1. Introduction
1. Introduction

The Lender Electronic Assessment Portal (LEAP) is a central hub for all Federal Housing Administration (FHA) Lender Approval and Recertification activities. This includes:

- Managing lender Institution and Branch profile information
- Maintaining other lender data such as Cash Flow Accounts
- Submitting requests and receiving notifications
- Completing the annual Recertification process.

LEAP replaced the Lender Assessment Sub-System (LASS) for lender and Independent Public Accountant (IPA) submission of financial information, as well as the Lender Approval and Cash Flow Account Setup sections of FHA Connection.

1.1 System Requirements

LEAP requires one of the following Internet browsers/versions (or higher):

- Firefox 27
- Chrome 34
- Internet Explorer 8

The browser must have cookies enabled.

The user must currently have FHA Connection credentials and the appropriate permissions for LEAP. All LEAP Users should have, at a minimum, Institution View Only access. Permissions are controlled by each Institution’s FHA Connection Application Coordinators. Please contact an Application Coordinator to validate that all permissions are provisioned correctly.
2. How to Access LEAP
2. How to Access LEAP

Lender users with M-IDs and IPA users with I-IDs can access LEAP through FHA Connection by navigating to the LEAP link in the Lender Functions menu.

Sign on to FHA Connection, select Lender Functions from the Main Menu page, and then select Lender Electronic Assessment Portal (Figure 1).

Users should not access LEAP through browser bookmarks or the browser “Back” or “Forward” buttons, as this may cause unexpected behavior.
2.1 IPA User Registration

Unlike a lender, IPA’s do not access FHA Connection to register for a User ID. All auditors must access Secure Systems to begin the setup process for LEAP by registering as an Independent User. The following is the setup process for an IPA user:

1) Receive Independent User I-ID by registering in Secure Systems: (http://www.hud.gov/offices/reac/online/online_registration.cfm)

2) Lender’s FHA Connection Application Coordinator assigns the auditor I-ID the role of IPA.

3) IPA applies for an UII number. Only one UII number is generated per auditing firm so if the auditor already has a UII there is no need to apply for another.

4) The IPA UII number is provided to the lender and entered during the Recertification process.

For further information refer to “IPA Registration and Assignment Instructions” located on the LEAP Information page: (http://portal.hud.gov/hudportal/HUD?src=/program_offices/housing/sfh/lender/SFH_Lenders_LEAP).

2.2 Authorization Role Definitions

Each Institution’s FHA Connection Application Coordinator may assign one or more of the following LEAP roles to each user. When the user is granted multiple roles, the highest authorization level for each role applies. Due to the consolidation of Title I and Title II IDs for institutions with both authorities, LEAP roles are not specific to Title I or Title II authorities. Lender must insert FHA Lender ID into both the Title I and Title II boxes to access LEAP.

**Institution View Only** – Users must have this box checked in the FHA Connection to access LEAP. Users with “Institution View Only” authority will have “read-only” access to all Institution and Branch screens, Request screens, Notice of Material Event screens, and History screens.

**Institution Data Entry** – User can update Institution profile information including addresses and Principal-Agent affiliations. Read-write access to all Institution screens and the ability to submit requests, with the exception of voluntary withdrawal. Read-only access to Notice of Material Event screens and History screens.

**Branch Data Entry** – User can add Branches and update Branch profile information including personnel and addresses. Read-write access to all Branch screens, which include Areas Approved for Business. Read-only access to all Institution screens, Request screens, Notice of Material Event screens, and History screens.

**Notice of Material Events** – User can submit Notices of Material Events and Merger/Acquisition requests. Read-write access to all Notice of Material Event screens. Read-only access to all Institution and Branch screens, Request screens, and History screens.
screens. Users must have access to Change Requests to submit merger requests.

**Recertification Data Entry** – User can enter financial and audit related data (if applicable) for Recertification. Read-write access to Recertification screens for Lender Data Verification, Audit Related Questions, and Financial Data Entry. Read-only access to Recertification screens for Certification, Payment and Extension Request. Read-only access to all Institution screens, Request screens, Notice of Material Event screens, and History screens.

