TO: All FHA-Approved Mortgagees, Servicers, and Other Stakeholders in FHA Transactions

NEWS AND UPDATES

Due to a technical error, the revised sample documents for the Standard 203(k) Purchase Program and Limited 203(k) Purchase Program contained an incorrect Maximum LTV Factor at Step 3.F, Determining Loan-To-Value Factor for Maximum Mortgage Eligibility. For Standard 203(k) and Limited 203(k) purchases with a Minimum Decision Credit Score (MDCS) at or above 580, and for No Credit Score with Manual Underwriting, the correct Maximum LTV factor is 96.5 percent.

Step 3.F of the affected worksheets has been corrected to reflect current SF Handbook policy.

If you previously downloaded the 203(k) Standard or Limited Purchase Program Maximum Mortgage Calculations sample documents that list a different maximum LTV factor, please discard them and use the new ones that are now posted on the 203(k) Sample Documents web page. FHA apologizes for any inconvenience this may have caused.
