PROGRAM: Indian Housing Block Grant

FOR: Tribal Government Leaders and Tribally Designated Housing Entities

FROM: Rodger J. Boyd, Deputy Assistant Secretary, PN

TOPIC: Low Income Housing Tax Credit (LIHTC) Ruling

Background: On October 18, 2007, HUD issued a final rule (72 FR 59003, effective November 19, 2007) (attached), specifying that IHBG funds could be used for rental assistance in low-income housing tax credit (LIHTC) projects. The regulation at 24 CFR 1000.103 states:

§ 1000.103: How may IHBG funds be used for tenant-based or project-based rental assistance?

(a) IHBG funds may be used for project-based or tenant-based rental assistance.
(b) IHBG funds may be used for project-based or tenant-based rental assistance that is provided in a manner consistent with section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f).
(c) IHBG funds used for project-based or tenant-based rental assistance must comply with the requirements of NAHASDA and this part.

LIHTC projects receive federal income tax credits over a 10-year period using a formula that takes into account certain eligible costs called the eligible basis. Generally, if federal grants are used with respect to a building, or for its operation, it would result in a dollar-for-dollar decrease in the eligible basis based on the federal grant prohibition of Internal Revenue Code § 42 (d)(5). However, the IRS has recognized that certain types of federal rental assistance payments are not federal grants that require a reduction in a building’s eligible basis. They include payments made pursuant to Section 8 of the United States Housing Act of 1937 and comparable programs or methods of rental assistance designated by the Secretary of the Treasury by publication in the Federal Register or in the Internal Revenue Bulletin.
Before HUD issued the regulation at §1000.103, the IHBG program regulations were silent with regard to the use of IHBG funds for rental assistance. When a recipient of IHBG funds used funds for rental assistance in a LIHTC project, the Department of Treasury viewed those funds as a federal grant used with respect to a building, or for its operation, and it resulted in a dollar-for-dollar decrease in the eligible basis. Because HUD received numerous requests from Indian tribes and tribally designated housing entities (TDHEs) requesting to use IHBG funds for LIHTC projects, HUD developed the rental assistance regulation. HUD felt that the rental assistance provided under 1000.103(b) was the type of rental assistance that is not a grant made with respect to a building or its operation under § 1.42-16(b) of the Income Tax Regulations, and accordingly, specifically requested that such a designation be made under § 1.42-16(b)(3).

**Purpose:** This rule was drafted to permit certain IHBG funds to qualify under § 1.42-16(b) of the Income Tax Regulations as a program or method of rental assistance that is not a grant made with respect to a building or its operation as described in § 42(d)(5) of the Internal Revenue Code. Personnel from the Treasury Department and the Internal Revenue Service (IRS) cooperated in the development of this rule to assist in meeting this objective.

**IRS Ruling:** On December 26, 2007, the IRS in Revenue Ruling 2008-6, announced that it had determined that certain rental assistance payments made under HUD’s IHBG program are not federal grants for purposes of the LIHTC under Section 42 of the Internal Revenue Code, and therefore do not reduce the eligible tax basis. IRS stated:

> Pursuant to § 1.42-16(b)(3) of the Income Tax Regulations, the Internal Revenue Service has determined that certain rental assistance payments made to a building owner on behalf or in respect of a tenant under the Indian Housing Block Grant Program authorized by the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4101 et seq.) are not grants made with respect to a building or its operation under § 42(d)(5) of the Internal Revenue Code. These rental assistance payments are provided under 24 C.F.R. 1000.103(b).

**Eligible Activity:** Prior to the publication of the rule, if a recipient proposed using IHBG funds for project-based or tenant-based rental assistance in LIHTC projects, it was considered a model activity requiring approval by the Deputy Assistant Secretary for Native American Programs. As of December 27, 2007, approval is no longer required. Project-based or tenant-based rental assistance in LIHTC projects are eligible activities under Section 202(3), Housing Services, and can be included in a recipient’s Indian Housing Plan.

Attachment
C. Federalism

FDA has analyzed this direct final rule in accordance with the principles set forth in Executive Order 13132. FDA has determined that the rule does not contain policies that have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the agency has concluded that the direct final rule does not contain policies that have federalism implications as defined in the Executive order and, consequently, a federalism summary impact statement is not required.