**Recertification Payment** – User can submit payment information for the Recertification fee. Read-write access to the Recertification screens for Payment and Extension Request. Read-only access to Recertification screens for Lender Data Verification, Certification, Audit Related Questions, and Financial Data Entry. Read-only access to all Institution screens, Request screens, Notice of Material Event screens, and History screens.

**Certifying Official** – User can complete the Certification step for Recertification. Read-write access to the Certification screen and the ability to submit a voluntary withdrawal. Read-only access to Recertification screens for Lender Data Verification, Audit Related Questions, Payment, and Financial Data Entry. Read-only access to all Institution screens, Request screens, Notice of Material Event screens, History screens, and Cash Flow Account Setup screens. An Institution can have a maximum of three individuals with the Certifying Official role, all of whom must be listed as Corporate Officers.

**Electronic Funds Transfer/Cash Flow Account Setup** – User can add, edit, and delete cash flow and Electronic Fund Transfer (EFT) accounts. Read-write access to all Cash Flow Account Setup and EFT Account Setup screens. Read-only access to all Institution screens, Request screens, Notice of Material Event screens, and History screens.

**Independent Public Accountant** – User can view, verify and attest to the Institution’s Recertification submission. Read-write access to all IPA screens. Read-only access to the Institution’s Audit Related Questions and Financial Data Entry screens. IPA users must have an I-ID registered through HUD Secure Systems and may have the IPA role assigned for multiple Institutions.

3.1 General Tips

This section outlines some general usability tips for interacting with the LEAP system. It also describes what a user can expect the first time they log into LEAP.

Additionally, the icons below are used throughout this document to indicate tips, warnings and/or important notes:

![TIP](image) *Suggested tip for a specific screen or process*

![Warning](image) *Warning or important note for a specific screen or process*
3.1.1 Administrative Contact Pop-Up

If the Institution does not already have an Administrative Contact identified the first time an Institution user logs into LEAP, the system will prompt the user to enter required information. The Administrative Contact is the point of contact associated with the Institution’s Administrative Address. The e-mail addresses associated with the Administrative Contact will receive all correspondence from LEAP.

Enter all required information and click “Save.” The user will not be able to proceed until this step has been completed. Once the Administrative Contact information has been saved, the Administrative Contact pop-up will not reappear for any future log-in.

Initial Administrative Contact Information pop-up

TIP For information on how to maintain and update the Institution Administrative Contact once it has been added, see section 5.1.5 – Maintaining Administrative Contact Information.
3.1.2 Attaching Documents

There are several screens that will either require or provide the option to submit supporting documentation via attachments.

When this option is available, the panel below will be displayed.

![Attachments Panel](image)

- **Small visual differences exist among different browsers when attaching documents.**

Upload the relevant attachment(s). To add more than one attachment, click the 🔄. To delete an attachment, click the ✖️.

- **Attachments cannot be larger than 5MB per file.**
3.1.3 Sorting On-Screen Information

It is possible to change the order of any column in LEAP by selecting and moving the column. In this example, the user wishes to move the “Status Date” column.

With the “Status Date” column selected, hold down and drag to the desired location.

The “Status Date” column will then appear in the new location.
LEAP enables the user to sort individual columns by hovering over the column header and selecting the up or down arrows that appear.

![LEAP Screen Shot](image.png)

### 3.1.4 On-Screen links

The following table describes the Home, Contact Us, Help, and Logout links that LEAP presents in the upper-right portion of the user’s screen. These links can be clicked at any time and will perform the action listed in the description column. “Logged in As” is not a link, but shows the user the Institution ID and Credential (M-ID, I-ID) that is currently logged into the system.

4.2 Institution Summary

The Institution Summary screen provides a quick reference for basic information about the Institution which includes Institution identification numbers, key dates, and program authorizations. This summary data is presented in four distinct panels below the menu bar.

