

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT  
WASHINGTON, DC 20410-5000

ASSISTANT SECRETARY FOR  
PUBLIC AND INDIAN HOUSING

JUL 21 2009

Dear Executive Director:

**Through this letter HUD is inviting your agency to apply for a special appropriation of Housing Choice Voucher (HCV) program funding for areas impacted by Hurricanes Katrina and Rita.**

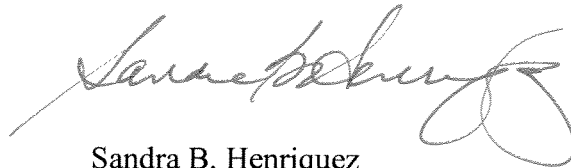

Congress recently passed the Supplemental Appropriations Act for Fiscal Year 2009 (Public Law 111-32, enacted June 24, 2009). This Act amended Section 1203 of the Consolidated Security, Disaster Assistance, and Continuing Appropriations Act 2009 (Public Law 110-329, 122 Stat 3574). The Act provides \$80 million for HCV program funding that will be awarded to public housing agencies (PHAs) in areas impacted by Hurricanes Katrina and Rita. This funding will support approximately 10,000 vouchers and administrative fees. The Act requires HUD to make these funds available within 60 days of enactment.

In order to expedite the funding process and make these funds available as soon as possible, HUD is inviting PHAs in the covered areas to submit applications. Your agency is receiving this invitational letter because it has jurisdiction over an area that was declared by the President to be a federal disaster area as a result of Hurricanes Katrina and/or Rita. Funding will be awarded on a priority basis. Priority will be given to PHAs that are willing to provide a local preference for admission to the HCV program for families displaced by Hurricanes Katrina or Rita and that further provides for a higher preference to eligible families who have recently left or will be leaving Federal Emergency Management Agency (FEMA) temporary housing units or FEMA's Alternative Housing Pilot Program, including Katrina cottages, over all other displaced families.

Detailed instructions on the application process and additional information concerning this special appropriation of HCV funding are provided in Attachment 1. If your agency wishes to apply for this voucher funding, please review Attachment 1 and complete and email the attached application, Form HUD 52515 (Section 8 application), to the HUD Financial Management Division at [hcvkatrinarita@hud.gov](mailto:hcvkatrinarita@hud.gov) **by close of business on July 31, 2009.** The subject line for the email should indicate the priority category under which your agency is applying (e.g., "Priority 1 Application" or "Priority 2 Application"). The maximum number of vouchers for which a PHA may apply under one category is 500 vouchers or 25 percent of its HCV authorized baseline units, whichever is less. A PHA may only apply under one category.

Thank you for your prompt consideration regarding this invitation. If you have any questions, please contact Miguel Fontanez Sanchez, Director, HUD Financial Management Division, at the following email address: [hcvkatrinarita@hud.gov](mailto:hcvkatrinarita@hud.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Sandra B. Henriquez", with a large, stylized flourish at the end.

Sandra B. Henriquez

Attachments

## Attachment 1

### **\$80 Million in HCV Funding for Areas Impacted by Hurricanes Katrina and Rita**

This attachment describes the eligible categories of funding, the order in which the funding will be awarded, the maximum number of vouchers for which a PHA may apply, the process by which the PHA is to apply for the funding, and the exception to the normally applicable limitation on the maximum amount of HCV budget authority that may be provided by the PHA for project-based voucher (PBV) assistance, should the PHA choose to project-base some or all of this voucher funding.

Funding will be awarded to eligible applicant PHAs on the following priority basis:

#### **Priority 1**

- The PHA must be located in the most heavily impacted areas of Mississippi, Louisiana, Texas, or Alabama.
- The PHA will provide a local preference for admission to the HCV program for families displaced by Hurricanes Katrina or Rita (see 24 CFR 982.207).
- The PHA local preference must further provide that eligible families who have recently left or will be leaving FEMA temporary housing units or FEMA's Alternative Housing Pilot Program, including Katrina cottages, must be given preference over all other displaced families. Families will be considered to have "recently left" a FEMA provided temporary housing unit or FEMA's Alternative Housing Pilot Program, including Katrina cottages, if they vacated their unit on or after June 24, 2009 – the date the appropriations act was signed.
- If the PHA has established other local selection preferences, the preference for families displaced by Hurricanes Katrina or Rita must take precedence over any other preferences.

