PROGRAM: Indian Community Development Block Grant and Indian Housing Block Grant

FOR: All Tribal Government Leaders and Tribally Designated Housing Entities

FROM: Rodger J. Boyd, Deputy Assistant Secretary for Native American Programs, PN

TOPIC: Preparing to Submit Grant Applications

Purpose: The purpose of this Guidance is to provide tribes with a summary of the Department’s “Notice of Fiscal Year (FY) 2009 Opportunity to Register Early and Other Important Information for Electronic Application Submission via Grants.gov” (see attached).

Introduction: Before you can submit a grant for federal funds through Grants.gov for FY 2009 Indian Community Development Block Grant (ICDBG) funds, and possibly for the Indian Housing Block Grant (IHBG) and ICDBG programs in the American Recovery and Reinvestment Act (ARRA), your tribe or organization must register to apply. There are five steps in the registration process. Each step must be completed to ensure that a tribe or organization can download and submit a grant application. The five steps are:

- Obtaining a Dun and Bradstreet Data Universal Numbering System (DUNS) Number
- Registering with the Central Contractor Registry (CCR)
- Registering with the Credential Provider
- Registering with Grants.gov
- Designating an Authorized Organization Representative (AOR) to submit a grant application

Tribes who expect to apply for ICDBG and IHBG funds under the ARRA later this year when the Notices of Funding Availability (NOFA) are published should take the time now to make sure that they are ready to take advantage of these opportunities when they become available. The ICDBG regulations may be found at 24 CFR Part 1003, and a summary of the ICDBG program and what it can be used for may be found at http://hud.gov/offices/pih/ih/grants/icdbg.cfm. A description of the competitive portion of the IHBG under the AARA will be posted on http://www.hud.gov/offices/pih/ih/codetalk/index.cfm. A summary of all HUD Recovery Act programs may be found at http://hud.gov/recovery/.
### Step One: Data Universal Number System (DUNS) Number

Registering for Grants.gov begins by obtaining a DUNS number. A DUNS number is a unique number that identifies a tribe or organization. DUNS numbers have been adopted by the federal government as a way to help track how federal grant money is distributed. If your tribe or organization does not already have a DUNS number, you should call (866) 705-5711 to register. Applicants in Alaska should call 800-234-3867. Applicants may also obtain a DUNS number at [http://fedgov.dnb.com/webform](http://fedgov.dnb.com/webform). There is no charge for this number. If your tribe or organization already has a DUNS number, you must use that one to apply for funding. It takes approximately 10-15 minutes to get a DUNS number if you apply by phone. If you register online, it takes one business day to create the number.

### Step Two: Registering with the Central Contractor Registry (CCR)

The CCR is the central government repository for tribes and organizations working with the federal government. To register for the first time or annually update or renew registration, you should go to the CCR website at [http://www.ccr.gov](http://www.ccr.gov). The DUNS number of the tribe or organization will be needed to proceed. If your tribe or organization is not already registered with the CCR, you should identify the primary contact within the tribe or organization who should register the tribe or organization. When you register with CCR, you will be required to designate an E-Business Point of Contact (E-Biz POC). The E-Biz POC plays an important role in maintaining who has access to the CCR, and also serves as the central point of contact by the CCR for the tribe or organization. He or she creates a nine-digit special password called a Marketing Partner ID Number (MPIN). The E-Biz POC will need the MPIN to approve an Authorized Organization Representative (AOR) to submit grant applications for the tribe or organization via Grants.gov.

The steps to register with the CCR are slightly different for new registrants versus those that are updating or renewing their registrations. To begin, all applicants should go to the CCR website identified above. Registration, including update/renewal can take several weeks, as the CCR compares its records to those maintained by Dun and Bradstreet, CCR, and the Internal Revenue Service. If discrepancies arise, this step of the registration process cannot be completed, which reaffirms the need for applicants to begin the registration process early. If your registration is submitted successfully, you will receive two letters through the U.S. Mail or via e-mail. The first welcomes you to CCR, and includes a copy of the registration. The second contains a confidential TPIN. Receipt of the TPIN confirms successful registration in CCR and is the confidential password used to change information in CCR in the future. Applicants needing assistance with the CCR registration process can contact the CCR Assistance Center, at 888-227-2423 or 269-961-5757 Monday-Friday, 9:00-5:00 Eastern Time. You can also get assistance online at [http://www.ccr.gov/Help.aspx](http://www.ccr.gov/Help.aspx). A CCR Handbook is also available on this website, as are “Frequently Asked Questions” and a Users Account Guide. NOTE: EVEN IF YOU HAVE REGISTERED WITH THE CCR IN THE PAST, YOU MUST UPDATE OR RENEW YOUR REGISTRATION ANNUALLY OR GRANTS.GOV WILL NOT ACCEPT YOUR APPLICATION.

