Program Office:

Lead Hazard Control and Healthy Homes

Funding Opportunity Title:

Healthy Homes Production Grant Program for Tribal Housing

Funding Opportunity Number:

FR-6400-N-44

Primary CFDA Number:

14.913

Due Date for Applications:

08/24/2020

Overview

The U.S. Department of Housing and Urban Development (HUD) issues this Notice of Funding Availability (NOFA) to invite applications from eligible applicants for the program and purpose described within this NOFA. Prospective applicants should carefully read all instructions in all sections to avoid sending an incomplete or ineligible application. HUD funding is highly competitive. Failure to respond accurately to any submission requirement could result in an incomplete or noncompetitive proposal.

During the selection process HUD is prohibited from disclosing 1) information regarding any applicant's relative standing, 2) the amount of assistance requested by an applicant, and 3) any information contained in the application. Prior to the application deadline, HUD may not disclose the identity of any applicant or the number of applicants that have applied for assistance.

For Further Information Regarding this NOFA: Please direct questions regarding the specific requirements of this Notice of Funding Availability (NOFA) to the office contact identified in Section VII.

OMB Approval Number(s):

2539-0015

I. FUNDING OPPORTUNITY DESCRIPTION.**A. Program Description.****1. Purpose**

The Healthy Homes Production (HHP) Program is part of HUD's overall Healthy Homes Initiative launched in 1999. The program takes a comprehensive approach to addressing multiple childhood diseases and injuries in the home by focusing on housing-related hazards in a coordinated fashion, rather than addressing a single hazard at a time. The program builds upon HUD's experience with Lead Hazard Control programs to expand the Department's efforts to address a variety of high-priority environmental health and safety hazards.

Applicants receiving an award will be expected to accomplish the following objectives:

1. Maximize both the number of vulnerable residents (such as, specifically children and elderly residents) protected from housing-related environmental health and safety hazards and the number of housing units where these hazards are controlled;

2. Identify and remediate priority housing-related health and safety hazards in privately owned, low-income rental and/or owner-occupied housing, especially in units and/or buildings where families with children, elderly families, or families with persons with disabilities reside;
3. Promote cost-effective and efficient healthy home methods and approaches that can be replicated and sustained;
4. Support public education and outreach that furthers the goal of protecting children and other vulnerable populations from housing-related health and safety hazards;
5. Build local capacity to operate sustainable programs that will prevent and control housing-related environmental health and safety hazards in low- and very low-income residences, and develop a professional workforce that is trained in healthy homes assessment and remediation principles;
6. Promote integration of this grant program with housing rehabilitation, property maintenance, weatherization, healthy homes initiatives, other lead-based paint hazard control programs, other health and safety programs, and energy efficiency improvement activities and programs;
7. Build and enhance partner resources to develop the most promising, cost-effective methods for identifying and controlling key housing-related environmental health and safety hazards;
8. Promote collaboration, data sharing, and targeting between health and housing departments;
9. Ensure to the greatest extent feasible that job training, employment, contracting, and other economic opportunities generated by this grant will be directed to low- and very-low income persons, particularly those who are recipients of government assistance for housing, and to businesses that provide economic opportunities to low- and very low-income persons in the area in which the project is located. For more information, see 24 CFR 135 (Section 3);
10. Further environmental justice, the fair treatment and meaningful involvement of all people within the target communities regardless of race, color, national origin, disability, religion, sex, familial status or income regarding the development, implementation, and enforcement of environmental laws, regulations, and policies;
11. Comply with Section 504 of the Rehabilitation Act of 1973 (“Section 504”) and its implementing regulations at 24 CFR 8, and Titles II and III of the Americans with Disabilities Act. Each of these prohibits discrimination based on disability; and
12. Obligation to comply with the Fair Housing Act and Title VI of the Civil Rights Act of 1964 and to affirmatively further fair housing. Note that besides being an “objective” of this NOFA, the obligation to affirmatively further fair housing is also a civil rights related statutory and program requirement.

2. Changes from Previous NOFA.

1. Project managers will be required to dedicate at least .5 FTE to the grant .1.
2. Awardees of the 2018 and 2019 grants are not be eligible to apply.

3. The grant period of performance will be increased from 36 months to 42 months.
4. Preference points will be awarded for projects in opportunity zones and promise zones.

3. Definitions.

a. Standard Definitions

Affirmatively Furthering Fair Housing (AFFH). The obligation to affirmatively further the purposes and policies of the Fair Housing Act.

Assistance Listings (formerly CFDA) is a directory of the various Federal listings, projects, services and activities offering financial and non-financial assistance and benefits to the American public. An Assistance Listing (CFDA) Number is the unique number assigned to each program, project, service or activity listed in the Catalog of Federal Domestic Assistance (CFDA).

Authorized Organization Representative (AOR) is the person authorized to submit applications on behalf of the organization via Grants.gov. The AOR is authorized by the E-Biz point of contact in the System for Award Management. The AOR is listed in item 21 on the SF-424.

Award, as used in this NOFA means a federal grant OR cooperative agreement as specified in Section II.E (Type of Funding Instrument).

Consolidated Plan is a document developed by states and local jurisdictions. This plan is completed by engaging in a participatory process to assess their affordable housing and community development needs and market conditions, and to make data-driven, place-based investment decisions with funding from formula grant programs. (See 24 CFR part 91 for more information about the Consolidated Plan and related Action Plan).

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this NOFA does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward (See 2 CFR 200.22.)

Contractor means an entity receiving a contract.

Deficiency is information missing or omitted within a submitted application. Examples of deficiencies include missing documents, information on a form, or some other type of unsatisfied information requirement (e.g., an unsigned form, unchecked box.). Depending on specific criteria, deficiencies may be either curable or non-curable.

- Curable Deficiency – Applicants may correct a curable deficiency with timely action.

To be curable the deficiency must:

- Not be a threshold requirement, except for documentation of applicant eligibility;
- not influence how an applicant is ranked or scored versus other applicants; and
- be remedied within the time frame specified in the notice of deficiency.

- **Non-Curable Deficiency** – An applicant cannot correct a non-curable deficiency after the submission deadline.

Non-curable deficiencies are deficiencies that, if corrected, would change an applicant's score or rank versus other applicants. Non-curable deficiencies may result in an application being marked ineligible, or otherwise adversely affect an application's score and final determination.

DUNS Number is the nine-digit identification number assigned to a business or organization by Dun & Bradstreet and provides a means of identifying business entities on a location-specific basis. Requests for a DUNS number can be made by visiting the Online DUNS Request Portal.

Eligibility requirements are mandatory requirements for an application to be eligible for funding.

Grants.gov is the website serving as the Federal government's central portal for searching and applying for federal financial assistance throughout the Federal government. Registration on Grants.gov is required for submission of applications to prospective agencies unless otherwise specified in this NOFA.

Non-Federal Entity is a state, local government, Indian tribe, institution of higher education (IHE), or non-profit organization carrying out a Federal award as a recipient or sub recipient. If eligible applicants under the NOFA include for profit entities, this definition of non-federal entity includes for profit entities.

Opportunity Zone (OZs) are defined in 26 U.S.C. 1400Z-1. In general, OZs are census tracts located in low-income communities where new investments, under certain conditions, may be eligible for preferential tax treatment.

Point of Contact (POC) is the person who may be contacted with questions about the application submitted by the AOR. The POC is listed in item 8F on the SF-424.

Promise Zones (PZs) are high poverty communities where the federal government partners with local leaders to increase economic activity, improve educational opportunities, leverage private investment, reduce violent crime, enhance public health and address other priorities identified by the community.

Recipient means a non-Federal entity receiving an award directly from HUD to carry out an activity under a HUD program.

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the recipient. It does not include payments to a contractor or payments to an individual beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract. The legal agreement must contain the subrecipient's assurance of compliance with program requirements, including but not limited to nondiscrimination and equal opportunity requirements.

Subrecipient is a non-Federal entity receiving a subaward from a pass-through entity to carry out part of a HUD program; but does not include an individual beneficiary of such program. A subrecipient may also receive other Federal awards directly from a Federal awarding agency (including HUD).

System for Award Management (SAM), is a U.S. Government system that consolidated the capabilities of Central Contractor Registry (CCR), Excluded Parties List System (EPLS) and the Online Representations and Certifications Application (ORCA). Registration with SAM is required for submission of applications via Grants.gov. You can access the website at <https://www.sam.gov/SAM/>. There is no cost to use SAM.

Threshold Requirements are an eligibility requirement that must be met for an application to be reviewed. Threshold requirements are not curable, except for documentation of applicant eligibility and are listed in Section III.D Threshold Eligibility Requirements. Similarly, there are eligibility requirements under Section III.E, Statutory and Regulatory Requirements Affecting Eligibility.

Unique Entity Identifier is a number used to identify a specific commercial, nonprofit, or government entity. SAM states that currently Dun & Bradstreet (D&B) is the designated entity to establish and maintain the DUNS Number as the unique entity identifier required for registration in SAM and further used throughout federal procurement, financial assistance, and financial management systems. Beginning December 2020, the DUNS number will no longer be the official identifier for entities doing business with the government.

4. Program Definitions

Capacity Building. Providing resources to build local capacity for the work to address housing related health hazards, including but not limited to lead-based paint hazard control work. This could include delivery of Essentials for Healthy Homes Practitioners Course and completion of other HUD-approved courses that further the effectiveness of healthy homes initiatives, housing-related health hazards interventions, weatherization, as well as lead hazard control interventions

Document. When the NOFA asks you to document something it means that you should provide written information and/or data in your application to satisfy that particular NOFA requirement.

Equipment. Any purchase or lease of equipment having a per-unit cost in excess of \$5,000, except for the purchase or lease of one X-ray fluorescence (XRF) analyzer to be used exclusively by the grant program. Award recipients that purchase (XRF) analyzers must submit the General Services Administration's annual Tangible Personal Property Report, and its components, Standard Form (SF) 428 and SF 428-A through 428-D, the Annual Report, the Final (Award Closeout) Report, and the Disposition Report/Request, and, if needed, the Supplemental Sheet (see <https://www.grants.gov/web/grants/forms.html>).

Federal Awardee Performance and Integrity Information System (FAPIIS) is a database that has been established to track contractor misconduct and performance.

Insurance. Securing liability insurance for housing-related environmental health and safety hazard evaluation and control activities, if the scope of the insurance is restricted to work under this grant. Note: If the scope of the insurance is restricted to work under this grant; the cost is a direct cost. If the scope of the insurance is not restricted to work under this grant, such as insurance for facilities or those costs covered under an indirect cost rate plan, the insurance cost is considered an indirect cost.

Lead Safe Housing Rule compliance. Conducting planning, coordination, and training activities to comply with HUD's Lead Safe Housing Rule (24 CFR 35, subparts B-R). These activities must support the expansion of a workforce properly trained in lead-safe work practices that is available to conduct interim controls on HUD-assisted housing covered by these regulations. Activities should also include outreach and collaboration to Public Housing Agencies serving the community.

Low Income Family. A family whose income does not exceed 80 percent of the median income for the area, as determined by HUD with adjustments for smaller and larger families. However, HUD may establish income ceilings higher or lower than 80 percent of the median for the area on the basis of HUD's findings that such variations are necessary because of prevailing levels of construction costs or unusually high or low family incomes. HUD's most recent income limits are posted at huduser.gov/portal/datasets/il.html.

Occupant Blood Testing. Conducting pre-hazard control blood lead testing of persons residing in or frequently visited units undergoing lead hazard control work.

Professional Certifications and Licenses. Securing and maintaining certification and licenses for identification, remediation, and clearance of lead and other housing-related health and safety hazards. There are no specific healthy homes certifications required, however it is encouraged that some healthy homes related training is received by the grantee.

Section 3 Business Concern means a business concern (1) 51 percent or more owned by Section 3 residents; or (2) of which at least 30 percent of permanent, full-time employees are currently Section 3 residents, or were Section 3 residents within three years of the date of first employment with the business concern; or (3) provides evidence of a commitment to subcontract over 25 percent of the dollar award of all subcontracts to be awarded to business concerns meeting the qualifications in this definition.

