HUD and FHA Commemorate National Homeownership Month

By [Presidential Proclamation](#), June is designated as National Homeownership Month. As we conclude the first week of this commemorative month, the Department of Housing and Urban Development (HUD) and the Federal Housing Administration (FHA) continue to work to meet the needs of millions of low-to-moderate income and first-time homebuyers and homeowners.

We are committed to helping struggling homeowners, supporting a vibrant housing market, and recognizing the work that must be done to address a serious affordability gap. Our programs focus on developing new policies that will help increase access to credit to more individuals and families, particularly those of color and underserved communities. Additionally, we are breaking down racial and other barriers to homeownership and rooting out systemic racism from our housing market through strong enforcement of the Fair Housing Act.
