

The White House Opportunity and Revitalization Council

Completed Program Targeting Actions

The Opportunity Zone tax incentive is a powerful new tool meant to bring private capital to underserved communities. However, economically distressed communities require more than private capital alone. Many of these communities are in need of public-sector support and regulatory streamlining to ensure they develop the foundations necessary to support a thriving private sector. Public investment in economic development, entrepreneurship, education and workforce training, and safe neighborhoods — along with guidance for engaging with investors and entrepreneurs — will help communities unlock private capital to create sustainable growth. This public-sector investment serves as a means by which to attract and continue the flow of private capital-investment into Opportunity Zones.

Acknowledging this need, President Donald J. Trump signed Executive Order 13853 on December 12, 2018. This Order established the White House Opportunity and Revitalization Council to carry out the Administration’s plan to target, streamline, and coordinate Federal resources to be used in Opportunity Zones and other economically distressed communities. This public-sector commitment overlays the Opportunity Zone tax incentive in the Tax Cuts and Jobs Act. Together, private capital and public investment will stimulate economic opportunity, encourage entrepreneurship, expand educational opportunities, develop and rehabilitate quality housing stock, promote workforce development, and promote safety and prevent crime in economically distressed communities. State, local, and tribal leaders have an opportunity to leverage the work of the Council and to also conduct similar reviews of their own programs and regulations.

The White House Opportunity and Revitalization Council members have identified over one-hundred and sixty Federal programs where targeting, preference, or additional support could be granted to Opportunity Zones. As of August 21, 2019, the Council has already taken action on over 150 grants or programs:

Charter Schools Program Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools

These grants are intended to support charter schools that serve early childhood, elementary school, or secondary school students by providing grant funds to eligible applicants for the opening of new charter schools and for the replication and expansion of high-quality charter schools.

The Notice of Final Priorities, for Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality published July 3, 2019. This notice finalizes a priority to encourage the opening of new charter schools and the replication and expansion of high-quality charter schools in Opportunity Zones, and to encourage charter school developers that are partnering with an Opportunity Fund, especially for the purpose of acquiring or constructing school facilities.

Concurrent with the Notice of Final Priorities, the Department published a Notice Inviting Applications for this program on July 3, 2019 that includes a competitive preference priority worth 10 points for applicants proposing to open a new charter school or to replicate or expand a high-quality charter

Guidance on Submitting Consolidated Plans and Annual Action Plans

This notice provides varying instructions and guidance to grantees/participating jurisdictions under the Community Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Housing Trust Fund (HTF), Emergency Solutions Grants (ESG), and Housing Opportunities for Persons With AIDS (HOPWA) programs at it relates to Fiscal Year 2019 Consolidated Plans and Action Plans.

Language supporting Opportunity Zones has been added to this notice, including the encouragement of grantees to consider the use of CDBG, HOME, HTF, ESG, and HOPWA funds for eligible activities in Opportunity Zones when developing their Consolidated Plans. Also, grantees are encouraged to explore whether their Opportunity Zones would qualify as Neighborhood Revitalization Strategy Areas (NRSAs)—certain CDBG requirements can be streamlined through the designation of NRSAs that may make it more feasible for grantees and their partners to leverage CDBG and Section 108 funds more quickly in Opportunity Zones.

Request for Information – Opportunity Zones

HUD has determined that—in light of Executive Order 13853 “Establishing the White House Opportunity and Revitalization Council”— it should undertake a substantive review of existing policies, practices, planned actions, regulations and guidance regarding HUD-administered programs. The purpose is to identify actions HUD can take to encourage beneficial investment in urban and economically distressed communities, including Opportunity Zones. In conducting this review, HUD believes that it would benefit from information and perspectives among State, local and tribal officials, experts in relevant disciplines, affected stakeholders in the private sector, and the public as a whole. HUD is, therefore, requesting information to guide and enhance this review.

The official Request for Information was published on April 17th, 2019 in the Federal Register.

Growth Accelerator Fund Prizes	This prize competition, pursuant to the America COMPETES Act, recognizes the nation's most innovative accelerators and awards them cash prizes that they may use to fund their operations costs focused towards helping entrepreneurs apply for government R&D funding. SBA will award up to 60 prizes of \$50,000 each for a total of \$3 million in prizes.	Participants in this competition must target at least 60% of the Growth Accelerator's effort under the funding opportunity to entrepreneurs in one of four specified groups. One of the targeted groups is: "Entrepreneurs that live in an Opportunity Zone, or whose businesses are located in and operate out of an Opportunity Zone." The competition begins on June 10, 2019 and ends June 20, 2019.	https://www.sba.gov/offices/headquarters/ooi/spotlight	Economic Development
Makerspace Training, Collaboration and Hiring (MaTCH) Pilot Competition	The MaTCH Pilot Competition, pursuant to the America COMPETES Act, seeks to address the job skills and placement gap faced by U.S. businesses by providing funding to create or expand programs within existing makerspaces that offer job-specific and soft skills training. The Competition will award up to \$1 million in total prizes, based on a tiered approach. Up to \$25,000 will be awarded in seed	Additional factors may be considered in the application review, such as, but not limited to whether the Makerspace and/or jobs filled are located in an Opportunity Zone. Program for Investment in Micro-Entrepreneurs (PRIME)

The SBA’s Program for Investment in Micro-Entrepreneurs (PRIME) provides grants to organizations that help low-income entrepreneurs who lack sufficient training and education to gain access to capital to establish and expand their small businesses. SBA expects to make approximately 25 awards for a total of \$5 million.

The SBA will give additional consideration to those applicants that (1) provide training and technical assistance to economically disadvantaged entrepreneurs in rural areas; and (2) training and technical assistance to support entrepreneurship in Hub Zones and Opportunity Zones.

**Supplemental
Public-Sector
Training Grants**

The foundation of the SPST Grants Program is a train-the-trainer model. The intent of the grant is to train hazmat instructors who will then train public-sector hazmat responders. Properly planned and maintained training programs are essential to ensuring that emergency responders who receive training under the grant will have the ability to protect nearby persons, property, and the environment from the effects of accidents or incidents involving the transportation of hazardous material in accordance with existing regulations or National Fire Protection standards for competence of responders to accidents and incidents involving hazardous materials.

The grant guidelines state that the application will be evaluated on how well they address the department's objectives including project located in or that support service in an Opportunity Zone.
