## PURPOSE OF USER GUIDE

This *User Guide* provides the information necessary for PHA users to be able to easily and effectively use the system known as the ***iNtegrated Assessment SubSystem (NASS)***. The guide describes, from a business function perspective, how a user operates the solution and includes sufficient detail and plain language so that all levels of PHA users can easily understand how to use the solution. It includes a description of the solution functions and capabilities, contingencies and alternate modes of operation, and step-by-step procedures for how to access and use the solution.

The more specific purpose of this user manual is to provide PHA users with the necessary instructions on how to use the following NASS functionalities described in this document:

- GETTING STARTED (LOGGING IN)
- REQUEST: PHAS APPEALS
- REQUEST: PETITIONS
- REQUEST: EXTEND DUE DATES – EXTENSIONS & WAIVERS
- REQUEST: SUBSYSTEM WAIVERS
- REQUEST: GENERAL RESPONSE
- INDIVIDUAL REPORTS: VIEW REQUEST STATUS
- INDIVIDUAL REPORTS: PHA SCORE REPORT
- INDIVIDUAL REPORTS: ASSESSMENT STATUS REPORT
- EXITING NASS (LOGGING OUT)

But, first, what follows next is a brief overview of the PIH-REAC public housing program, PHAS scoring, and NASS as an important tool of the HUD-PHA relationship.

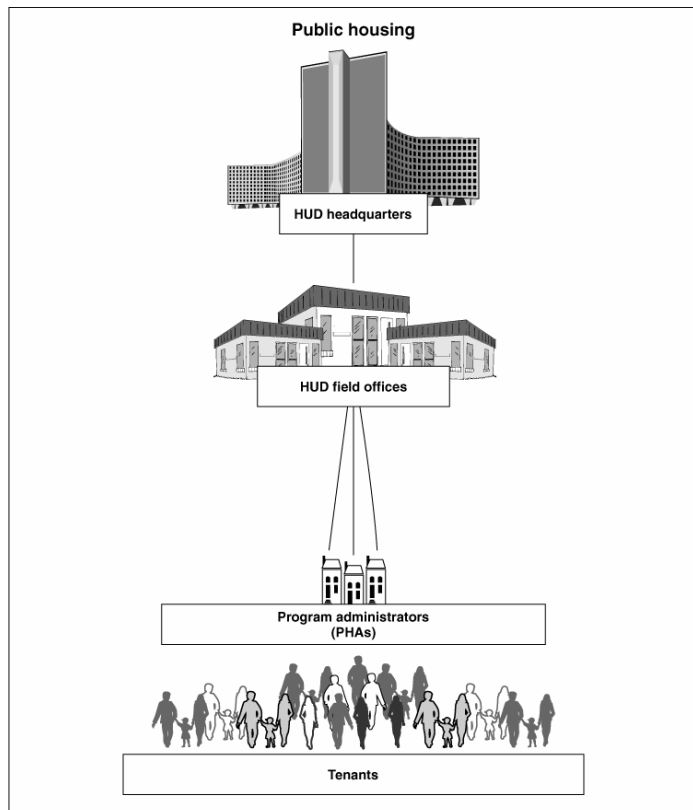

## NASS OVERVIEW

Under the Public Housing Program (first authorized in 1937), the Department of Housing and Urban Development (HUD) and local public housing agencies (PHAs) provide housing for low-income residents at rents they can afford. Traditionally, HUD has provided the funding, guidance, and oversight that enable the PHAs to collectively manage the public housing system as well as to revitalize severely distressed public housing. PHAs are responsible for managing public housing in accordance with HUD regulations and requirements. Today, over 3,000 PHAs manage a portfolio of approximately 30,000 assisted properties that constitute approximately 1.2 million public housing units throughout the nation. The structure through which HUD exercises its oversight role in administering the public housing program in conjunction with the PHAs is pictured at a high level in Figure 1.

The Public Housing Assessment System (PHAS – pronounced “fahz”) is the framework used by HUD’s Real Estate Assessment Center (REAC) to evaluate PHAs. HUD first instituted the PHAS approach for evaluating PHAs’ performance in 1997, as a part of its 2020 Management Reform Plan. The approach includes the “scoring” of several categories of PHA performance.

