ADMINISTRATION

Special Attention of: Transmittal Handbook No.: 2300.2 REV-3

Issued: May 21, 1984

1. This Transmits revised Travel Handbook 2300.2 REV-3.

2. Explanation of changes:

a. This revision combines a reprint of the four chapters of GSA's Federal Travel Regulations (FTR), and Department policy on travel. The FTR is printed on white paper and the HUD implementation pages on yellow paper.

- (1) Supplemental policy statements on HUD pages are added to some paragraphs of the FTR. In such cases, the paragraph numbers of the supplements correspond to the numbers used in the FTR. For example, supplemental paragraph 1-1.2 contains Department policy relating to paragraph 1-1.2 of the FTR.
- (2) In some cases, new subparagraphs, paragraphs, and even parts are added in the Department supplements. For example, in paragraph 1-1.3 the Department expands the list of eight definitions by adding several more, which are numbered (9) through (21). Thus, the supplements contain a sub-paragraph 1-1.3c(10) which does not appear in the FTR.
- b. The Table of Contents presents more detail to facilitate use of this handbook.
 - c. The names of offices and titles of officials have been updated.
 - d. Changes to Chapter 1, Travel Allowances, include:
- (1) Paragraph 1-1.1a(1) incorporates the Assistant Secretary for Administration's responsibility for enforcement of travel regulations and control over travel.
- (2) Paragraph 1-1.1a(2) indicates a detailed description of the responsibilities of the Director, Office of Administrative and Management Services (OAMS).
- (3) Paragraph 1-1.1a(3) is added to delineate the responsibilities of the Deputy Under Secretary for Field Coordination (DUSFC).

⁽⁴⁾ Paragraph 1-1.1a(4) is added to clearly define the responsibilities for travel of Regional Administrators.

- (5) Paragraph 1-1.1c expands the list of HUD handbooks which contain information concerning official travel matters.
- (6) Paragraph 1-1.1d incorporates updated information concerning the role of the handbook.
- (7) Paragraph 1-1.3c expands the list of definitions relevant to travel.
- (8) Paragraph 1-1.3d is added to list acronyms to assist non-Government and newly employed users.
- (9) Paragraph 1-1.3e incorporates amended responsibilities of both recommending and authorizing officials to reflect OMB, Congressional and Department initiatives to curb excessive spending on travel and establish greater controls over travel.
- (10) Paragraph 1-1.3f amends the responsibilities of approving officials.
 - (11) Paragraph 1-1.3g updates the responsibilities of travelers.

(15) Paragraph 1-1.7 incorporates acronyms for the various types of travel authorizations. It also facilitates use of this handbook

by grouping in one place information about the various types of authorizations. Also, subparagraph a. denotes the change in title of the (revised) HUD 25 from "Travel Order - Request and Authorization" to "Official Travel Order."

- (16) Paragraph 1-1.7.2 amends regulations governing the use of Limited Open Travel Authorizations (LOTA). Changes should facilitate the use of the LOTA by permitting its use on a monthly as well as quarterly basis. The monthly period coincides with the typical period covered by most travel plans. Other changes include:
- (a) Subparagraph b expands the number of HUD employees eligible for travel under a LOTA to include the Secretary and Under Secretary; principal assistants and managers designated by the Secretary; and Office of the Inspector General employees located in Headquarters. Requirements that travel be planned in advance have not changed; infrequent or unplanned travel continues to require individual travel orders.
- (b) Subparagraph c(1) expands the number of officials delegated authority to authorize travel under the LOTA to include certain Headquarters officials.
- (17) Paragraph 1-1.7.3b increases the number of carbon copies of the HUD 25, Official Travel Order, to be provided the employee. The extra copy is needed by transportation service providers when offices are under blanket GTR arrangements with SATO or GSA travel agent contractors.
- (18) Paragraph 1-1.7.4 establishes greater controls over local, in or around, travel.
- (a) Subparagraph b defines the local travel area for Headquarters employees and empowers Regional Administrators to determine the area to be covered by local travel in their Regions.
- (b) Subparagraph e incorporates Department practice of permitting authorizing officials discretionary authority to allow or disallow mileage payments from whatever point the employee begins his/her journey to a temporary duty site with no deduction for the distance the employee would normally travel between residence and official duty station.
- (c) Subparagraph g is added to stress the importance of controlling local travel reimbursement.
- (19) Paragraph 1-1.10c incorporates policy concerning the acceptance of travel expenses from outside organizations.
- (20) Paragraph 1-2.2b(5) incorporates policy concerning the use of contract airline service by cost-reimbursable contractors.

concerning the use of contract air carriers for conformity with the revised HUD 25, Official Travel Order.