Section 3 Residents means: 1) Public housing residents; or 2) Low and very-low income persons, as defined in 24 CFR 135.5, who live in the metropolitan area or non-metropolitan county where Section 3 covered assistance is expended.

Standard Form 424 (SF424) Application for Federal Assistance Programs, required by discretionary grant programs.

Tribal Resolution. The formal manner in which the Tribal government expresses its legislative will in accordance with its organic documents. In the absence of such organic documents, a written expression adopted pursuant to Tribal practices will be acceptable.

Tribally designated housing entity or Native American Tribal organization. For the purposes of this NOFA:

- Tribally designated housing entity (TDHE) (as defined under 4(22) of NAHASDA)
- Indian Tribes (as defined under section 4(13) of NAHASDA)

B. Authority.

The Healthy Homes Production Program is authorized under Section 501 and 502 of the Housing and Urban Development Act of 1970 (12 U.S.C. § 1701z-1 and z-2), and funding is provided by the [Consolidated Appropriations Act, 2019, P.L. 116-6, approved February 15, 2019](#) and the [Further Consolidated Appropriations Act, 2020, P.L. 116-94, approved December 20, 2019](#) and [prior year appropriations](#) . This program is administered under HUD's Office of Lead Hazard Control and Healthy Homes (OLHCHH).

II. Award Information.

A. Available Funds

Funding of approximately **\$ 12,000,000** is available through this NOFA. Additional funds may become available for award under this NOFA, because of HUD's efforts to recapture funds, use carryover funds, or because of the availability of additional appropriated

funds. Use of these funds is subject to statutory constraints. All awards are subject to the funding restrictions contained in this NOFA.

B. Number of Awards.

HUD expects to make approximately 12 awards from the funds available under this NOFA.

C. Minimum/Maximum Award Information

The maximum award amount for the Healthy Homes Production Program grant (Catalog of Federal Domestic Assistance (CFDA) number 14.913) is \$1,000,000. The minimum award amount is \$500,000.

Estimated Total Funding:

\$ 12,000,000

Minimum Award Amount:

\$ 500,000

Per Project Period

Maximum Award Amount:

\$ 1,000,000

Per Project Period

D. Period of Performance

Estimated Project Start Date:

09/30/2020

Estimated Project End Date:

03/30/2024

Length of Project Periods:

Other

Length of Periods Explanation of Other:

The period of performance is expected to be 42 months project and budget period, ending 03/30/2024

E. Type of Funding Instrument.

Funding Instrument Type:

G (Grant)

F. Supplementation.

For this NOFA, sub-section "F. Supplementation" is Applicable

III. Eligibility Information.

A. Eligible Applicants.

Native American tribal governments (Federally recognized)

Native American tribal organizations (other than Federally recognized tribal governments)

Information on Eligible Applicants

- Indian Tribes (as defined under section 4(13) of NAHASDA)
- Tribally designated housing entity (TDHE) (as defined under 4(22) of NAHASDA)

Applications submitted by a TDHE on behalf of an Indian Tribe(s) must include a Tribal resolution(s) authorizing the TDHE to submit an application on behalf of the Tribe(s). An Indian Tribe that authorizes a TDHE to apply on its behalf may not submit its own application for funding. Such applications will not be evaluated.

B. Ineligible Applicants.

Individuals, foreign entities, and sole proprietorship organizations are not eligible to compete for, or receive, awards made under this announcement.

C. Cost Sharing or Matching.

This Program does not require cost sharing or matching.

This Program requires an applicant to leverage resources through cost sharing or matching as described below. All match sources must be indicated on the SF424 within lines 18b - e and on the Form HUD 424_CBW columns H-O. Generally, Federal sources are not allowed to be used as cost share or match unless otherwise permitted by a program's authorizing statute (for example, HUD's Community Development Block Grants program or the Indian Housing Block Grant programs).

There are no statutory cost sharing requirements for this NOFA. Programmatic leveraging requirements are described Section III.F.2 below .

D. Threshold Eligibility Requirements.

Applicants who fail to meet any of the following threshold eligibility requirements will be deemed ineligible. Applications from ineligible applicants will not be evaluated.

1. Outstanding civil rights matters must be resolved to HUD's satisfaction prior to grant award, provided that all applicable legal processes have been satisfied.

2. Timely Submission of Applications. Applications submitted after the deadline stated within this NOFA that do not meet the requirements of the grace period policy will be marked late. Late applications are ineligible and will not be considered for funding. See Section IV. D. Application Submission Dates and Times.

3. Applicants having any of the charges, cause determinations, lawsuits, or letters of findings referenced in subparagraphs [\(1\) - \(5\)](#) that have not been resolved to HUD's satisfaction before or on the application deadline date are ineligible for funding. Such matters include:

1. Charges from HUD concerning a systemic violation of the Fair Housing Act or receipt of a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of a substantially equivalent state or local fair housing law proscribing discrimination because of race, color, religion, sex, national origin, disability or familial status;

2. Status as a defendant in a Fair Housing Act lawsuit filed by the Department of Justice alleging a pattern or practice of discrimination or denial of rights to a group of persons raising an issue of general public importance under 42 U.S.C. 3614(a);

3. Status as a defendant in any other lawsuit filed or joined by the Department of Justice, or in which the Department of Justice has intervened, or filed an amicus brief or statement of interest, alleging a pattern or practice or systemic violation of Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Section 109 of the Housing and Community Development Act of 1974, the Americans with Disabilities Act or a claim under the False Claims Act related to fair housing, non-discrimination, or civil rights generally including an alleged failure to affirmatively further fair housing;

4. Receipt of a letter of findings identifying systemic non-compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Section 109 of the Housing and Community Development Act of 1974; or the Americans with Disabilities Act; or

5. Receipt of a cause determination from a substantially equivalent state or local fair housing agency concerning a systemic violation of provisions of a state or local law prohibiting discrimination in housing based on sexual orientation, gender identity, or lawful source of income.

4. HUD will determine if actions to resolve the charge, cause determination, lawsuit, or letter of findings taken before the application deadline date will resolve the matter. Examples of actions that may be sufficient to resolve the matter include, but are not limited to:

- Current compliance with a voluntary compliance agreement signed by all the parties;
- Current compliance with a HUD-approved conciliation agreement signed by all the parties;
- Current compliance with a conciliation agreement signed by all the parties and approved by the state governmental or local administrative agency with jurisdiction over the matter;
- Current compliance with a consent order or consent decree;
- Current compliance with a final judicial ruling or administrative ruling or decision; or
- Dismissal of charges.

E. Statutory and Regulatory Requirements Affecting Eligibility.

Eligibility Requirements for Applicants of HUD's Grants Programs

The following requirements affect applicant eligibility. Detailed information on each requirement is posted on [HUD's Funding Opportunities Page](#).

- Outstanding Delinquent Federal Debts
- Debarments and/or Suspensions
- Pre-selection Review of Performance
- Sufficiency of Financial Management System

- False Statements
- Mandatory Disclosure Requirement
- Prohibition Against Lobbying Activities
- Equal Participation of Faith-Based Organizations in HUD Programs and Activities

F. Program-Specific Requirements Affecting Eligibility.

1. Eligible activities.

Administrative Costs. You may utilize up to 10 percent of the federal award for payments of reasonable grant administrative costs related to planning and executing the project, preparation/submission of HUD reports, etc. Administrative costs must be reflected under each appropriate line items (e.g., salaries, fringe, supplies, on the Form HUD_424_CBW) and a detailed cost element breakdown in the budget narrative must be provided. The 10 percent administrative cost cap for this program must include any indirect cost rates placed in HUD share budget columns, as well as the sum of the budget line items that have inherent administrative costs, plus any administrative costs of sub recipient organizations (also detailed by budget line item and budget narrative). The 10% cap does not include in-kind or leveraging resources contributed by the awardee.

There are two categories of administrative costs: direct administrative costs and indirect costs. For the purposes of this grant, all direct administrative costs and all indirect costs count towards the 10 percent administrative cost limit.

(1) Direct Administrative Costs. Direct administrative costs are the reasonable, necessary, allocable, and otherwise allowable costs of general management, oversight, and coordination of the grant (i.e., program administration). Such costs include, but are not necessarily limited to, expenditures for:

(a) Salaries, wages, fringe benefits, and related costs of the recipient's staff engaged in program administration that can be specifically identified with the grant. Program administration includes, but is not limited to, the following types of activities:

- Providing local officials and citizens with information about the program, except for targeted outreach, affirmative marketing, education or outreach for lead hazard control programs;
- Preparing program budgets and schedules, and amendments thereto;
- Developing systems for assuring compliance with program requirements, except for participating in technical studies, or developing information systems to enhance the delivery, analysis, or conduct healthy homes and/or lead hazard control activities;
- Developing interagency agreements and agreements with sub recipients and contractors to carry out program activities;
- Monitoring program activities for progress and compliance with program requirements, except for on-site monitoring of healthy homes and/or lead hazard control;
- Preparing reports and other documents related to the program for submission to HUD;
- Coordinating the resolution of audit and monitoring findings;
- Evaluating program results against stated objectives;
- Managing or supervising persons whose primary responsibilities with regard to the program include such assignments as those described in paragraphs 1 and 2 of this section (above);

- Travel costs incurred for official business in general program administration that can be specifically identified with the grant program;
- Transportation costs incurred for general program administration that can be specifically identified with the grant program;
- Equipment, supplies (especially office supplies), and materials used for program administration that can be specifically identified with the grant program;
- HUD-required or HUD-approved trainings and/or conferences; and
- Certification and licensing costs required for program administration responsibilities.
- Securing liability insurance for housing-related environmental health and safety hazard evaluation and control activities is an administrative cost. See definition of “Insurance” in Section I.A.4.

(2) Indirect Costs, if applicable. Indirect facilities and administrative (F&A) costs are, by nature, administrative and represent the expenses of doing business that are not readily identified exclusively with a specific grant, contract, project function or activity, but are necessary for the general operation of the organization and the conduct of activities it performs. These types of costs are often referred to as overhead costs. 2 CFR 200, subpart E Cost Principles, establishes the federal requirements for the determination of allowable and unallowable direct and indirect (F&A) costs, and is available at: <https://www.ecfr.gov/cgi-bin/text-idx?node=2:1.1.2.2.1.5&rgn=div6>. Indirect (F&A) costs may only be charged to an OLHCHH grant program under a cost allocation plan or an indirect cost rate agreement or in accordance with the requirements of 2 CFR 200.414(f), on the de minimis rate.

Healthy Homes Direct Costs. Healthy homes direct costs are defined specifically as the performance of healthy homes identification and remediation activities. Awardees must expend at least 65 percent of grant funds on direct healthy homes remediation and related activities including:

- Outreach, Education, and Training [for residents in a specific home](#). Conducting targeted outreach, affirmative marketing, education or outreach programs on housing related health and safety hazards that will result in an increase of [awareness and participation in the grant program activities](#) or that are designed to increase the ability of the program to deliver grant program services.
- Identification and remediation of housing-related health and safety hazards to identify and correct hazardous conditions that pose a likelihood of harm to occupant health, if not addressed. Should lead-based paint hazards be identified, they should be remediated.
- Conducting sampling and analysis for lead, allergens, carbon monoxide, and/or other housing-related health and safety hazards as appropriate, following established protocols and procedures when possible. Residential paint, soil, or dust samples to be analyzed for lead must be analyzed by a laboratory recognized by the U.S. Environmental Protection Agency's (EPA's) National Lead Laboratory Accreditation Program (NLLAP) (epa.gov/lead/pubs/nllap.htm) with the recognition under NLLAP applicable to the medium analyzed. Samples to be analyzed for mold must be submitted to a laboratory accredited by the Environmental Microbiological Laboratory Accreditation Program (EMLAP), administered by the American Industrial Hygiene Association (AIHA) Laboratory Accreditation Programs, LLC.

- Re-evaluation or clearance of the remediation activities being completed.
- Assisting temporary relocation of families forced to vacate housing while hazard reduction measures are being conducted.

