reports to HUD, (b) the frequency of reporting, (c) the number
of copies to be submitted, and (d) the office to which the
report shall be submitted.

Specific instructions for submission of financial reports are
referenced in Chapter 13, Handbook RHA 7510.1, Low-Rent Housing
Accounting Handbook, with one noted Reporting Requirement
exception. Report of Tenants Accounts Receivable, Form HUD-
52295, shall be submitted semiannually and annually in
accordance with paragraph 6-5 of this Chapter.

6-5. PHA SUBMISSION OF FORM HUD-52295—REPORT OF TENANTS ACCOUNTS
RECEIVABLE.

a. Purpose.

This paragraph establishes PHA submission requirements of
Form HUD-52295, which differ from the instructions
contained in HUD Handbook RHA 7510.1, Low-Rent Housing
Accounting Handbook.

b. Submission Requirements.

(1) A separate report shall be prepared for (a) PHA owned
rental projects under the same contract and (b)
Section 23 leased projects under the same contract,
even though combined with other projects for
collection purposes.
(2) "Report of Tenants Accounts Receivable," Form HUD-52295, shall be submitted semi-annually and annually, unless otherwise requested by the HUD Field Office. More frequent reports and greater detail may be requested by the Field Office in cases where the PHA is experiencing a serious rent collection problem. The Field Office may choose to accept annual reports on a case-by-case basis, if it is determined that the PHA is not experiencing a rent collection problem. A PHA which believes its collection experience evidences satisfactory performance, may request a waiver of semi-annual reporting.

(3) Other reports or summaries may be submitted in lieu of Form HUD-52295, provided prior approval is obtained from the Field Office and such other reports or summaries contain substantially the same information as that required in Form HUD-52295.

c. Documentation.

Any requests for waivers of semi-annual reporting and acceptability of reports other than the prescribed report format shall be documented by letter from the PHA to the Field Office. Requests for more frequent and/or increased reporting by the PHA shall also be documented by letter from the Field Office to the PHA.

6-6. PHA PREPARATION OF FORM HUD-52267 - COMPUTATION OF PAYMENTS IN LIEU OF TAXES (PILOT).

a. Pilot payments are determined in accordance with the terms of the Cooperation Agreement(s) entered into by the PHA and the local governing body(ies). The amount payable is limited to the lesser of (a) 10 percent of shelter rent or (b) the amount prescribed by state law.

b. Lines 1 through 7 represent the components of shelter rent and result in a calculation of "shelter rent charged" in determining PILOT.

c. Lines 9 through 13 calculate "shelter rent collected" and are used in lieu of Lines 1 through 8 when this basis for calculating PILOT is specified in the Cooperation Agreement.

d. Line 14 shows the approximate amount of full real property taxes that will assure compliance with the
provision of the Act which limits PILOT to the amount prescribed by state law.

e. Lines 15 and 16 compare the amounts described above in order to determine the amount to be used in making PILOT payments.

f. Detailed instructions for the preparation of Form HUD-52267 are on the reverse side of the Form and in HUD Handbook RHA 7510.1, Low-Rent Housing Accounting Handbook.

report is being prepared.

c. Using the income and expense ledgers as a source, enter the final balances of these accounts in the last column (actual amount). Be sure that actual amounts are used. Do not round these figures.

d. The general ledger will be the source for all other amounts shown in the last column not obtained from c. above.

e. Calculate PUM amounts for the third column (Actual PUM) by dividing the amounts used in the last column (c. and d. above) by the number of unit months availability.

f. Section 23 Leased Projects - Stop at Line 680 and complete Form HUD-52981 before completing the remainder of this form.

Line 780 is then calculated. (If line 760 is a deficit, the reserve level can not be reduced to less than zero.)

i. Lines 810 and 820 are taken from the trial balance of Tenants Accounts Receivable at the end of the reporting period.

j. Detailed instructions for the preparation of Form HUD-52599 are on the reverse side of the Form and in HM G 7511.1, Low-Rent Housing Accounting Guide.

PHAs may be subject to more stringent requirements as a result of state or other legal requirements. It has been prepared primarily for small PHAs.
