- Cash-Out Refinances
- No Cash-Out Refinances
  - Rate and Term Refinances
  - Simple Refinances
  - Streamline Refinances

Refinance: Definition

A Refinance Transaction is used to pay off the existing debt or to withdraw equity from the property with the proceeds of a new Mortgage for a Borrower with legal title to the subject property.
Types of Refinances

• Cash-Out Refinance:
  – A Cash-Out Refinance is a refinance of any Mortgage or a withdrawal of equity where no Mortgage currently exists, in which the Mortgage proceeds are not limited to specific purposes.

• No Cash-Out Refinance:
  – A No Cash-Out Refinance is a refinance of any Mortgage in which the Mortgage proceeds are limited to the purpose of extinguishing the existing debt and costs associated with the transaction.

Additional No-Cash Out Refinance Options

Refinance of Borrowers in Negative Equity Positions Programs (also known as Short Refinance):

• A Borrower who is current on their non FHA-insured Mortgage may qualify for an FHA-insured refinance Mortgage provided that the Mortgagee or Investor writes off at least 10 percent of the unpaid principal balance of the existing first lien Mortgage.
Additional No-Cash Out Refinance Options (cont.)

Refinances for the Purpose of Rehabilitation or Repair:
• A Borrower may refinance existing debts and obtain additional financing for purposes of rehabilitation and repair under the 203(k) Rehabilitation Mortgage Insurance Program.
Additional No-Cash Out Refinance Options (cont.)

Refinancing of an Existing Section 235 Mortgage:

• An existing Section 235, Mortgage Insurance and Assistance Payments Program may be refinanced as any No Cash-Out Refinance.

• In refinancing a Section 235 Mortgage, the Mortgagee is required to repay to FHA any amount of excess subsidy. The outstanding principal balance on a Section 235 is calculated by adding back to the balance any amount of the excess subsidy paid to FHA.

• If FHA has a junior lien that was part of the original Section 235 financing, FHA will subordinate the junior lien to the Section 203(b) Mortgage that refines the Section 235 Mortgage.
Additional No-Cash Out Refinance Options (cont.)

Refinancing of HOPE for Homeowners Mortgages:

• If the Mortgage being refinanced is a HOPE for Homeowners Mortgage, the Mortgagee must refer to the requirements in the HOPE for Homeowners Servicing Section.

• HOPE for Homeowners Mortgages may not be refinanced using the FHA streamline process.
FHA-Insured to FHA-Insured Refinances

• FHA-to-FHA refinances may be used with any refinance type.

• Mortgagee must obtain a Refinance Authorization Number from FHA Connection (FHAC) for all FHA-to-FHA refinances.

• FHA will not issue a new case number for any FHA-to-FHA Refinance where the existing Mortgage to be paid off has a repair or rehabilitation escrow account where the Escrow Closeout Certification has not been completed in FHAC.

<td>Temporary interest rate buydowns are not permitted with refinance transactions.</td>
</tr>
</tbody>
</table>

Payoff Statement Requirements for Mortgages

The Mortgagee must obtain the payoff statement for the existing Mortgage being refinanced.
Adjusted Value
Adjusted Value

The Adjusted Value is the determined value of the property used for making an FHA-insured Mortgage Loan.
Adjusted Value: Refinance

- For properties acquired by the Borrower within 12 months of the case number assignment date, the Adjusted Value is the lesser of:
  - The Borrower’s purchase price, plus any documented improvements made after the purchase; or
  - The Property Value.

- This policy applies to all FHA refinance transactions that require appraisals including, FHA-to-FHA refinance transactions.
Adjusted Value: Refinance (cont.)

Properties acquired by the Borrower within 12 months of application by inheritance or through a gift from a family member may:

- Utilize the calculation of Adjusted Value for properties purchased 12 months or greater.
Adjusted Value: Refinance (cont.)

For properties acquired by the Borrower greater than or equal to 12 months prior the case assignment date, the Adjusted Value is the Property Value.
Cash-Out Refinances
Borrower Eligibility

The following are not eligible for cash-out refinances:

– Nonprofit agencies;
– State and local government agencies; and
– Instrumentalities of government.

Income from a **non-occupant** co-Borrower may not be used to qualify for a cash-out refinance.
Occupancy Requirements

• Cash-Out Refinance transactions are only permitted on owner-occupied Principal Residences.

• The property securing the Cash-Out refinance must have been owned and occupied by the Borrower as their Principal Residence for the 12 months prior to the date of case number assignment.
Occupancy Requirements—Exception

- **Inheritance**: A Borrower is not required to occupy the property for a minimum period of time before applying for a Cash-Out Refinance, provided the Borrower has not treated the subject property as an Investment Property at **any point since inheritance** of the property.

