### **Innovative Housing Showcase 2022**

We are pleased to invite you to the **Innovative Housing Showcase (IHS) 2022**, taking place on the National Mall in Washington, D.C. **June 10-12, 2022**. IHS 2022 is presented by the Department of Housing and Urban Development (HUD) and the National Association of Home Builders (NAHB), with support from the Manufactured Housing Institute, the National Building Museum, and the National Multifamily Housing Council.

This year's IHS will feature the newest building technologies and housing solutions, along with forward-looking education and cutting-edge exhibits, with a primary focus on innovative designs and technologies that would increase housing supply and lower the cost of construction and ownership for affordable developers and homeowners. Please visit the [Innovative Housing Showcase](#) web page for more details.

In addition, we'd like to extend a special invitation to a [virtual kick-off event on June 9](#) featuring HUD Secretary Marcia L. Fudge, NAHB leadership and other leaders and subject matter experts. This event will include a series of panels focused on ways both the public and private sector can spur the adoption of innovative building technology in order to make housing more resilient and affordable for American families. Space is limited, so **please be sure to RSVP [here](#)**.