The purpose of the PHAS is to improve the delivery of services in public housing and enhance trust in the public housing system among PHAs, public housing residents, and the general public. It does this by (1) providing a management tool for effectively and fairly measuring the performance of a PHA in essential housing operations for its projects, on both a program-wide basis and an individual project basis; and (2) issuing rewards for high performers and remedial requirements for poor performers.

The iNtegrated Assessment Sub-System (NASS) is the web-based application used by HUD to generate the PHAS scores for PHAs. NASS compiles data from various PHAS-specific subsystems and generates an overall PHAS score and status report for each PHA. In addition, NASS generates reports reflecting analysis and trends of the PHAS scores. NASS also facilitates all PHA-related appeal and waiver processes as well as the generation and management of correspondence among all sets of stakeholders—e.g., the HUD business staff (Washington, DC), HUD field offices, and the staffs of the various PHAs.

**Figure 1: HUD’s Oversight Structure for the Public Housing Program**

## OVERVIEW OF PHAS SCORING

PHAs are assessed in compliance with the PHAS “Rule” that is in place at any given time. The PHAS Interim Rule was published in the Federal Register on February 23, 2011 (Federal Register Notice, Vol. 76, No. 36) titled 24 CFR Parts 901, 902, and 907 Public Housing Evaluation and Oversight: Changes to the Public Housing Assessment System (PHAS) and Determining and Remedying Substantial Default; Interim Rule. This Interim Rule regulation pertaining to the Public Housing Program defines a set of four performance indicators (each of which corresponds to a specific PIH-REAC subsystem which generates an assessment or score for that area of performance), the scores for which are combined to form the PHAS score—i.e., the total assessment of a PHA’s performance. Here we provide a brief description of each of the four PHAS performance indicators.

### ***Physical Condition Indicator***

The overall Physical Condition indicator (corresponding to the Physical Assessment SubSystem or PASS) score for a PHA is the weighted average of the PHA’s individual Property Physical Inspection Scores divided by the total number of ACC units in all inspected properties of the PHA. Each Public Housing project owned by the PHA is physically inspected; the results of all of these inspections are then used to create an assessment of the physical condition of the PHA as a whole; and the frequency of the inspections depends on the last score for the entire PHA.

### ***Financial Condition Indicator***

The Financial Condition indicator (corresponding to the Financial Assessment SubSystem or FASS) assessment for a PHA, as an entity, is conducted through the submission of annual financial statements. PHAs are scored on the financial condition of each project. Continued Public Housing funding for this PHA is contingent on having this indicator assessed or scored, and the assessment is based solely on programs in which the PHA participates. PHAs continue to submit an annual Financial Data Schedule (FDS) and individual development scores are rolled up to an overall PHA entity-wide score.

### ***Management Operations Indicator***

The Management Operations indicator (corresponding to the Management Assessment SubSystem or MASS) score for a PHA is generated based on three components of the PHA’s submitted Financial Data Schedule—occupancy, tenant accounts receivable, and accounts payable. The PHA is scored at the project level, and the individual project scores are rolled up to an overall MASS score for that PHA.

### ***Capital Fund Program Indicator***

The Capital Fund Program indicator (handled directly by NASS) examines the period of time it takes for a PHA to obligate funds from the Capital Fund Program. Under the Capital Fund, a PHA may borrow private capital to make improvements. The Capital Fund Program Indicator score provides an assessment of a PHA’s ability to obligate and expend Capital Fund Program funds in a timely manner. The computation of the score under this PHAS sub-indicator utilizes data obtained through analysis of obligated and expended amounts in HUD’s e-LOCCS for all Capital Fund Program grants that were open during the assessed fiscal year.

### ***The PHAS Score***

The data supplied by these subsystems is then compiled and computed, which results in PHAS scores that provide each PHA with a numerical scorecard assessment showing how well their PHA is

performing. In recent years, PIH moved to a new asset management model for overseeing their portfolio. As a result of this move, the component scores that make up the PHAS score were apportioned differently. This new methodology for generating the PHAS score is a key part of the newer PHAS Interim Rule.

