

TABLE OF CONTENTS

CHAPTER 1 - GENERAL INFORMATION

100. Application.....	1-1
101. Local Codes and Standards.....	1-4
102. Referenced Standards	1-4
103. General Procedure.....	1-5

CHAPTER 2 - SITE ACCEPTABILITY CRITERIA

200. General.....	2-1
201. Site Suitability.....	2-1
202. Soil Bearing Capacity	2-2
203. Problem Soil and Site Conditions.....	2-2

CHAPTER 3 - SITE PREPARATION

300. General.....	3-1
301. Drainage.....	3-1
302. Site - Grading.....	3-1
303. Fill.....	3-1
304. Finish Grade Elevation	3-1

CHAPTER 4 - DESIGN LOADS FOR PERMANENT FOUNDATIONS

400. General.....	4-1
401. Building Structure And Size	4-1
402. Design Loads	4-1

CHAPTER 5 - FOUNDATION REQUIREMENTS

500. General.....	5-1
501. Excavation	5-1
502. Foundation Materials	5-1
503. Structural Requirements	5-1

CHAPTER 6 - FOUNDATION DESIGN

600. Design Procedure	6-1
601. Verifying the Foundation Design Concept (Appendix A).....	6-4
602. Using the Foundation Design Ta- bles (Appendix B)	6-11
603. Using the Foundation Capacities Tables (Appendix C).....	6-25

CHAPTER 7 - FINAL CHECK

700. General	7-1
701. Final Approval.....	7-3

APPENDIX A - FOUNDATION DESIGN CONCEPT SELECTION

A-100. General/Concepts.....	A-1 to A-28
------------------------------	-------------

APPENDIX B - FOUNDATION DESIGN TABLES

B-100. USE OF THE FOUNDATION DESIGN TABLES.....	B-1
--	-----

Part 1 - Required Effective Footing Area (Aftg)

Single Section C	B-3 to B-6
Single Section E, I	B-7
Multi-section C	B-8 to B-16
Multi-Section Cnw	B-17 to B-20
Multi-Section E, I	B-21 to B-29
Multi-Section E5,E6	B-30 to B-38
Multi-Section E7	B-39 to B-47

Part 2 - Required Vertical Anchorage - (Av)

Single-Section C	B-48
Single-Section C1	B-49
Single-Section E	B-50
Single-Section E3	B-51

Single-Section I	B-52	D-300	SAMPLE EQUATIONS USED FOR FOUNDATION DESIGN LOAD TABLE VALUES	D-15
Multi-Section C	B-53 to B-54			
Multi-Section E	B-55 to B-56			
Multi-Section E3	B-57			
Multi-Section I	B-58 to B-59			
Part 3 - Required Horizontal Anchorage -(Ah) Transverse Direction			APPENDIX E - OWNER'S SITE ACCEPTABILITY AND MANUFACTURER'S WORKSHEETS.....	E-1 to E-5
Single-Section C,E,I	B-60 to B-64		APPENDIX F - DESIGN WORK-SHEET.....	F-1 to F-22
Multi-Section C,E,I	B-65 to B-80			
Part 4 - Required Horizontal Anchorage -(Ah) Longitudinal Direction			APPENDIX G - SAMPLE PROBLEMS	
Single-Section C,E,I	B-81 to B-89		<u>Example #1</u> - Multi-Section Type E1 (Marriage wall with Openings)	G-1 to G-6
Multi-Section C,E,I	B-90 to B-100		<u>Example #2</u> -Single Section Type C1- Vertical X-Bracing.....	G-6 to G-13
			Filled in work sheets for both examples follow	
APPENDIX C - FOUNDATION CAPACITY TABLES			APPENDIX H - MAPS	
C-100. USE OF FOUNDATION CAPACITIES TABLES	C-1	H-100. GENERAL.....		H-1
C-200. WITHDRAWAL RESISTANCE CAPACITY TABLES.....	C-1	H-200. SEISMIC PERFORMANCE CATEGORIES.....		H-1
C-300. VERTICAL ANCHOR CAPACITY TABLES.....	C-2	H-300. SPECIAL SEISMIC DESIGN CONSIDERATIONS FOR FOUNDATIONS		H-1
C-400. HORIZONTAL ANCHOR CAPACITY TABLES FOR SHORT AND LONG FOUNDATION WALLS	C-3			
APPENDIX D - DERIVATION OF FOUNDATION DESIGN		APPENDIX I -REFERENCES.....		I-1
D-100. CONDITIONS AFFECTING DESIGN	D-1	ADDITIONAL RESOURCES.....		I-2 to I-3
D-200. LOAD CONDITIONS INCLUDED IN FOUNDATION DESIGN	D-3			