Across the bottom portion of the Institution Summary, the user is presented with three additional panels:

- Notices – See section 4.2.1 - Notices
- Pending & Upcoming Activities – See section 4.2.2 – Pending & Upcoming Activities
- Outstanding Requests – See section 4.2.3 Outstanding Requests

Information located in these panels is updated in real time based on key dates and actions performed in LEAP. In this example, within the “Pending & Upcoming Activities” section, the user is being notified that the Institution’s Recertification is past due.
4.2.1 Notices

Notices provide the user with information regarding actions affecting the Institution. Notices do not require any further action by the Institution; they are simply a method for communicating status. All notices are deleted 30 days after they are created.

4.2.2 Pending & Upcoming Activities

Pending & Upcoming Activities display reminder messages when an action must be performed. For example, Pending & Upcoming Activities can include submitting an Institution’s Recertification package or responding to a proposed Credit Watch Termination. Pending & Upcoming Activities will be deleted only after the required action has been completed.

4.2.3 Outstanding Requests

Outstanding Requests display a Request or Notice of Material Event that has been submitted by an Institution and is under review by FHA. Outstanding Requests will continue to be displayed until FHA Approves, Disapproves, or Requests Additional Information on the request. If FHA Requests Additional Information, an e-mail will be sent to the Institution’s Administrative Contact and a Notice will be updated on the Institution Home Page. Outstanding Requests will be deleted once an Approve or Disapprove decision is made by FHA. If the Institution does not reply to a request for additional information in a timely manner, the package will be moved to a status of “Incomplete Submission”. When this status is selected, an automated email will be sent to the Institution’s Administrative Contact to notify the Institution of the rejection.
5. Institution
5. Institution

LEAP enables a user to manage the data associated with the Institution’s profile. To view or edit Institution-level information, click “Institution” from the Menu Bar and select from the available options, which include: Profile Details, Addresses, Corporate Personnel, Doing Business As Names, Affiliations, Areas Approved for Business, and Notice of Material Event.

Institution Summary
5.1 Updating the NMLS ID and UEI Number

Users can access the Institution - Profile Details section to get a quick high-level overview of identifying and summary information for their organization. Users needing to update their Nationwide Mortgage Licensing System ID (NMLS ID), or the Unique Entity Identifier (UEI), can do so by clicking the “Edit” button, entering the new value(s), and then saving the record by clicking “Ok”.

While the NMLS ID is a unique number that you can register for yourself or be obtained from your federally regulated employer, the UEI is for organizations that are currently doing business with or desire to do business with the Federal Government. Lenders and Institutions can obtain a UEI by registering with SAM.gov.

The UEI a unique twelve-digit alphanumeric value that cannot contain the letters “I” or “O” (to avoid confusion with one and zero) and cannot begin with the number “0”. Users are required to enter the value twice to avoid typos or “fat fingering” a character before committing the information to LEAP.

5.2 Addresses and Contact Information

There are eight possible addresses associated with the Institution; Administrative, CHUMS, Endorsement, Payee, Mailing, Premium, Servicing, and Geographic. Lenders must be authorized for servicing to update the servicing address.

The Administrative Address must have a designated point of contact (Administrative Contact). Point of contact information is optional for other addresses.

All addresses are validated with United States Postal Service (USPS).
5.2.1 Expanding Column Views

Users may have difficulty viewing the entirety of a field within the panel. The user may also like to copy the data. In order to view the details of each column and select the text for copy, the user may select the triple right arrow, followed by the “View” button, to open a pop-up.
Within the pop-up, the user may view the entire length of each field. The user may also select and copy and values.

5.2.2 Adding an Address

To add an address, click the Institution drop-down list on the Menu Bar and select “Addresses.” The Address and Contact Information panel will expand, and display all addresses currently on record for the Institution.

Click the “Add” button and enter the required fields.

⚠️ The Add button will only be active if there is a missing Address Type. If the Add button is inactive, use the edit button as described in section 5.1.3- Editing an Existing Address.
5.2.3 Editing an Existing Address

When a change associated with the Institution’s address is required, click the Institution drop-down list on the Menu Bar and select “Addresses.”