### ***The Role of NASS***

As depicted in Figure 2, it is NASS that provides all of the PHAS score-related information, described above, to users through a web portal and generates reports for PHA Executive Directors (EDs) and their staffs; MFH owners and agents; and PIH and MFH asset management staff. NASS provides analyses and evaluations relevant to the PHAS sub-indicator scores and the PHAS scores. NASS monitors release dates of PHAS scores and designations to ensure that an overall PHAS score will be issued by REAC one month after submission by the PHA of its financial data and certifications. The NASS business staff of PIH-REAC also conducts ongoing research of existing assessment processes using NASS.

## A. GETTING STARTED (LOGGING IN)

1. The user will access NASS Web by logging into Secure Systems

The image shows the 'User Login' page of the Secure Systems. On the left is a blue sidebar with the 'Secure Systems Single Sign On' logo. The main content area has a white background with a blue header. The header contains the text 'User Login' and navigation links: 'faq | help | search | home'. Below the header are input fields for 'User ID' and 'Password', followed by 'Login' and 'Cancel' buttons. A red 'ATTENTION' message states that the system is protected by a security system and unauthorized access is not permitted. A blue 'NOTE' mentions a 30-minute inactivity timeout and a 4-hour session timeout. At the bottom, there is a footer with a home icon, contact information for the U.S. Department of Housing and Urban Development, and links for 'Home' and 'Privacy Statement'.