### Step Three: Registering with the Credential Provider

To safeguard the security of electronic information, Grants.gov utilizes a Credential Provider to determine someone is who they claim to be. AORs must register with the Grants.gov Credential Provider to receive a user name and password, which will be needed to submit an application package.
through Grants.gov. To register with the Credential Provider, applicants/AORs should go to [http://apply07.grants.gov/OrcRegister](http://apply07.grants.gov/OrcRegister) and follow the directions on the website. Passwords and user names are case sensitive. If all of the information is entered correctly, the applicant will receive a notice of Registration Success. This notice means that this step has been successfully completed. Guidance on this step of the registration process is included in the tutorial, user guides, and “Help” section of [http://apply.grants.gov/OrcRegister](http://apply.grants.gov/OrcRegister). NOTE: Sometime in 2009, Grants.gov will begin providing credential services. At that point, Grants.gov registrants will be asked to submit information similar to that provided to ORC or another credential provider. Registrants will also be asked to enter a Secret Question and Secret Answer to provide for increased security.

**Step Four: Register with Grants.gov**

After establishing a user name and password with the Credential Provider, applicants should allow 30 to 45 minutes for their data to transfer from the Credential Provider. Once this information has been updated, applicants will be able to register with Grants.gov. In this step, the person designated as the AOR must open an account and request permission to submit the application. To complete the step, the AOR should go to the Grants.gov website at [http://apply07.grants.gov.apply/GrantsgovRegister](http://apply07.grants.gov.apply/GrantsgovRegister) and follow the steps listed there.

Upon following all steps correctly, applicants will receive a notice that they successfully registered with Grants.gov. The E-Biz POC will receive a notice stating that someone has registered to submit grant applications on behalf of the tribe or organization. NOTE: Once Grants.gov starts offering credential provider services, the persons named by the applicant organization to submit an application must open an account with Grants.gov or update their existing account using the Secret Question and Secret Answer described above.

**Step Five: Authorize an AOR to Submit a Grant Application**

Even though the registration process is complete, one final and extremely critical step remains. Failure to complete this step made it impossible for many applicants to get their ICDBG applications through Grants.gov in FY 2008. The E-Biz POC must follow the steps at [http://www.grants.gov](http://www.grants.gov) to authorize an AOR to submit a grant application. The E-Biz POC will receive a notice that the role has been successfully reassigned. The AOR will then receive an e-mail advising him or her that the E-Biz POC has provided authorization to submit applications on behalf of the tribe or organization. Applicants should check with their E-Biz POCs to make sure that they have been authorized to make a legally binding commitment for the applicant organization. This is important if during the renewal process the E-Biz POC has been changed. Applicants can search the CCR registration for the E-Biz POC at [https://www.bpn.gov.CCRSearch/Search.aspx](https://www.bpn.gov.CCRSearch/Search.aspx). AORs can also track their AOR status by going to the Applicant home page at Grants.gov. In “Quick Links” they should log in as an applicant and enter their User Name and Password. If the status is “Approved,” then the AOR is authorized to submit grant applications on behalf of the tribe or organization. If you have not been granted AOR status by the E-Biz POC, you should contact the E-Biz POC directly.

**Additional Information:** Applicants should also review the guidance contained in the “Notice of HUD’s Fiscal Year (FY) 2009 Notice of Funding Availability (NOFA); Policy Requirements and General Section to HUD’s FY 2009 NOFAs for Discretionary Programs; Notice” which was published in the [Federal Register](http://www.grants.gov) on December 29, 2008. This is also called the General Section. To submit applications via Grants.gov in FY 2009, applicants must have Adobe Reader 8.1.3 (or higher)
installed on their computers. The General Section includes guidance on this as does the Grants.gov website. HUD advises applicants to make sure they have this version of Adobe Reader right away.

Applicants should not rely solely on information in this Guidance since it does not include all applicable FY 2009 ICDBG and IHBG requirements and possible changes made by Grants.gov. Contact your Area Office of Native American Programs Grants Management Specialist if you have any questions.

Attachment

SUPPLEMENTARY INFORMATION: The notice of a major disaster declaration for the State of Arkansas is hereby amended to include the following areas among those areas determined to have been adversely affected by the event declared a major disaster by the President in his declaration of October 22, 2008.

Clark, Montgomery, Nevada, and Pike Counties for Public Assistance.

(The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund; 97.032, Crisis Counseling: 97.033, Disaster Legal Services; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance Grant; 97.048, Disaster Housing Assistance to Individuals and Households; 97.049, Individuals and Households In Presidentially Declared Disaster Areas; 97.049, Presidentially Declared Disaster Assistance—Disaster Housing Operations for Individuals and Households; 97.050 Presidentially Declared Disaster Assistance to Individuals and Households—Other Needs; 97.036, Disaster Grants—Public Assistance (Presidentially Declared Disasters); 97.039, Hazard Mitigation Grant.)