To edit an existing address, select the address by clicking on the specific address type, then click the “Edit” button.

The Institution must have one address designated as Geographic
Clicking the “Edit” button opens the Edit Address pop-up. Edit any of the allowable fields, and click “OK.”

⚠️ Fields that can be edited will have a white background, whereas fields that cannot be edited will have a grey background.

To add or change an address for a different Address Type, navigate back to the Address and Contact Information panel in the Institution Profile screen and click “Add” or “Edit.”
5.2.4 Updating Geographic Address to a Different State

The Geographic Address state cannot be edited directly by an Institution user. In order to change the Geographic Address to a different state, the Institution must submit a request to FHA with supporting documentation.

From the Institution Profile – Address and Contact panel, select the Geographic Address and click the “Edit” button. This opens the Edit Address pop-up. Click the “Click here to submit request for Geographic State Change” link located below the State data field box to submit a request to edit the address state.

Clicking this link opens the Requests screen. For details on submitting a request to FHA, see section 9 - Requests.
5.2.5 Editing an Address that USPS Does Not Recognize

After saving an address and clicking “OK,” if the address cannot be successfully validated with the USPS, an error message will appear in the Edit Address pop-up.

Normally, this will be due to an error that the user needs to correct, but in some rare cases the Institution may want to submit a request to FHA to override the error and add the address without USPS validation.

In these cases, click the “Click Here” link displayed in the error message.

Clicking this link opens the Requests screen, where the user may submit a request to add the address without USPS validation.

For details on submitting a request to FHA, see section 9 – Requests.
5.2.6 Maintaining Administrative Contact Information

The Administrative Contact associated with the Institution’s administrative address will be the primary contact for all interaction between LEAP and the lender. Each Institution must designate one primary Administrative Contact and may also designate a secondary e-mail address to receive LEAP-generated correspondence. If the Institution does not already have an Administrative Contact identified the first time an Institution user logs into LEAP, the system will prompt the user to enter required information.

⚠️ The Primary Administrative contact’s e-mail address will receive all correspondence from LEAP; therefore, it is critical that it be kept up-to-date.

To view the current Administrative Contact information, select Institution from the Menu Bar, and click “Addresses”. This opens the Institution Profile screen. Go to the Address and Contact Information panel, and refer to the Administrative Address.

![Institution Profile – Address and Contact Information Panel](image-url)

5.4.3 Deleting Doing Business As Names

To delete an existing DBA name, select the name and click “Delete” at the top of the Doing Business As Names panel.
5.5 Affiliations

FHA requires each Institution to identify Principal/Authorized Agent relationships. Principal-Authorized Agent relationships can only be entered into by lenders that possess unconditional Direct Endorsement approval (either forward or HECM). For a detailed description of acceptable Principal/Authorized Agent relationships, see FHA Single Family Housing Policy Handbook 4000.1.

Each relationship must be initiated by the Authorized Agent. The following sections will detail managing Affiliations. Institutions may only add other Institutions to their list of Principal Affiliations (thereby designating themselves as Authorized Agents for those Institutions).

To view affiliation information, click the Institution drop-down list from the Menu Bar and click “Affiliations”.

![Institution Summary – Highlighting Affiliations drop-down](image)
Selecting Affiliations opens the Institution Profile screen where the Principal and Agent Affiliations panels are expanded.

The Agent Affiliations panel displays all other Institutions that are affiliated with the subject Institution as Authorized Agents (for whom the subject Institution may act as the Principal).
5.5.1 Adding an Affiliation

To add a new Principal Affiliation, click the “Add” button in the Principal Affiliations panel of the Institution Profile screen.

*Institution Profile – Principal Affiliations expanded*
Clicking the “Add” button opens the Add Affiliated Institution pop-up.

The Recertification Status screen will show a green icon when a step is completed and a yellow icon if a step is in-process and needs further action to complete.