*Figure 3: Secure Systems Login Page*

2. Secure Systems requires your MID and windows password
3. To continue, click 'Accept' on the warning page

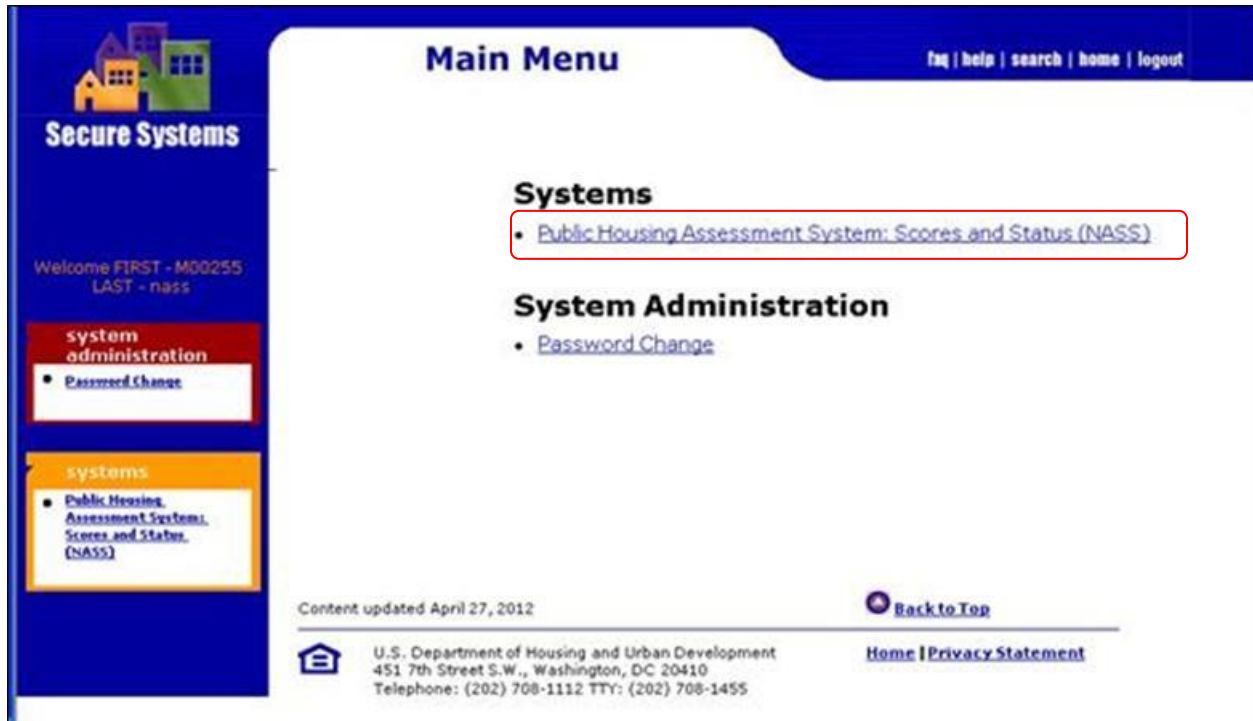

The image shows the 'Warning Display Page' of the Secure Systems. It features a blue sidebar with the 'Secure Systems' logo. The main content area has a white background with a blue header. The header contains the text 'User Login' and navigation links: 'faq | help | search | home | logout'. A yellow banner at the top states: 'You must login at least once every 90 days to maintain an active ID. If you do not login again before 10 Jan 2013, your ID will be automatically deactivated. If your User ID is deactivated, please contact the TAC to reactivate your ID.' Below this are three sections: 'Legal Warning' (misuse of federal information), 'Warning Notice' (Internet Explorer 7.0 browser requirement), and 'Message of the Day' (Welcome to Secure Systems). At the bottom are 'Accept' and 'Logout' buttons. The footer includes a home icon, contact information for the U.S. Department of Housing and Urban Development, and a 'Back to Top' link.

## B. NASS REQUESTS

The Request tab (module of NASS) gives the Public Housing Agency (PHA) Executive Directors and HUD Field Office users the ability to request a variety of actions with regards to their PHAS scores, their indicator scores, and their PHAS designation statuses. These types of requests are broken down as follows and menu options for them are found under the Request menu, as shown in Figure 9.

- Appeal
- Petition
- Extension or Waiver for Financial Submissions
  - Extension: Extending Due Dates for Financial Unaudited Submission
  - Wavier: Extending Due Dates for Financial Audited Submission
- Subsystem Waiver
- General Response
- Project Based Waiver

**Figure 9: Request Module Menu Options**

The menu options under the Request module menu and the actions they perform are explained in the table below:

Request Module MENU	
Menu Options	ACTION
<i>Request: Appeal</i>	A request in the form of an appeal to reconsider or change one or more of a PHA's scores—the PHAS score itself or one of the indicator scores: PASS/physical, FASS/financial, MASS/management operations, or Capital Fund—AFTER a PHA's PHAS score has been released for any given fiscal year.
<i>Request: Petition</i>	A request to change a PHA's PHAS designation status, after the PHA's PHAS score has been released.

# NASS User Guide (PHA)

Request Module MENU	
Menu Options	ACTION
<i>Request :Extend Due Date (Extension, Waiver)</i>	A request to extend the due date of either a PHA's Financial Unaudited Submission (also known as an Extension) or to extend the due date of a PHA's Financial Audited Submission (also known as a Waiver)
<i>Request: Waiver (Subsystem Waiver)</i>	A request for a waiver of the submission of a subsystem score (also known as Subsystem Waiver)
<i>Request: General Response</i>	A PHA's request in the form of posing an inquiry to the NASS business organization at HUD about a PHAS-related issue.
<i>Request: Project Based Waiver (Subsystem Waiver)</i>	A request to waive the conducting of an inspection for a project for a particular fiscal year.

**Table 1: Descriptions of Request Module Options**

## B-1. REQUEST: APPEALS

The Appeals function is used to request an appeal to a PHAS score **once it is released**. Appeal could be made for the PHAS Score or one of the sub-indicator scores such as PASS, FASS, MASS and Capital Fund for a particular Fiscal Year. This request is added by PHA, Field Office, and PIH-REAC users.

**Figure 10: Selecting Appeal from the Request Menu**

The screen elements on the Appeals screens and the actions they perform are explained in the table below:

## NASS User Guide (PHA)

Appeal Screens	
Field	Description
<i>PHA Code</i>	PHA Code that corresponds to the PHAS Appeals request.
<i>PHA Lookup</i>	Link for Internal users to look up a PHA code that corresponds to the PHAS Appeals request.
<i>Fiscal Year</i>	Fiscal Year for the PHA Code that corresponds to the PHAS Appeals request.
<i>Comments</i>	Alpha-numeric field used by the requestor to enter up to 4,000 characters. This field should be used to pose an inquiry or subject for NASS Business to respond.
<i>Upload Attachment</i>	Link to upload supporting documents for the request (Document types: Microsoft Word, Microsoft Excel, Microsoft Outlook, and Adobe PDF.) Documents uploaded will automatically be assigned the Attachment Category: 'Request Supporting Documentation'
<i>View Attachments</i>	Link to view all attachments that have been uploaded for the request.
<i>Save</i>	Saves the PHAS Appeals request as DRAFT. The draft version has not been sent to NASS Business.
<i>Submit</i>	Submits the PHAS Appeals request to NASS Business. Submits uploaded documents after the General response has been submitted to NASS Business.
<i>Reset</i>	Clears all data entered in the Comments field and all uploaded documents prior to Saving the PHAS Appeals as DRAFT. Clears all edits to the draft version of PHAS Appeals. Draft version will return to latest saved version.
<i>History</i>	Displays the history of the inquiries/subjects sent to NASS Business and the response from NASS Business to each inquiry/subject
<i>PHA Name (display and active link on details page)</i>	The name of the PHA selected for the Request; also a link with which to view the PHA Profile Page of that same PHA

