

March 24, 2017

FSS Grantees:

PIH and REAC reviewed data in the preliminary report noted in the FSS “Get-Ready Letter” (Feb.13, 2017). **We have determined that there was no IMS/PIC system error during the extraction of data.**

The PIC report provided to you (pulled on 1/25/17) is not a final report to be used in a NOFA. It was a preliminary report intended to raise awareness about how your program is reflected in the PIC system. The preliminary report is reflective of the total number of distinct households which had any FSS record in CY2016 (enrollment, progress, or exit). As you know, FSS reporting requirements require a report to be entered into PIC at least once per year.

Pursuant to several PHAs indicating that they were unable to replicate the report, we would like to clarify that the PIC report for Appendix D in the NOFA is extracted from **current and historical PIC records**. PHAs and PIC coaches will not be able to replicate this exact data using the 50058 Ad-Hoc PIC report, as it **ONLY** pulls information from the *current* records.

If you believe that your participants are being undercounted, please revisit [PIH Notice 2016-08](#), and the companion [webinar](#). You may also review records from your software, and may also contact your software vendor.

Updated FSS/PIC Information and Requests for FSS Records:

Enclosed in this correspondence (beginning on page 3) is a PIC/FSS report pulled on 3/13/17 using the same script as the 1/25/17 report that was previously provided. **The report includes the number of FSS families in eligible applicants’ FSS program during 1/1/2016-12/31/2016. The report counts all distinct FSS families (head of household) that had an enrollment, progress, or exit report during this period. Please review.**

Only PHAs that believe that they were serving more families during the target period than reflected in the IMS/PIC records, and that the discrepancy might affect your funding request (i.e. **renewal and/or new positions**), may contact **REAC_PIC_TECHASSISTANCE@hud.gov**, to request a report of all FSS participants reflected in the current and historical databases. PHAs that are currently not showing enough participants to support renewal positions are **highlighted*** in the report.

All requests for reports must sent to **REAC_PIC_TECHASSISTANCE@hud.gov** by 11:59:59pm Eastern Standard Time on **April 7, 2017**. **Requests made after this date will not be processed.**

Example 1 (Renewal Positions): PHA A would like to request 1 renewal position. PHA A would need at least 25 families in their FSS program during the CY2016 to qualify for 1 renewal position. If the 3/13/2017 PIC report shows that PHA A had 18 FSS families during the CY2016, PHA A may send a request to the email address in the preceding paragraph.

Example 2 (Renewal and New Positions): PHA A would like to request their 2 renewal positions and 1 new position. PHA A would need at least 125 FSS families in their FSS program during CY 2016 to qualify for all 3 positions. If the 3/13/2017 PIC report shows that PHA A had 100 FSS families during CY 2016, PHA A may send a request to the email address noted above.

PHAs that would plan to request new positions, if the NOFA allows for such requests, are not highlighted in the report because HUD has no way of knowing which PHAs would make such a request.

The deadline for *modifications* of PIC records prior to pulling the final Appendix D for the NOFA has been extended until **4/14/17.**

The NOFA will use the higher of the number of participants reflected in the 3/13/17 report or a report pulled after 4/14/17 to make funding determinations.

Tribes/TDHES and Moving to Work Agencies:

As in previous NOFAs, **MTWs agencies and tribes/TDHES** may be allowed to submit corrections to the PIC report numbers. **PHAs that serve PBRA residents** may also be allowed to submit a list of FSS participants in PBRA units to add to their PIC report numbers

FRIENDLY REMINDER:

PHAs **must** submit an FSS addendum at least annually for every FSS family regardless of whether the annual examination (or other non-FSS 50058 action that requires submission of an FSS addendum) has been completed. Please be reminded that documentation demonstrating compliance with reporting requirements must be kept on file, and HUD may request this documentation at any time.

[PIH Notice 2016-08](#) cited several best practices and procedures that would help improve the accuracy of the FSS data submitted to IMS/PIC. Best practices included timely submission of the FSS Addendum, periodically reconciling FSS participant information, and researching any 50058 Fatal Errors and Warning Messages, updating and submitting the corrected information.

PHAs are encouraged to be familiar with the practices, and make their own decisions about adopting practices based on its organizational structure and circumstances.

Regards,

FSS HQ Team

[UPDATED FSS/PIC DATA – data is as of 3/13/17]
