FORMS APPENDIX V

Following are two groups of model forms. The first group consist of forms to be used by the sponsoring entity in the investor-sponsor approach, and the second group consists of forms necessary to the sponsorship stage of the dual processed, nonprofit rental sponsorship approach to a management type cooperative.

FHA Form 3201, "Application for Mortgage Insurance," which is common to all approaches except Section 213 Sales Type and Supplementary Improvement Loans is included. Basic model forms for structuring the management type cooperative which will acquire the project from the sponsoring entity are provided in the forms appendix to Reference (2) of the Foreword.

All forms are subject to revision from time to time and care should be taken to check for the most recent revision before they are used.
