HOW TO ENABLE AUTO UPDATES IN ANDROID

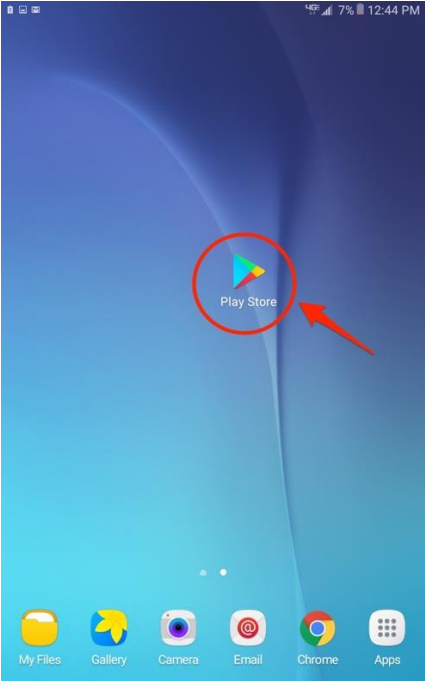

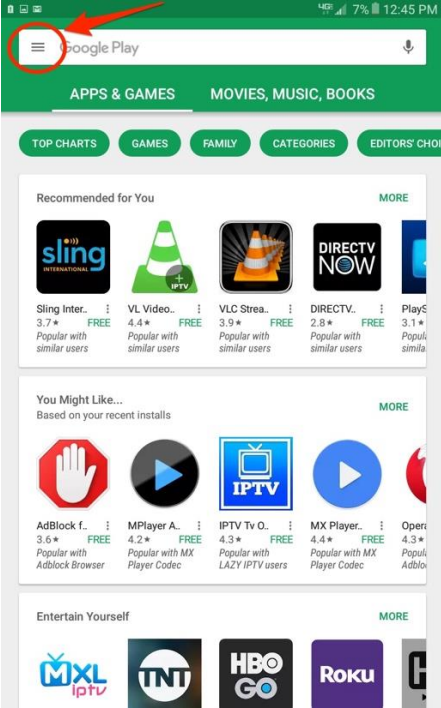

Overview

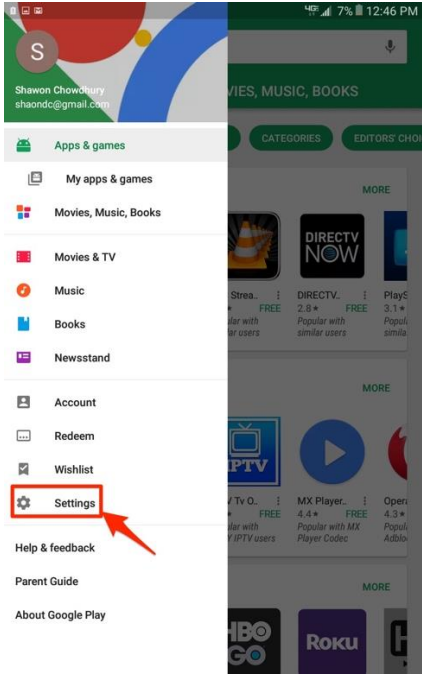

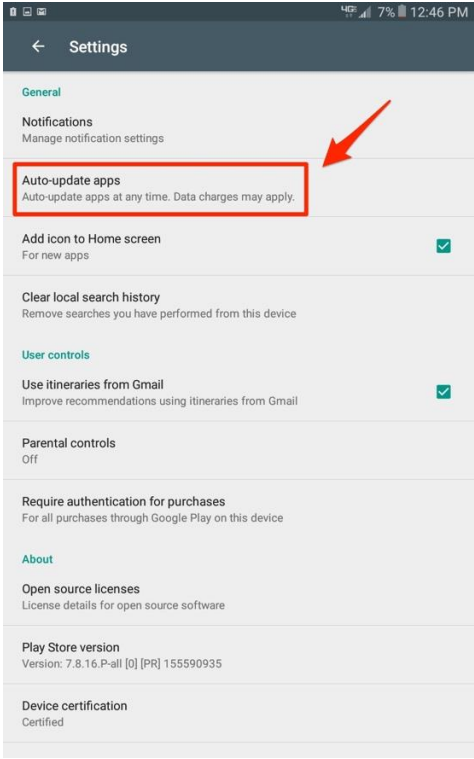

The steps below detail how to enable auto updates of apps in Android

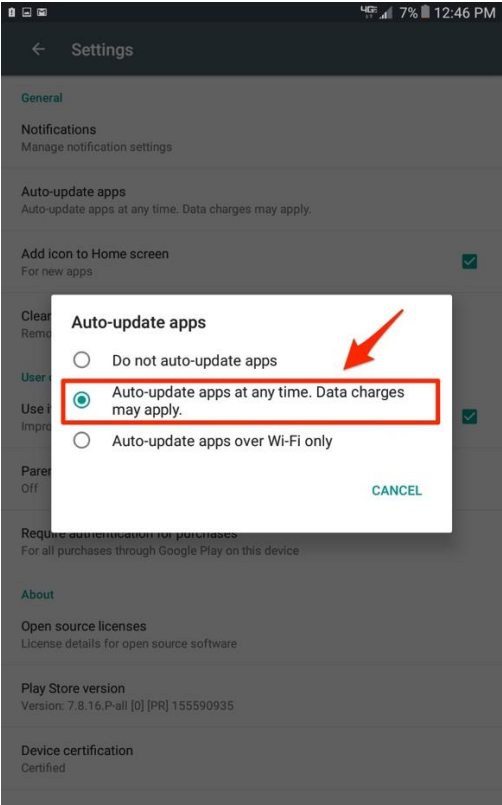

Device and Exam App Version Used To Create Instructions

Samsung Galaxy Tab E

STEP	INSTRUCTIONS	SCREEN SHOT
1	Click on Play Store from the home screen	 <p>The screenshot shows an Android home screen with a blue gradient background. At the bottom, there is a dock with icons for 'My Files', 'Gallery', 'Camera', 'Email', 'Chrome', and 'Apps'. The 'Play Store' icon, which is a colorful triangle, is located on the home screen and is circled in red. A red arrow points to the 'Play Store' icon.</p>
2	Click on the menu on top Left (three horizontal bar)	 <p>The screenshot shows the Google Play Store interface. At the top, there is a green header bar with the text 'Google Play' and a search bar. Below the header, there are tabs for 'APPS & GAMES' and 'MOVIES, MUSIC, BOOKS'. Under 'APPS & GAMES', there are sub-tabs for 'TOP CHARTS', 'GAMES', 'FAMILY', 'CATEGORIES', and 'EDITORS' CHOICE'. The main content area displays 'Recommended for You' and 'You Might Like...' sections, each with a grid of app icons and their ratings. The menu icon (three horizontal bars) in the top left corner is circled in red, and a red arrow points to it.</p>

3	Click on Settings	
4	Click on Auto-update apps	

5	Select the options that says Auto-update apps at any time
