The Housing and Community Development Act of 1987, 42 U.S.C. 3543, authorizes HUD to collect the SSN. The data are used to ensure that individuals who no longer require access to Line of Credit Control System (LOCCS) have their access capability promptly deleted. Provision of the SSN is mandatory. This information will not be otherwise disclosed or released outside of HUD, except as permitted or required by law.

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not collect this information, and you are not required to complete this form, unless it displays a currently valid OMB control number.

HUD implemented the Line of Credit Control System/Voice Response System (LOCCS/VRS) to process requests for payments to grantees. Grant recipients fill out a voucher form for the applicable HUD program with all the necessary information prior to making a telephone call using a touch tone telephone to initiate the drawdown process. The grantee will be prompted for entering the information and for confirming information that is spoken back by the VRS simulated voice. This information is required to obtain benefits under the U.S. Housing Act of 1937, as amended. The information requested does not lend itself to confidentiality.