- If the Borrower rents the property following inheritance, the Borrower is not eligible for Cash-Out Refinance until the Borrower has occupied the property as a Principal Residence for at least 12 months.
Occupancy Requirements Documentation

The Mortgagee must review the Borrower’s employment documentation or obtain utility bills to evidence the Borrower has occupied the subject property as their Principal Residence for the 12 months prior to case number assignment.
Payment History Requirements

The Mortgagee must document that the Borrower:

• Has made all payments for all their Mortgages within the month due for the previous 12 months or since the Borrower obtained the Mortgages, whichever is less.

• The payments for all Mortgages secured by the subject property must have been paid within the month due for the month prior to Mortgage Disbursement.
Payment History Requirements (cont.)

• Properties with Mortgages must have a minimum of six months of Mortgage Payments.

• Properties owned free and clear may be refinanced as Cash-Out transactions.
Maximum Mortgage Amounts

• Maximum Loan-to-Value:
  – 85 percent of the Adjusted Value.

• Maximum Combined Loan-to-Value:
  – 85 percent of the Adjusted Value.

• Nationwide Mortgage Limit:
  – The combined Mortgage amount of the first Mortgage and any subordinate liens cannot exceed the Nationwide Mortgage Limit described in National Housing Act’s Statutory Limits.
Rate and Term Refinances
Occupancy Requirements

Rate and Term Refinance transactions are only permitted on owner-occupied Principal Residences and HUD-approved Secondary Residences.
Occupancy Requirements: Documentation

The Mortgagee must review the Borrower’s employment documentation or obtain utility bills to evidence the Borrower currently occupies the property, and determine the length of time the Borrower has occupied the subject property as their Principal Residence.

- The unpaid principal balance of any purchase money junior Mortgage as of the month prior to Mortgage Disbursement;
- The unpaid principal balance of any junior liens over 12 months old as of the date of Mortgage Disbursement. If the balance or any portion of an equity line of credit in excess of $1,000 was advanced within the past 12 months and was for purposes other than repairs and rehabilitation of the property, that portion above and beyond $1,000 of the line of credit is not eligible for inclusion in the new Mortgage;
Calculating Maximum Mortgage Amount: Debts (cont.)

- Interest due on the existing Mortgage(s);
- Mortgage Insurance Premium (MIP) due on existing Mortgage;
- Any prepayment penalties assessed;
- Late charges; and
- Escrow shortages.
Calculating Maximum Mortgage Amount: Additional Costs

Additional allowed costs associated with the transaction may be able to be financed in to the Rate and Term transaction, including:

$ __________________________
Short Payoffs

The Mortgagee may approve a Rate and Term Refinance where the maximum Mortgage amount is insufficient to extinguish the existing Mortgage debt, provided the existing Note holder writes off the amount of the indebtedness that cannot be refinanced into the new FHA-insured Mortgage.
Refinancing to Buy Out Title-Holder Equity

• When the purpose of the new Mortgage is to refinance an existing Mortgage to buy out an existing title-holder’s equity, the specified equity to be paid is considered property-related indebtedness and eligible to be included in the new Mortgage calculation.

• The Mortgagee must obtain the divorce decree, settlement agreement, or other legally enforceable equity agreement to document the equity awarded to the title-holder.
Refinancing to Pay Off Recorded Land Contracts

When the purpose of the new Mortgage is to pay off an outstanding recorded land contract, the unpaid principal balance shall be deemed to be the outstanding balance on the recorded land contract.
Cash Back to the Borrower: $500 Limitation

The Mortgagee may utilize estimates of existing debts and costs in calculating the maximum Mortgage amount to the extent that the actual debts and costs do not result in the Borrower receiving greater than $500 cash back at Mortgage Disbursement.
Cash Back to the Borrower: Unused Escrow Balance

Cash to the Borrower resulting from the refund of Borrower’s unused escrow balance from the previous Mortgage must not be considered in the $500 cash back limit, whether received at or subsequent to Mortgage Disbursement.
Cash Back to the Borrower: Excess Cash Back

• When costs utilized in calculating the maximum Mortgage amount result in greater than $500 cash back to the Borrower at Mortgage Disbursement, Mortgagees may reduce the Borrower’s outstanding principal balance to satisfy the $500 cash back requirement.

• The Mortgagee must submit the Mortgage for endorsement at the reduced principle amount.
Simple Refinance
Simple Refinance

Simple Refinance refers to a no cash-out refinance of an existing FHA-insured Mortgage in which all proceeds are used to pay the existing FHA-insured Mortgage liens on the subject property and costs associated with the transaction.

Occupancy Requirements

Simple Refinance is only permitted on owner-occupied Principal Residences and HUD-approved Secondary Residences.
Occupancy Requirements: Documentation

• The Mortgagee must review the Borrower’s employment documentation or obtain utility bills to evidence the Borrower currently occupies the property.

• The Mortgagee must obtain evidence that the Secondary Residence has been approved by the Jurisdictional FHA Homeownership Center.