7.2 Recertification Processes

LEAP is designed to navigate the user through the Recertification process via the Recertification Status screen. As stated in section 7.1 – Lender Segments, each lender segment will have a specific Recertification process tailored to their segment.

The following sections provide a detailed overview of each Recertification process step.

7.2.1 Lender Data Verification

The Lender Data Verification step requires the user to verify that all Institution Profile information in LEAP is accurate.

To begin, click the “Start” button located to the right of Lender Data Verification on the Recertification Status screen.
This opens the Institution Profile screen where the user can view and edit any profile details, as necessary.

If all Institution information is correct, click “Confirm” on the top-right of the screen. If information needs to be edited, click “Edit” for the relevant section. Once editing is complete, click “Confirm.”

⚠️ Some Institution information changes may require submitting a request to FHA. If requests for changes to Institution information are still pending, the user can still confirm that the Lender Data Verification step is complete in order to move on to the next step in the Recertification. See section 5 – Institution for more information on editing Institution information.
After clicking “Confirm,” the Recertification Status screen opens with an updated status for each required step.

Recertification Status screen
7.2.2 Certification

The Certification process requires an Institution’s corporate officer to certify that the Institution was in compliance with all HUD-required certification statements. Anyone who submits false claims or false statements is subject to criminal and civil penalties, as indicated in the warning message.

In order to complete this process, the user must have the Certifying Official role (see section 2.1 – Authorization Role Definitions). The Institution’s FHA Connection Application Coordinator must grant this role to the appropriate user(s). An Institution can have a maximum of three individuals with the Certifying Official role.

Click the “Start” button to the right of Certification to begin this step. This opens the Certification screen.

![Certification screen]

On the Certification screen, check the box for each certification statement as appropriate.

⚠️ If the user cannot certify to any of the statements, see section 7.2.2.1 - Unable to Certify.
Once all certification statements have been checked, additional data fields are exposed.

Certification — Able to Certify

Enter information in all fields and click the “I Certify” button to complete the process. LEAP validates this information against FHA records to ensure that the current user has the appropriate authority to complete the Certification.

When the Certification step is complete, the Recertification Status screen reopens and the Certification button changes to View.
7.2.2.1 Unable to Certify

If the user is unable to certify to any of the statements on the Certification, the corresponding box is left unchecked.

For example, in the screen shot below, the user is unable to certify to statements 5, 6, and 10.

Since the user is not able to check all of the certification statements, the “I Certify” button is inactive, and the “Unable to Certify” button is active.

Click the “Unable to Certify” button to proceed.
This opens a pop-up detailing the statement(s) to which the user was unable to certify. Enter comments in each explanation field (comments are required).
Add any relevant attachments to further clarify the reasons for being Unable to Certify (attachments are optional).

Certification – Unable to Certify Explanations

The screen will display the details of each attachment.

Associate the attachment(s) to the relevant certification statement number(s) by checking the appropriate box in the Associated To column. Click “Submit.”

**TIP** In order to see all of the attachment details in the “Certification – Unable to Certify Explanations” pop-up, expand the window by clicking the bottom right corner and dragging to the desired height and width.

If the staff require clarification on any of the certification statements, the staff may request additional information from the lender. The lender will receive an email explaining the required information. The lender can then log back in to LEAP to provide the information. When logging in, the lender will see the below statement within the Pending & Upcoming Activities panel located on the home screen:

**Pending & Upcoming Activities – Provide Additional Certification Info**
The Lender can then return to the Recertification package and view the Certification form. On both the top and bottom of the Certification form, there is a button that can be selected to allow the lender to provide additional information. After selecting this button, a pop-up will appear allowing the lender to enter comments and attach additional files. The certification form is then resubmitted to OLAPC for review.

The OLAPC will review “unable to Certify” explanation and determine if the additional information is sufficient to agree to the exceptions to certification. If an agreement is made, the Lender will receive an email of agreement with exceptions to certification. The Lender will then certify with agreed upon exceptions.

If there is not an agreement to the exceptions to certification, the Lender must restart the recertification process.
7.2.3 Audit Related Questions

This section only applies to lenders that must submit audited financial statements. See section 7.1 – Lender Segments for more information.