Real Estate Assessment Center

Dear Executive Director:

The Real Estate Assessment Center (REAC) has received the Public Housing Assessment System (PHAS) appeal request from the Housing Authority of the City of Marianna.

The Housing Authority is appealing the subsystem (PHAS) indicator score for the fiscal year end (09/30/2011). Once REAC has completed its review, it will provide the final score to the Housing Authority.

If you need any assistance regarding this matter, please send an email to [PHAS@hud.gov](mailto:PHAS@hud.gov), or contact the REAC Technical Assistance Center (TAC) at 1-800-877-8329.

Sincerely,

JONATHAN ARAGUAS  
PROGRAM MANAGER, INTEGRATED ASSESSMENT SYSTEM

## B-2. REQUEST: PETITIONS

The Petition function is used to request a change in a PHAS Designation once the PHAS Score is released to the PHA. A petition could be made for a PHAS Designation Status or for indicators such as PHAS, PASS, FASS, MASS and Capital Fund for a particular Fiscal Year. This request is added by a PHA, Field Office and PIH-REAC users.

1. PHA user having security role of “PHR – PHA Requester” will have the ability to request a Petition for a PHA

**Figure 21: Selecting Petition from the Request Menu**

The screen elements on the Petitions screens and the actions they perform are explained in the table below:

### ***B-3. REQUEST: EXTEND DUE DATES – EXTENSIONS & WAIVERS***

The Request module provides to NASS users (specifically PHA users, Field Office users, and PIH-REAC staff users) the ability to request extending due dates for Financial Unaudited and Financial Audited submissions as well as to request to waivers for subsystem submissions for a fiscal year. PHA users having the security role of “PHR – PHA Requester” will have the ability to view the “Extend Due Date” option under Request tab, which allows a PHA user to request extending the due date for submitting an Unaudited FASS (Financial) submission or *Extension* or an Audited FASS (Financial) Submission or *Waiver*.

***Figure 31: Selecting Extend Due Date (Extensions/Waivers) from the Request Menu***

9. A PHA User submits the Extend Due Date (Extension) Request by Clicking the SUBMIT REQUEST button.

The NASS system will display (see **Figure 39**) the following validation message for PHA users each and every time they submit an **Extension** request.

**Extension Request are due 15 days prior to FASS Unaudited Submission Due Date 02/28/2015 Do you want to continue?**

**NOTE:** This validation message occurs only in the case of requests for Extensions (or Extend Due Date- FASS Unaudited); it does NOT appear on the screen when requests are made for Waivers.

This validation message acts as a simple reminder/warning message to PHA users about the standard lead-time threshold of 15 days (before the originally scheduled submission date) for each Extension request. This message prompts the user to click either the YES or NO button to the right of the message. After choosing one of those options, users may proceed with making an Extension request.

**NOTE:** PHA Users may choose either option (Yes or No), regardless of the date of the request submission; NASS will accept the submission; and once it is received, the FASS-PH reviewer will make a decision as to whether to approve or reject the Extension request.

### ***B-4. REQUEST: SUBSYSTEM WAIVERS***

The Subsystem Waiver module allows users to add a waiver request for a subsystem when PHA may not be able to submit a physical, financial, management or capital fund indicator submission. Currently, this module allows waiver request for PASS, FASS, MOPS and Capital Fund indicators.

This function is used by a user to request a waiver that will be approved for a PHA to waive the submission of a particular PHAS sub-indicator score (i.e., PASS, FASS, MASS, and Capital Fund) for a particular Fiscal Year. The PHA which is approved for a waiver for any subsystem will not receive a PHAS score for that fiscal year.