Other Allowable Costs. Costs for the activities below are allowable costs but should not be counted as direct costs:

- Purchasing or leasing equipment having a per-unit cost under \$5,000.
- Supporting data collection, analysis, and evaluation of grant program activities. This includes compiling and delivering such data as may be required by HUD.
 - Providing resources to build capacity for healthy homes interventions, including delivery of HUD-approved training courses to housing rehabilitation contractors, rehabilitation workers, renovators, remodelers, homeowners, renters, painters, maintenance staff, health practitioners, and others conducting renovation, rehabilitation, maintenance, hazard control, or other work in private housing; subsidies for licensing or certification fees to low-income persons seeking credentials as healthy housing practitioners, lead sampling technicians or certified renovators; and completion of other HUD-approved courses that further the effectiveness of hazard control interventions or promote the integration of this grant program with housing rehabilitation, property maintenance, weatherization, and housing-related health hazard interventions, such as the Healthy Homes Practitioners Training Course or the Healthy Homes for Code Inspectors Course. Applicants are not permitted to allocate more than one (1) percent of their federal award to training activities.
 - Conducting targeted outreach, affirmative marketing, or education that helps promote participation in the program and further the goal of protecting children and other vulnerable populations from housing-related health hazards, including providing access to these program benefits and information to Limited English Proficient (LEP) individuals through language assistance services, in accordance with the *Final Guidance to Federal Financial Assistance Recipients Regarding Title VI, Prohibition Against National Origin Discrimination Affecting Limited English Proficient Persons* published on January 22, 2007 in the *Federal Register*, at 72 *Fed. Reg.* 2732 and Executive Order 13166 Improving Access to Services for Persons with Limited English Proficiency (LEP). The recipient must adopt and implement procedures to ensure that interested persons (including persons with impaired vision or hearing) can obtain information concerning the existence and location of accessible services, activities, and facilities. See 24 CFR 8.6(b). Recipients must take appropriate steps to ensure that information and communications related to all training, education, marketing, and outreach activities conducted pursuant to this NOFA are provided in a manner that is effective for persons with hearing, visual, and other communication-related disabilities or provide other means of accommodation for persons with disabilities consistent with Section 504 of the Rehabilitation Act of 1973 and HUD's Section 504 regulations, and Titles II or III of the ADA and implementing regulations. Recipients must provide appropriate auxiliary aids and services necessary to ensure effective communication. See 24 CFR 8.6; 28 CFR 35.160, 36.303. Meetings must be held, and services provided in facilities that are

physically accessible to persons with disabilities. Where physical accessibility is not achievable, successful applicants must give priority to alternative methods of product or information delivery that offer programs and activities to qualified individuals with disabilities in the most integrated setting appropriate under HUD's implementing regulations for Section 504 of the Rehabilitation Act of 1973 (See 24 CFR 8, subpart C.). HUD encourages its funding recipients to adopt the goals and objectives of Section 508 of the Rehabilitation Act by ensuring, when developing, procuring, maintaining, or using electronic information technology (EIT) that the EIT allows persons with disabilities to access and use the information and data comparably as is made available to and used by persons without disabilities unless an undue burden would result to the recipient.

- Evaluating the effectiveness of hazard remediation conducted under this grant to assess how healthy homes interventions affect the health of the population being served relative to the population at large.
- Purchasing resident supplies, to include environmentally safe or low-toxicity cleaning supplies, integrated pest management kits, or household safety items as required with the identified housing related health hazards and direct intervention activities.

2. Program Requirement and Prohibitions.

1. **Trained and Certified Professionals.** If lead hazard control activities are performed with healthy homes activities, they must be conducted by persons qualified according to 24 CFR Part 35, subparts B-R (possessing certification as abatement contractors, risk assessors, inspectors, abatement supervisors, abatement workers, or sampling technicians; or others having been trained in a HUD-approved course in lead-safe work practices), and all firms and persons (both workers and supervisors) conducting lead hazard control activities must be certified in accordance with the EPA's Renovation, Repair, and Painting (RRP) Rule (see 40 CFR Part 745 and <http://www.epa.gov/lead/pubs/renovation.htm>). All other investigations and activities must be conducted by licensed or certified professionals as required by the jurisdiction's requirements.
2. **Compliance with HUD Regulations and Guidelines.** Lead hazard evaluation and control work that is conducted in part with healthy homes activities shall be conducted in compliance with HUD's Lead Safe Housing Rule, 24 CFR Part 35, subparts B-R, the current HUD Guidelines, the EPA's Renovation, Repair and Painting Rule, found within 40 CFR Part 745 (see <http://www.epa.gov/lead/pubs/renovation.htm>) and applicable federal, state and local regulations and guidance.
3. **Testing and Sampling Requirements.** All testing and sampling shall comply to current CDC Guidelines and Recommendations, HUD Guidelines, the EPA standards, and federal, state, or Tribal regulations developed as part of the appropriate contractor certification program, whichever is most stringent.
4. **Lead-Based Paint and Lead-Based Paint Hazard Identification.** Should the presence of lead be suspected after conducting a healthy homes inspection, a complete lead-based paint inspection, lead hazard risk assessment, and report are required. Presumption of the presence of lead-based paint hazards is not allowed. Paint inspections and risk assessments must follow the procedures as defined in the current HUD Guidelines for the

Evaluation and Control of Lead- Based Paint Hazards in Housing and as defined by the policies of the OHHLHC Lead-Based Paint Hazard Control Program.

5. **Clearance Testing.** If lead-based paint hazards are identified and remediated as part of healthy homes assessment and remediation, clearance must be conducted either after the lead hazard control work is completed, and again after any healthy homes remediation work is completed, or after all of the lead hazard control and/or healthy homes remediation work is completed. In either case, clearance must be successfully completed before re-occupancy.
6. **Integrated Pest Management (IPM).** All activities to reduce or control pest infestations shall be conducted in accordance with IPM practices and principles. IPM uses current, comprehensive information on the life cycles of pests and their interaction with the environment. This information, in combination with available pest control methods, is used to manage pest damage by the most economical means, and with the least possible hazard to people, property and the environment (see <http://www.epa.gov/opp00001/factsheets/ipm.htm#what>).
7. **Dust Sampling Protocol.** Collection of settled dust samples for environmental allergen analysis (e.g., cockroach, dust mite) must follow HUD's standard dust sampling protocol, which is posted on the OHHLHC website under "Grantee Resources" at <http://www.hud.gov/programoffices/healthyhomes/lbp/lhc>. If you choose to use a different protocol, you must provide a compelling technical justification to HUD.
8. **Cooperation with Related Research and Evaluation.** You must cooperate fully with any research or evaluation sponsored by HUD or another government agency associated with this grant program, including preservation of project data and records and compiling requested information in formats provided by the researchers, evaluators or HUD. This also may include the compiling of certain relevant local demographic, dwelling unit, and participant data not contemplated in the original proposal. Participant data shall be subject to the Privacy Rule of the Health Insurance Portability and Accountability Act of 1996 (HIPAA). HIPAA and the Privacy Rule can be found at <http://www.hhs.gov/ocr/hipaa>. For the programs in this NOFA, HUD does not expect research to be conducted that could affect human subjects. See paragraph 13, below.
9. **Data Collection.** You must collect, maintain, and provide to HUD the data necessary to document and evaluate grant program outputs and outcomes.
10. **Economic Opportunities for Low- and Very Low-Income Persons (Section 3).** Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. § 1701u) applies directly to the grantee (see 24 CFR Part 135.3(a)(2)(i)). The purpose of Section 3 is to ensure that training, employment or contracting opportunities created during the grant will, to the greatest extent feasible, but not in derogation of their compliance with Indian Preference requirements from the Indian Self-Determination and Education Assistance Act, (See Section 3 regulations at 24CFR 135.3(c) be directed to low- and very low-income persons, particularly those who are recipients of government assistance for housing, and to business concerns which provide economic opportunities to low- and very low-income persons in the area in which the project is located. Any contractor, subcontractor or sub-grantee receiving contracts under the grant totaling \$100,000 or more, and any grantee receiving an award exceeding \$200,000, must comply with the Section 3 requirements for any new training, hiring or contracting opportunities under those contracts.

11. **Code of Conduct.** Prior to entering into a grant agreement with HUD, successful applicants will be required to submit a copy of their organization's Code of Conduct and describe the methods they will use to ensure that all officers, employees, and agents of their organization are aware of their Code of Conduct. All applicants will be required to submit a Code of Conduct, and the applicant will be listed on HUD's Code of Conduct website: hud.gov/program_offices/spm/gmomgmt/grantsinfo/conduct.
12. **Coordination among Critical Agencies.** HUD encourages applicants to enter into collaborative arrangements with childhood lead poisoning prevention programs, health agencies, housing agencies, community development agencies, community-based language assistance organizations, fair housing organizations and code enforcement agencies (or equivalent) for your target area(s). Also, HUD encourages grantees to work with State or other governmental agencies and non-governmental organizations to identify vulnerable populations in the applicant's jurisdiction, such as working with Medicaid to identify children with elevated blood lead levels and collaborate to conduct environmental investigations in the home to identify and address other significant environmental health hazards.
13. **Institutional Review Board (IRB).** For the programs in this NOFA, funds should not be used for research that could affect human subjects.
14. **Waste Disposal.** Applicants must handle waste disposal according to the requirements of the appropriate local, state, and federal regulatory agencies. Applicants must handle disposal of wastes from hazard control activities that contain lead-based paint but are not classified as hazardous in accordance with state or local law or the current HUD Guidelines. The Guidelines are available from the HUD website at <https://www.hud.gov/sites/documents/LBPH-12.PDF>.
15. **Worker Protection Procedures.** Applicants must observe the procedures for worker protection established in the current HUD Guidelines, as well as the requirements of the Occupational Health and Safety Administration (OSHA) (29 CFR Part 1910.1025, Lead, and/or 1926.62, Lead Exposure in Construction, as applicable), or the state or local occupational safety and health regulations, whichever are most protective. If other applicable requirements contain more stringent requirements than the current HUD Guidelines, the more rigorous standards shall be followed.
16. **Temporary Relocation.** HUD expects that most temporary displacement (relocation) for hazard control work would be for 10 days or less. Assisting temporary relocation of families forced to vacate housing while hazard reduction measures are being conducted is an eligible activity under [this NOFA and families must be treated fairly and equitably](#). Such tenant-occupants are entitled to receive temporary relocation assistance pursuant to the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA), 42 U.S.C. § 4601-4655, as described in URA regulations at 49 CFR section 24.2(a)(9)(ii)(D) and the corresponding Appendix A to Part 24. Owner-occupants temporarily relocating while hazard reduction measures are conducted pursuant to this NOFA are not entitled to URA relocation assistance. You can access these regulations from the Government Printing Office website at <https://bookstore.gpo.gov/CFR>. When persons with disabilities are temporarily relocated, they must be offered housing that contains appropriate accessibility features to meet their disability-related needs (see 24 CFR 8.4 and 8.20).

