CHAPTER 1. GENERAL INFORMATION

1-1. Purpose

The Governmentwide Commercial Credit Card (Bankcard) Program uses a standard commercial credit card to streamline the purchase of supplies, equipment, and services up to $2,500 or another limit established by the Program Administrator. HUD is a participant in the program, which is administered by the General Services Administration (GSA). This handbook implements the program in HUD and is intended to supplement guidelines provided by the GSA and the Servicing Bank.

Disciplinary action may be initiated under applicable regulatory, statutory and Departmental procedures.

The Cardholder is prohibited, through use of the card, from making any willful purchase upon or against the credit of the U.S. Government or any Department or Agency thereof knowing such purchase to be false, fictitious, or fraudulent. If the Cardholder knowingly makes a false, fictitious, or fraudulent purchase, he/she could be held personally liable to the Federal
Government for the amount of that purchase and could be subject to a fine of not more than $10,000 or imprisoned for not more than five years or both.

The Cardholder may be responsible to the Federal Government for charges on a lost or stolen card which the Cardholder knowingly, and willfully fails to report in accordance with procedures outlined in paragraph 5-2. The Cardholder will not be held liable for charges on a lost or stolen card unless the Federal Government is held liable by the Servicing Bank or its successor. Any determination as to the Cardholder's financial or other liability within HUD's discretion shall be made jointly by the proposing official and the Program Administrator.

The name of the Cardholder is embossed on the credit card which is to be used only by the Cardholder. No other member of the staff or anyone else may use the card. Lending of the card is prohibited and may result in cancellation of the card.