Real Estate Assessment Center

Dear Executive Director:

The Real Estate Assessment Center (REAC) has received the Public Housing Assessment System (PHAS) appeal request from the Housing Authority of the City of Marianna. The Housing Authority is appealing the subsystem (PHAS) indicator score for the fiscal year end (03/31/2011). Once REAC has completed its review, it will provide a final score.

Should you need any assistance regarding this matter, please send an email to [PHAS@reac.gov](mailto:PHAS@reac.gov), or contact the REAC Technical Assistance Center (TAC) at 1-800-847-8282.

Sincerely,

JOHNSON ABRAGUE  
PROGRAM MANAGER, INTEGRATED ASSESSMENT SYSTEM

## B-5. REQUEST: GENERAL RESPONSE

The General Response request sub- module is used by a NASS user to pose an inquiry or issue to the NASS business organization at HUD about a PHAS-related issue. The inquiry or issue will be reviewed by NASS business, who will respond in a timely fashion to the inquiry or issue. The requestor may only submit one General Response request at a time per any given PHA Code/FY combination. The requestor must wait until NASS Business responds to the request concerning any given PHA Code/FY, before submitting a new General Response request for that same PHA Code/FY.

1. PHA user having security role of “PHR – PHA Requester” will have the ability to request a General Response from NASS Business concerning their particular PHA’s PHAS scores, designation status, etc.

## B-6. REQUEST: PROJECT BASED WAIVER

The Project Based Waiver module allows users to submit a waiver request for a property (A.K.A. project or development or AMP) when such project cannot be inspected for a particular fiscal year and such projects will not be ordered for conducting inspection. The project based waiver could be granted in case of natural calamities or any other reason mandated by HUD not to perform inspection for a property. Currently, this module allows Project Based waiver request for PASS.

This function is used by a user to request a Project based waiver that will be reviewed and approved for a PHA to waive the inspection of a particular project to exclude such projects from ordering or be part of generation of score for a PHA's overall weighted average score for PASS indicator.

1. PHA user having security role of "PHR – PHA Requester" will have the ability to request a Project Based Waiver for a PHA

## C. NASS INDIVIDUAL REPORTS

**NOTE:** Your screen may look different from examples shown. Various selection menus display only for users assigned a role to access and/or perform actions from those menus.

The Individual Reports tab (module) of NASS provides the Public Housing Agency (PHA) Executive Director and HUD Field Office users a means to review PHAS/Subsystem scores and related actions/profile information for a PHA's assessment for each fiscal year via the Internet. Users can view—by navigating through the Individual Reports module—individual score reports for PHAs (PHA Score Report), individual status reports for PHAs (Assessment Status Report), and reports which show the status of the various requests submitted by a PHA (View Request Status).

**Figure 76: Individual Reports Menu**

The menu options under the Individual Reports module menu and the actions they perform are explained in the table below:

INDIVIDUAL REPORTS SELECTION PAGE	
REPORT	ACTION
<i>View Request Status</i>	View the status of request for extension, waiver, subsystem waiver, appeals, petition, and general response
<i>Assessment Status Report</i>	View the status of HUD-REAC assessment actions on a PHA
<i>PHA Score Report</i>	View a PHA's overall PHAS score and designation status, and access individual indicator score reports

**Table 9: Individual Reports Menu Choices**

### ***C-1. VIEW REQUEST STATUS***

View Request Status is a new option (sub-module) available to the user under the Individual Reports tab in NASS. This option enables PHA and HUD users to view Requests that have been submitted for Extensions, Waivers, Subsystem Waivers, Appeals, Petitions, and General Response. The pages of View Status Request provide request details such as the Status, Comments, and the file attachments. If the Status of the Request is in an in-progress state such as Submitted or Reviewed, then a user can modify the request to the extent of adding more comments and uploading new file attachments. If the Status of the Request is in a completed state such as Rejected, Denied, Cancelled, Responded, or Granted, then a user can see the request but merely in Read-Only mode and the file attachment functionality is disabled also.