17. **Notification Requirements.** All lead-based paint inspection and risk assessment results, summaries of lead-based paint hazard control treatments, and clearance examination results must be provided to the owner of the unit, together with a notice describing the owner's legal duty to disclose the results to tenants and buyers (see 24 CFR 35.88 of the Lead Disclosure Rule). Grantee files must contain verifiable evidence of providing lead hazard evaluation and control reports to owners and tenants, such as a signed and dated receipt. Applicants should also describe how they will provide owners with lead hazard evaluation and control information generated by activities under this grant, so that the owner can comply with the Lead Disclosure Rule (24 CFR Part 35, subpart A, or the equivalent 40 CFR Part 745, subpart F) and the Lead Safe Housing Rule (24 CFR Part 35, subparts B-R).
18. **Grantee Required Trainings.** Applicants awarded under this NOFA will be required to attend a one-time New Grantee Orientation (located in Washington DC), an annual Program Manager School (locations to be determined) and any HUD OLHCHH endorsed National Healthy Homes Conferences (locations to be determined).
19. **Written Policies and Procedures.** Applicants must describe in the work plan policies and procedures for procurements (contracting), unit eligibility, unit selection and prioritization, and all phases of healthy homes interventions, including assessments and testing, development of specifications for contractor bids, financing, and temporary relocation. Grantees, subcontractors, sub-grantees, sub-recipients, and their contractors must adhere to these policies and procedures.
20. **Environmental Requirements.** Award of a FY 2020 Healthy Homes Production grant for Tribal Housing does not constitute approval of specific sites where activities that are subject to environmental review may be carried out. Recipients of funding under this NOFA that are Indian tribes or Alaska Native Villages must carry out environmental review responsibilities as a responsible entity under 24 CFR part 58, "Environmental Review Procedures for Entities Assuming HUD Environmental Responsibilities". If the grant recipient is not the Indian tribe or Alaska Native Village, the Indian tribe or Alaska Native Village, within whose land or village the project is located, and that exercises land use responsibility is the Responsible Entity. If the non-recipient Responsible Entity refuses to carry out environmental review responsibilities, HUD will complete environmental reviews under 24 CFR part 50. Reasonable expenses incurred for compliance with these environmental requirements are eligible expenses under this NOFA. For all grants awarded under this NOFA, recipients and other participants in the project are prohibited from undertaking, or committing or expending HUD or non-HUD funds on, a project or activities under this NOFA (other than activities listed at 24 CFR 58.34, 58.35(b) or 58.22(f), e.g., lead-based paint inspections, risk assessments, and housing related health hazard assessments) until the Indian tribe or Alaska Native Village completes an environmental review including the submission, and HUD approval, of a Request for Release of Funds and Environmental Certification (Form HUD 7015.15), or, if HUD completes the environmental review under part 50, until HUD notifies the recipient of its approval. The results of the environmental review prepared under 24 CFR part 50 or 58 may require that proposed activities be modified, or proposed sites rejected. For Part 58 procedures see: <https://www.hudexchange.info/programs/environmental-review/>. For assistance during the period of performance of a grant under this NOFA, contact Karen Griego, the Office of Lead Hazard Control and Healthy Homes Program

Environmental Clearance Officer at 505-346-6462 (this is not a toll-free number) or TTY 800-877-8339.

21. **Control/Elimination Strategies.** All lead-based paint hazards identified in housing units and in common areas of multifamily housing enrolled in this grant program must be controlled or eliminated by either of the following strategies or a combination of the two:
 - **Interim Controls.** In accordance with the current HUD Guidelines, interim controls of lead-based paint hazards including lead containing dust and soil in housing must include specialized cleaning techniques to address lead dust.
 - **Abatement.** Lead-based paint hazard abatement must be conducted in accordance with the current HUD Guidelines and must receive prior approval before the work is completed.
22. **Compliance with Section 504 of the Rehabilitation Act.** Applicant facilities including facilities where program participants come for assistance (e.g., for intake and enrollment in the program), training or education, must be held in facilities that are accessible to persons with disabilities in accordance with Section 504 of the Rehabilitation Act and its implementing regulations at 24 CFR Part 8, and with Titles II and III of the Americans with Disabilities Act, as applicable.
23. **Evaluation.** Evaluation of the environmental and/or health outcomes of your program is encouraged but not required. If you conduct an evaluation, it should include a formalized structure to address the effectiveness of your project’s approach and its implementation with respect to the outcomes being assessed. A pertinent example of an outline of an evaluation plan is provided on the CDC asthma website, in the CDC’s Learning & Growing through Evaluation: State Asthma Program Evaluation Guide, Appendix F, Individual Evaluation Plan Outline (http://www.cdc.gov/asthma/program_eval/AppendixF_Evaluation_Plan_Outline.doc).
24. **Prohibited Practices.** Grantees are not permitted to engage in practices prohibited under HUD’s Lead Safe Housing Rule at 24 CFR 35.140, EPA’s RRP Rule at 40 CFR 745.83(a)(3), or EPA’s lead abatement rule at 40 CFR 745.227(e)(6).
25. **Procurement Requirements.** All goods and services must be procured through a competitive process. Recipients must follow federal procurement requirements as defined in 2 CFR 200.317-326, as applicable. The designation of an entity as a “sub-recipient” or “contractor” must follow program policies and 2 CFR 200.330. According to 2 CFR 200.330, a recipient acting as a pass-through entity must make a case-by-case determination whether each agreement it makes for the disbursement of Federal program funds cast by the party receiving the funds in the role of a sub recipient or contractor.
26. **Limitation on use of funds.** You may not use grant funds for any of the following activities:
 - Purchase of real property.
 - Purchase or lease of equipment having a per-unit cost in excess of \$5,000, except for the purchase or lease of one X-ray fluorescence (XRF) analyzer.

- Chelation or other medical treatment costs related to children with elevated blood lead levels (EBLs). Non-federal funds used to cover these costs may not be counted as part of the matching contribution.
 - Funds may not be used for home health and safety drop-off kits; when such activities are conducted, they must be combined with remediating existing residential health and safety hazards.
 - Funds must not be used for hazard evaluation and remediation in housing covered by a pending or final HUD, EPA, and/or Department of Justice settlement agreement, consent decree, court order, or other similar action regarding violation of the Lead Disclosure Rule (24 CFR Part 35, Subpart A, or the EPA equivalent 40 CFR Part 745, subpart F), or by HUD regarding the Lead Safe Housing Rule (24 CFR Part 35, subparts B-R).
 - Activities that do not comply with the Coastal Barrier Resources Act (16 U.S.C. § 3501).
 - Funds may not be used for hazard evaluation and remediation in properties located in an area identified by the Federal Emergency Management Agency (FEMA) under the Flood Disaster Protection Act of 1973 (42 U.S.C. § 4001-4128) as having special flood hazards unless:
 - The community in which the area is situated is participating in the National Flood Insurance Program in accordance with the applicable regulations (44 CFR Parts 59-79), or less than a year has passed since FEMA notification regarding these hazards; and
 - Where the community is participating in the National Flood Insurance Program, flood insurance on the property is obtained in accordance with section 102(a) of the Flood Disaster Protection Act (42 U.S.C. § 4012a(a)). You are responsible for assuring that flood insurance is obtained and maintained for the appropriate amount of time.
 - Demolition of housing units or detached buildings as a means of healthy home intervention and/or the replacement of such structures.
 - Duct cleaning, except if recommended by a qualified professional for the special circumstances described in EPA's guidance at <http://www.epa.gov/iaq/pubs/airduct.html>.
 - Replacing Existing Resources. Funds received under the grant program covered under this NOFA shall not be used to replace existing community resources dedicated to any ongoing project.
 - Full home rehabilitation due to toxic environments caused by resident behavior. Funds from this grant can be used for small cleanups or hazardous home environments due to contaminants such as methamphetamine use, but these funds are not intended for use in full home rehabilitation due to this contamination.
27. **Participative Planning and Implementation.** Applicants must identify the steps they will take to ensure that traditionally marginalized populations (such as racial and ethnic minorities and persons with disabilities) will be able to meaningfully participate in the planning process. The applicant must identify the specific populations that it will include, identify community organizations that represent these populations, and describe how these populations will be included in the planning process. For capital investment projects, grantees should commit to and demonstrate plans to employ low-income and very low-income persons and/or utilize Section 3 businesses at levels beyond those

required by Section 3. In seeking public participation, applicants and recipients must ensure that all communications are provided in a manner that is effective for persons with hearing, visual, and other communication-related disabilities consistent with Section 504 of the Rehabilitation Act of 1973 and, as applicable, the Americans with Disabilities Act. In addition, Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d and Executive Order 13166 require that grantees take reasonable steps to ensure meaningful access to services, programs, and activities by persons with Limited English Proficiency (LEP persons).

28. **Programmatic Matching Requirements.** This Program requires an applicant to leverage resources through cost sharing or matching as described below. All match sources must be indicated on the SF424 within lines 18b - e and on the Form HUD 424_CBW columns H-O. Generally, Federal sources are not allowed to be used as cost share or match unless otherwise permitted by a program's authorizing statute (for example, HUD's Community Development Block Grants program or the Indian Housing Block Grant programs).

The chart below describes the match percentage requirement, minimum percentage of Federal funds for healthy homes related activities, and maximum administrative cost (as a percentage of federal funds).

Match Requirements and Costs Table.

Program	Minimum Match of federal request	Minimum Healthy Homes Direct Costs	Maximum Administrative Costs
Healthy Homes Production (CDFA 14.913)	10 percent	65 percent	10 percent

Matching Funds Evaluation. You must provide clear documentation with your application of the source and use of all eligible match funds you want to be considered to meet the minimum required.

NOTE: You are responsible for providing the total amount of the match dollars for proposed contributions with your application. Even if any of these contributions are not received from committed donors during the period of performance of the grant, you are still responsible for providing the match you proposed, during the period of performance.

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, set forth in 2 CFR part 200, apply to this Federal award. You must also note that all shared costs or matching funds and contributions must meet the criteria set forth in 2 CFR 200.306, including the requirement in 2 CFR 200.306(b)(5) that any shared costs or matching funds and contributions must not be paid by the Federal government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs. In addition, the proposed use of matching funds must be for those costs allowable under this NOFA.

Permissible Match Contributions. Examples of eligible sources that are permissible as match contributions include:

- Documentation of Contributions from Property Owners. Homeowners or landlords (owners) may contribute match dollars. You must provide detailed documentation of the cost to be paid by the homeowner or landlord. Only owner contributions for eligible activities will count as match. Owner contributions must be supported and verified by a third party: for example, materials or labor that the owner paid for or provided must be substantiated via receipts/records. You must document and verify all owner-provided labor through a third party, and this labor must be valued at market rates.
- Donations. The value of in-kind donated items, such as paint and other materials or equipment that are used for healthy homes or lead-based paint hazard control, must be established at market rates. For services or products provided at a discounted rate and used for an eligible purpose under the grant, the discounted part of the fee or price is the eligible match, not the entire value of the services or products. For example, if a supply company provides a product to the contractor at a lower rate, the difference in the cost of the product the supplier would typically charge and the discounted rate is a match if otherwise eligible.
- Third Party In-Kind Contributions. See 2 CFR 200.306 for additional information on third party in-kind contributions.

G. Criteria for Beneficiaries.

This program has eligibility criteria for beneficiaries. Funds must only be used under this grant program to provide assistance for housing that meets the following criteria:

- For all housing, all units assisted with grants must be the residence of families with income at or below 80 percent of the area median income level, or at income levels defined in the income guidelines in OLHCHH's policy guidance on determining income.

IV. Application and Submission Information.

A. Obtaining an Application Package.

Instructions for Applicants.

You must download both the Application Instructions and the Application Package from Grants.gov. You must verify that the CFDA Number and CFDA Description on the first page of the Application Package, and the Funding Opportunity Title and the Funding Opportunity Number match the Program and NOFA to which you are applying.

The Application Package contains the portable document forms (PDFs) available on Grants.gov, such as the SF-424 Family. The Instruction Download contains official copies of the NOFA and forms necessary for a complete application. The Instruction Download may include Microsoft Word, Microsoft Excel and additional documents.

An applicant demonstrating good cause may request a waiver from the requirement for electronic submission. For example, a lack of available Internet access in the geographic area in which your business offices are located. Lack of SAM registration or valid DUNS is not good cause. If you cannot submit your application electronically, you must ask in writing for a waiver of the

electronic grant submission requirements. HUD will not grant a waiver if HUD does not receive your written request at least 15 days before the application deadline and if you do not demonstrate good cause. An email request for a waiver received by HUD 15 days before the application is due will also be considered. If HUD waives the requirement, HUD must receive your paper application before the deadline of this NOFA. To request a waiver you must contact:

Name:

Aaron Salkoski

Email:

Aaron.J.Salkoski@hud.gov

HUD Organization:

OHHLHC

Street:

451 7th Street SW (Room 8236)

City:

Washington, DC

State:

DC DISTRICT OF COLUMBIA

Zip:

20410

The phone number above may also be reached by individuals who are deaf or hard of hearing, or who have speech disabilities, through the Federal Relay Services teletype service at 800-877-8339; for additional means of communicating with federal agencies, go to www.gsa.gov/fedrelay.

B. Content and Form of Application Submission.

You must verify that boxes 11, 12, and 13 on the SF-424 match the NOFA for which you are applying. If they do not match, you have downloaded the wrong Application Instruction and Application Package.

