The Eastern Woodlands Office (EWONAP) serves 66 Tribes within 16 states and 6 HUD regions. EWONAP administers over $90 million in IHBG funds, over $60 million in Section 184 Native American Home Mortgages, and approximately $5 million in ICDBG funds in its region annually.

Please share with others who may be interested in the EWONAP News Bulletin.

The good news is that Congress finally passed a full annual budget for the Federal Government for the balance of the Fiscal Year. It funds the Indian Housing Block Grant (IHBG) in the amount of $654 million. This is the amount that funds the money which is allocated to each Tribe or Tribally Designated Housing Entity (TDHE). Last year this was funded in the FY 2016 HUD budget at $650 million. This is an increase of $4 million. Of this amount, $7 million will be deducted to pay for Training and Technical Assistance and $2 million to fund Title VI projects, leaving a balance to be distributed in the amount of $645 million.

(Continued on page 2)
In addition, HUD Veteran’s Supportive Housing Program or HUD VASH was allocated $7 million to keep the pilot program running for the next fiscal year. The Section 184 Program was funded at $5.5 million, and the Indian Community Development Block Grant [ICDBG] in the amount of $60 million or the same amount as in FY 2016.

On May 23, 2017, the President released his FY 2018 Budget request. It requests $600 million for the Indian Housing Block Grant, which is a reduction of $54 million from the recently enacted FY 2017 IHBG budget or a reduction of $48 million from the original Continuing Resolution. The $600 million IHBG request includes within it a continuation of $2 million in loan guarantees for the Title VI program. No money is requested for Training and Technical assistance. No money is allocated for Section 184 as it is projected to continue carryover money as mentioned in an Indianz.com article on May 24, 2017. Click Here for the actual budget proposal.

In addition, as mentioned in the prior “skinny” budget released earlier this year, the President’s Budget request proposes the elimination of money for the CPD budget of $3 billion, which also is tied to the Indian Community Development Block Grant (ICDBG) as a percentage of the total CPD budget, which was funded in the 2017 FY Budget at $60 million. If there is no money for the overall CPD budget, there is no percentage which goes to the ICDBG line item.

As to the timing of the release of the FY 2017 allocations in LOCCS, it is projected that it might take six weeks or until sometime in July to be available. The first requirement is knowing the overall number that Congress is putting into the block grant. Now that this is known, the second step is for the Formula Center in Denver to run the numbers through the formula, which determines how much each Tribe or TDHE is entitled to receive. This takes time and once that process is done, a formula allocation is generated for each tribe. An additional step is required this year since the budget was completed so late in the fiscal year and many Tribes and TDHE’s ran out of money and needed to request an advance on their formula grant. These must now be subtracted from the final amount in the grant to the Tribe or TDHE so that each grantee gets the amount projected in the formula.

In the meantime, Congress must okay the money to be deposited in Treasury, which has a role in allocating money to each Department such as Housing and Urban Development. Once all that is completed, Congress is given notice that the allocations are ready for release and it is up to each Congressional office to make an announcement of the Grants as they see fit.

Lastly, if a Tribe or TDHE is about to run out of money between now and six to eight weeks from now, it should once again apply for Interim Funding to get it through to the final release of funds in LOCCS for the full Fiscal Year. This requires that the Tribe/TDHE show it has a zero balance in LOCCS, or that the entire balance in LOCCS is obligated to existing projects and there is no other source of funds to continue operations, and the Tribe/TDHE has an approved Indian Housing Plan.

Best Regards,

Mark Butterfield, EWONAP Administrator
THE EWONAP TEAM IS ON THE MOVE!

As most of you know, it’s Monitoring Review season and EWONAP team members are headed out to visit various tribes this month. We are excited to learn more about your work and looking forward to hearing about your successes and challenges. The EWONAP Team is here to support you in building successful communities. *We want to positively engage with you!*

**SITE VISIT TO:**
**SAINT CROIX BAND OF LAKE SUPERIOR CHIPPEWA, MAY 22 - 26, 2017**

The St. Croix Chippewa Reservation in northwest Wisconsin is scattered in a checkerboard of 11 separate communities over a four-county area. Tribal headquarters is located in the Burnett County reservation community of Big Sand Lake, near the unincorporated village of Hertel.

Today, reservation boundaries include about 3,000 acres of forested land and part of what is known as the "northwoods" of Wisconsin. About 2,000 tribal people call the St. Croix Reservation home. They are spread out throughout Barron, Burnett, Polk and Washburn counties in Wisconsin and in Pine County in east central Minnesota. Numerous lakes touch the St. Croix Reservation, including Balsam, Bashaw, Big Sand, Sand, Big Round, Clam, Gaslyn, and Pike Lake. The St. Croix and Yellow rivers also flow through the reservation.

