

CONSTRUCTION EXHIBIT SUBMITTAL

\*\*\*\*\*

On individual new construction cases involving high loan-to-value ratios, construction exhibits are stapled together, folded to fit in binder and left loose in the case binder. Plans should be no larger than 18" X 24". Half size photocopies of the drawings (8 1/2" X 14") are acceptable provided they are legible and lettering is no smaller than 1/16". Ensure that a Builder Certification (original) is attached to front sheet of exhibits.