R. David Paulison,
Administrator, Federal Emergency Management Agency.

BILLING CODE 9111–23–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5260–N–01]

Notice of Fiscal Year (FY) 2009 Opportunity To Register Early and Other Important Information for Electronic Application Submission Via Grants.gov

AGENCY: Office of Assistant Secretary for Administration, HUD.

ACTION: Notice.

SUMMARY: This notice provides instructions to potential applicants applying for funding under HUD’s Fiscal Year (FY) 2009 grant programs available through Grants.gov, including changes to the Grants.gov registration process scheduled for January 2009. This notice does not pertain to applicants who will be applying in FY 2009 for Continuum of Care funds. HUD will publish a separate notice to address the receipt of Continuum of Care applications in FY 2009. Today’s Federal Register notice provides information to help applicants better understand the registration and electronic submission process for HUD applications made available through Grants.gov. Grants.gov is the federal portal for applicants to electronically find and apply for over 1,000 funding opportunities made available by 26 federal grant-making agencies. Grants.gov offers the applicant community a common Web site where applicants can apply for a variety of federal assistance programs. To date, all 26 Federal grant-making agencies have posted their funding opportunities and electronic application packages to Grants.gov.

HUD believes that by facilitating a better understanding of the electronic submission process, applicants will be...
able to more easily make the transition to electronic application submission. HUD advises potential applicants to carefully read this notice and immediately begin the registration process or renew their registration from prior years.

FOR FURTHER INFORMATION CONTACT: The Office of Departmental Grants Management and Oversight, Office of Administration, Department of Housing and Urban Development, 451 7th Street, SW., Room 3156, Washington, DC 20410–5000; telephone number 202–708–0667. Persons with hearing or speech impairments may access this number via TTY by calling the Federal Information Relay Service at 800–877–8339.

Full Text of Announcement

With today's Federal Register notice, HUD is encouraging applicants to complete or update their registration in advance of HUD posting its FY2009 grant opportunities. HUD found that publishing an Early Registration Notice eliminates many last minute registration issues, and allows applicants time to ensure that all steps in the registration process have been correctly completed. Today's Federal Register Notice also provides time for applicants to have questions addressed regarding the registration and submission processes. HUD strongly encourages prospective applicants for FY2009 HUD grants to register or update/renew their registration for application submission via Grants.gov as soon as possible by following the instructions in this notice.

Applicants should note that Grants.gov requires, to apply on-line electronically, an electronically authorized signature, known as e-Authentication. This requirement for an authenticated electronic signature serves to protect the applicant and the applicant's information, and to assure federal agencies that they are interacting with officials authorized to submit applications on behalf of applicant entities.

Today's Federal Register Notice is divided into three sections. Section I defines key terms used as part of the registration process. Section II describes the registration process, including steps to renew/update an existing registration. Section III describes the process for downloading an application package and the application applications instructions package from Grants.gov. Information regarding signing up for Grants.gov RSS Feed services is also provided.

As already noted, for FY2009, HUD will continue to require applicants to submit their applications electronically via Grants.gov.

I. Key Terms Used as Part of the Registration Process

1. Applicant Organization. The applicant organization is an entity that is identified as the legal applicant for funding in box 8a on the SF–424. Application for Federal Financial Assistance and is the organization that HUD will hold accountable to fulfill the requirements of the award, should the applicant be selected for funding. Grant writers or persons authorized to submit an application for funding by the applicant organization E-Biz POC (See E-Business Point of Contact definition below), must not enter their organization or their organization's DUNS number in the SF–424, Application for Federal Assistance. Grant writers who wish to submit an application on behalf of an applicant organization must become an AOR to submit the application. (See definition of Authorized Organization Representative below, and registration instructions for AORs later in this Notice).

2. Authorized Organization Representative (AOR). The applicant organization (applicant Legal Name on box 8a of the SF–424) E-Biz POC, must grant permission for a person to become an AOR and submit an application on behalf of the applicant organization through the Grants.gov system. Authorizing an AOR safeguards the applicant organization from unauthorized individuals who may attempt to submit a grant application without permission. To check the AOR status, go to https://apply07.grants.gov/apply/ApplicantLoginGetID. Then, using the username and password (obtained from the Credential Provider) check to see if the E-Biz POC has granted approval or if the request to be an AOR is noted as "Request Sent". If the information says "Request Sent", the approval has not been granted.

AORs are advised to contact the E-Biz POC to determine the basis for the lack of approval. A proposed AOR cannot submit the application to Grants.gov without AOR status noted as "Approved".

