

APPENDIX 6.

The following documents may be included with the "Request for HUD-Retained Processing " to aid in facilitating completion of the environmental review process:

1. Clearance letter from the State Historical Preservation Officer.
2. Topographic survey of the site by a licensed surveyor. The survey should include contour lines and indicate any floodplain or floodway areas (as determined by the Federal Emergency Management Agency). The elevation of the contour lines, floodplain/floodway and bulding pads should be annotated on the survey.
3. A title policy showing the chain of ownership for the previous 50 years.
4. Clearance letter(s) from the Army Corp of Engineers and/or the United States Bureau of Fish and Wildlife.
5. A list of repairs to be made to the project (for existing structures only).
6. Copy of soils study (for proposed construction only).
7. Letter from city/county engineer addressing the adequacy of existing public facilities, i.e., water and sewer lines (for proposed construction only).
