LOCATION OF HUD FIELD OFFICES BY REGION

In addition to the HUD headquarters building at 451 Seventh Street SW, Washington, DC 20715, HUD also operates the following Field Offices where Privacy Act records may in some cases be maintained or accessed.

Moreover, HUD records subject to the Privacy Act may sometimes be maintained at other facilities leased by HUD or operated by HUD contractors, including by other Federal agencies, or by the National Archives & Records Administration on HUD's behalf. In such cases these addresses will be made available under the published systems of records.
