

REAC Industry Day 2017

The REAC IT team invites PHA representatives along with their respective IT vendors for 1.5 days of informative discussions on the following topics: PIC, VMS, and UPCS-V. The information presented at each location will be identical, so we ask that you please only register for one event per agency. Please note that the information that will be presented and discussed is identical to previous REAC Industry Days recently held in Phoenix and Jacksonville in April.

Additionally, space will be limited, so we ask that each PHA is only represented by one (1) person and one (1) IT vendor representative.

The goal of these sessions will be to gain insights from PHAs and software vendors into the developments of the programs listed above. We encourage you to share this information with other Housing Authorities.

To register for the **Los Angeles, CA** session (**July 25 and 26**), please click here: <https://www.eventbrite.com/e/reac-industry-day-los-angeles-tickets-34424405323>

To register for the **Portland, OR** session (**July 27 and 28**), please click here: <https://www.eventbrite.com/e/reac-industry-day-portland-tickets-34425455464>

If you have any questions, please let us know at: PICNG_REAC@hud.gov