#### **Priority 2**

- The PHA is **not** located in the most heavily impacted areas of Mississippi, Louisiana, Texas, or Alabama.
- The PHA will provide a local preference for admission to the HCV program for families displaced by Hurricanes Katrina or Rita (see 24 CFR 982.207).
- The PHA local preference must further provide that eligible families who have recently left or will be leaving FEMA temporary housing units or FEMA's Alternative Housing Pilot Program, including Katrina cottages, must be given preference over all other displaced families. Families will be considered to have "recently left" a FEMA provided temporary housing unit or FEMA's Alternative Housing Pilot Program, including Katrina cottage, if they vacated their unit on or after June 24, 2009 – the date the appropriations act was signed.

- If the PHA has established other local selection preferences, the preference for families displaced by Hurricanes Katrina or Rita must take precedence over any other preferences.

**Priority 3:** The PHA is located in the most heavily impacted areas of Mississippi, Louisiana, Texas, or Alabama but will not provide a local preference for admission to the HCV program in accordance with the conditions necessary to qualify for Priority 1 funding.

**Priority 4:** The PHA is **not** located in the most heavily impacted areas of Mississippi, Louisiana, Texas, or Alabama and will not provide a local preference for admission to the HCV program in accordance with the conditions necessary to qualify for Priority 2 funding.

Temporary housing units are considered “hard” units provided by FEMA which include manufactured housing units such as mobile homes, park models and travel trailers. FEMA also provided assistance through hotels and motels which are also considered temporary housing units. Temporary programs, such as the Disaster Housing Assistance Program for Hurricanes Katrina and Rita (DHAP-Katrina), are not considered a temporary housing unit. However, participants would qualify as being displaced by Hurricanes Katrina or Rita.

The most heavily impacted areas are defined as those counties designated by FEMA as eligible to receive both Individual and Public Assistance as a result of Hurricanes Katrina or Rita. A list of those PHAs is provided in Attachment 2.

Once a PHA receives an award letter for Priority 1 or Priority 2 vouchers, the PHA must promptly establish a preference for families displaced by Hurricanes Katrina or Rita in their Administrative Plan if it has not done so already. If the PHA waiting list is closed, the PHA must also open its waiting list for, at a minimum, the preferences outlined in this memorandum. A PHA that receives Priority 1 or Priority 2 funding must keep its waiting list for the preferences outlined in this memorandum open for at least 1 year from the date of the funding award letter. As noted above, this preference must give an additional preference for admission to those eligible families who have recently left or will be leaving FEMA temporary housing units or FEMA’s Alternative Housing Pilot Program, including Katrina cottages.

Note that the PHA may limit the number of applicants that may qualify for this local preference, but any such limitation may not be less than the number of vouchers awarded under this special appropriation.

### **Order of Funding**

HUD will fully fund all approvable Priority 1 applications before providing funding to any other funding category. If there is insufficient funding to fully fund Priority 1 applications, no funding will be awarded to any other funding category, and HUD will prorate the funding available for all approvable Priority 1 applications.

If there is insufficient funding to fully fund all approvable Priority 2 applications, no funding will be awarded for Priority 3 or Priority 4 applications and HUD will prorate the funding available for all approvable Priority 2 applications.

If there is insufficient funding to fully fund all approvable Priority 3 applications, no funding will be awarded for Priority 4 applications and HUD will prorate the funding available for all approvable Priority 3 applications.

If there is insufficient funding to fully fund all approvable Priority 4 applications, HUD will prorate the funding available for all approvable Priority 4 applications.

Please note that under any of the funding categories above, the Department may adjust allocations to insure geographic equity among the affected areas.