3. EBusiness Point of Contact (E-Biz POC). The E-Biz POC is identified during the Central Contractor Registration Process (Step 2 of the Registration Process). The E-Biz POC must grant authority for a person to be the AOR. An E-Biz POC may serve as an AOR as well as an E-Biz POC. The E-Biz POC becomes the sole Grants.gov authority for the organization and has the capability of designating or revoking an AOR's ability to submit a grant application on behalf of the organization using the Grants.gov system.

4. Marketing Partner ID Number (MPIN). As part of the CCR Registration Process, the E-Biz POC will be asked to create an MPIN. The MPIN is a nine character (alpha numeric) password that is used to access other systems and should be well guarded. For organizations wishing to apply for Federal grants using the Grants.gov system, the MPIN is required for the E-Biz POC to log into the Grants.gov system and grant the person requesting permission to be an AOR, the permission to submit the grant on behalf of the applicant organization.

5. Trading Partner Identification Number (TPIN). A TPIN is a password that is used to access the applicant organization's Central Contractor Registration (CCR) data. Organizations that become active in CCR are issued a TPIN (password) to access their record in order to make, or request, any changes or updates to their CCR registration. Because of the sensitivity of this data, CCR recommends that CCR registrants not disclose their TPIN to anyone under any circumstances.

II. Instructions on Completing the Registration Process for New Applicants or Applicants Updating or Renewing Registration

A. The Need To Register With Grants.gov

HUD provides funding to only to organizations. This information, therefore, is directed to HUD applicants that are organizational entities.

Before an applicant can apply for a grant opportunity, the applicant must first register with Grants.gov to provide and obtain certain identifying information. Please note that registration is a multi-step process. The registration process also requires the applicant organization to provide information at Web sites other than

The Adobe

VerDate Aug<31>2005 15:27 Dec 04, 2008 Jkt 217001 PO 00000 Frm 00052 Fmt 4703 Sfmt 4703 E:\FR\FM\05DEN1.SGM 05DEN1
“accept” D&B’s changes. Only at this point will the D&B data be accepted into the CCR record. This process can take up to 2 business days for D&B to send modified data to CCR, and that time frame may be longer if data is sent from abroad.

b. CCR EIN/TIN Validation. To complete the CCR registration and qualify as a vendor eligible to bid for federal government contracts or apply for federal grants, the EIN/TIN and Employer/Taxpayer Name combination you provide in the IRS Consent Form must match exactly to the EIN/TIN and Employer/Taxpayer Name used in federal tax matters. It will take one to two business days to validate new and updated records prior to becoming active in CCR. Please be sure that the data items provided to D&B match information provided to the IRS. If the registration in D&B and the CCR do not match the IRS information, an error message will result. Until the discrepancies have been resolved, the registration will not be completed. HUD recommends that applicant organizations carefully review their D&B and CCR registration information for accuracy immediately upon publication of this notice. If you have questions about your EIN/TIN, call 800–829–4933.

c. Detailed Steps for NEW applicant organizations to register with CCR. The following is a step-by-step guide to help an applicant organization register with CCR. As noted, additional assistance is available online at http://www.ccr.gov. Before beginning the CCR registration process, organizations should designate an individual who will be responsible for completing the CCR registration and managing the information entered into CCR. The listing below identifies the steps of the CCR registration process.

(1) Go to http://CCR.gov/ . Once on the site, on the left side of the screen, click “Start New Registration.” At the “Start a New Registration” screen, of the three choices, please select “I am not a U.S. Federal Government entity.” Click “Continue.”

Note: CCR registration is NOT required for individuals; however, HUD does not directly fund individuals through its NOFA process.

(2) The next screen provides review items that must be completed before continuing in CCR. After reviewing the information and all items have been completed, click “Continue with Registration.”

(3) To begin registration with CCR, enter the organization entity’s DUNS number and click “Next.”

(4) At the next “New Registration,” enter the organization’s DUNS number. Then click “Next.” The next “New Registration” screen displays the DUNS number. The registrant will be prompted to enter the organization information, e.g., name, address, etc. If the information inputted does not match that contained in the D&B record for the DUNS number provided, the system will state: “Try again by correcting your input below” or “Contact D&B to make a change to your D&B DUNS record.”

(5) The next page of “New Registration” is “Verify Your Results with D&B.” Here the registrant will be asked, “Is this information correct?” After ensuring the accuracy of the information, click on “Accept/Continue or Cancel.”

(6) If you “Accept/Continue,” the confirmation number will be displayed. This is a temporary number that allows the registrant to save the registration as a work in progress. Print this page. A temporary number along with the organization DUNS number will let the registrant access CCR to complete the registration at a later date.

(7) Continuing registration from the Confirmation page, click “Continue.”

(8) “How to Complete your Registration” is the next page. Once the information has been reviewed and found correct, click “Continue.”

(9) The “General Information” page is the next screen. On this page the registrant will need to complete all the required information.

