Grant Closeout
What is grant closeout?

The closeout of a grant is a process in which HUD determines that all applicable administrative and program requirements of the applicable Grant Agreement between HUD and the grantee have been completed.
In order to close out a CDBG disaster recovery grant, HUD ensures the following:

- All CDBG-DR funds have been expended
  OR
- Grant agreement between grantee and HUD has expired (as applicable)

Process begins ninety (90) days after the grant ends
Grantee Role in Closeout

- Expend all grant funds in accordance with needs or return funds
- Update accomplishments data to reflect all activities completed (or canceled)
- Update the performance measures for actual versus proposed
- Review final QPR
- Prepare a closeout agreement
1. HUD HQ works with HUD Field Staff to close out grants.
2. HUD Field Staff request that the closeout process begin
3. HUD HQ will provide Disaster Recovery Grant Reporting System (DRGR) reports related to closeout
   - Financial Summary Report (Are funds available for recapture?)
   - Performance Measures Reports (Did the grantee meet the CDBG national objective, and complete recovery activities?)