Once the Lender Data Verification and Certification Processes are complete, the user can start the Audit Related Questions. Click the “Start” button to the right of Audit Related Questions on the Recertification Status screen to begin this step.

Enter each required field (*) in the Lender Owner/Comptroller panel. The Lender Owner/Comptroller is a point of contact at the Institution that can address audit-specific questions that FHA may have during its review of the Recertification package.

The Lender Owner/Comptroller information does NOT need to match the contact information for the user completing this data entry step.

Select the Save or Save & Return button at the top right of the screen at any time. Save will save the data entered and keep the user on the same screen. Save and Return will save the data entered and return the user to the Recertification Status page.
Answer all questions in the Questions and Documents panel.

**Audit Related Questions – Conditional Documents**
7.2.4 Financial Data Entry

Click the “Return” button to return to the Recertification Status page.

Lenders are responsible for informing the IPA after they submit the financials to IPA Review.

This opens the Submit Agreed Upon Procedures notice. Click “OK.”

IPA – Submit Agreed Upon Procedures pop-up

![IPA Error pop-up](image)

An e-mail is sent to the Institution’s Administrative Contact stating whether the IPA attested to all procedures. If no issues were discovered, the Institution can submit the Recertification package to HUD (see section 7.2.6.4 – IPA Attests to an Institution Financials). If issues were discovered, the Institution must correct and submit back to the IPA (see section 7.2.6.3 – IPA Does Not Attest to an Institution Financials).

**7.2.6.3 IPA Does Not Attest to an Institution’s Financials**

If the IPA Attester selects “Does Not Agree” to any procedure, LEAP will send the Institution’s Administrative Contact an e-mail notifying the Institution that the IPA did not attest to their submission. **7.2.6.4 IPA Attests to an Institution’s Financials**

If the IPA Attester selects Agrees to all procedures, LEAP will send the Institution’s Administrative Contact an e-mail notifying the Institution that the IPA attests to their submission.

The Institution Recertification Package is now available to the Institution to submit to HUD once all other sections of the package have been completed.

7.3 If FHA Rejects the Recertification Package

FHA may reject an Institution’s entire Recertification package due to noncompliance. When this occurs, the Institution must fill out a new Financial Data Entry and Audit Related Questions based on the Lender Segment. If the Institution is in the Non-Supervised, Supervised Large, or Investing segments then they must resubmit the Recertification Package to the IPA again for review and completion of the AUP.

The existing account will have the status of Active/Pending update and the new account will have the status of Prenote in process. Payments during this prenote period for this business area will be made using the existing (Active/Pending Update) cash flow account until the prenote is successfully completed.

11. Merger, Acquisition, or Purchase
11. Merger, Acquisition, or Purchase

When an FHA-approved Institution merges with, acquires, or purchases another FHA-approved Institution, LEAP facilitates the process by allowing the surviving Institution to submit all required details and documents to FHA for review. LEAP allows the surviving Institution to designate which branches will transfer from the non-surviving Institution and automatically transfers those branches to the surviving Institution upon completion of the merger.

⚠️ To notify FHA of any transaction involving an entity that is not FHA-approved, submit an Ad Hoc request in LEAP and include all relevant details and documents.

A user from the surviving Institution must initiate the process for a merger, acquisition, or purchase by submitting a Request in LEAP. To begin, click “Create New Request” from the Requests drop-down on the Menu Bar. The user must have access to Notice of Material events to initiate a merger request.

Once FHA has approved the merger, acquisition, or purchase, the non-surviving entity will be terminated, and the approval status will be changed to “Merged”. The branches selected for transfer will be approved under the surviving institution and issued new FHA ID numbers. The remaining branches will be terminated.

Select a Request Type of “Merger or Acquisition” and a Sub-Type of “Merger, Acquisition, or Purchase.” The Sub-Type is for informational purposes.

After receiving this e-mail, click “View/Edit Submitted Requests” from the Requests drop-down on the Menu Bar.