(10) Creating a Marketing Partner ID Number (MPIN). The final step in creating the organization’s TTP requires the registrant to create a MPIN. The MPIN is a self-defined nine character password that the E-Biz POC will need to access Grants.gov to authorize an AOR to be able to submit a grant application.

(11) Registration Notification. If the registration was submitted successfully, the registrant will receive two letters through the U.S. Mail or e-mail. The first welcomes the registrant to CCR and includes a copy of the registration. The second contains the confidential MPIN. Receipt of the MPIN confirms successful registration in CCR and serves as the registrant’s confidential password to change CCR information.

d. Detailed Steps for Updating/ Renewing Current Registrations.

(1) The E-Biz POC for the organization that is identified in box 8a of the SF–424 should go to http://CCR.gov/. Once on the site, on the left side of the screen, click “Update or Renew Registration.” At the “Update Renew Registration” screen, of the three choices, please select “I am not a U.S. Federal Government entity.” Click “Continue.”

Note: CCR registration is NOT required for individuals. HUD does not directly fund individuals through its NOFA process.

(2) The next screen asks the E-Biz POC to enter the organization’s DUNS number and TPIN Number sent to the E-Biz POC at the time of the last update; click “Log In” to continue.

Note: If the E-Biz POC can’t remember the TPIN, the site provides a link to request the TPIN.

(3) The next screen “General Information” displays the organization information. This site allows the E-Biz POC to update information contained in CCR. Once information has been reviewed and, as needed updated, click on “validate/save data.”

Note: The E-Biz POC will validate and save data contained within CCR for Corporate Information, Goods/Services, Financial, Points of Contact, and IRS content. Once the information has been validated and saved in each required section, the last screen will indicate “Registration Complete.”

e. Current Registrants without an MPIN. If you currently have an active registration in CCR and you do not have an MPIN, you will need to do the following:

(1) Access the CCR Web site at http://www.ccr.gov. At the left margin, click on “Update or Renew Registration.”

(2) Select “I am not a U.S. Federal Government entity.” Click “Continue.”

(3) Enter the organization’s DUNS number and TPIN.

(4) On the next page click on the link “Points of Contact.” Complete all fields for the E-Biz POC and the alternate E-Biz PO. Scroll down to the bottom of the Points of Contact page, and create your own MPIN. Once completed, click on the “Validate/Save” button.

Notice: To Active Registrants in CCR: A TPIN is a password that is used to access your CCR data. Organizations that become active in CCR are issued a TPIN (password) to access and maintain their data. Because of the sensitivity of this data, CCR recommends that you do not disclose your TPIN to anyone under any circumstances.

3. Step Three: Register with the Credential Provider

a. Registering with Credential Provider. To safeguard the security of electronic information, Grants.gov utilizes a Credential Provider to determine with a degree of assurance that someone is really who he or she claims to be. Once the organization requesting funding has identified who will be submitting the Application for Federal Financial Assistance on their behalf, the person to submit the application must register with a
Credential Provider to create his/her user name and password. The User Name and Password created through the credential provider will be registered with Grants.gov as part of the next step in the registration process. To register with a credential provider, the designated person must have the organization’s DUNS number that will be entered in box 8a of the form SF 424, Application for Federal Assistance. The organization’s DUNS number used must be identical to the DUNS number for the organization found in the CCR registration.

Since August 30, 2007, organizations have three federally approved credential providers available from which to choose their authentication services—the Agriculture Department; the Office of Personnel Management’s Employee Express; and Operational Research Consultants (ORC), Inc., which also provided authentication services prior to August 30, 2007. Until January 11, 2009, or shortly thereafter, users who already hold a Grants.gov user name and password through ORC will not experience much change. New Users will be able to choose from any of the three credential providers available.

To register with a credential Provider go to http://apply07.grants.gov/apply/ORCReg. Once you have accessed the site, scroll down the page and enter the DUNS number, and click on “Register”.

• At the next screen scroll down and select “Get Your Credentials”.
• On the “eAuthentication User Information” screen, complete and submit all information.
• On the next screen confirm your information and create your own Username and PASSWORD. Then click “Submit.” If all the information has been entered correctly, you will receive a notice of Registration Success.

b. Obtaining Credentials through Grants.gov. In January, 2009, Grants.gov will be terminating service with the current Grants.gov credential provider, Operational Research Consultants (ORC). As a result of this change, Grants.gov will be providing credentials (username and password) to Grants.gov registrants.

(1) New Grants.gov Registrants. After January 2009, or when Grants.gov begins providing credential services, when clicking on the “For Applicants” link, new Grants.gov registrants will get a pop-up screen asking them to update their user profile. The information requested is similar to the information that was previously provided to ORC or one of the other credential providers. In addition to updating their user profile, registrants will be asked to enter a Secret Question and Secret Answer. The Secret Question and Secret Answer portion of the information provides for increased security for future inquiries about the registrants account and allows registrants to reset their own password. Once created users will be able to reset their password on their own. Previously users needed to call the Grants.gov Help desk to get a password or username reset or go back to the credential provider to get a password they forgot.