Submission of an application that is otherwise sufficient, under the wrong CFDA and Funding Opportunity Number is a curable deficiency.

1. Content.

Forms/Assurances/Certifications	Submission Requirement	Notes/Description
Application for Federal Assistance (SF424)	Submission is required for all applicants by the application due date.	

Forms/Assurances/Certifications	Submission Requirement	Notes/Description
HUD Applicant Recipient Disclosure Report (HUD) 2880 Applicant/Recipient Disclosure/Update Report	HUD will provide instructions to grantees on how the form is to be submitted.	HUD instructions to grantees are provided by webcast, To view the webcast, click here.
Application for Federal Assistance (SF424) application form) including the required assurance in SF424B or D, as applicable.		
Form HUD 424 CBW HUD Detailed Budget Worksheet	Must be submitted with your application	Amounts on HUD_424_CBW must be consistent with requested and matched amounts on lines 18b-f of the SF424, Application for Federal Assistance.
Disclosure of Lobbying Activities (SF-LLL) Certification of Lobbying (SFLLLa)	Must be submitted with your application	You must submit these forms if you are a state-recognized Indian tribe or tribally designated health or housing entity established only under state law.
Acknowledgment of Application Receipt (HUD2993), if applicable	This form is applicable only to applications submitted on paper, following receipt of a waiver of electronic submission.	This form is not required but is available for applicants who want confirmation that their hard-copy application was received by HUD. The form must be submitted with the application, in accordance with the application submission instructions included in the waiver of electronic submission.

Additionally, your complete application must include the following narratives and non-form attachments.

2. Format and Form.

Narratives and other attachments to your application must follow the following format guidelines.

Project and budget narratives and other attachments to your application must follow the following format guidelines.

- a. Narrative Response. The narrative responses to Rating Factors 1 to 3, below, are limited to:
 - i. A maximum of 15 pages (excluding appendices, budget forms/narrative, and worksheets)
 - ii. Double Spaced
 - iii. 12-point (minimum) Times New Roman font
 - iv. At least 1-inch margins on all sides
 - v. Letter sized paper, 8-1/2 x 11 inches

While the rating factor response page limit does not include attachments, appendices, and other required forms, you must not rely on excessive appendices to address the rating factors. You must clearly describe and support your responses in the rating factor narrative itself. Any information submitted in response to the Rating Factors beyond the page limit will not be used for review or rating.

b. Appendices. You must provide materials in the appendices, such as résumés, the Consolidated Plan's lead segment (or a link to it), and documentation of minimum match requirements through commitment letters. These attachments must directly refer to the specific rating factor narrative to which they pertain. Material provided in the appendices must support Rating Factor narrative information and will not be used in lieu of information provided in response to the Rating Factors. You are strongly urged to submit only information that is required and/or requested in the NOFA or relevant to a specific narrative response. All attachments must identify the related Rating Factor in the page footer by providing the related Rating Factor number and the page number of the attachment (e.g., Factor 1 Attachment, page 1).

C. System for Award Management (SAM) and Dun and Bradstreet Universal Numbering System (DUNS) Number.

1. SAM Registration Requirement.

Applicants must be registered with <https://www.sam.gov/SAM> before submitting their application. In addition, Applicants must maintain an active SAM registration with current information while they have an active Federal award or an application or plan under consideration by HUD.

2. DUNS Number Requirement.

Applicants must provide a valid DUNS number, registered and active at <https://www.sam.gov/SAM>, in the application. DUNS numbers may be obtained for free from Dun & Bradstreet.

3. Requirement to Register with Grants.gov.

Anyone planning to submit applications on behalf of an organization must register at [grants.gov](https://www.grants.gov) and be approved by the EBiz POC in SAM to submit applications for the organization. Registration for SAM and [grants.gov](https://www.grants.gov) is a multi-step process and can take four (4) weeks or

longer to complete if data issues arise. Applicants without a valid registration cannot apply through grants.gov. Complete registration instructions and guidance are provided on grants.gov.

D. Application Submission Dates and Times.

Application Due Date Explanation

The application deadline is 11:59:59 pm Eastern Standard time on

08/24/2020

Applications must be received no later than the deadline.

Submit your application to Grants.gov unless a waiver has been issued allowing you to submit your application in paper form. Instructions for submitting your paper application will be contained in the waiver of electronic submission.

"Received by Grants.gov" means the applicant received a confirmation of receipt and an application tracking number from Grants.gov. Grants.gov then assigns an application tracking number and date-and timestamps each application upon successful receipt by the Grants.gov system. A submission attempt not resulting in confirmation of receipt and an application tracking number is not considered received by Grants.gov.

Applications received by Grants.gov must be validated by Grants.gov to be received by HUD.

"Validated by Grants.gov" means the application has been accepted and was not rejected with errors. You can track the status of your application by logging into Grants.gov, selecting "Applicants" from the top navigation, and selecting "Track my application" from the dropdown list. If the application status is "rejected with errors," you must correct the error(s) and resubmit the application before the 24-hour grace period ends. Applications in "rejected with errors" status after the 24-hour grace period expires will not be received by HUD. Visit Grants.gov for a complete description of processing steps after applying.

HUD strongly recommends applications be submitted at least **48 hours before the deadline** and during regular business hours to allow enough time to correct errors or overcome other problems.

You can verify the contents of your submitted application to confirm Grants.gov received everything you intended to submit. To verify the contents of your submitted application:

- Log in to Grants.gov.
- Click the Check Application Status link, which appears under the Grant Applications heading in the Applicant Center page. This will take you to the Check Application Status page.
- Enter search criteria and a date range to narrow your search results.
- Click the Search button. To review your search results in Microsoft Excel, click the Export Data button.
- Review the Status column, to view more detailed submission information, click the Details link in the Actions column.
- To download the submitted application, click the Download link in the Actions column.

Please make note of the Grants.gov tracking number as it will be needed by the Grants.gov Help Desk if you seek their assistance.

HUD may extend the application deadline for any program if Grants.gov is offline or not available to applicants for at least 24 hours immediately prior to the deadline date, or the system is down for 24 hours or longer and impacts the ability of applicants to cure a submission deficiency within the grace period.

HUD may also extend the application deadline upon request if there is a presidentially declared disaster in the applicant's area.

If these events occur, HUD will post a notice on its website establishing the new, extended deadline for the affected applicants. HUD will also include the fact of the extension in the program's Notice of Funding Awards required to be published in the Federal Register.

In determining whether to grant a request for an extension based on a presidentially-declared disaster, HUD will consider the totality of the circumstances including the date of an applicant's extension request (how closely it followed the basis for the extension), whether other applicants in the geographic area are similarly affected by the disaster, and how quickly power or services are restored to enable the applicant to submit its application.

PLEASE NOTE: Busy servers, slow processing, large file sizes, improper registration or password issues are not valid circumstances to extend the deadline dates or the grace period.

1. Amending or Resubmitting an Application.

Before the submission deadline, you may amend a validated application through Grants.gov by resubmitting a revised application containing the new or changed material. The resubmitted application must be received and validated by Grants.gov by the applicable deadline.

If HUD receives an original and a revised application for a single proposal, HUD will evaluate only the last submission received by Grants.gov before the deadline.

2. Grace Period for Grants.gov Submissions.

If your application is received by Grants.gov before the deadline, but is rejected with errors, you have a grace period of 24 hours after the application deadline to submit a corrected, received, and validated application through Grants.gov. The date and time stamp on the

Grants.gov system determines the application receipt time. Any application submitted during the grace period not received and validated by Grants.gov will not be considered for funding. There is no grace period for paper applications.

3. Late Applications.

An application received after the NOFA deadline date that does not meet the Grace Period requirements will be marked late and will not be received by HUD for funding consideration. Improper or expired registration and password issues are not causes that allow HUD to accept applications after the deadline.

4. Corrections to Deficient Applications.

HUD will not consider information from applicants after the application deadline. Before the deadline, HUD may contact the applicant to clarify information submitted.

HUD will uniformly notify applicants of each curable deficiency. A curable deficiency is an error or oversight that, if corrected, would not alter, in a positive or negative fashion, the review and rating of the application. See curable deficiency in the definitions section (Section I.A.3.). Examples of curable (correctable) deficiencies include inconsistencies in the funding request and failure to submit required certifications. These examples are non-exhaustive.

When HUD identifies a curable deficiency, HUD will notify the authorized representative by email. This email is the official notification of a curable deficiency. Each applicant must provide accurate email addresses for receipt of these notifications and must monitor their email accounts to determine whether a deficiency notification has been received. The applicant must carefully review the request to cure a deficiency and must provide the response in accordance with the instructions contained in the deficiency notification.

Applicants must email corrections of curable deficiencies to applicationsupport@hud.gov within the time limits specified in the notification. The time allowed to correct deficiencies will be no less than 48 hours and no more than 14 calendar days from the date of the email notification. The start of the cure period will be the date stamp on the email sent from HUD. If the deficiency cure deadline date falls on a Saturday, Sunday, Federal holiday, or on a day when HUD's Headquarters are closed, then the applicant's correction must be received on the next business day HUD Headquarters offices in Washington, DC are open.

The subject line of the email sent to applicationsupport@hud.gov must state: Technical Cure and include the Grants.gov application tracking number or the GrantSolutions application number (e.g., Subject: Technical Cure - GRANT123456 or Technical Cure - XXXXXXXXXXXX). If this information is not included, HUD cannot match the response with the application under review and the application may be rejected due to the deficiency.

Corrections to a paper application must be sent in accordance with and to the address indicated in the notification of deficiency. HUD will treat a paper application submitted in accordance with a waiver of electronic application containing the wrong DUNS number as having a curable deficiency. Failure to correct the deficiency and meet the requirement to have a DUNS number and active registration in SAM will render the application ineligible for funding.

5. Authoritative Versions of HUD NOFAs. The version of these NOFAs as posted on Grants.gov are the official documents HUD uses to solicit applications.

6. Exemptions. Parties that believe the requirements of the NOFA would impose a substantial burden on the exercise of their religion should seek an exemption under the Religious Freedom Restoration Act (RFRA).

E. Intergovernmental Review.

This program is not subject to Executive Order 12372, Intergovernmental Review of Federal Programs.

F. Funding Restrictions.

1. Administrative Costs. Administrative costs, as defined in Sections III.E, above, may not exceed 10 percent of the federal grant award. Administrative costs are determined based on the nature of the activity being performed and, therefore, may be found in both the direct and indirect cost categories. OLHCHH considers all costs included in your negotiated indirect cost rate as administrative costs.

2. Healthy Homes Direct Costs. This NOFA requires awardees to expend not less than 65 percent of the federal award on the remediation and reduction of housing related hazards, as outlined in Section 1, above. The federal award amount alone is used to determine the minimum percent of expenditure.

3. Indirect Costs. Indirect costs may only be charged to an OLHCHH grant program under a cost allocation plan, an indirect cost rate agreement, or in accordance with the requirements of 2 CFR 200.414(f) de minimis.

4. Ineligible Costs and Activities. You may not use grant funds for any of the following activities:

- Purchase of real property.
- Purchase or lease of equipment having a per-unit cost in excess of \$5,000, except for the purchase or lease of one X-ray fluorescence (XRF) analyzer to be used exclusively by the grant program.
- Chelation or other medical treatment costs, including case management, related to children with elevated blood lead levels (EBLs). Non-federal funds used to cover these costs may not be counted as part of the matching contribution.
- Lead remediation and hazard reduction activities in public housing, project-based Section 8 housing. Lead remediation can only be performed on housing built before 1978.
- Lead hazard evaluation or control activities in housing covered by a pending or final HUD, EPA, and/or Department of Justice (DOJ) settlement agreement, consent decree, court order or other similar action regarding violation of the Lead Disclosure Rule (24 CFR part 35, Subpart A, or the equivalent 40 CFR part 745, subpart F), or by HUD or DOJ regarding the Lead Safe Housing Rule (24 CFR part 35, subparts B-R).
- Activities that do not comply with the Coastal Barrier Resources Act (16 U.S.C. § 3501).
- Lead-hazard control or rehabilitation of a building or manufactured home that is located in an area identified by the Federal Emergency Management Agency (FEMA) under the Flood Disaster Protection Act of 1973 (42 U.S.C. § 4001 - 4128) as having special flood hazards unless:
 - The community in which the area is situated is participating in the National Flood Insurance Program in accordance with the applicable regulations (44 CFR parts 59-79), or less than a year has passed since FEMA notification regarding these hazards; and
 - Where the community is participating in the National Flood Insurance Program, flood insurance on the property is obtained in accordance with section 102(a) of the Flood Disaster Protection Act (42 U.S.C. § 4012a(a)). You are responsible for assuring that flood insurance is obtained and maintained for the appropriate amount and term.