- (22) Paragraph 1-3.5j revises terminology. The term "bonus goods" is used in lieu of "Material received while on official travel." The paragraph also permits the use of bonus goods by employees of a particular office for other planned official business travel prior to submission to the appropriate accounting office.
- (23) Paragraph 1-4.1 incorporates policy which grants principal authorizing officials the discretion of limiting reimbursement for local travel between an employee's residence and first place of temporary duty. For example, the Assistant Secretary for Administration has not redelegated this authority and requires all Administration employees to deduct for the distance normally travelled between their residence and office when on TDY in or around the official duty station.
- (24) Paragraph 1-6.5 is added to highlight the authorizing official's responsibility to control telephone calls and certify that they were in the interest of the Government.
- (25) Paragraph 1-7.3 is added to clarify the responsibility for authorizing only such per diem allowances as are justified by the circumstances of the travel per FTR requirements.
- (a) Subparagraph a highlights that the payment of per diem is prohibited at an employee's official duty station or place of residence.
- (b) Subparagraph c provides guidelines and examples for various situations under per diem. For example, c(1)(d) provides guidelines for determining lodging costs when a traveler does not stay in a hotel or motel.
- (26) Paragraph 1-8.2 is added to emphasize that reimbursement to the employee may not exceed the maximum rate when a portion of the subsistence expense is paid for by the Government (i.e., under purchase order). It also establishes policy regarding commuting costs in lieu of actual subsistence expenses (Comptroller General Decision B-192540, dated April 6, 1979).
- (27) Paragraph 1-8.5b incorporates what constitutes a lodging receipt considered acceptable for reimbursement claims.
- (28) Paragraph 1-10.3 contains various changes concerning travel advances.

5/84	4	
		2300.2 REV-3

(a) Subparagraph a(2) modifies the term "single trip/ non-revolving advance" by changing it to "single trip advance." It also increases the requirement for obtaining revolving travel advances from one

trip per month to three trips per month. Outstationed Headquarters employees are exempted from this increase, which is designed to help reduce fraud, waste and mismanagement.

- (b) Subparagraph a(4) establishes greater controls over travel advances from an imprest fund.
- (c) Subparagraph a(5) is added to revise procedures concerning the recovery of advances.
- (29) Paragraph 1-11.4 is revised to delete the requirement that employees on travel at the end of a month wait to claim related travel expenses in the next month's voucher. Travel expenses should be claimed either immediately or on the next month's voucher, depending on the circumstances of the individual traveler. Also deleted is the provision that only a copy of processed vouchers for temporary duty and not permanent change of station would be returned to the traveler by the appropriate accounting office.
- (30) Paragraph 1-12.4b deletes reference to immunizations for foreign travel being provided by the Public Health Service Outpatient Clinic located at 300 C St., S.W., Washington, D.C., because the clinic was closed.
- (31) Paragraph 1-12.4c updates procedures and information concerning travel advances for foreign travel.
- (32) Paragraph 1-13.1 revises procedures concerning training travel and deletes references to the National Training Center in Columbia, Maryland, which was closed.

FTR changes to Chapter 2, Relocation Allowances include:
- a. Paragraph 2-1.2a is amended by adding a new subparagraph (6) to add certain new Presidential appointees to the list of persons covered by the FTR. New appointees to the Senior Executive Service (SES) have been deleted from previous subparagraph (3) and are now included in new subparagraph (6). The word "conterminous" is deleted from subparagraph (3) to be consistent with subparagraph 2-1.3a(3).