(2) Existing/Legacy Registrants. Grants.gov will retain the username and password for existing/legacy registrants. However, existing/legacy registrants will have to update their profile by clicking on the “For Applicants” link, update their profile, and establish a Secret Question and Answer. If a registered user wants to be able to use the automated change password feature, they must update their profile and establish the Secret Question and Answer. The automated username and password feature will not work if the registrant has not updated their profile and created the Secret Question and Answer.

(3) Forgot My Username and Forgot My Password Links. New and legacy applicants that updated their profile and created a Secret Question and Answer will be able to use the Forgot My Username and Forgot My Password links on the Applicant Login Screen to have their username and password sent to them via e-mail. To do so, they will have to know the DUNS number and e-mail address to retrieve and reset their username and password.

Note: Your registration to use Grants.gov to submit a funding application on behalf of an organization is not complete until Steps Four and five below are completed.

c. Steps for Checking your Credentials.

(1) Prior to January 11, 2009, or when Grants.gov begins to offer credential provider services, if you want to check your credentials prior to submitting an application, you may go to http://e-auth.orc.com/. Once you are on the E-Authentication site, scroll down the page and click on the link “Check your Credentials”. Enter your Username and Password. If you enter the correct information you will receive a message that states, “You have successfully verified your registration”. If you have forgotten your password, click on the link “User Administration” and select “forgotten password” located in the left margin. On the next screen enter your Username and click, submit. The next screen displays your secret question. Follow instructions on this site and click submit. Your password has been reset.

(2) After January 11, 2009, or when Grants.gov offers credential provider services, AORs who have updated their profile and created the Secret Question and Answer as a Grants.gov registrant, can log into Grants.gov and obtain or reset their registered username and password or reset their registered username and password through the Grants.gov automated service. If an applicant organization has multiple users, each registered Grants.gov user will have to update their Grants.gov user profile and create a Secret Question and Answer. Questions about changes to the Grants.gov registration process, provision of credentials by Grants.gov, and use of the automated service should be directed to the Grants.gov Help Desk at 100–518–GRANTS.

4. Step Four: Register with Grants.gov a. Prior to January 11, 2009 or prior to when Grants.gov offers credential provider services, after completing Step 3, creating a User Name and Password with the credential provider, the person(s) named by the applicant organization to submit an application for funding on behalf of the organization and registered with a Credential Provider, application must open an account with Grants.gov. Opening the account with Grants.gov identifies the person as an AOR for the organization seeking funding who is requesting permission to submit the application. The final step in the registration process is when the E-Biz POC for the applicant organization identified in Box 8a of the SF–424A application for Federal Assistance, actually grants authorization to the person identified as an AOR. (See Step Five below). To register with Grants.gov go to https://apply07.grants.gov/apply/GrantsgovRegister. After the proposed AOR registers their registering your Username and Password with Grants.gov, the organization’s E-Biz POC will be sent an e-mail indicating that someone has requested authority to submit an application for the organization and has registered as an AOR.

b. After January 11, 2009, or when Grants.gov offers credential provider services, the person(s) named by the applicant organization to submit an application for funding on behalf of the organization, must open an account with Grants.gov, or update their existing account. Opening the account with Grants.gov identifies the person as a proposed AOR seeking funding for the organization named in box 8a of the SF–424A application for Federal Assistance, and when requesting permission to submit the application. To open an account, the proposed AOR
must complete the profile information and create a Secret Question and Answer at Grants.gov. An existing or legacy AOR can log into Grants.gov using their username and password, update their profile, and create a Secret Question and Answer.

To register with Grants.gov go to https://apply07.grants.gov/apply/GrantsgovRegister. After the proposed AOR registers their Username and Password with Grants.gov, the organization’s E-Biz POC will be sent an e-mail indicating that someone has requested authority to submit an application for the organization and has registered as an AOR.

The final step in the registration process is when the E-Biz POC for the applicant organization identified in Box 8a of the SF–424 Application for Federal Assistance, actually grants authorization to the person identified as an AOR. (See Step Five below).

5. Step Five: Granting Approval of an AOR to Submit an Application on Behalf of the Organization. The E-Biz POC must log into the Grants.gov website and give the registered AOR approval to submit an application to Grants.gov. By authorizing the AOR to submit on behalf of the applicant organization, the E-Biz POC is stating that the person has the legal authority to submit the electronic application on behalf of the applicant organization and can make a legally binding commitment for the applicant organization.

a. The E-Biz POC must approve the designated AOR(s). If the E-Biz POC does not grant authorization, Grants.gov will not accept the application. The E-Biz POC can designate the AOR to submit applications on behalf of the organization at https://apply07.grants.gov/apply/AorMgrGetID. The registration is complete when an AOR has been approved to submit an application on behalf of the applicant organization by the E-Biz POC.