LIST OF TABLES

Table i-1	Approval Methods.....	ii		
Table 4-1	Range of Dead Loads Covered by This Guide.....	4-1	Table C-1	Withdrawal Resistance - Long Continuous Founda- tion
Table A-1	Foundation Selection Ta- ble	A-2,A-3	Table C-2	Withdrawal Resistance For Piers.....
Tables B -Appendix B			Table C-3	Vertical Anchor Capacity For Piers.....
Part 1 - Required Effective Footing Area (Aftg)			Table C-4A	Vertical Anchor Capacity For Long Foundation Wall - Concrete or Ma- sonry Wall.....
Single Section C	B-3 to B-6		Table C-4B	Vertical Anchor Capacity For Long Foundation Wall - Treated Wood Wall.....
Single Section E, I	B-7		Table C-5A	Horizontal Anchor Ca- pacity For Short or Long Shear Walls - Concrete or Masonry
Multi-section C	B-8 to B-16		Table C-5B	Horizontal Anchor Ca- pacity For Short or Long Shear Walls - Treated Wood.....
Multi-Section Cnw	B-17 to B-20		Table D-1	Dead Load on Foundation.....
Multi-Section E, I	B-21 to B-29		Table D-2	Seismic Forces - Ground Snow < 30 psf
Multi-Section E5, E6	B-30 to B-38		Table D-3	Seismic Forces - Ground Snow 100 psf.....
Multi-Section E7	B-39 to B-47		Table H-1	Seismic Performance Category for Hazard Ex- posure Group I
Part 2 - Required Vertical Anchorage - (Av)				
Single-Section C	B-48			
Single-Section C1	B-49			
Single-Section E	B-50			
Single-Section E3	B-51			
Single-Section I	B-52			
Multi-Section C	B-53 to B-54			
Multi-Section E	B-55 to B-56			
Multi-Section E3	B-57			
Multi-Section I	B-58 to B-59			
Part 3 - Required Horizontal Anchorage -(Ah)				
Transverse Direction				
Single-Section C,E,I	B-60 to B-64			
Multi-Section C,E,I	B-65 to B-80			
Part 4 - Required Horizontal Anchorage -(Ah)				
Longitudinal Direction				
Single-Section C,E,I	B-81 to B-89			
Multi-Section C,E,I	B-90 to B-100			

LIST OF FIGURES

Figure 1-1	Longitudinal and Transverse.....1-3	Figure D-5	Interior (GCpi) Coefficients D-9
Figure 5-1	Minimum Clearances and Footing Depth.....5-2	Figure D-6	Roof Plane - Wind Components - Transverse Direction D-10
Figure 6-1	Unit Width Description6-3	Figure D-7	Seismic Dead Load Distribution..... D-11
Figure 6-2	Definition of Terms and Possible Support Locations6-4	Figure D-8A	Gravity Loads - Type C Single-Section Units D-15
Figure 6-3	Overturning and Uplift Resistance Options6-5	Figure D-8B	Gravity Loads - Type E and I Single-Section Units..... D-19
Figure 6-4	Sliding Resistance Options - Transverse Direction.....6-9	Figure D-9A	Gravity Loads - Type C Multi-Section Units w/Cont. Marriage Walls..... D-20
Figure 6-5	Sliding Resistance - Combination Option - Transverse Direction6-10	Figure D-9B	Gravity Loads - Type C Multi-Section Units w/Openings in Marriage Wall..... D-22
Figure 6-6	Sliding Resistance Options - Longitudinal Direction.....6-10	Figure D-9C	Marriage Wall w/Large Single Opening D-23
Figure 6-7	Foundation Design Concepts: Single-Section Units6-11	Figure D-9D	Marriage Wall w/Two Adjacent Openings..... D-24
