AN OVERVIEW OF

Emergency Rental Assistance

ERA Grantees and Housing Authorities

July 2021
Disclaimer

This presentation is designed to give an overview of the Emergency Rental Assistance program for educational purposes. It should not be construed as legal advice or a statement of binding policy guidance from the Treasury.

For official Treasury guidance, go to: www.treasury.gov/ERA.
Overview

The Emergency Rental Assistance (ERA) program makes funding available to assist households that are unable to pay rent or utilities.

Key objectives of this funding:

• Support urgent COVID-19 response efforts to continue to decrease spread of the virus and bring the pandemic under control

• Assist renters most in need to avoid evictions and secure housing stability

• Alleviate the deep financial distress of countless landlords who rely on rental income to support their families
Supporting Housing Stability for Renters at Risk of Eviction

The ERA program affords certain flexibilities for recipients to tailor their rental assistance programs to the needs of their local communities (while complying with the core program requirements).

Recent Treasury Guidance Highlights

- Strongly encourages partnerships with courts to actively prevent evictions and develop eviction diversion programs
- Help families experiencing homelessness gain access to assistance
- Drive toward equal access by removing language and cultural barriers in securing assistance
- Provide a streamlined payment option for utility providers and large landlords to make accessing emergency rental assistance on behalf of multiple tenants easier and more attractive.

Prior to this year, few governments had robust programs for delivering this type of rental assistance and none were operating at the scale now made possible by ERA resources.
Helping Households: Eligible Expenses

Eligible expenses may vary depending upon the grantee’s program design.

In general terms, the federal program guidance allows:

Rental assistance

• Up to 18 months of rental assistance
• Assistance may cover back rent or prospective rent

Utilities and Home Energy Costs

• May include separately stated electricity, gas, water and sewer, trash removal, and energy costs, such as fuel oil; payments to public utilities are permitted.
Helping Households: Eligible Expenses

Other Expenses

• Internet service (grantees should adopt policies about when this is appropriate).

• Reasonable accrued late fees (if not included in rental or utility arrears).

• Relocation expenses (including prospective relocation expenses), rental security deposits, and rental fees (may include application or screening fees).

• Hotel stay (under certain circumstances)

Recent Guidance Update: Re-location Expenses

In cases where a tenant may not yet have a rental obligation, Treasury encourages grantees to provide otherwise eligible households with an official document specifying the amount of financial assistance the grantee will pay a landlord on behalf of the household if the landlord and the household enter into a qualifying lease of at least six months.
Helping Households: Eligible Expenses

A limited amount of ERA funds may be used for housing stability services.

Such services may include, among other things:

• eviction prevention and eviction diversion programs;
• mediation between landlords and tenants;
• housing counseling;
• fair housing counseling;
• housing navigators or promotoras that help households access ERA programs or find housing;
• case management related to housing stability;
• housing-related services for survivors of domestic abuse or human trafficking;
• legal services or attorney’s fees related to eviction proceedings and maintaining housing stability;
• and specialized services for individuals with disabilities or seniors that support their ability to access or maintain housing.
Eligible Households

Applicant eligibility may vary depending upon the grantee’s program design.

In *general terms*, applicants must meet the following eligibility requirements:

- The applicant must be obligated to pay rent
- The applicant must demonstrate:
  - Financial hardship during the pandemic
  - Risk of experiencing homelessness or housing instability; and
  - The household is a “low-income family” (incomes do not exceed 80% of the area median income)

Prioritization

The program requires that grantees prioritize assistance for households with incomes less than 50% of area median income or households with one or more individuals that have not been employed for the 90-day period preceding the date of application.
Opportunities for Simplifying Income Documentation

Treasury’s guidance allows grantees to establish policies and procedures for documenting eligibility requirements that will ease access for vulnerable populations.

• **Partnership with administrators of federal benefits, for example:**
  • state unemployment departments
  • entities that administer federal benefits with income requirements

• **Categorical Eligibility:** grantees are permitted to rely on a determination letter from the government agency that verified the applicant’s household income or status as a low-income family

• **Fact-specific proxy:** A grantee may rely on a written attestation from the applicant as to household income if the grantee also uses any reasonable fact-specific proxy for household income, such as reliance on data regarding average incomes in the household’s geographic area.
Eligible Expenditures: Public Housing

Treasury encourages grantees to enter partnerships with public housing agencies to support prioritizing assistance to high-need families.

- The first tranche of ERA funds (ERA1) allow federal rental assistance to tenants of federally subsidized properties, provided that funds are not applied to costs that have been or will be reimbursed under any other federal assistance.

