severed from the remainder of the rule, FDA may adopt as final those provisions of the rule that are not the subject of a significant adverse comment.

If FDA withdraws the direct final rule, all comments received will be considered under the proposed rule in developing a final rule in accordance with usual Administrative Procedure Act notice-and-comment procedures.

If FDA receives no significant adverse comment during the specified comment period, FDA intends to publish a confirmation document within 30 days after the comment period ends confirming the effective date.

III. Environmental Impact

The agency has determined under 21 CFR 25.30(k) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment nor an environmental impact statement is required.

IV. Analysis of Impacts

FDA has examined the impact of this direct final rule under Executive Order 12866 and the Regulatory Flexibility Act (5 U.S.C. 601–612) (as amended by subtitle D of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104–121)), and the Unfunded Mandates Reform Act of 1995 (Public Law 104–4). Executive Order 12866 directs agencies to assess all costs and benefits of available regulatory alternatives and, when regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity). The agency believes that this direct final rule is consistent with the regulatory philosophy and principles identified in the Executive Order. In addition, this direct final rule is not a significant regulatory action as defined by the Executive Order and so is not subject to review under the Executive Order.

The Regulatory Flexibility Act requires agencies to analyze regulatory options that would minimize any significant impact of a rule on small entities. The direct final rule amends the existing hearing aid regulation to refer to the updated consensus standard that is used to determine the technical data in hearing aid labeling. Communications from manufacturers to FDA show that they are prepared to be in compliance with this standard immediately. The agency, therefore, certifies that this final rule will not have a significant economic impact on a substantial number of small entities. This direct final rule also does not trigger the requirement for a written statement under section 202(a) of the Unfunded Mandates Reform Act because it does not impose a mandate that results in an expenditure of $100 million or more by State, local, or tribal governments in the aggregate, or by the private sector, in any one year.

V. Paperwork Reduction Act of 1995

This direct final rule contains no collection of information. Therefore, clearance by the Office of Management and Budget under the Paperwork Reduction Act of 1995 is not required.

VI. Request for Comments

Interested persons may, on or before January 17, 2000, submit to the Docket Management Branch (address above) written comments regarding this direct final rule. The comment period runs concurrently with the comment period for the companion proposed rule. Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday. All comments received will be considered as comments regarding the companion proposed rule and this direct final rule. In the event the direct final rule is withdrawn, all comments received regarding the companion proposed rule and this direct final rule will be considered comments on the proposed rule.

Housing Choice Voucher Program; Amendment

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Final rule.

SUMMARY: On October 21, 1999, HUD published a final rule implementing the statutory merger of the Section 8 tenant-based certicate and voucher programs. This rule makes an amendment to the October 21, 1998 final rule concerning the 40 percent of adjusted monthly income initial rent burden limit. HUD is making this change based upon its reconsideration of the statutory language and legislative history regarding this requirement.

DATES: Effective Date: December 3, 1999.

FOR FURTHER INFORMATION CONTACT: Gerald J. Benoit, Office of Public and Indian Housing, Department of Housing and Urban Development, Room 4210, 451 Seventh Street, SW, Washington, DC 20410; telephone (202) 708–0477. SUPPLEMENTARY INFORMATION:

I. Background

On October 21, 1999 (64 FR 56894), HUD published a final rule implementing the statutory merger of the Section 8 tenant-based certificate and voucher programs. The October 21, 1999 final rule implemented section 545 of the Quality Housing and Work Responsibility Act of 1998 (Title V of the FY 1999 HUD Appropriations Act; Pub. L. 105–276, approved October 21, 1998) (referred to as the “Public Housing Reform Act”). The new tenant-based program (known as the Housing Choice Voucher program) has features of the previously authorized certificate and voucher programs, plus new features.

II. Justification for Final Rulemaking

In general, HUD publishes a rule for public comment before issuing a rule for effect, in accordance with its own regulations on rulemaking at 24 CFR part 1.10. However, does provide for exceptions from that general rule where HUD finds good cause to omit advance notice and public participation. The good cause requirement is satisfied when the prior public procedure is “impractical, unnecessary, or contrary to the public interest” (24 CFR 10.1).

HUD finds that good cause exists to publish this rule for effect without first soliciting public comment, in that prior public procedure would be contrary to the public interest. This final rule amends the Housing Choice Voucher Program regulations at 24 CFR part 982 to more accurately reflect the Congressional intent regarding the “40 percent initial rent burden.” Upon reconsideration of the relevant statutory language and legislative history, HUD has determined that its initial interpretation (codified at § 982.505) may contradict the intent of the Congress in enacting this provision. It is necessary for this rule not to be delayed to solicit public comments in order to correct any potential confusion on the part of PHAs and assisted families regarding the scope and applicability of this statutory requirement. Accordingly, HUD is publishing this rule for effect without prior public participation.

