Part V

64 FR 4768

DATE: Friday, January 29, 1999

ACTION: Final rule.

[*4768]

SUMMARY: This rule requires mortgagees that hold or service multifamily mortgages insured by HUD to submit certain data electronically to HUD in a HUD prescribed format. Electronic submission is necessary because the manual submission of HUD forms has become a burden to servicing mortgagees, as well as to HUD. This rule applies to all multifamily mortgagees in their responsibility to report mortgage delinquencies, mortgage defaults, mortgage reinstatements, elections to assign mortgages to HUD, and withdrawal of assignment elections.

EFFECTIVE DATE: March 1, 1999.

SUPPLEMENTARY INFORMATION:

I. Background

HUD obtains data regarding the status of delinquent insured mortgage loans on multifamily projects by using Form HUD-92426, Multifamily Default Status Report. HUD needs the information submitted on the

form in order to monitor mortgage loans for which the mortgagees are experiencing payment or other difficulties. In accordance with the requirements of 24 CFR part 207, the mortgagee must prepare and sign this form under the specified circumstances and mail it to HUD. When HUD receives the form, it must sign it and return it to the mortgagee to acknowledge receipt of the form.

To replace this burdensome paperwork process, HUD has developed a method for mortgagees to submit the data currently collected on Form HUD-92426, as well as to report the date of the mortgagees' last physical inspection of the project, using the Internet. According to this new method, the mortgagee will electronically submit the data to HUD, after which an electronic receipt will automatically be returned. HUD will provide, at no cost to mortgagees, "stand alone" software and technical support for that software, which is designed to run on IBM-compatible personal computers (PCs). Mortgagees will, however, need to provide their own PCs and Internet connections. Mortgagees that do not choose to initiate Internet access for themselves may contract with another entity or individual to act on their behalf to report the data electronically. HUD believes that this is not likely to be necessary in most cases.

One of HUD's primary concerns is the costs mortgagees may incur in establishing Internet access if they have not already done so. For this reason, HUD has decided to allow for a staggered implementation of this rulemaking, under which smaller mortgagees will have more time to comply with the new electronic reporting requirements. HUD believes, however, that electronic tracking of the default and reinstatement data generally will reduce costs for mortgagees. HUD has field-tested electronic submission of this data on a voluntary pilot basis with a number of mortgagees, and has received generally favorable responses.

While HUD hopes to begin implementing the electronic reporting requirements in this rule right away (in accordance with the staggered implementation schedule in § 200.121 of this rule), HUD encourages mortgagees to comply with these requirements voluntarily to the extent possible, in order for the mortgagees and HUD to realize an early advantage of cost savings.

II. May 13, 1998 Proposed Rule

HUD published a proposed rule on May 13, 1998 (*63 FR 26702*) to solicit public comments on the electronic submission of required data by multifamily mortgagees, as described above. The deadline for public comments was July 13, 1998. HUD received no public comments in response to the proposed rule. This final rule adopts, therefore, the provisions of the proposed rule without change.

III. Regulatory Amendments

This document amends the regulations in 24 CFR parts 200 and 207 related to multifamily housing mortgage insurance, in order to require mortgagees with insured multifamily mortgage loans to submit information reporting mortgage delinquencies, defaults, reinstatements, assignment elections, and withdrawals of assignment elections electronically, rather than in writing on Form HUD-92426. Specifically, this rule amends the regulations as follows:

(1) This rule adds a new subpart B to part 200, entitled "Electronic Submission of Required Data for Mortgage Defaults and Mortgage Insurance Claims for Insured Multifamily Mortgages." The provision in this new subpart B requires multifamily mortgagees to submit the data electronically, and it provides the staggered schedule of effectiveness. As mentioned above, HUD will allow smaller mortgagees (i.e., those with fewer insured mortgage loans) more time to comply with the electronic submission requirements. This new subpart also provides for an exception to the electronic submission requirements, subject to HUD approval, for very small mortgagees for which compliance would represent a financial hardship.

(2) This document also makes several conforming changes to the current requirements in part 207. In § 207.256, which requires mortgagees to notify HUD of defaults, this document requires mortgagees to notify HUD in the manner prescribed in the new subpart B of part 200, rather than in writing. This document similarly amends § 207.256a, which requires mortgagees to notify HUD if a mortgage loan is reinstated, and § 207.258, which requires mortgagees to notify HUD if they elect to assign a mortgage to HUD or to acquire a property and convey title to HUD.

IV. Other Matters

Paperwork Burden

The information collection requirements contained in this rule have been approved by the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 (*44 U.S.C. 3501-3520*), and assigned OMB control number 2502-0041. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection displays a valid control number.

Regulatory Flexibility Act

The Secretary, in accordance with the Regulatory Flexibility Act (*5 U.S.C. 605(b)*), has reviewed this rule before publication and by approving it certifies [*4769] that this rule will not have a significant economic impact on a substantial number of small entities. The electronic submission requirements in this rule should reduce burden and costs for all mortgagees. As stated above, HUD will also reduce the burden on mortgagees by providing the software and technical support necessary to facilitate the electronic submission requirements. HUD has determined, therefore, that this rule will not have a significant economic impact on a substantial number of small entities.

Environmental Impact

This rule is categorically excluded from environmental review under the National Environmental Policy Act (*42 U.S.C. 4321*). The addition to part 200 of the new subpart B falls within the exclusion provided by 24 CFR 50.19(c)(1), in that it does not direct, provide for assistance or loan and mortgage insurance for, or otherwise govern or regulate, real property acquisition, disposition, leasing, rehabilitation, alteration, demolition, or new construction, or establish, revise, or provide for standards for construction or construction materials, manufactured housing, or occupancy. The amendments to part 207 are categorically excluded under 24 CFR 50.19(c)(2), because they amend an existing document, and the existing document as a whole does not fall within the exclusion in 24 CFR 50.19(c)(1), but the amendments by themselves do so.

Executive Order 12612, Federalism

The General Counsel, as the Designated Official under section 6(a) of Executive Order 12612, Federalism, has determined that the policies contained in this rule will not have substantial direct effects on States or their political subdivisions, on the relationship between the Federal Government and the States, or on the distribution of power and responsibilities among the various levels of government. This rule relates only to the manner in which mortgagees submit required information to HUD, and it does not affect the federalism concerns addressed in the Order. As a result, this rule is not subject to review under the Order.