HUD urges applicants to check with their E-Biz POC to make sure that they have been authorized to make a legally binding commitment for the applicant organization when submitting the application to Grants.gov. This is particularly important if during the CCR registration renewal process the E-Biz POC for the applicant organization has been changed. The new E-Biz POC will have to grant authorization to all AORs. You can search the CCR registration for any time on Grants.gov by going to www.bpn.gov/CCRSearch/Search.aspx.

b. AORs can track their AOR status at any time on Grants.gov by going to the Applicant homepage at Grants.gov. In “Quick Links” log in as an applicant, and enter your Username and Password. If you have not been granted AOR status by the E-Biz POC, you should contact the E-Biz POC directly.

III. Instructions on How to Download an Application Package and Application Instructions at Grants.gov

This Section provides information regarding how to download the application package and the application instructions package from Grants.gov. Applicants do not need to be registered with Grants.gov to download an application or the instructions, but all the steps in the registration process must be complete to successfully submit an application for funding consideration through Grants.gov. Applicants should carefully read the instructions before completing the application. The instructions download will contain the General Section and the Program Section. Together, these documents provide details of what will be required in your application submission as well as at what rules and requirements you will be expected to comply with if you get awarded funds. The General Section explains that HUD is using Adobe forms, what version of Adobe Reader to download from the Grants.gov site, and how to set Adobe Reader default settings on your computer. The instructions download will also contain any additional forms that are not part of the application package but are required to have a complete application.

Grants.gov now offers RSS Feed services. Applicants are advised to sign up for one of the RSS feed services which will allow an applicant to be notified of new funding opportunities or modifications to an existing funding opportunity. Information on RSS Feed options can be found at http://www07.grants.gov/help/rss.jsp.

Applicants familiar with this technology may select any feed service listed on the Grants.gov site. However, to assist applicants with making a selection, HUD is offering these suggestions for the most popular services:

- e-mail with Microsoft Outlook Directions:
  - In the upper right corner of the screen, select RSS.
  - In the middle of the page, click on the hyperlink in (Get an RSS Reader).
  - From the list of categories, select Windows.
  - Select blogbot for Outlook.
  - Select Download. (A File Download dialog box will appear).
  - Select Run. (If you see a Security Warning dialog box, select Run.)
  - Run Setup Wizard accepting the default settings.

- When the Setup Wizard is finished, open Outlook.
- Look to see if a blogbot icon is visible in the tool bar area of Outlook. If not, select View in the menu. Select Toolbars. Click on blogbot.
- The blogbot icon should now be visible in your toolbars.
- To subscribe to Grants.gov direct your browser back to the Grants.gov RSS page.
- Right click on the orange icon next to New/Modified Opportunities by Agency or New/Modified Opportunities by Category.
- Select Add to blogbot for Outlook. For each subscription blogbot adds a subfolder in Inbox blogbot.
- If the add blogbot for Outlook option does not appear, Select the feed you to which you want to subscribe and copy the URL from the address box.
- From the blogbot toolbar icon, select Subscriptions.
- Paste the URL from Grants.gov into the RSS/Atom URL textbox.
- Create a name in the Name textbox.
- Windows Environment Directions:
- Select Downloads at the top of the page.
- Select Omea Reader.
- A File Download dialog box will appear.
- Select Run. (If you see a Security Warning dialog box, select Run.)
- Accept the default settings in the Setup Wizard. Note, Omea installation may ask to reboot your computer. Accept the choice.
- When the reboot is complete Omea Startup Wizard should open. (If the Startup Wizard does not start automatically, double-click on the Omea icon on your desktop to start it).
- Accept all defaults in the Wizard.
- When the wizard is finished, OMEA Reader will start.
- To view messages in groups, from the View menu, select Show Items in Groups.
- After you have turned this option on, all items in the Items List will be displayed in groups and sorted according to which resource column is selected.
- You can group your items by any column of the Items List.
- MAC Users Directions:
  - In the upper right corner of the screen, select RSS.
  - To view announcements in Safari, simply select one of the feed options, e.g. New/Modified Opportunities by Agency or New/Modified Opportunities by Category. (The list of opportunities appears in Safari).
In the column on the right side of the page, select Subscribe in Mail.

Open Mail.

You should now have a folder under RSS named, "Grants Modified Opportunities List".

Filter the list by typing the Agency acronym or other term into the search box in the upper right corner.

Applicants should sign up for the RSS Feed to be notified when HUD places a funding opportunity on Grants.gov or does a technical correction or an amendment to an opportunity on Grants.gov.