VI. The Paperwork Reduction Act of 1995

This direct final rule contains no new collections of information. The collection of information under § 600.11(e)(4) is covered by OMB control numbers 0910–0139 (expires September 30, 2008) and 0910–0308 (expires July 31, 2008). Therefore, clearance by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520) is not required.

VII. Request for Comments

Interested persons may submit to the Division of Dockets Management (see ADDRESSES) written or electronic comments regarding this document. Submit a single copy of electronic comments or two paper copies of any mailed comments, except that individuals may submit one paper copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

List of Subjects in 21 CFR Part 600

Biologics, Reporting and recordkeeping requirements.

Therefore, under the Federal Food, Drug, and Cosmetic Act and the Public Health Service Act, and under authority delegated to the Commissioner of Food and Drugs, 21 CFR part 600 is amended as follows:

PART 600—BIOLOGICAL PRODUCTS: GENERAL

1. The authority citation for 21 CFR part 600 continues to read as follows:

2. Section 600.11 is amended by revising paragraph (e)(4) to read as follows:

§ 600.11 Physical establishment, equipment, animals, and care.

(e) * * * * *

(4) Live vaccine processing. Live vaccine processing must be performed under appropriate controls to prevent cross contamination of other products and other manufacturing areas within the building. Appropriate controls must include, at a minimum:

(i) (A) Using a dedicated manufacturing area that is either in a separate building, in a separate wing of a building, or in quarters at the blind end of a corridor and includes adequate space and equipment for all processing steps up to, but not including, filling into final containers; and

(B) Not conducting test procedures that potentially involve the presence of microorganisms other than the vaccine strains or the use of tissue culture cell lines other than primary cultures in space used for processing live vaccine; or

(ii) If manufacturing is conducted in a multiproduct manufacturing building or area, using procedural controls, and where necessary, process containment. Process containment is deemed to be necessary unless procedural controls are sufficient to prevent cross contamination of other products and other manufacturing areas within the building. Process containment is a system designed to mechanically isolate equipment or an area that involves manufacturing using live vaccine organisms. All product, equipment, and personnel movement between distinct live vaccine processing areas and between live vaccine processing areas and other manufacturing areas, up to, but not including, filling in final containers, must be conducted under conditions that will prevent cross contamination of other products and manufacturing areas within the building, including the introduction of live vaccine organisms into other areas. In addition, written procedures and effective processes must be in place to adequately remove or decontaminate live vaccine organisms from the manufacturing area and equipment for subsequent manufacture of other products. Written procedures must be in place for verification that processes to remove or decontaminate live vaccine organisms have been followed.

* * * * * *

Randall W. Lutter,
Deputy Commissioner for Policy.

[FR Doc. E7–20610 Filed 10–17–07; 8:45 am]

