  – Good choice to promote through more than one communication means

• Audience might want to print off and keep?
  – Post to website or newsletter
  – Include as a flyer in a mailing

• Lots of news to share, but not very time sensitive?
  – Newsletter might be a good fit