### C-2. PHA SCORE REPORT

The **PHA Score Report Page** allows PHA users to view the PHAS score; the designation status; the individual financial, management, physical, and capital fund indicator scores; and the PHAS status (the PHA's progress through the new fiscal year scoring process including review and analysis by HUD's NASS team) for a selected PHA—once the PHAS score has been released. Before the latest PHAS has been released, PHA users will see N/A for all scores and the designation status. If a score displays in red, it has been invalidated in the system. Links on this page enable the user to access additional pages providing information that is more detailed for Physical, Financial, Management, and Capital Fund scores. Use the scroll bar to view the entire page.

**Figure 98: Selecting PHA Score Report from Individual Reports Menu**

Once the system displays a **PHA Score Report Page** for a valid PHA/fiscal year (after the user has submitted a PHA code and fiscal year on the initial menu selection screen), then the user may click on the links—for Physical, Financial, Management, and Capital Fund PHAS indicators—on the **PHA Score Report Page** in order to access additional pages which provide more detailed scoring information.

The PHAS indicator scores—components of the overall PHAS score and apportioned per the PHAS Rule in effect at any given time—are displayed in two different ways by NASS, corresponding to the two different scoring formulas dictated by the two most recent PHAS Rules: 1) the PHAS II Rule, effective for PHAs whose FYE is 12/31/2010 and earlier; and (2) the PHAS Interim Rule, effective for PHAs whose FYE is 3/31/2011 and later.

The **PHA Score Report Page** will display the PHAS indicators and their respective maximum scores for all PHAs whose **FYE is 12/31/2010 and earlier**, in the way shown in Figure 95:

**PHAS - Physical Indicator hyperlink**—When the user clicks on the “Physical” link (under the PHAS Indicator) for a PHA, the system will display one of two versions of the “PHAS - Physical Indicator Report”, depending on which DCD (data collection device) was in use at the time of the inspection. Users will see one type of report for inspections performed (with DCD 2.3) on PHAs with a FYE of 09/30 in the fiscal year 2012—or for any FYE/FY earlier than this; then another type of inspection report will be displayed for inspections performed (with DCD 4.0) on PHAs with a FYE of 12/31 in the fiscal year 2012—or for any FYE/FY after that.

The first type of “PHAS - Physical Indicator Report”—for a DCD 2.3-based inspection performed on a PHA with the FYE/FY of 09/30/2012 or earlier—will look like that shown in Figure 97:

**PHAS - Financial Indicator hyperlink**—When the user clicks on the “Financial” link (under the PHAS Indicator) for a PHA, the system will display one of two versions of the FASS report, depending on whether or not the PHA has received an LPF for that particular FY. Users will see one type of FASS report for a PHA has NOT received an LPF for that year; but another type of FASS report will be displayed for a PHA that has received an LPF.

The first type of “PHAS - Financial Indicator Report”— for a PHA has NOT received an LPF —will look like that shown in Figure 99:

The screenshot displays the 'Real Estate Assessment Center' interface with the 'Financial Assessment Subsystem (FASS-PH)' title. It features a 'PHA Information' section with details for PHA Code AL054, Fiscal Year End Date 2011, PHA Name FLORENCE H/A, and Submission Type Audited/A-133. Below this is a 'Review Score' section showing 7 items. A table lists project scores for four projects (AL054000001 to AL054000004) with columns for Project ID, Project Score, Units, Weighted Value, and Score Details (EXPAND). Summary scores for Unit Weighted Average Project Score/Financial Condition Indicator Score (23.16), Audit Penalties (-0.50), and Financial Condition Indicator Score (22.66) are also shown, each with an EXPAND link. A note states that project scores will be zero if the total unit count is zero. A 'Back to NASS' link is at the bottom.

### GETTING HELP

The PIH-REAC Technical Assistance Center (TAC) is available during extended business hours (Monday through Friday, 7:00am - 8:30pm EST) to answer your questions or comments about using NASS as well as to assist with any common problems that PHA users may encounter. If a TAC helpdesk analyst cannot resolve the issue, then they will contact the NASS Business team for further assistance.

The TAC can be contacted several different ways. Via phone, TAC can be reached at **1-888-245-4860**. TAC may also be reached through email at **REAC\_TAC@hud.gov**, or by using the PIH-REAC Technical Assistance Center link, at the bottom of every page in NASS. Users will receive responses to their email contacts by either return email or telephone.

(NOTE: HUD security protocol PROHIBITS sending sensitive information, such as, Social Security Numbers, passwords, and other individual personal data through web, fax or email.)
