PIC Release 5.6 Issue Description

No.	SIR	Submodule	Issue Description
41	PSS02047	MTW	MTW Template Download
42	PSS02052	AID Report	Generation of AID report
43	PSS02053	MTW	Email Notification functionality for MTW
44	PSS02042	AID	Functionality to replace AID with SSN for household members.
45	PSS02014	Form 50058 - Submission	Re-design the PIC system to ensure that adequate controls are placed in the social security number field. The social security number should continue to be a required field with appropriate controls to validate the number with the exception of when an alternate ID is generated. Controls should be implemented to ensure that social security numbers are nine digit numeric and that obvious invalid numbers (e.g. 123-45-6789), are not accepted. The field should contain appropriate controls to validate the alternate ID.
46	PSS02015	Form 50058 - Submission	Establish controls within PIC to require all household members 6 years of age and older to supply a social security number, an alien registration number, or a valid system generated alternate ID.
47	PSS02016	Form 50058 - Submission	Establish controls within the system to check for duplicate use of member of household social security numbers. Establish validation checks to ensure that no head of household is listed as a household member on another unit and that no household member is listed as a head of household