BILLING CODE 4160–01–S
determined using an allocation formula, developed with the active participation
of Indian tribes and using negotiated rulemaking procedures. An Indian tribe
(or its tribally designated housing entity (TDHE)) may use its IHBG funds for a
wide range of affordable housing activities, including the provision of
project-based or tenant-based rental assistance for eligible families. The
regulations governing the IHBG program are located in part 1000 of HUD’s
regulations in title 24 of the Code of
Federal Regulations.
In 1996, Congress amended the
Internal Revenue Code to create the Low
Income Housing Tax Credit (LIHTC) (see
26 U.S.C. 42), a tax incentive to promote the
development of affordable rental housing. Eligible projects receive
Federal income tax credits over a 10-
year period using a formula that, in part, takes into account certain eligible costs
called “eligible basis.” Generally,
Federal grants used with respect to a
building, or for its operation thereof,
result in a dollar-for-dollar decrease in
eligible basis. However, the Internal
Revenue Service (IRS) has recognized
that certain types of Federal rental
assistance payments are not Federal
grants that require a reduction in a
building’s eligible basis. They include
payments made pursuant to Section 8 of
the United States Housing Act of 1937
(42 U.S.C. 1437f) (Section 8) and
comparable programs or methods of
rental assistance designated by the
Secretary of the Treasury by publication in
the Federal Register or in the Internal
Revenue Bulletin. (See the income tax
regulations at 26 CFR 1.42–16(b).)
HUD rental assistance programs (such as the project-based voucher program)
address the requirements that apply
when such program rental assistance is
provided to tenants residing in LIHTC
projects. However, the IHBG program
regulations are silent with regard to the
use of IHBG rental assistance in these
projects. HUD has received requests
from several Indian tribes and TDHES
that are IHBG recipients and wish to use
their IHBG funds for LIHTC projects.
On June 8, 2007 (72 FR 31944), in
response to these tribal requests, HUD
published a proposed rule for public
comment to specify the conditions
under which IHBG funds may be used
for tenant-based or project-based rental
assistance.
II. This Final Rule
This final rule follows publication of
the June 8, 2007, proposed rule and
adopts the proposed rule without
changes. The public comment period on
the proposed rule closed on August 7,
2007. HUD received a single public
comment from a state housing finance
agency, expressing unqualified support
for the proposed regulatory changes.
The final rule adds a new § 1000.103
to clarify that IHBG funds may be used
for project-based or tenant-based rental
assistance. Further, the final rule
clarifies that IHBG funds may be used
for project-based or tenant-based rental
assistance that is administered in a
manner consistent with Section 8. Only
the Secretary of the Treasury may make
a determination that project-based or
tenant-based rental assistance complies
with the income tax regulations at 26
CFR 1.42–16(b) and, therefore, will not
reduce the building’s eligible basis. This
final rule will allow for such
determination to be made. This final
rule does not limit the range of eligible
activities that an Indian tribe or TDHE
may undertake. It merely clarifies one
permissible use of IHBG funds.
III. Findings and Certifications
Regulatory Flexibility Act
The Regulatory Flexibility Act (5
U.S.C. 601 et seq.) generally requires an
agency to conduct a regulatory
flexibility analysis of any rule subject to
notice and comment rulemaking
requirements, unless the agency certifies
that the rule will not have a significant
economic impact on a substantial
number of small entities. This rule would clarify that IHBG funds may be
used for project-based or tenant-based
rental assistance that is provided in a
manner consistent with assistance
provided under Section 8 of the United
States Housing Act of 1937 on behalf of
a tenant receiving assistance under
NAHASDA. This rule would not impose
new requirements on IHBG program
participants. Accordingly, the
undersigned certifies that this rule will
not have a significant economic impact
on a substantial number of small
entities.
Environmental Impact
A Finding of No Significant Impact
(FONSI) with respect to the
environment was made at the proposed
rule stage in accordance with HUD
regulations at 24 CFR part 50, which
implement section 102(2)(C) of the
National Environmental Policy Act of
1969 (42 U.S.C. 4332(2)(C)). The FONSI
remains applicable to this final rule and
is available for public inspection
between the hours of 8 a.m. and 5 p.m.
weekdays in the Regulations Division,
Office of General Counsel, Department
of Housing and Urban Development,
451 Seventh Street, SW., Room 10276,
Washington, DC 20410–0500. Due to
security measures at the HUD
Headquarters building, please schedule an appointment to review the rule
docket file by calling the Regulations Division at (202) 708–3055 (this is not
a toll-free number).
Executive Order 13132, Federalism
Executive Order 13132 (entitled
“Federalism”) prohibits, to the extent
practicable and permitted by law, an
agency from promulgating a regulation
that has federalism implications and
either imposes substantial direct
compliance costs on state and local
governments and is not required by
statute, or preempts state law, unless the
relevant requirements of section 6 of the
Executive Order are met. This rule does
not have federalism implications and
does not impose substantial direct
compliance costs on state and local
governments or preempt State law
within the meaning of the Executive
Order.
Unfunded Mandates Reform Act
Title II of the Unfunded Mandates
Reform Act of 1995 (2 U.S.C. 1531–
1538) (UMRA) establishes requirements
for Federal agencies to assess the effects
of their regulatory actions on State,
local, and tribal governments, and on
the private sector. This rule would not
impose any federal mandate on any
state, local, or tribal government, or on
the private sector, within the meaning of
UMRA.
Catalog of Federal Domestic
Assistance
The Catalog of Federal Domestic
Assistance number applicable to the
program affected by this rule is 14.862.
List of Subjects in 24 CFR Part 1000
Aged, community development block
grants, Grant programs—housing and
community development, Grant
programs—Indians, Indians, Individuals
with disabilities, Public housing,
Reporting and recordkeeping
requirements.
For the reasons described in the
preamble, HUD amends 24 CFR part
1000 to read as follows:
PART 1000—NATIVE AMERICAN
HOUSING ACTIVITIES
§ 1000.103 Authority.
1. The authority citation for part 1000
continues to read as follows:
Authority: 25 U.S.C. 1401 et seq. and 42
U.S.C. 3535(d).
2. Add § 1000.103 to read as follows:
§ 1000.103 How may IHBG funds be used for tenant-based or project-based rental assistance?