5. Replacing Existing Resources. Funds received under the grant programs covered under this NOFA must not be used to replace existing community resources dedicated to any on-going project.

6. Indirect Cost Rate Normal indirect cost rules apply. If you intend to charge indirect costs to your award, your application must clearly state the rate and distribution base you intend to use. If you have a Federally negotiated indirect cost rate, your application must also include a letter or other documentation from the cognizant agency showing the approved rate.

1. **Nongovernmental organizations and Indian Tribal governments.** If you have a Federally negotiated indirect cost rate, your application must clearly state the approved rate and distribution base and must include a letter or other documentation from the cognizant agency showing the approved rate. If you have never received a Federally negotiated indirect cost rate and elect to use the de minimis rate, your application must clearly state you intend to use the de minimis rate of 10% of Modified Total Direct Costs (MTDC). As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. Once an organization elects to use the de minimis rate, the organization must apply this methodology consistently for all Federal awards until the organization chooses to negotiate for a rate, which the organization may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.
2. **State and local governments.** If your department or agency unit has a Federally negotiated indirect cost rate, your application must include that rate, the applicable distribution base, and a letter or other documentation from the cognizant agency showing the negotiated rate. If your department or agency unit receives more than \$35 million in federal funding, you may not claim indirect costs until you receive a negotiated rate from your cognizant agency for indirect costs as provided in Appendix VII to 2 CFR part 200.

If your department or agency unit receives no more than \$35 million in federal funding and your department or agency unit has prepared and maintains documentation supporting an indirect rate proposal in accordance with 2 CFR part 200, appendix VII, you may use the rate and distribution base specified in your indirect cost rate proposal. Alternatively, if your department or agency unit receives no more than \$35 million in federal funding and has never received a Federally negotiated indirect cost rate, you may elect to use the de minimis rate of 10% of MTDC. As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. Once elected, the de minimis rate must be applied consistently for all Federal awards until you choose to negotiate for a rate, which you may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

Indirect Cost Rate.

Normal indirect cost rules under 2 CFR part 200, subpart E apply. If you intend to charge indirect costs to your award, your application must clearly state the rate and distribution base you intend to use. If you have a Federally negotiated indirect cost rate, your application must also include a letter or other documentation from the cognizant agency showing the approved rate. Successful applicants whose rate changes after the application deadline must submit new rate and documentation.

State, county and local governments. If your department or agency unit has a Federally negotiated indirect cost rate, your application must include that rate, the applicable distribution base, and a letter or other documentation from the cognizant agency showing the negotiated rate. If your department or agency unit receives more than \$35 million in direct federal funding per year, you may not claim indirect costs until you receive a negotiated rate from your cognizant agency for indirect costs as provided in Appendix VII to 2 CFR Part 200.

If your department or agency unit receives no more than \$35 million in direct federal funding per year and your department or agency unit has developed and maintains an indirect cost rate proposal and supporting documentation for audit in accordance with 2 CFR Part 200, Appendix VII, you may use the rate and distribution base specified in that indirect cost rate proposal.

Alternatively, if your department or agency unit receives no more than \$35 million in direct Federal funding per year and has never received a negotiated indirect cost rate, you may elect to use the de minimis rate of 10% of MTDC. As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. Once elected, the de minimis rate must be applied consistently for all Federal awards until you choose to negotiate for a rate, which you may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

Applicants other than state, county and local governments. If you have a Federally negotiated indirect cost rate, your application must clearly state the approved rate and distribution base and must include a letter or other documentation from the cognizant agency showing the approved rate. If you have never received a negotiated indirect cost rate and elect to use the de minimis rate, your application must clearly state you intend to use the de minimis rate of 10% of Modified Total Direct Costs (MTDC). As described in 2 CFR 200.403, costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. Once elected, the de minimis rate must be applied consistently for all Federal awards until you choose to negotiate for a rate, which you may apply to do at any time. Documentation of the decision to use the de minimis rate must be retained on file for audit.

G. Other Submission Requirements.

1. Application, Assurances and Certifications.

Standard Form 424 (SF-424) Application for Federal Assistance Programs is the government-wide form required to apply for Application for Federal Assistance Programs, discretionary Federal grants and other forms of financial assistance programs. Applicants for this Federal assistance program must submit all required forms in the SF-424 Family of forms, including SF-424B (Assurances of Non construction Programs) or SF424D (Assurances for Construction Programs). Applications receiving funds for both non construction programs and construction programs must submit both the SF-424B and SF-424D.

By signing the forms in the SF-424 either through electronic submission or in paper copy submission (for those granted a waiver), the applicant and the signing authorized representative affirm that they have reviewed the certifications and assurances associated with the application for federal assistance and (1) are aware the submission of the SF424 is an assertion that the relevant certifications and assurances are established and (2) acknowledge that the truthfulness of the certifications and assurances are material representations upon which HUD will rely when making an award to the applicant. If it is later determined the signing authorized representative to the application made a false certification or assurance, caused the submission of a false certification or assurance, or did not have the authority to make a legally binding commitment for the applicant, the applicant and the individual who signed the application may be subject to administrative, civil, or criminal action. Additionally, HUD may terminate the award to the applicant organization or pursue other available remedies. Each applicant is responsible for including the correct certifications and assurances with its application submission, including those applicable to all applicants, those applicable only to federally recognized Indian tribes, and those applicable to applicants other than federally recognized Indian tribes. All program specific certifications and assurances are included in the program Instructions Download on Grants.gov.

Assurances. By submitting your application, you provide assurances that, if selected to receive an award, you will comply with U.S. statutory and public policy requirements, including, but not limited to civil rights requirements.

2. Lead Based Paint Requirements.

When providing housing assistance funding for purchase, lease, support services, operation, or work that may disturb painted surfaces, of pre-1978 housing, you must comply with the lead-based paint evaluation and hazard reduction requirements of HUD's lead-based paint rules (Lead Disclosure; and Lead Safe Housing (24 CFR part 35)), and EPA's lead-based paint rules (e.g., Repair, Renovation and Painting; Pre-Renovation Education; and Lead Training and Certification (40 CFR part 745)).

V. Application Review Information.
A. Review Criteria.

1. Rating Factors.

The application is organized into three rating factors. Rating Factor 1 will assess the applicant's capacity to administer a grant, review its past experience with similar grant programs, document and assess the proposed partners that will participate in the grant program, and assess the applicant's fiscal policies and capabilities. Rating Factor 2 will document selected data points to judge the level of need for the grant program. Rating Factor 3 will review the proposed budget and assess the viability of the proposed expenditures. Up to 2 preference may be awarded for census tracts designated as an Opportunity Zone or in Promise Zones.

The following chart provides guidance on how points will be awarded for each of the three rating factors. Reviewers will apply this guidance to the applicant's responses and award points accordingly. The applicant must provide detailed, succinct narrative for all requested information. Points will not be awarded if responses do not provide the information requested.

Qualitative rating	Rating level explanation	%
---------------------------	---------------------------------	----------

Outstanding	Answer is thorough and provides high confidence that the criteria are surpassed, or that the applicant will likely surpass the performance criteria covered by the question within the time and cost established. There were no weaknesses noted. The description gives confidence of a high probability of success.	100%
Excellent	No significant weaknesses noted. Weaknesses or concerns can be corrected with just a moderate amount of effort. In general, the answer gives confidence that the applicant will likely meet the performance criteria covered by the question within the time and cost established.	75%
Good	Answer provided generally meets the standards required, but has information weaknesses, or design or concept flaws that, while correctable, will likely require considerable effort. The applicant may have not fully answered the question. The answer is mediocre, and therefore, gives concern whether the applicant will meet the performance criteria covered by the question within the time and cost established.	50%
Fair	Answer is vague, or has substantial programmatic weaknesses that would require substantial efforts to correct. There is a low likelihood that the applicant will meet the performance criteria covered by the question within the time and cost established.	25%
Poor or Non-responsive	Applicant did not address question or answer shows a lack of understanding of requirements and/or concepts. Poor design concept and no or very little confidence that the applicant will meet the performance criteria covered by the question within the time and cost established. Success regarding this element is very unlikely.	0%

Summary of Applicant Scoring, point distribution

Rating Factor 1, Capacity of the Applicant	50 points
Rating Factor 2, Need and Extent of the Problem	30 points
Rating Factor 3, Program Financial Management	20 points
Preference Points, Opportunity Zone or Promise Zone	2 points
Total Points 102 points	

Rating Factor 1-Applicant and Partner Capacity

Maximum Points: 50

You must demonstrate that your organization has sufficient qualified personnel, or will actively retain qualified experts or professionals, and is prepared to perform identification and remediation of housing related health hazards activities within 60 days of the grant award to successfully implement and complete the project. If any of the key personnel titles/roles you list below are not currently filled when you submit your application, describe your plan to fill the

vacancies timely.

A. Key Personnel 15 points maximum. Key personnel must include, at a minimum, a Project Director (PD) and a Program Manager (PM). The program manager is required to dedicate at least 50% of their time to this grant. Unless financial management of the grant falls under the responsibility of the PD or PM, you must also identify the person responsible for the financial management of the grant. You must provide resumes, no longer than 3 pages, of the key personnel and job descriptions for planned key personnel, including the person responsible for the financial management of the grant. You must describe the roles and responsibilities of each key personnel for the project. Please do not include the Social Security Numbers (SSN) of any person. Use the table below to provide this required information (add rows as necessary).

Personnel Name & Organization Title/Role	% Time (FTE)*
Project Director	
Program Manager	
Financial Manager (if applicable)	

* FTE = Full time equivalent; if labor hours are used, convert to FTE based on 1 FTE = 2,080 hours per year.

The day-to-day Program Manager must be experienced in housing code, housing rehabilitation, lead hazard control, or other work related to the project. The Program Manager must have demonstrated project management experience. If you have not yet hired a Program Manager, you must include the job announcement for this position in the Appendix to your application. Applications that propose key personnel that do not meet the minimum qualifications described above will not receive full points under this subfactor.

ii. Program Administration and Oversight 15 points maximum. How will you administer the grant program?

1. Describe how you will administer this program, the staff, procedures, and project management system and financial management systems, including how you will address oversight targeted monitoring, of all sub-grantees and contractors to ensure conformity to the terms, conditions and specifications of contracts or other formal agreements. (8 points)
2. Describe how funding will flow from you to those who will perform work under you on this program, and whether they will be sub-recipients or contractors. How will you ensure that acceptable work is conducted, and acceptable products were provided before you pay invoices and before you submit invoices to HUD. (5 points)
3. Section 3 Compliance (2 points). Your work plan must describe your strategy for hiring local low-income residents, providing training opportunities and awarding contracts to local Section 3 businesses. Applicants should 1) outline their plan to notify residents and contractors about jobs and contracts that may become available; 2) notify potential contractors about the requirements of Section 3; 3) hire local residents and award

contracts to local businesses; and assist in obtaining compliance among contractors and subcontractors.

- Exemption: Recipients that are subject to and complying with Indian employment and contract preference laws adopted in accordance with the Indian Self-Determination and Education Assistance Act (25 USCS 5307(b)) are deemed to be in compliance with the requirements of Section 3. Recipients are required to direct training and employment opportunities and subgrants and subcontracts to Indians and Indian owned organizations. Tribes must comply with Section 3 to the maximum extent feasible, but not in derogation of Indian Preference requirements.

