Press Release and White Paper on the Future of Foreclosure Prevention Issued Today

Today, the U.S. Department of the Treasury issued a [Press Release](#) regarding the publication of a joint [white paper](#) by Treasury, the U.S. Department of Housing and Urban Development (HUD), and the Federal Housing Finance Agency (FHFA) that is designed to serve as a guide for future loss mitigation programs.

The guidance draws on lessons learned from the implementation of the government's crisis-era housing foreclosure prevention/loss mitigation recovery programs, and outlines five principles the agencies believe were essential to the success of the government's programs and should provide a foundation for any future loss mitigation programs.

For complete information, refer to the *Guiding Principles for the Future of Loss Mitigation* white paper.