The Annual St. Croix Wild Rice Pow-wow has been in existence for more than 20 years. The three-day celebration takes place at the Tribal Center in Hertel in late August, and hosts drums and singers from all over North America. The celebration features drum and dance contests, huge feasts, as well as a large variety of food and craft vendors.

The largest area employers are the county and St. Croix Tribal Enterprises which includes two casinos and government offices. St. Croix Casino in Turtle Lake employs more than 1,000 people and the Hole in the Wall Casino and Hotel in Danbury employs more than 200. The tribe also employs many members at the Tribal Center buildings, which include the health department, family resource center, housing authority, construction company, group home, tobacco shop, government offices and a bingo hall. They also have three bingo operations, a restaurant and a smoke shop.

PROCUREMENT REQUIREMENTS UNDER THE UNIFORM GUIDANCE EXTENDED

The Office of Management and Budget issued a federal register notice to further extend the grace period of implementing the procurement requirements under the Uniform Guidance to three years. This means that 12/31 year ends now have until 1/1/2018 to implement the new requirements, and 6/30 year ends have until 7/1/2018.

Important things to remember:

- If an Organization elects to use any part of the 3 year grace period, they are required to document the decision.
- When testing procurement for a client that has a grant under the Uniform Guidance, and who has elected to use the grace period, we should be using the following workpapers:
  - 2016 Procurement Testing (old regs) template
  - 8130.02 OMB UG 2016 Compliance Supplement Part 3.2 (UG) for all areas except I. Procurement
  - 8130.01 OMB UG 2016 Compliance Supplement Part 3.1 (old regs) for the I. Procurement tab.

TRIBAL DISASTER DEBRIS MANAGEMENT TRAINING: JUNE 7 - 8, 2017

U.S. EPA Region 5 is sponsoring a Tribal Disaster Debris Management Training in partnership with the Fond du lac Band of Lake Superior Chippewa. The Training is geared toward tribal staff involved in emergency management, waste management, public works, planning, and other areas. Debris management is an integral part of emergency, especially in response to extreme weather or other disasters. Tribes that incorporate sustainable materials management into their disaster debris management plans will also be better prepared to handle disaster debris in a more efficient, environmentally beneficial manner. Tribal staff will have the opportunity to work in small groups with staff from other tribal and other governmental agencies to address issues vital to effective disaster debris management. To register and for more information, contact Dolly Tang, EPA Tribal Solid Waste & Pollution Prevention Coordinator at tong.dolly@epa.gov.

FEDERAL CERTIFICATION FOR PESTICIDE APPLICATORS IN INDIAN COUNTRY

Anyone using restricted-use pesticides or Restricted Use Products (RUPs) in Indian country must have a federal certification from the U.S. Environmental Protection Agency or operate under the direct supervision of a federally certified applicator. Pesticides might be used in a variety of settings: agriculture, greenhouses, forests, aquatics, rights-of-way, schools, homes, lawns and gardens, swimming pools, hotels, casinos, golf courses, recreation centers, office buildings, health care settings, restaurants, and more. Many pesticides are for general use – you can use them in Indian country without special training or certification. However, you must have special training and use certain techniques to apply RUPs safely. Federal law requires certification for anyone purchasing or applying RUPs. If tribal authority prohibits or limits pesticide use, tell the applicators about relevant restrictions. Click Here for additional information.

The Section 184 Indian Home Loan Guarantee Program is a home mortgage specifically designed for American Indian and Alaska Native families, Alaska Villages, Tribes, or Tribally Designated Housing Entities. Section 184 loans can be used both on and off native lands for new construction, rehab, the purchase of an existing home, or for refinancing.

Section 184 is synonymous with home ownership in Indian Country. As of March 2016, the Section 184 program has guaranteed over 33,728 loans, which represents over $5.4 billion dollars in guaranteed funds.

Within the Eastern Woodlands region, over 3,938 loans have been made bringing $565 million in private capital directly to Tribal Members. Tribes and TDHEs can also use Section 184 loans to achieve their housing development goals. Some benefits include:

- Low residential mortgage interest rates
- Lower monthly fees than standard PMI
- One time loan guarantee fee (1.5%)
- May utilize up to 15% of loan funds for site infrastructure costs
- Low down payment
- No household income restrictions
- Buy, Rehab, Refi or Build
- Finance up to 20 units at a time.

HUD ONAP Title VI Loan Guarantee Program

Title VI loans enable Indian Housing Block Grant recipients to leverage up to 5 times their IHBG ‘Need’ funding to finance affordable housing development by pledging future IHBG grant funds as security for repayment of the loan. A private lender provides the financing and HUD provides the guarantee to the lender. To visit the Title VI website, click here. ONAP’s Office of Loan Guarantee has advised that Title VI loans are limited this fiscal year, so the first funded loans will go to applicants whose loan package is the most complete first. For more information on the Section 184 or Title VI Program, contact Kimberly McMorris, at Kimberly.N.McMorris@hud.gov or 312.913.8626.
