SUBJECT: Valuation Analysis for Project Mortgage Insurance Handbook
1. This Circular Transmits:
Revised pages to HUD Handbook 4465.1, Valuation Analysis for
Project Mortgage insurance.

2. Explanation of Material Transmitted:
In processing proposals where unusual land improvements exist, the
appraiser shall subtract from the Value of the Site Fully Improved
the sum of the dollar amounts of the Unusual Land Improvements
(Line 36a of Form 2264), the prorated amount applicable to the Unusual
Land Improvements included in General Requirements, Builder's General
Overhead, Builder's Profit (if applicable), Architect's Fee - Design,
Architect's Fee - Supervision, Bond Premium (Lines 42 through
47 of Section G, Form 2264), and, if applicable, the 10% BSPRA based
on the sum of all of the above mentioned items. Reducing the Value
of Land Fully Improved by not only the amount of the Unusual Land
Improvements but also the properly prorated amounts of the applicable
fees will provide for a more realistic replacement cost by precluding
duplication of these fees in the Warranted Price of Land.