B. Partner Capacity 5 points maximum.

In order to implement a successful grant program, HUD recognizes the importance of partners and partnerships. Applicants are strongly encouraged to work directly with entities such as the Tribal Epidemiology Centers and/or Tribal Urban Health Centers. Please include details on the relationship including any formal agreements for the work. Address the following related to partner organizations that will receive federal funds from your program and that will provide critical services and/or carry out critical activities for the proposed grant program:

1. List and describe any partners your program will work with to provide critical services and activities under this grant program. Examples of partners could include;
2. An individual Tribal Epidemiology Center (TEC). Describe here and in your responses to subfactors B.5-B.7 below, how your program will work with the Indian Health Services' (IHS') Division of Epidemiology and Disease Prevention's TEC for your area (<https://www.ihs.gov/Epi/tecs/>), including its organizational and personnel qualifications, experience, and role in addressing housing-related health and safety conditions, and the services the Division would provide.
3. An individual Urban Indian Health Program (UIHP). In 2010, the majority of the American Indian and Alaska Native alone-or-in-combination population (78 percent) lived outside of American Indian and Alaska Native areas with 67 percent of the former and 92 percent of the latter (<https://www.census.gov/prod/cen2010/briefs/c2010br-10.pdf#page=12>). If your program will target the housing of such families, describe here and in your responses to [subfactors\[A1\]](#) B.5 through B.7 below. The IHS' Office of Urban Indian Health Programs' (<https://www.ihs.gov/urban/>) individual UIHP your program will work with, including its organizational and personnel qualifications, experience, and role in addressing housing-related health and safety conditions.
4. Any additional partners that have committed to partner with you on this program.
5. Detail each of these critical partner entities' qualifications and experience in initiating and implementing related public health, environmental health, or housing projects. **Document their track record with the development of affordable housing, mixed-income housing, and other large-scale redevelopments. Also, provide a detailed example of completed, comparable housing development projects** in which the Housing Implementation Entity had primary responsibility for implementing day-to-day development (including securing financing and providing completion and long-term operating guarantees) and performing ongoing asset management activities. **Points will be awarded based on (the partner organization's) relevant experience** and the extent to which the application details their contribution to this project; and

6. List the key personnel from each of these critical partner entities, their respective roles and responsibilities, their qualifications and experience, and the percentages of time committed for all key personnel identified. You may provide this information in your narrative on each of the key personnel from these critical partner entities.
7. Include the DUNS number and Legal Business Name of all partner organizations. For any partner that has no DUNS number, include the date of incorporation. If a partner organization will be a co-recipient or subrecipient, it needs to acquire a DUNS number.

C. Relevant Organization Experience 15 Points maximum

1. List federal, state, Tribal, and local projects completed by your organization that demonstrate experience in implementing public health, environmental health, weatherization, environmental, health or housing programs, e.g., Indian Community Development Block Grant’s housing rehabilitation activities, Tribal housing projects, Childhood Lead Poisoning Prevention Program, EPA's Indian General Assistance Program, Healthy Homes Demonstration, Healthy Homes Production, Weatherization, public health work with Tribal Epidemiology Centers or Tribal Urban Health centers, comparable state or local programs, etc. (“similar programs”), in the three years before the submission date for this NOFA.
2. Describe how you administered similar programs, including whether and how you achieved performance benchmarks, addressed program oversight, and implemented financial management.
 - If you do not describe significant experience providing oversight and management of similar programs, you will not receive full points.

Rating Factor 2-Need and Extent of the Problem

Maximum Points: 30

Applicants will be scored in this rating factor based on documented need as evidenced by the submission of the most current, thorough, credible, and appropriate data and information. There must be a direct and substantial relationship between the proposed activities and your community’s documented needs. The data submitted in response to this rating factor will be verified using data available from the Census, HUD USER, and other data, and the applicant should indicate what source of data is being used. Applicants must ensure that the current residents of the target area, whose demographic characteristics constitute the data for this rating factor, are the individuals and families that receive priority for the benefits of the funded programs and this should be addressed in the remainder of the application.

PROVIDE DATA RESPONSES IN SIMPLE TABLE FORMAT. (NOTE: Data should be provided that is within the jurisdiction/target area of the applicant – do not provide data from outside the applicant’s jurisdiction without adequately detailing the reasons for this inclusion). Points will be awarded in this rating factor based on the applicant’s response to the information requested below.

a. Project Narrative 10 points maximum.

Please provide a narrative describing in detail the housing related hazards that you will prioritize for intervention. Refer to https://www.hud.gov/program_offices/healthy_homes/hhrs and the HHRS Hazards Chart at the bottom of the page for 29 common hazards the HHP program addresses.

b. Demographic Data 5 points maximum.

If verifiable data is unavailable, please provide as much information as possible to allow reviewers to assess the current need in your community for this funding:

1. Total population of the Tribal Jurisdiction;
2. Total population under the age of six (6) and/or over 65 years of age;
3. Area Median Income, percentage of population at or below 80 percent of the area median income level, and percentage of population at or below 50 percent of the area median income level; and,
4. Any other relevant demographic information and data that demonstrates need for this funding.

c. Housing Data 10 points maximum.

1. Total Number of housing units built before 1960;
2. Number of rental housing units that were built before 1960;
3. Number of vacant units;
4. Number of units in which more than one family unit resides;
5. Number of housing units with code violations; and
6. Any other housing data that demonstrates need for this funding.

d. Other Factors Contributing to Need 5 points maximum.

Applicants should describe other factors that clearly demonstrate a need for this funding, such as:

1. Unemployment rate of the target area;
2. Number and percentage of children/families receiving Medicaid/Medicare benefits in the target area;
3. Number and percentage of families receiving assistance through the Women, Infants, and Children (WIC) program, Head Start, or the Supplemental Nutrition Assistance Program;
4. Number of emergency room visits for asthma/allergy/upper respiratory related issues;
5. Number of children under the age of 6 with blood lead levels greater or equal to 5 micrograms per deciliter;
6. Number of emergency room visits for preventable injuries (fall, burns); and
7. Number of housing units with pest control issues

Rating Factor 3-Program Financial Management

Maximum Points: 20

Applicants must describe in detail how the program financial oversight and management will be handled. Applicants must thoroughly estimate all applicable costs (direct, indirect, and administrative), and present it in a clear and coherent format. HUD is not required to approve or fund all proposed activities. Applicants must provide clear details on administrative costs (maximum 10 percent of grant), staffing costs and details on which costs are included and not included in the direct healthy homes minimum cost requirement. Applicants will be evaluated on the extent to which resources are appropriate for the scope of the proposed project.

Applicants should clearly identify the funding or cash equivalent amounts being provided as

match resources.

A. Budget Estimate of Costs 10 points maximum.

Utilize the HUD_424_CBW: HUD Detailed Budget Worksheet to estimate the cost for your program. You will be evaluated on the extent to which resources seem reasonable and appropriate for this type of project. The budget should include all costs for the 42 month grant period.

B. Financing Strategy 5 points maximum.

Discuss your financing strategy (i.e., the type of assistance - grants, deferred/forgivable loans, etc.), including how you will complete verification of income eligibility requirements, terms, conditions, dollar limits, amounts available for the remediation work in the various categories of housing (e.g., single-family, multi-family, owner or tenant-occupied).

C. Financial Accountability 5 points maximum.

Discuss how you will ensure financial accountability throughout the grant period for this federal award. Identify who is responsible for establishing, administering and overseeing the financial aspect of the program, and the role of other resources such as private sector financing and matching.

Describe how the recapture of grant or loan funds to owners of assisted units will occur if recipients fail to comply with any terms and conditions of the financing arrangement (e.g., failure to comply with fair housing and civil rights requirements, affordability, affirmative marketing and providing priority to renting units to families with a child under the age of six years, sale of property requirements, etc.).

You will be evaluated on the extent to which your narrative provides a sound and reasonable approach to financing your proposed healthy homes remediation work, including the documentation and justification of these costs.

2. Other Factors.

Preference Points.

HUD encourages activities in support of the Secretary's FY20 Initiatives. HUD may award up to two (2) points for any of the 3 preferences (OZ, PZ or HBCU).

Opportunity Zones.

Opportunity Zone (OZ) Certification and Supporting Documentation: Applicants proposing projects in an Opportunity Zone community must identify the state, county and census tract(s) of the opportunity zone(s) in which the activity will be carried out and provide certification to HUD in order to receive preference points. The certification must affirm that the investment is in a qualified Opportunity Zone, and be submitted as a supporting attachment on the applicant's letterhead with the application package. Applicants must also provide supporting documentation showing that the investment is in an Opportunity Zone. To view the list of designated Opportunity Zones, please see the following link on the U.S. Department of the Treasury website: <https://www.cdfifund.gov/Pages/Opportunity-Zones.aspx>. HUD encourages activities in Opportunity Zones. This form will be included as part of the grant application package on [grants.gov](https://www.grants.gov) for all HUD grants that offer Opportunity Zone preference points. For Fiscal Year 2020, applicants will be required to complete and submit this form along with the

SF-424 in order to be eligible for Opportunity Zone preference. Applicants who do not complete this form and submit it along with the rest of their application package will not be eligible to receive the points. Additionally, applicants who do complete and submit this form, but indicate they intend to use less than 50% of the award within Opportunity Zone tracts, will also be ineligible to receive preference points, unless: a.) the applicant can show why they are unable to expend at least 50% of the grant award within Opportunity Zone designated tracts, or b.) the applicant is able to make a compelling case for why the amount that will be expended will have a significant impact within Opportunity Zone designated tracts.

HBCU.

This program does not offer HBCU preference points.

Promise Zones

HUD encourages activities in Promise Zones (PZ). To receive Promise Zones Preference Points, applicants must submit form HUD 50153, "Certification of Consistency with Promise Zone Goals and Implementation," signed by the Promise Zone Official authorized to certify the project meets the criteria to receive preference points. To view the list of designated Promise Zones and persons authorized to certify, please see the [Promise Zone](#) pages on HUD's website.

B. Review and Selection Process.

1. Past Performance

In evaluating applications for funding, HUD will consider an applicant's past performance in managing funds. Items HUD will consider include, but are not limited to:

The ability to account for funds in compliance with applicable reporting and recordkeeping requirements;

Timely use of funds received from HUD;

Timely submission and quality of reports submitted to HUD;

Meeting performance targets as established in the grant agreement;

The applicant's organizational capacity, including staffing structures and capabilities;

Timely completion of activities and receipt and expenditure of promised matching or leveraged funds;

The number of persons served or targeted for assistance;

HUD may reduce scores as specified under V. A. Review Criteria. Whenever possible, HUD will obtain past performance information. If this review results in an adverse finding related to integrity or performance, HUD reserves the right to take any of the remedies provided in Section III. E Statutory and Regulatory Requirements Affecting Eligibility, "Pre-selection Review of Performance" document link above.

2. Assessing Applicant Risk.

In evaluating risks posed by applicants, HUD may use a risk-based approach and may consider any items such as the following:

- Financial stability;
- Quality of management systems and ability to meet the management standards prescribed in this part;
- History of performance. The applicant's record in managing Federal awards, if it is a prior recipient of Federal awards, including timeliness of compliance with applicable reporting requirements, conformance to the terms and conditions of previous Federal

awards, and if applicable, the extent to which any previously awarded amounts will be expended prior to future awards;

- Reports and findings from audits performed under Subpart F—Audit Requirements of this part or the reports and findings of any other available audits; and
- The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on non-Federal entities.

HUD may impose special conditions on an award as provided under 2 CFR 200.207:

1. Based on HUD's review of the applicant's risk under 2 CFR 200.205;
2. When the applicant or recipient has a history of failure to comply with the general or specific terms and conditions of a Federal Award;
3. When the applicant or recipient fails to meet expected performance goals; and
4. When the applicant or recipient is not otherwise responsible.

In addition to the performance review described in previous sections; each grant program must have a framework for evaluating the degree of risks posed by applicants before they receive Federal awards. As a result of the risk evaluation an applicant may be awarded with special conditions applied to the award that correspond to the degree of risk assessed or the applicant may be determined ineligible due to the operational risk it has historically posed to HUD, OLHCHH or other federal agencies as applicable.

