

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

WASHINGTON, DC 20410-8000

JUN 18 2014

OFFICE OF HOUSING

Dear MHCC Members:

We are pleased to announce that Home Innovation Research Labs Inc., located in Upper Marlboro, Maryland, has been awarded the Administering Organization (AO) contract for the Manufactured Housing Consensus Committee. Home Innovation Research Labs is accredited by the American National Standards Institute (ANSI) as an independent third-party administrator. It currently serves as secretariat to the National Green Building Standards – ANS ICC 700, which is the first ANSI-accredited standard on sustainability of green buildings.

The AO will be introduced during the June 26, 2014, teleconference meeting. This conference call meeting will provide the MHCC, HUD and the AO an opportunity to begin working on pending actions before the Committee.

In the coming weeks, the Department will be working to transition from NFPA to the new AO contractor. We are requesting your patience as we move forward.

You may contact the AO at:

Mr. Kevin Kauffman, Project Manager
