Dear Executive Director,

On September 8<sup>th</sup>, HUD published [PIH Notice 2020-22](#), providing \$150 million for new Mainstream vouchers to help PHAs prevent, prepare for, and respond to COVID-19. We are working to process PHA requests and provide a response within 4-6 weeks. Due to the tremendous interest in these vouchers, we anticipate that all available funding will be fully committed before the December 31, 2020 application deadline.

To help PHA's administer their Mainstream vouchers, HUD and the Technical Assistance Collaborative (TAC) will be providing three webinars this fall. The first webinar on *Mainstream Voucher Basics* will be held on **Thursday, October 15<sup>th</sup> from 1:00-3:00 PM EDT** and will provide an overview of the program, including participant eligibility, waiting list management, admissions preferences, and reporting requirements. Registration for the webinar is available on [HUD Exchange](#).

Please email [MainstreamVouchers@hud.gov](mailto:MainstreamVouchers@hud.gov) with any questions.

Thank you,

Steven R. Durham

Director

Office of Housing Voucher Programs (HVP)