The applicant's eligibility for award will include threshold requirements previously described, quality of the application received, and consideration of the following historical factors of the applying entity prior to Federal awards being made from this funding opportunity:

1. Financial Stability
2. Management Systems
3. History of Performance
4. Timely Reporting
5. Other Compliance matters
6. Audit history
7. Ability to implement
8. Possible risk indicators that could impact the risk evaluation determination could include the following elements of the described approach for use of funds:
9. Size of potential subaward
10. Size and diversity of federal award portfolio of entity applying
11. Impact of subaward on operations
12. Past federal award experience of applicant:
 - with OLHCHH;
 - with other HUD offices (e.g., Office of Native American Programs); and
 - with other Federal Agencies
13. Past federal award experience of key staff
14. Extent of other oversight (audits, monitoring)

Applications will be scored and ranked, based on the total number of points allocated for each of the rating factors described in Section V.A of this NOFA.

Maximum Number of Points. The maximum number of points to be awarded is 102.

Applications that meet all of the threshold requirements will be eligible for review and rating.
Minimum Score. Applications scoring 75 points or more will be eligible to receive an award.

VI. Award Administration Information.

A. Award Notices.

Following the evaluation process, HUD will notify successful applicants of their selection for funding. HUD will also notify other applicants, whose applications were received by the deadline, but have not been chosen for award. Notifications will be sent by email to the person listed as the AOR in item 21 of the SF424.

Negotiation. After HUD has made selections, HUD will negotiate specific terms of the funding agreement and budget with selected applicants. If HUD and a selected applicant do not successfully conclude negotiations in a timely manner, or a selected applicant fails to provide requested information, an award will not be made to that applicant. In this case, HUD may select another eligible applicant. HUD may impose special conditions on an award as provided under 2 CFR 200.207:

- Based on HUD's review of the applicant's risk under 2 CFR 200.205;
- When the applicant or recipient has a history of failure to comply with the general or specific terms and conditions of a Federal award;
- When the applicant or recipient fails to meet expected performance goals contained in a Federal award; or
- When the applicant or recipient is not otherwise responsible.

Adjustments to Funding. To ensure the fair distribution of funds and enable the purposes or requirements of a specific program to be met, HUD reserves the right to fund less than the amount requested in an application.

a. HUD will fund no portion of an application that:

- (1) Is not eligible for funding under applicable statutory or regulatory requirements;
- (2) Does not meet the requirements of this notice; or
- (3) Duplicates other funded programs or activities from prior year awards or other selected applicants.

b. If funds are available after funding the highest-ranking application, HUD may fund all or part of another eligible fundable application. If an applicant turns down an award offer, or if HUD and an applicant do not successfully complete grant negotiations, HUD may make an offer of funding to another eligible application.

c. If funds remain after all selections have been made, remaining funds may be made available within the current FY for other competitions within the program area, or be held for future competitions, or be used as otherwise provided by authorizing statute or appropriation.

d. If, after announcement of awards made under the current NOFA, additional funds become available either through the current appropriations, a supplemental appropriation, other appropriations or recapture of funds, HUD may use the additional funds to provide additional funding to an applicant awarded less than the requested amount of funds to make the full award, and/or to fund additional applicants that were eligible to receive an award but for which there

were no funds available.

Funding Errors. If HUD commits an error that when corrected would cause selection of an applicant during the funding round of a Program NOFA, HUD may select that applicant for funding, subject to the availability of funds.

Successful applicants will receive a letter from the Office of Lead Hazard Control and Healthy Homes providing details regarding the effective start date of the grant agreement and any conditions, additional data, and information to be submitted to execute the grant. You will then participate in negotiations to determine the specific terms of the grant agreement, budget, work plan, benchmarks, or other requirements. If HUD is not able to successfully conclude negotiations with a selected applicant within a period determined by HUD, an award will not be made.

If you accept the terms and conditions of the grant agreement, you must return a signed grant agreement by the date specified. Instructions on how to have the grant agreement account entered into HUD's Line of Credit Control System (LOCCS) payment system will be provided. In accordance with 2 CFR part 200, subpart F Audit Requirements, if you expend \$750,000 in federal funds in a single year, you must follow the requirements of the Single Audit Act and must submit your completed audit-reporting package along with the Data Collection Form (SF-SAC) to the Single Audit Clearinghouse. The address can be obtained from its website. The SF-SAC can be downloaded from:

https://harvester.census.gov/facides/Files/2015_2018%20Checklist%20Instructions%20and%20Form.pdf

B. Administrative, National and Department Policy Requirements for HUD recipients

For this NOFA, the following [Administrative, National and Department Policy Requirements and Terms for HUD Financial Assistance Awards](#) apply. (Please select the linked text to read the detailed description of each applicable requirement).

1. Compliance with Non-discrimination and Related Requirements.

Unless otherwise specified, these non-discrimination and equal opportunity authorities and other requirements apply to all NOFAs. Please read the following requirements carefully as the requirements are different among HUD's programs.

- Compliance with Fair Housing and Civil Rights Laws, Which Encompass the Fair Housing Act and Related Authorities (cf. 24 CFR 5.105(a)).
- Affirmatively Furthering Fair Housing.
- Economic Opportunities for Low-and Very Low-income Persons (Section 3).
- Improving Access to Services for Persons with Limited English Proficiency (LEP).
- Accessible Technology.

2. Equal Access Requirements.

3. Ensuring the Participation of Small Disadvantaged Business, and Women-Owned Business.

4. Equal Participation of Faith-Based Organizations in HUD Programs and Activities.

5. Uniform Relocation Act – Real Property Acquisition and Relocation Requirements.

6. Participation in HUD-Sponsored Program Evaluation.

7. Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

8. Drug-Free Workplace.

9. Safeguarding Resident/Client Files.

10. Compliance with the Federal Funding Accountability and Transparency Act of 2006 (Pub. L.109-282) (Transparency Act), as amended.
11. Eminent Domain.
12. Accessibility for Persons with Disabilities.
13. Violence Against Women Act.
14. Conducting Business in Accordance with Ethical Standards/Code of Conduct.
15. Environmental Requirements.

[Refer to Sec. III.E.2.20.](#)

C. Reporting.

HUD requires recipients to submit performance and financial reports under OMB guidance and program instructions.

1. Recipient Integrity and Performance Matters. Applicants should be aware that if the total Federal share of your Federal award includes more than \$ 500,000 over the period of performance, you may be subject to post award reporting requirements reflected in Appendix XII to Part 200-Award Term and Condition for Recipient Integrity and Performance Matters.

*** Compliance with Section 872 of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009 (Pub. L. 110-417).**

Section 872 requires the establishment of a government wide data system - the Federal Awardee Performance and Integrity Information System (FAPIIS) - to contain information related to the integrity and performance of entities awarded federal financial assistance and making use of the information by federal officials in making awards. Grantees must follow OMB guidance regarding federal agency implementation of Section 872 requirements for grants, at 2 CFR Subtitle A, Chapter I, and Part 25 (75 FR 55671-76, September 14, 2010).

*** Procurement of Recovered Materials.**

State agencies and agencies of a political subdivision of a state that are using assistance under a Program NOFA for procurement, and any person contracting with such an agency with respect to work performed under an assisted contract, must comply with the requirements of Section 6002 of the Solid Waste Disposal Act. In accordance with Section 6002, these agencies and persons must procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired in the preceding fiscal year exceeded \$10,000; must procure solid waste management services in a manner that maximizes energy and resource recovery; and must have established an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Please to [this site for information on Section 6002](#) for requirements of Section 6002.

2. Race, Ethnicity and Other Data Reporting. HUD requires recipients that provide HUD-funded program benefits to individuals or families to report data on the race, color, religion, sex,

national origin, age, disability, and family characteristics of persons and households who are applicants for, participants in, or beneficiaries or potential beneficiaries of HUD programs in order to carry out the Department's responsibilities under the Fair Housing Act, Executive Order 11063, Title VI of the Civil Rights Act of 1964, and Section 562 of the Housing and Community Development Act of 1987.

3. Program-Specific Reporting Requirements

Performance Reporting. All HUD funded programs, including this program, require recipients to submit, not less than annually, a report documenting achievement of outcomes under the purpose of the program and the work plan in the award agreement.

If you execute a grant under this NOFA, reports must comply with the specific program reporting requirements as described below.

1. You must submit applicable quarterly, annual, and final program and financial reports according to the requirements of the OLHCHH, including new Transparency Act Reporting requirements. Specific guidance and additional details will be provided to successful applicants in the grant agreement. OLHCHH will include these reporting requirements in its terms and conditions as part of the grant agreement in its 2020 awards.
2. You must comply with reporting requirements of subpart E (Section 3 of the Housing and Urban Development Act of 1968, 12 U.S.C. § 1701u (Economic Opportunities for Low- and Very Low-Income Persons in Connection with Assisted Projects)) and the HUD regulations at 24 CFR 135.
3. If you purchase X-ray fluorescence (XRF) analyzers in excess of \$5,000 apiece, you must complete and submit to OLHCHH the General Services Administration's annual Tangible Personal Property Report, if and after that report receives OMB approval under the Paperwork Reduction Act of 1995 (see 75 Federal Register 14441-14442; March 25, 2010). This report has four components: the Annual Report, the Final (Award Closeout) Report, the Disposition Report/Request, and, if needed, the Supplemental Sheet (see <https://www.gsa.gov/forms-library/tangible-personal-property-report-supplemental-sheet>). Generally, the average estimated time to complete each of these components is 0.5 hours; it is likely to be less for this grant program.
4. You must collect demographic data by using the HUD approved Race/Ethnic Form (HUD-27061) Transparency Act Reporting. You must report on funding and expenditures for yourself and sub-recipients to meet the requirements of the Federal Funding Accountability and Transparency Act of 2006.

FOIA Reporting. HUD makes frequently requested materials, including information on the highest-scoring funding grant applications available on its [Freedom of Information Act \(FOIA\)](#) website. To avoid disclosure of PII, proprietary information, business confidential information, or other content that should not be disclosed to the public, HUD will only post applications redacted pursuant to FOIA. Those recipients who receive the highest score in each competition must provide a redacted version of their applications within 30 days of notification from HUD that they submitted the highest-scoring application. If multiple applicants receive the same score, all of them will be asked to submit redacted applications. When submitting a redacted version, recipients may black out information that would be considered trade secrets and commercial or financial information and the information is privileged or confidential, as provided in 5 U.S.C. 552(b)(4), should the information be disclosed to the public. HUD will take the recipient's

proposed redactions under advisement when determining what information should be released to the public.

Please direct questions regarding specific reporting requirements to the point of contact listed in Section VII. Agency Contact(s), below.

D. Debriefing.

For a period of at least 120 days, beginning 30 days after the public announcement of awards under this NOFA, HUD will provide a debriefing related to their application to requesting applicants. A request for debriefing must be made in writing or by email by the authorized official whose signature appears on the SF-424 or by his or her successor in office and be submitted to the POC in Section VII Agency Contact(s), below. Information provided during a debriefing may include the final score the applicant received for each rating factor, final evaluator comments for each rating factor, and the final assessment indicating the basis upon which funding was approved or denied.

VII. Agency Contact(s).

HUD staff will be available to provide clarification on the content of this NOFA. Questions regarding specific program requirements for this NOFA should be directed to the POC listed below. Name:

Aaron J. Salkoski

Phone:

202-402-4424

Email:

Aaron.J.Salkoski@hud.gov

Persons with hearing or speech impairments may access this number via TTY by calling the toll-free Federal Relay Service at 800-877-8339. Please note that HUD staff cannot assist applicants in preparing their applications.

VIII. Other Information.

1. National Environmental Policy Act.

A Finding of No Significant Impact (FONSI) with respect to the environment has been made for this NOFA in accordance with HUD regulations at 24 CFR part 50, which implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

The FONSI is available for inspection at [HUD's Funding Opportunities](#) web page.

2. Paperwork Reduction Act Statement. The information collection requirements in this notice have been approved by OMB under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520). In accordance with the Paperwork Reduction Act, HUD may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid OMB control number. Each NOFA will identify its applicable OMB control number unless its collection of information is excluded from these requirements under 5 CFR part 1320.