### Application and Funding Procedures

**Submission of the Form HUD 52515.** If your agency wishes to apply for voucher funding under this special appropriation, please complete and email the attached application, Form HUD 52515 (Section 8 application) to the HUD Financial Management Division at [hcvkatrinarita@hud.gov](mailto:hcvkatrinarita@hud.gov) **by close of business on July 31, 2009**. The subject line for the email should indicate the priority category under which your agency is applying (e.g., “Priority 1 Application” or “Priority 2 Application”). The maximum number of vouchers for which a PHA may apply is 500 vouchers or 25 percent of its HCV authorized baseline units, whichever is less. When completing section B of this form, only complete the box for total dwelling units. Do not complete sections A, C, and E. **If the PHA is applying under Priority 1 or 2, the PHA must include on the space for section D a certification that the PHA will provide a local preference for families displaced by Hurricanes Katrina or Rita in accordance with the requirements of that funding category and that it will open its waiting list for, at a minimum, the preferences outlined in this letter, and keep the waiting list open for at least 1 year from the date of the funding award letter.**

Once the HUD Financial Management Division receives your agency’s HUD Form 52515, it will contact the HUD Field Office to determine that your agency meets the eligibility requirements described below. If your application is funded, HUD will send you a Funding Award Letter and funding will be obligated to the PHA through HUDCAPS. The HUD Financial Management Division will determine the amount of budget authority that an applicant will be awarded based on the PHA’s per unit cost for 2009 renewal funding. Administrative fees will be determined in accordance with section 10 of PIH Notice 2008-15 (HA) or any subsequent administrative fee notice. MTW agencies will be funded in accordance with their MTW agreements.

### PHA Eligibility

HUD is inviting all HCV administering PHAs with jurisdiction over areas that were declared by the President to be federal disaster areas, as a result of Hurricanes Katrina and/or

Rita, to apply for funding. However, in order to be eligible for funding, the PHA must also meet the following requirements as determined by the HUD Field Office of Public Housing:

- The PHA must not be designated as troubled under the Section Eight Management Assessment Program (SEMAP) for its most recent assessed fiscal year with the exception of those PHAs in HUD receivership. (Note that Moving to Work (MTW) agencies are not required to report under SEMAP and consequently this requirement is not applicable to those agencies.)
- The PHA must not have any major unresolved program management findings from an Inspector General audit, HUD management review or Independent Public Accountant (IPA) audit for the PHA's HCV program or other significant program compliance problems (such as fair housing and/or civil rights violations or findings) that were not resolved or in the process of being resolved prior to the date of this invitation letter with the exception of those PHAs in HUD receivership. Major program management findings, or significant program compliance problems, are those that would cast doubt on the capacity of the applicant to effectively administer any new HCV funding in accordance with applicable HUD regulatory and statutory requirements.
- The PHA must not be involved in litigation where HUD determines that the litigation may seriously impede the ability of the applicant to administer these vouchers with the exception of those PHAs in HUD receivership.

Any applications that are either ineligible or are remaining after the available funding is exhausted will not be funded and those PHAs will be notified accordingly.

### **Programmatic Issues**

A PHA may or may not choose to project-base some or all of the voucher funding awarded under this special appropriation. All of the PBV requirements for the PBV program apply to this voucher funding except for the normally applicable limit on the amount of PBV assistance. Normally, the PHA may provide project-based assistance for up to 20 percent of the amount of budget authority allocated to the PHA by HUD in the PHA voucher program. However, the Supplemental Appropriations Act provides that in carrying out the activities authorized under this heading, that the Secretary shall waive Section (o)(13)(B) of the United States Housing Act of 1937. Therefore, a PHA may project-base voucher funding awarded under this appropriation even if as a result the PHA would exceed the 20 percent cap on project-basing, and the voucher funding awarded under this appropriation that is project-based is not counted when determining if the PHA has reached its 20 percent cap.

Voucher funding awarded under this invitation may not be used for fungibility purposes under under section 901 of the 2006 Emergency Supplement Appropriations Act (including the subsequent extensions of that fungibility authority.)

## Attachment 2

**Areas impacted by Hurricanes Katrina and Rita.** Priority for voucher funding under this special appropriation will be provided to the following PHAs in the most heavily impacted areas of Alabama, Louisiana, Mississippi, and Texas. The list was created based on FEMA's disaster designations for counties eligible to receive both Individual and Public Assistance. If your agency is not listed below but believes it qualifies under the Appropriations language as "located in an area impacted by Hurricanes Katrina and Rita", please submit an application pursuant to this invitation and contact Shauna Sorrells, Deputy Director of Disaster Housing Assistance programs at [shauna.m.sorrells@hud.gov](mailto:shauna.m.sorrells@hud.gov).