Applicants that have not signed up for the RSS Feed notification service can search for a funding opportunity on Grants.gov by going to http://www.grants.gov/applicants/find_grant_opportunities.jsp. On this page you can do a basic search, browse by category, or browse by agency. If you are interested in HUD Grants, click on browse by agency and then scroll down the page until you see U.S. Department of Housing and Urban Development on the right column. When you click on the HUD agency name, you will come to a page with all the funding opportunities that are posted by HUD at that point in time. When you click on an opportunity, you will come to a page that provides a synopsis of the opportunity and which also identifies the Catalog of Federal Domestic Assistance (CFDA) Number for the Program, the Funding Opportunity Number and further down the page, a link to the full announcement. To download the application and instructions, follow the directions below, but first you must be sure you have the compatible Adobe Reader installed. HUD’s FY2009 applications use Adobe Reader. HUD uses the Adobe forms application packages because they are compatible with the broadest array of computer hardware and software technology currently in use by HUD’s applicant/grantee community. To open and complete the application you must have installed Adobe Reader 8.1.3. Adobe Reader 8.1.3 is available free and can be found on the Grants.gov Web site at http://www.grants.gov/help/download_software.jsp. Adobe Reader 8.1.3 was designed by Adobe to address the Broken Pipe error messages that occurred during FY2008 submissions. Please make anyone that will be working on the Adobe forms portion of the application aware that they must download the new 8.1.3 Adobe Reader. This does not impact forms that you may have in PDF format to your application as attachments. Adobe Reader 8.1.3 is compatible with Adobe Professional versions 6.0 and higher. However, for the newest Adobe Reader to work, you must be sure that your Adobe default setting for the Reader is set to the Adobe 8.1.3 version. Grants.gov has posted instructions to the Adobe Reader as it will assist them in making sure that they are properly set up to successfully submit an application. Applicants need to make sure that the default setting on their Adobe Reader is set to the new 8.1.3 version of Adobe Reader software downloaded from Grants.gov. Adobe Reader 8.1.3 is compatible with Adobe Professional 6.0 or higher. Applicants that need assistance can contact the Grants.gov Contact Center by phone at 800–518–GRANTS or via e-mail at Support@Grants.gov.

Critical Notice: Applicants must be aware that all persons working on the Adobe forms in the application package must work using the same Adobe Reader version available from Grants.gov. Please alert your staff and those working on your application that failure to download and use the correct Adobe Reader 8.1.3 or to update the Reader on Adobe Professional to 8.1.3 and meet the Grants.gov compatibility requirements contained in this General Section, will result in your not being able to create or submit the application package to Grants.gov or in your application being rejected by Grants.gov. Using incompatible versions of Adobe Reader will result in files being corrupted.

Applicants are urged to review the Adobe Reader 8.1.3 information and get the new reader installed on their computer when this Notice is published so that they are prepared for the FY2009 NOFAs when they are published.

A. Application Package and Application Instructions Download. Once you have installed Adobe Reader 8.1.3 you can download the Application Package and instructions. To download the application and instructions go to https://apply07-grants.gov/apply/forms_apps.idx.html and enter the CFDA Number, Funding Opportunity Number, or Funding Competition ID for the opportunity you are interested in. Do not enter more than one criterion. If you enter more than one criterion, you will get a message that states the opportunity cannot be found. Only enter one of the above numbers.

On the next page "Selected Grant Applications for Download," you will find the funding opportunity link to Download Instructions and Application. Additional resource information is also on this page, including a reminder to sign up for e-mail notification for changes to the funding opportunity, a download link to the Adobe Reader, as well as a Help link.

Click on the Download link to get to the Download page. Then proceed to download the instructions and the application. If you get an error message in opening the downloaded application, you have not properly installed the Adobe Reader 8.1.3. Contact your IT help desk or the Grants.gov support desk at Support@Grants.gov by e-mail or by calling 800–518–GRANTS.

B. Download Instructions Link. The instructions download is a compressed file (ZIP) containing the General Section and Program Sections for the funding opportunity. It also contains forms and copies of the General Section and Program Section of HUD’s NOFAs, information that you will need to submit a complete application to Grants.gov for HUD funding consideration. Each program NOFA provides a checklist which you can use to ensure that you have completed all elements of your application. HUD’s General Section provides helpful information and tips to ensure that you complete your application correctly and what to do to ensure that all your information is attached to the application. When attaching files to your application, HUD suggests that you open each attachment file and scroll down to make sure it is the complete file that you want to submit.

Questions regarding the Grants.gov Registration process or the installation of Adobe Reader 8.1.3 should be directed to the Grants.gov help desk during operating hours Monday–Friday (except Federal holidays) from 7 a.m. to 9 p.m. eastern time at 800–518–GRANTS.

Dated: December 1, 2008.

Keith A. Nelson,
Assistant Secretary for Administration.