- Under the second tranche of ERA funds (ERA2), grantees must not refuse to provide assistance to households on the basis that they occupy such properties or receive such assistance, due to:
  - the disproportionate effect such a refusal could have on populations intended to receive assistance under the ERA and
  - the potential for such a practice to violate applicable law, including Title VI.

~215,000 "HARD" UNITS OF AFFORDABLE HOUSING IN MA

- 240 Public Housing Authorities (outside of DHCD) manage & administer
  - 37,488 Units of Federal Public Housing & 74,557 Housing Choice Vouchers
  - 45,321 Units of State Public Housing & 14,459 State Vouchers
- Private Owners manage about 132,000 deed-restricted affordable housing units

STATE AGENCY RELATIONSHIPS

- DHCD, as the funding and oversight agency for state public housing and vouchers, has strong relationships with Housing Authorities
- As administrator of Low-Income Housing Tax Credit & HOME Programs, DHCD also has relationships with private affordable housing owners and their management agents
- Our relatively small size as a state, means DHCD is also very close to affordable housing industry groups and advocates

NON-EVICTION PLEDGES DURING THE PANDEMIC

- Many Housing Authorities & Owners, including the Boston Housing Authority, took a non-eviction or eviction diversion pledge
- Pledges allowed scarce rental assistance funds to be prioritized for more vulnerable, private-market renters & smaller landlords

UNIQUE OPPORTUNITY WITH ERA FUNDS TO ASSIST RESIDENTS OF AFFORDABLE HOUSING

- With ERA, DHCD had enough capacity to serve “in bulk” residents in subsidized housing
- Protects extremely low-income & very low-income residents (many residents <30% AMI) & diverts these residents from the regular ERAP application line
Subsidized Housing Emergency Rental Assistance Program (SHERA)
The **Subsidized Housing Emergency Rental Assistance (SHERA) Program** leverages the Massachusetts affordable housing owner and property management network to assist with COVID-related rent arrears from 4/1/20 to 9/30/21.

## Learning & Growing with ERA Resources

| **One Stop Application Process** | • Developed online application form where tenants can attach required materials  
|                                 | • Enabled tenants and landlords/property owners to work together to complete applications |
| **Language Access & RRF Materials** | • All materials available in 10 different languages |
| **Tenant Protections** | • Updated owner contract to include a commitment to participating in landlord/tenant mediation  
| | • Updated owner contract to include commitment to notify OHS if there are any changes in tenancy |
| **Innovative Collaborations** | • Funding non profit organizations to support outreach & application assistance for communities at disproportionate risk of eviction  
| | • Partnering with Boston Housing Authority & Metro Housing Boston to create dedicated rental arrears program for housing authority tenants |
Collaborating with Public Housing Authorities: A Boston Case Study
Massachusetts has operated Rental Assistance for Families in Transition ("RAFT") since 2005-2006

Same nonprofit administrator for RAFT is processing Boston-area rental relief

Initially the City of Boston set up a rental relief program for non-public housing residents

Subsequently, the City allocated $4M of its ERA rental relief funds to BHA for public housing residents

BHA launched its side of this program in earnest in March 2021

For public housing residents only, about $2M in applications have been submitted from March – June 2021.
BHA’s PH Rental Relief

• Centralized BHA system for generating essentially complete applications
• **SIMPLE FOR TENANTS** – managers call tenants to discuss, tenants review application and provide attestation
• Application distinguishes total arrears from ERA-eligible arrears
• Email and phone system take inquiries – reviewed by senior staff
• Non-PHA inquiries referred to City Office of Housing Stability
• Outgoing applications tracked through common Tenant Accounting email
• BHA holds/returns checks if receiving assistance from multiple sources for same arrearage
COVID-19 Strategies in the Leased Housing program

- Froze all terminations for COVID related reasons concurrently with state and federal eviction moratoriums.
- Used most generous waivers to allow reporting of retroactive decreases in income and allowing self-certification as widely as possible.
- Landlords were notified of interim Recertification policy.
- BHA used mailings as well as the Landlord Portal to publicize all resources to landlords and residents. Voucher participants are eligible for city and state rental relief funds.
- Renewing this information to landlords as moratoriums are lifted.
Other Rental Relief Strategies?

- BHA reviewing opportunities to simplify process or diversify outreach
- Printing application for all tenants with eligible arrears
- Similar to vaccination strategy – meet people where they are, at their unit if necessary – door to door.
- BHA has excellent language access team. Materials are always translated – but more interpretation in the field for outreach about rental relief could assist
- BHA currently lacks reliable cell phone and email information for residents but this mode of contact would be helpful.
- While city relied primarily on electronic applications; an online rental relief portal was not feasible for BHA,