(a) IHBG funds may be used for project-based or tenant-based rental assistance.

(b) IHBG funds may be used for project-based or tenant-based rental assistance that is provided in a manner consistent with section 8 of the United States Housing Act of 1937 (42 U.S.C. 1437f).

(c) IHBG funds used for project-based or tenant-based rental assistance must comply with the requirements of NAHASDA and this part.

Orlando J. Cabrera,
Assistant Secretary for Public and Indian Housing.

DEPARTMENT OF THE INTERIOR
Office of Surface Mining Reclamation and Enforcement

30 CFR Part 914

[Docket No. IN–156–FOR, Administrative Cause No. 06–046R]

Indiana Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Final rule; approval of amendment.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement (OSM), are approving, with certain exceptions, an amendment to the Indiana regulatory program (Indiana program) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act). The Indiana Department of Natural Resources, Division of Reclamation (IDNR, department, or Indiana) revised its program to be consistent with the corresponding Federal regulations, to clarify ambiguities, and to improve operational efficiency.

DATES: Effective Date: October 18, 2007.

FOR FURTHER INFORMATION CONTACT:
Andrew R. Gilmore, Chief, Alton Field Division—Indianapolis Area Office, Telephone: (317) 226–6700. E-mail: IFOMAIL@osmre.gov.

SUPPLEMENTARY INFORMATION:

I. Background on the Indiana Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act * * *; and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Indiana program effective July 29, 1982. You can find background information on the Indiana program, including the Secretary’s findings, the disposition of comments, and the conditions of approval, in the July 26, 1982, Federal Register (47 FR 32071). You can also find later actions concerning the Indiana program and program amendments at 30 CFR 914.10, 914.15, 914.16, and 914.17.

II. Submission of the Amendment

By letter dated December 11, 2006 (Administrative Record No. IND–1741), Indiana sent us an amendment to its program under SMCRA (30 U.S.C. 1201 et seq.) in response to a required program amendment at 30 CFR 914.16(ff) and to include changes made at its own initiative. The provisions of 312 Indiana Administrative Code (IAC) 25 that Indiana proposed to revise were: 312 IAC 25–1–57, definition of “government-financed construction”; 25–4–87, underground mining reclamation plans for siltation structures, impoundments, dams, embankments, and refuse piles; 25–5–16, requirements for performance bond release; 25–6–20, surface mining permanent and temporary impoundments; 25–6–66, surface mining primary roads; and 25–7–1, inspections of sites.

We announced receipt of the proposed amendment in the February 6, 2007, Federal Register (72 FR 5374). In the same document, we opened the public comment period and provided an opportunity for a public hearing or meeting on the adequacy of the amendment. We did not hold a public hearing or meeting because no one requested one. The public comment period ended on March 8, 2007. We received comments from two Federal agencies.

During our review of the amendment, we identified concerns about requirements for performance bond release. We notified Indiana of these concerns by letter dated May 9, 2007, (Administrative Record No. IND–1748). We also met with Indiana staff on June 26, 2007, to discuss the concerns regarding the amendment and corresponded with the State via email on June 23, 2007 (Administrative Record No. IND–1752). Indiana responded by email on July 24, 2007 (Administrative Record No. IND–1752), that it would not submit revisions to this portion of the amendment at this time and that we should proceed with processing the other portions of the amendment. Therefore, we are proceeding with the final rule Federal Register document.

III. OSM’s Findings

Following are the findings we made concerning the amendment under SMCRA and the Federal regulations at 30 CFR 732.15 and 732.17. We are approving the amendment with exceptions as described below. Any revisions that we do not specifically discuss below concern nonsubstantive wording or editorial changes.

A. Minor Revisions to Indiana’s Rules

Indiana made minor wording, editorial, punctuation, grammatical, restructuring, and recodification changes to the following previously-approved rules:

<table>
<thead>
<tr>
<th>Topic</th>
<th>State rule</th>