III. Findings and Certifications

Environmental Impact

A Finding of No Significant Impact with respect to the environment was made on HUD’s May 14, 1999 interim rule implementing the statutory merger of the tenant-based Section 8 certificate and voucher programs, in accordance with HUD regulations in 24 CFR part 50 that implement section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 423d). That Finding remains applicable to this final rule and is available for public inspection between 7:30 a.m. and 5:30 p.m. weekdays in the office of the Rules Docket Clerk, Office of General Counsel, Room 10276, Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, DC.

Unfunded Mandates Reform Act

Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and tribal governments and the private sector. This final rule does not impose any Federal mandates on any State,
local, or tribal governments or the private sector within the meaning of Unfunded Mandates Reform Act of 1995.

Impact on Small Entities

The Secretary, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)) (the RFA), has reviewed and approved this final rule and in so doing certifies that this rule would not have a significant economic impact on a substantial number of small entities. The final rule is exclusively concerned with public housing agencies that administer tenant-based housing assistance under Section 8 of the United States Housing Act of 1937. Specifically, the final rule would establish requirements governing tenant-based assistance for an eligible family. The final regulatory amendment would not change the amount of funding available under the Section 8 voucher program. Accordingly, the economic impact of this rule will not be significant, and it will not affect a substantial number of small entities.

Executive Order 13132, Federalism

Executive Order 13132 (entitled “Federalism”) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial direct compliance costs on State and local governments and is not required by statute, or the rule preempts State law, unless the agency meets the consultation and funding requirements of section 6 of the Executive Order. This final rule does not have federalism implications and does not impose substantial direct compliance costs on State and local governments or preempt State law within the meaning of the Executive Order.

Catalog of Domestic Assistance Numbers

The Catalog of Domestic Assistance numbers for the programs affected by this final rule are 14.855 and 14.85.

DEPARTMENT OF JUSTICE
Parole Commission
28 CFR Part 2
Paroling, Recommiting, and Supervising Federal Prisoners: Rescission Guidelines

ACTION: Interim rule; amendments.

SUMMARY: The Commission is amending its regulation regarding sanctioning of disciplinary infractions and new criminal behavior by prisoners who have applied for parole or who have received grants of parole. The amendment clarifies the Commission’s longstanding policy that this regulation applies to all misconduct committed by a prisoner while confined, whether before or after the sentence is imposed. It also clarifies the applicability of the rule to parolees when they are confined for new crimes committed while on parole.

DATES: Effective Date: December 3, 1999. Comments must be received by December 31, 1999.

ADDRESSES: Send comments to Office of General Counsel, U.S. Parole Commission, 5550 Friendship Blvd., Chevy Chase, Maryland 20815.

FOR FURTHER INFORMATION CONTACT:
Pamela A. Posch, Office of General Counsel, U.S. Parole Commission, 5550 Friendship Blvd., Chevy Chase, Maryland 20815, telephone (301) 492–5959.

SUPPLEMENTARY INFORMATION: The Commission’s regulation at 28 CFR § 2.36 provides in pertinent part that the rescission guidelines contained therein “shall apply to the sanctioning of disciplinary infractions or new criminal behavior committed by a prisoner subsequent to the commencement of his sentence and prior to his release on parole.” 28 CFR 2.36(a). The Commission’s regulation regarding guidelines for parole decisionmaking provides in pertinent part that “for criminal behavior committed while in confinement see § 2.36.” 28 CFR 2.20(i). The Commission’s longstanding interpretation of its rescission guidelines is therefore that they apply to all misconduct and new criminal behavior committed by an offender “in confinement”. In order to clarify the language of § 2.36(a), which, standing alone, appears to limit rescission guidelines to conduct after a prisoner has begun service of an imposed sentence the Commission is amending § 2.36(a). The amended rule will make clear that the rescission guidelines apply to new criminal conduct committed by any offender who is in confinement, whether as a pretrial detainee, as a prisoner serving an imposed sentence, or as a prisoner who has been transferred to another institution pending trial or sentencing on another matter. The amended rule also makes clear that the rescission guidelines apply to disciplinary infractions or further crimes committed by a parolee after he has been confined on a new criminal charge, whether before or after the Commission revokes his parole. This inclusive policy reflects the Commission’s view that disciplinary infractions are always relevant to the parole decisionmaking process, and that new crimes committed while in official confinement of any type share are a significant indicator of the offender’s lack of suitability for parole or reparation.

The rescission guidelines therefore apply to conduct committed while in confinement regardless of the venue of confinement; new criminal conduct in a halfway house or jail, as well as in a