The Mortgagee may utilize estimates of existing debts and costs in calculating the maximum Mortgage amount to the extent that the actual debts and costs do not result in the Borrower receiving greater than $500 cash back at Mortgage Disbursement.

Cash to the Borrower resulting from the refund of Borrower’s unused escrow balance from the previous Mortgage must not be considered in the $500 cash back limit, whether received at or subsequent to Mortgage Disbursement.

• When costs utilized in calculating the maximum Mortgage amount result in greater than $500 cash back to the Borrower at Mortgage Disbursement, Mortgagees may reduce the Borrower’s outstanding principal balance to satisfy the $500 cash back requirement.

• The Mortgagee must submit the Mortgage for endorsement at the reduced principle amount.
Streamline Refinance
Streamline Refinance

- Streamline Refinance may be used when the proceeds of the Mortgage are used to extinguish an existing FHA-insured first Mortgage lien.

- Mortgagees must manually underwrite all Streamline Refinances in accordance with the guidance provided in the Streamline Refinance section of the Handbook 4000.1.
Streamline Refinance Exemptions

The Streamlined Refinance provides lists of the SF Handbook sections that are not applicable when underwriting a Non-Credit Qualifying Streamline Refinance and a Credit Qualifying Streamline Refinance.

Examples:
- Ordering Appraisal
- Property Eligibility and Acceptability Criteria
Borrower Eligibility

Streamline Refinance may be used for Principal Residences, HUD-approved Secondary Residences, or non-owner occupied properties.
Occupancy Requirements: Documentation

• The Mortgagee must review the Borrower’s employment documentation or obtain utility bills to evidence the Borrower currently occupies the property.

• The Mortgagee must obtain evidence that the Secondary Residence has been approved by the Jurisdictional FHA Homeownership Centers.
Occupancy Requirements: Documentation (cont.)

The Mortgagee must process the Streamline Refinance as a non-owner occupied property if the Mortgagee cannot obtain evidence that the Borrower occupies the property either as a Principal or a HUD-Approved Secondary Residence.

Non-owner Occupied Properties and HUD-Approved Secondary Residence

Non-owner occupied properties and HUD-approved Secondary Residences are only eligible for streamline refinancing into a fixed-rate Mortgage.
Mortgage Seasoning Requirements

On the date of the FHA case number assignment:

• The Borrower must have made at least six payments on the FHA-insured Mortgage that is being refinanced;

• At least six full months must have passed since the first payment due date of the Mortgage that is being refinanced;

• At least 210 Days must have passed from the Disbursement Date of the Mortgage that is being refinanced; and

• If the Borrower assumed the Mortgage that is being refinanced, they must have made six payments since the time of assumption.
Use of TOTAL and Streamline Refinance

- The Mortgagee must manually underwrite all Streamline Refinance.

- The Mortgagee may score the Mortgage through the TOTAL Mortgage Scorecard, but the findings are invalid.
Net Tangible Benefit: Streamline Refinances

• A Net Tangible Benefit is a reduced Combined Rate, a reduced term, and/or a change from an ARM to a fixed-rate Mortgage that results in a financial benefit to the Borrower.

• Combined Rate refers to the interest rate on the Mortgage plus the Mortgage Insurance Premium (MIP) rate.

HUD Employee Mortgagee

For non-credit qualifying Streamline Refinances only, any HUD employee may have their Mortgage underwritten and approved/denied by the Mortgagee.
Reviewing Limited Denial of Participation (LDP) and System for Award Management (SAM) Exclusion Lists

- The Mortgagee must check the HUD Limited Denial of Participation (LDP) list to confirm the Borrower’s eligibility to participate in an FHA-insured Mortgage transaction.

- The Mortgagee must check the System for Award Management (SAM) system, and must follow appropriate procedures defined by that system to confirm eligibility for participation.
Borrower Additions to Title

Individuals may be added to the title and Mortgage on a non-credit qualifying Streamline Refinance without a creditworthiness review.
Credit Reports

• FHA does not require a credit report on a non-credit qualifying Streamline Refinance.

• The Mortgagee must obtain a credit report for a credit qualifying Streamline Refinance.

• If the Mortgagee obtains a credit score, the Mortgagee must enter it into FHAC. If more than one credit score is obtained, the Mortgagee must enter all available credit scores into FHAC.
Funds to Close

• The Mortgagee must verify Borrower’s funds to close, in excess of the total Mortgage Payment of the new Mortgage, in accordance with Sources of Funds.

• Additionally, the Mortgagee may provide an unsecured interest-free loan to establish a new escrow account in an amount not to exceed the present escrow balance on the existing Mortgage.
Maximum Mortgage Amortization Period

The maximum amortization period of a Streamline Refinance is limited to the lesser of:

• The remaining amortization period of the existing Mortgage plus 12 years; or
